If the tenderer is in a position to supply a suitable substitute of Commonwealth production or manufacture in place of the sample at the Tender Board Office he may tender for such substitute under column A in the schedule, but he must submit with his tender a sample of the article offered.

Preference will be given by the Tender Board, provided the quality of the articles offered is satisfactory, and the rates charged are considered reasonable—

At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

9. For the supplies coming under the head of Rations and Medical Comforts (except for the gaols) the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for, and charge the freight to, the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 19 of these conditions.

11. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

12. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

13. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

14. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 11.

15. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations or stores are due or to the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service, will be obtained by the officer requiring it as in clause 11. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

16. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 11.

17. In the case of supplies for Hospitals for the Insane, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor.

18. In the case of supplies for Hospitals for the Insane, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary on the part of the contractor.

19. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 11. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money.

20. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, then the tender is to be in the name of the firm and not in that of the individual—then the Honorable the Treasurer may determine the contract, and forfeit the security money.*

21. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

22. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

23. For the purpose of the contracts entered into under these conditions, it is hereby expressly provided that in the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice, through the Secretary to the Tender Board, of the termination of the contract for the particular item or items so affected to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made. The contract for the unaffected items to remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter at his last-known place of business or abode.

24. Under no circumstances other than those mentioned in clause 23 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

25. For the purposes of these contracts the word Government shall mean the Government of the State of Victoria; and the word Treasurer shall mean the Treasurer of the said State.

Treasurer.
