THE Commissioners of the Rosedale Waterworks Trust hereby make the following By-law, pursuant to and in exercise of the powers and authorities conferred by the *Water Acts*:—

A By-law for making the rate for the year 1926 on the rateable property within the Waterworks District of the Rosedale Waterworks Trust, also for dealing with the sale of water by measure from the works of the Trust.

A rate of Three shillings in the pound shall be paid on the net annual value of the rateable property within the Waterworks District, according to the valuation for the time being of all lands and tenements for the municipal rates for the Shire of Rosedale, within the said district, but no such rate shall be less than Two pounds five shillings.

For every piece or allotment of vacant land, a rate of Ten shillings shall be paid.

When water is supplied by measure for domestic or other than domestic purposes, a charge of Two shillings and sixpence per thousand gallons shall be made, and the minimum quantity to be charged for shall be the quantity which, at the price named, would be equal to the price payable in respect of such property if the water were supplied otherwise than by measure.

In all cases not herein provided for, the Trust shall make special provision as may be deemed necessary.

The service-pipe from the main being the property of the owners or occupiers, the owners or occupiers of the tenements supplied by such service-pipes shall in every instance in which any damage is caused by such service-pipes being leaky, broken, or otherwise out of repair, be guilty of an offence.

If any person neglect to repair such service-pipes conveying water from the pipes of the Trust into the premises of such person, after having received notice from the officer of the Trust that such service-pipe required repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, until the necessary repairs are effected.

The Trust may, at any time when found necessary, repair or renew a pipe or stop-cock laid for supplying water to any tenement, and may charge the owner with the cost of providing, and laying, repairing, or renewing the same, and such cost shall be a debt due to the Trust, and shall be recoverable in any Court of competent jurisdiction.
