And if default shall be made in complying with such notice the Council may, on the expiration of the time therein limited, cause such building or erection to be pulled down or removed, and may sell any of the materials thereof and apply the proceeds of such sale in reimbursing the cost and expense of pulling down, removing, and selling such building or erection and in paying into the municipal fund any fees or penalties due by the owner thereof.

73. *Ruinous and Dangerous Buildings and Structures.*—When the Council has reason to believe that any building, erection, structure, or hoarding is in a ruinous, dilapidated, or dangerous condition it may require a survey of such building, erection, structure, or hoarding to be made by the surveyor, who shall have power to enter upon any premises for the purpose of making such survey. - (b) Cause an order, in writing, to be served on the owner of such building, erection, structure, or hoarding requiring such owner to take down, secure, or repair such building, erection, structure, or hoarding to the satisfaction of the surveyor forthwith. Or if such owner cannot be traced, or his name and address is not known by the Council, then such order may be affixed to some conspicuous part of such building, erection, structure, or hoarding, which, in the absence of personal service, shall be held to be sufficient legal intimation.
- (c) Provided that in any case where, in the opinion of the surveyor, any building, erection, structure or hoarding is in such a ruinous or dangerous state that immediate action is necessary for the public safety, the surveyor may cause such building, erection, structure, or hoarding to be shored up, secured, or wholly or partly taken down to his satisfaction, and shall report such action to the Council.

74. If such owner does not begin to take down, repair, or secure such building, erection, structure, or hoarding within three days after the service of such notice, and complete such work as speedily as the nature of the case will admit, the Council may cause all, or so much of the building, erection, structure, or hoarding as is in a ruinous, dangerous, or dilapidated condition, to be taken down, repaired, or otherwise made secure in such manner as may be requisite, and may recover from the owner in any Court of competent jurisdiction the costs incurred in so doing.

75. *Notice of Intention to Build or Demolish, and Lodgment of Plans.*—Six days at least before the commencement of any building, erection, or structure, or of any addition to or alteration of any existing building, or the re-instatement of any building after being partially destroyed by fire, or by any other cause, the builder shall—

- (b) Produce to the surveyor for his approval properly prepared plans and specifications of such building, erection, structure, addition, alteration, or re-instatement, and also a block plan, drawn in ink, to scale, showing the boundaries and dimensions of the allotment of land, and clearly indicating whether such allotment of land is at the intersection of two streets or not, also the position and dimensions of the proposed building, erection, structure, addition, alteration, or re-instatement, and the position and distance of such building in relation to such boundaries, and to any other existing buildings on the same or adjoining allotments.
- (c) Furnish the surveyor with a tracing or copy of all such plans, with full details of sizes, dimensions, and qualities of all material intended to be used, and also enumerating any old material proposed to be used in the construction of such building, erection, structure, addition, alteration, or re-instatement.

76. The original plan and specification, when approved and signed by the surveyor, will be returned to the builder, or his agent, but the tracing or copy of the plan, detail of material, and block plan, will be retained by the surveyor on behalf of the Council.

77. No variation or alteration from the plan and specification which has been approved by the surveyor shall be made by the builder without the consent, in writing, of the surveyor having been first obtained.

79. No portion of any external wall abutting on any street or road shall be pulled down or demolished except with the written consent of the surveyor.

80. During the demolition of any brick or masonry walls or other works, the material shall be kept well sprayed with water to prevent any nuisance from dust or falling debris.

81. No builder shall commence any building, erection, or structure, or any addition to or alteration of any existing building, or the re-instatement of any building, erection, or structure, or the demolition of any building without having first obtained from the surveyor permission, in writing, for the commencement of same, and without having first paid to the shire secretary the fees in respect thereof set forth in the First Schedule hereto, having regard to the class of building, erection, structure, addition, or alteration proposed to be built, erected or made, or building demolished.

82. The surveyor shall, upon receipt of any such notice as aforesaid, and also upon any work being observed by or made known to him which is affected by the provisions of this By-law, but in respect of which no notice has been given, and also from time to time during the progress of any work affected by such provisions, as often as may be necessary for securing the due observance of such provisions, survey any such building, structure, erection, or work, and cause all such provisions to be duly observed.

83. The surveyor, at all reasonable times during the progress, and during the 30 days next after the completion of any building, structure, erection, or work affected by any of the provisions of this By-law, or by any terms or conditions on which the observance of any such provisions may have been dispensed with, may enter and inspect such building, structure, or work.

84. The surveyor, for the purpose of ascertaining whether any building, structure, or erection is in such a situation, or possesses such characteristics as are required in order to exempt it from the operation of any of the provisions of this By-law, may at all reasonable times, and after reasonable notice, enter any premises, and he may do therein all such things as are reasonably necessary for that purpose.

85. If any person, after the coming into force of this By-law, builds, erects, constructs, adds to, or alters, or causes to be built, erected, constructed, altered, or added to, any building, erection, structure, or hoarding, or affixed, or cause to be affixed to any shop or street verandah any signboard, hanging lamp, or other fixture contrary to the provisions of this By-law—

(a) That the Council may give to the owner or builder, or to the occupier of any premises, or leave upon the site of such building, or affix to such hoarding, signboard, or other fixture, a notice, in writing, requiring the owner, builder, or occupier to bring such building, erection, structure, hoarding, signboard, hanging lamp, or other fixture into conformity with the provisions of this By-law; or, alternatively requiring the pulling down or removal of such building, erection, structure, hoarding, signboard, hanging lamp, or fixture within a time limited in such notice, and such notice may be signed by the shire secretary or surveyor on behalf of the Council.

(b) Should default be made in compliance with such notice within the time limited, and notwithstanding the imposition or recovery of any penalty, it shall be lawful for the Council, through its surveyor, to enter upon such building, and upon the site thereof, or upon any premises, with a sufficient number of workmen and to demolish and pull down the said building, erection, structure, or hoarding, and to remove any such signboard, hanging lamp, or other fixture, or any part or parts thereof, and to do any other act that may be necessary for the purposes; and to remove the materials thereof to some convenient place, and to recover from the owner or occupier the cost incurred in so doing in any Court of competent jurisdiction, or the Council, in its discretion, may cause such materials to be sold in such manner as it sees fit.

(c) All expenses incurred by the Council, or its surveyor, in doing such acts as are hereby authorized, together with all fees and/or penalties due to the Council, may be deducted and retained by the Council out of the proceeds of such sale. Any surplus that may remain after the payment of the aforementioned costs and expenses shall be paid over to the person who, in the opinion of the Council, is entitled thereto, upon written application being made for same.

86. Should the surveyor find that any material that is being used in the building, erection, or construction of any building, erection, structure, or fence, is unsound or defective, or is not adapted for the purpose for which it is being used, or is intended to be used, the builder, on being notified by the surveyor to that effect, shall discontinue the use of such material, and shall, if so required by the surveyor, have such material at once removed from the site of the building.

87. Any person who is guilty of any wilful act or default contrary to any of the provisions of this By-law, shall be liable, on conviction, to a penalty of not less than 10s., and not exceeding £20, for each offence, and in the case of a continuing offence, to a further penalty of £2 for each day such offence is continued after written notice of the offence has been given by the Council to the person so offending.

88. *Dispensing with Requirement of By-law, &c.*—Notwithstanding anything in this By-law contained or implied, the Council, in any special case or under exceptional circumstances (of which it shall be sole judge) may, by resolution, dispense with any of the requirements of this By-law, either permanently or temporarily, for such period as it may seem fit, and subject to such terms and conditions as it may see fit to impose.
