DIVISION 12.

Travelling and Waiting Time.

(1) Any employee who is located within the suburban area and is required to travel in order to undertake duty at another place within the suburban area district more than three (3) miles from his head-quarters (or any distance whether more or less than three (3) miles in the case of an employee travelling in connexion with fog-signalling duty) shall be credited with full time at single rate for the difference between the time at which it may be necessary for him to leave the station nearest to his place of residence for the temporary location and the ordinary time of leaving for his head-quarters, and also for the difference between the time at which he can at the earliest arrive at the station nearest to his place of residence on the conclusion of his shift and the ordinary time of his arrival thereat from his head-quarters.

(2) Any employee who is located within the suburban area and is required to travel in order to undertake duty at another place within three (3) miles of his head-quarters shall not be credited with any time for the time occupied in travelling unless he be obliged to first report at his head-quarters, in which case he shall be credited with full time at single rate for the time occupied in travelling from his head-quarters to the place of duty.

Where the time comprised in any such period of absence, in addition to any time worked immediately preceding or following such period of absence, amounts to less than 24 hours, full time shall be allowed for so much of the travelling time (but not more than the actual travelling time) as may be necessary to make the total time credited equivalent to one day.

(5) No employee attached to the regular relieving staff shall be credited with any time occupied in travelling in connexion with his duty, unless the time actually worked by or otherwise allowed him in respect of any shift amounts to less than one day at full pay, in which event he shall be credited with a total of one day for travelling time and duty, or, if he is not called upon to work, with one day for the travelling time only.

(6) For the purpose of travelling over the length to and from the point of work, any member of the permanent way track force shall be allowed the time hereinafter specified immediately following the prescribed hour of commencing and also immediately preceding the prescribed hour of finishing duty, viz.:—

(6) Any officer or employee ordinarily entitled to country relieving expenses who is utilized to relieve at any one place for a period of not more than seven (7) days, other than in circumstances set out in (5), shall be granted expenses on the basis of the travelling scale instead of relieving expenses; but any such officer or employee who, during a period in which he is receiving such expenses, is utilized for duty at some other station shall not be entitled to any additional expenses under (5).

(5) Any officer or employee—

- (a) whose head-quarters are within the suburban area, and who, in substitution for the whole or part of his regular shift, is required to travel to, and undertake special, relief, or other emergency duty at another place within the suburban area, which is distant at least two (2) miles further from his home than his head-quarters are distant therefrom, or to a place outside the suburban area which is distant less than ten (10) miles from his head-quarters; or

shall provide himself with such meals as he would have been required to provide had he worked his regular shift, and shall not be granted any expenses therefor; but any such officer or employee whose duty necessitates his absence from his home for one and a half hours longer than would have been the case had he worked his regular shift, shall be granted expenses on the basis of the travelling scale for one meal, and for any necessary additional meals and lodging.

(6) Any "single" officer or employee who is required to undertake duty at a place away from his head-quarters shall be granted expenses on the basis of the travelling scale for a period of one month, but not longer.

(9) Any officer or employee who is called upon to work for an additional period of more than two (2) hours beyond the ordinary time for the completion of his shift, may request that he be allowed off duty for a sufficient time to enable him to obtain a meal at home, and if such request be not conceded he shall either be provided with suitable refreshments by the Department or be granted an allowance for a meal on the basis of the travelling scale. Provided that this shall not apply to any officer or employee entitled to be paid a "trip" allowance or any allowance for a meal under any other provision of this award.

(10) Any travelling and incidental expenses payable to an employee occupying a salaried position shall be computed on the basis of the rate applicable to an officer in receipt of the salary to which the annual earnings of the employee concerned are equivalent. Provided, however, that any expenses payable to an officer or employee temporarily acting in a higher position shall be computed at the rate applicable to the minimum salary or wage of the position in which such officer or employee is acting.

- For one meal if absent for more than ten, but not more than 15 hours.
 For two meals if absent for more than fifteen, but not more than twenty hours.
 For three meals if absent for more than twenty hours.

And the period of absence shall be computed from the time of commencing to the time of finishing duty.

- (i) for one meal prior to being booked off if the period between the time of commencing and finishing duty be more than six hours, but not more than twelve hours; or for two meals if such period be more than twelve hours;

(d) Any such officer or employee who is required to relieve at a place other than his head-quarters and who is in receipt of expenses on the basis of the travelling scale for the first seven days at the same place shall not be granted any "trip" allowances, except when he leaves his temporary headquarters earlier than 5 a.m. or later than 1.30 p.m., and is absent for more than ten hours, in which case he shall be granted the "trip" allowance for one meal; but any officer or employee who is in receipt of such expenses at the rate prescribed in respect of the period after the first seven (7) days shall also be granted "trip" allowances as if his temporary location were his ordinary headquarters. Any such employee whose duties necessitate his absence from the place where he is "camped out" shall be treated on the basis prescribed in respect of the "trip" allowance as if such place were his headquarters.

(b) Any employee provided with sleeping accommodation by the Department and obliged to "camp out," but otherwise not coming within the provisions of (a) shall be treated on the basis prescribed in respect of the "trip" allowance.

A By-law for making a rate for the year 1923 on the rateable property within the Waterworks District of the Rosedale Waterworks Trust, also for dealing with the sale of water by measure from the works of the Trust.

A rate of Three shillings in the pound shall be paid on the net annual value of all the rateable property within the Waterworks District, according to the valuation for the time being of all lands and tenements for the municipal rates for the shire of Rosedale, within the said district, but no such rate shall be less than Two pounds.

For every piece or allotment of unoccupied land, a rate of Ten shillings shall be paid.

When water is supplied by measure for domestic or other than domestic purposes, a charge of Two shillings and sixpence per thousand gallons shall be made, and the minimum quantity to be charged for shall be the quantity which, at the price named, would be equal to the price payable in respect of such property if the water were supplied otherwise than by measure.

When the water is supplied for other than domestic purposes solely, the charge shall be Two shillings and sixpence per thousand gallons, and the minimum quantity to be supplied shall be ten thousand gallons for the year ending the 31st December, 1923, and the charge hereby made shall be payable on the demand of the Trust.

The Trust may, by notice in writing, intimate to any owner or occupier using water for other than domestic purposes solely, that the water to be used is to be charged for by measure, and may by such notice require such owner or occupier to provide a meter within one month of such notice at his own expense.

In all cases not herein provided for, the Trust shall make special provision as may be deemed necessary.

The service-pipes from the main being the property of the owners or occupiers, the owners or occupiers of the tenements supplied by such service-pipes shall in every instance in which any damage is caused by such service-pipes being leaky, broken, or otherwise out of repair, be guilty of an offence.

If any person neglect to repair such service-pipe conveying water from pipes of the Trust into the premises of such person, after having received notice from the officer of the Trust that such service-pipe required repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, until the necessary repairs are effected.

The Trust may at any time, when found necessary, repair or renew any pipe or stop-cock, laid for supplying a supply of water to any tenement, and may charge the owner with the cost of providing, and laying, repairing or renewing the same, and such cost shall be a debt due to the Trust, and shall be recoverable in any Court of competent jurisdiction.

The foregoing rates are made payable on the first day of June, 1923, and such person or persons as the Trust may appoint from time to time shall be authorized to demand and collect such rates and charges.

BY-LAWS MADE AT A GENERAL MEETING OF CONTRIBUTORS TO COLAC DISTRICT HOSPITAL, ON THE 19TH OF JUNE, 1923.

THE Board of Management of the Colac District Hospital shall consist of a President, Vice-President, Treasurer, and fifteen Members of Committee, who shall be elected in accordance with the provisions of the *Hospital and Charities Act 1922*.

Persons eligible for election to elective offices are life governors and contributors of not less than One pound.

Notice of vacancies in elective offices to be filled at the annual meeting of contributors shall be advertised in the Colac newspapers at least 14 days prior to the meeting.

Nominations of candidates for election shall be signed by two contributors and the person being nominated, and lodged with the secretary at least seven days prior to the date of the annual meeting.

Persons qualified to vote at general meetings of contributors shall be life governors and contributors of not less than One pound whose contributions have been made within the twelve months next preceding the date of claim to vote.

No person shall have more than one vote at meetings of contributors, but this shall not preclude a person from exercising the voting power of any firm or company (or the employees thereof), or club or society, or trustee, provided the person claiming the vote of any firm or company (or the employees thereof), or club or society, or trustee, present to the officer conducting the election a written authority that he or she is empowered so to act.

When the number of nominations for elective positions exceed the number of vacancies to be filled, a poll shall be taken upon a day to be fixed by the contributors present at the annual meeting. The poll shall be taken from 8 o'clock a.m. to 7 o'clock p.m.

The contributors present at the annual meeting shall appoint a returning officer and other officers considered necessary to conduct the poll; each of such officers so appointed shall receive a sum of Twenty-one (21s.) shillings for their services.

After the other business of the annual meeting is completed the meeting shall adjourn until 8 o'clock p.m. of the day fixed for the taking of the poll, when the Returning Officer shall report to the adjourned meeting the result of the polling.

Immediately after the declaration of the poll, the Returning Officer shall seal up all ballot-papers and deliver same to the secretary, who shall retain same until instructions are given by the committee for their destruction.

The voting at elections of elective officers shall be by ballot. The names of the candidates shall be set out on the ballot-paper in alphabetical order.

Information shall be given on the ballot-paper as to the number of candidates to be elected, and the method of voting. A contributor shall vote for the full number to be elected—a greater or smaller number shall render the voting informal.

A contributor may vote in person or by post, but not by proxy. Postal votes shall be recorded on the prescribed ballot-paper.

Postal ballot-papers shall be obtainable on application to the secretary two days after the last day for receiving nominations.

A person voting by post shall mark and sign the ballot-paper, and have the signature witnessed by either a Justice of the Peace, a commissioner for taking declarations, a head teacher of a State school, a postmaster or mistress, a railway stationmaster or mistress; and post the paper to the secretary of the hospital.

Postal votes will be received up to the time of closing of the poll.

A contributor may make protest against the validity of an election, and shall lodge with the secretary, within twenty-four hours of the close of the poll, a written statement, setting forth the grounds of complaint, and a sum of £3 3s.

The protest shall be referred to two Justices of the Peace (to be chosen by the Returning Officer), and their finding shall be final. Should the referees judge the protest to be frivolous, or to have been made without reasonable grounds, the money deposited shall be forfeited to the hospital, and paid to the credit of the maintenance account.

Should the protest be sustained by the referees, another election (in so far as the invalidity extends) shall be held on a day to be fixed by the Returning Officer, and advertised in the Colac newspapers at least seven days prior to the day of polling.

A printed roll of persons entitled to vote, as at the day of nomination, shall be available to candidates two days after nominations close. A supplementary written roll shall be prepared to contain the names of contributors who qualify for voting after the day of nominations, and up to that preceding the date of the annual meeting.

Persons eligible to vote shall be those whose names appear on either the printed or supplementary written rolls, or who are otherwise entitled to vote.

Voters shall not remain in the polling place longer than is necessary for the recording of their votes. No person other than the Returning Officer or his nominee shall render any assistance required by a voter.

The officers conducting the poll shall maintain strict secrecy as to any knowledge they gain with regard to the voting of contributors.
