INTERPRETATION.

The word "Commission" shall mean Forests Commission of Victoria.

"Forest Officer" shall mean the Forest Officer in charge of the forest district or sub-district in which a tramway is situated or any other officer appointed by the Commission to supervise and control such tramway.

"Users" shall mean persons exercising running rights over the tramway or persons requiring to transport forest produce or any other authorized freight commodity over it.

12A. The licensee and the manager of the saw-mill for the transport of whose timber a forest tramway is constructed, whether such saw-mill is held and occupied under lease, licence, permit, or other authority from or through the Commission, shall be personally responsible for the proper construction and maintenance in good and safe order and condition of such tramway and of every part thereof, including its loop-lines, bridges, culverts, make-ups, points, and crossings, and also of its rolling-stock, including locomotives and trucks, for the regular transport of forest produce and other authorized produce, as well as of authorized persons employed in a forest or in the service of the Commission.

PENALTIES.

At the end of paragraph 57 the following is added:—

FOREST TRAMWAYS.

The following shall be the penalties for a breach of the regulations for or relating to forest tramways:—

- (e) For refusing or delaying to afford to any forest lessee, licensee or permit-holder facilities for the transport of forest produce or any other freight commodity which may be authorized over a tramway, or for impeding in any way such lessee, licensee or permit-holder in obtaining promptly the use of or in regularly using a tramway for the transport of forest produce or any other freight commodity which may be authorized, a sum not exceeding Twenty pounds.

RIGHTS OF USER.

Licensees shall in pursuance of paragraph 8 construct all loops and crossings, but the cost thereof shall be paid for by the users, except when, in the opinion of the Commission, such loops or crossings are necessary for the safety of general traffic and of use to the licensees also. In such cases a fair proportion of the cost shall, on the order of the Commission, be borne and paid for by the licensees.

No loaded or unloaded truck which will impede or endanger traffic, shall at any time be left stationary on any part of the main line by either licensees or users.

All rolling-stock of licensees and users shall be subject to the approval of the Commission, and shall be of standard type and pattern throughout, and suitable for the gauge and kind or class of line.

Users shall leave all points and crossings in such condition that the main line will be clear for traffic.

Users shall not load forest produce or any other goods or freight commodity except at the terminus of the line or of a branch thereof, that is to say at a licensed saw-mill or at a special loading point approved by the Commission for forest produce other than sawn timber.

Users shall furnish licensees with an estimate of their minimum output and shall as far as possible load regularly quantities of forest produce, or other freight commodities as back loading.

Whenever users propose to cease regular running of trucks over the line, notice of such shall be given beforehand to the licensees.

Licensees may temporarily suspend for a period not exceeding 48 hours, the traffic running table in the event of any accident to, or undue or improper interference with, or any alteration necessary to, the line, subject to a full written report setting forth the cause of such suspension, being forthwith made to the Commission and to the local forest officer in charge.

Users shall furnish licensees with freight-notes showing contents and quantities of each truck load of forest produce despatched by them, such notes to show all entries in the users' manifold delivery book of consignments of forest produce over the line.

No forest produce or other freight commodity shall be loaded or unloaded by users or their employees on or off trucks without a true and correct tally being furnished forthwith to the licensees.

Licensees shall have preference in the working of traffic on the licensed line, but all traffic thereon shall be conducted under a time-table authorized and approved by the Commission.

Any changes in the authorized time-table sought for by the licensees shall be notified in writing to the users by the licensees not less than two weeks in advance before they are submitted to the Commission for approval.

Users shall give such guarantee as the Commission may fix for the prompt payment of all authorized charges due for running rights. Such charges shall be paid to the licensees monthly on receipt of an account for same, but not later than the fourteenth day of the month following that for which the charges are due.

In the event of the charges not being paid by the user by such date the Commission may apply the sum lodged with it as guarantee in payment of such charges, and may further suspend for a fixed period of time all running rights of the defaulter over the line.

Users shall be responsible for any damage to the line or its equipment caused by them or their employees. Such damage shall include injury to the line, caused by the use of defective or badly constructed rolling-stock.

Users shall accept and adhere to the load limits for all forest produce or other freight commodity fixed from time to time by the Commission.

Any ascertained damage to the line or to its equipment or rolling-stock caused by the users or their employees shall be assessed by an authorized officer of the Commission, and shall be paid for by the users.

Should any truck of the users run off the line or should the line be damaged by it the line shall forthwith be properly repaired by the users or their employees.

Any removal of traction horses from any loaded truck containing forest produce or any other freight commodity for the purpose of "coasting" by gravitation on a down grade shall not be permitted on any part of the line which, in the opinion of the forest officer in charge, is dangerous, nor shall such coasting be permitted on any other part of the line except with the written approval of the Commission.

All horses used for traction on the line shall be strictly limited to a walking pace.

The use or possession of intoxicating liquor by any tram-driver, horse tender, or other employee whilst engaged on duty on or in connexion with the line, or whilst being transported over the line, is absolutely forbidden.

No intoxicated employee shall have charge or shall be allowed to remain in charge of horses or trucks or of any other means of transport on the line.

PENALTIES RELATING TO RIGHTS OF USER.

(a) The following shall be the penalties for any breach of the provisions of regulations relating to rights of user:—

1. For leaving a loaded or unloaded truck which will impede or endanger traffic on the main line, a sum not exceeding £20.
2. For using rolling-stock which in the opinion of the Commission is not of standard type and pattern, and is unsuitable for the gauge of the line or which will cause damage to the line, a sum not exceeding £20.
3. For neglecting to leave points and crossings in a condition to leave main line clear for traffic, a sum not exceeding £20.
4. For loading forest produce or any other freight commodity at a point not authorized or approved by the Commission, a sum not exceeding £20.
5. For furnishing licensees with incorrect freight notes of the quantity of forest produce or other freight commodity loaded, a sum not exceeding £20.
6. For refusing or neglecting to abide by the authorized time-table in the working of the line, a sum not exceeding £20.
7. For transporting on any truck a quantity of forest produce or other freight commodity in excess of the load limit fixed from time to time by the Commission, a sum not exceeding £20.
8. For coasting on any portion of the line which is forbidden when such coasting is, in the opinion of the forest officer, dangerous, or on any other part of the line, without the approval of the Commission, a sum not exceeding £20.
9. For any breach of the regulations relating to the use or possession of intoxicating liquor or for any breach on the part of an employee by taking charge of or remaining in charge of horses or trucks on the line whilst intoxicated, a sum not exceeding £20.

And the Honorable Sir A. J. Peacock, His Majesty's Minister of Forests for the State of Victoria, shall give the necessary directions herein accordingly.

2. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

3. The Government will order from the contractor all the articles enumerated in the schedules.

4. The value of all packages, cases, wrappings, &c., whether bulk be broken or not, all wharfage fees and duty of Customs must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, wrappings, &c. The net weight or quality only will be paid for. Contractors must provide, without extra charge, whatever labour, &c., may be required in the packing and delivery of the supplies.

All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense, such expenses to be deducted as in clause 10. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in clause 10.

10. 11. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Printer to the Tender Board, to such mulct, not exceeding One hundred pounds, for each and every default as the Treasurer may direct, and the amount may be deducted as set out in clauses 2 and 10. It will also be in the power of the Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith; and declare forfeit the whole or any portion of the security money; and, in addition, the contractor may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

12. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

13. In the event of any alteration in the duties of Customs which may affect any of the items included in these contracts, the Government or the contractor, as the case may be, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item at the altered rate has actually been paid.

14.
