SHIRE OF GLENLYON.

PROPOSED SEVERANCE FROM SHIRE OF GLENLYON AND
ANNEXATION TO SHIRE OF NEWSTEAD AND MOUNT ALEXANDER.

IN pursuance of the provisions of the *Local Government Act* 1915 (No. 2686), section 46, the substance and prayer of a petition in accordance with the 36th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to constitute a majority of the ratepayers in the Parish of Yandoit, and they desire that the said parish may be severed from the Shire of Glenlyon and annexed to the Shire of Newstead and Mount Alexander.

The petitioners state that the area in question is in close proximity to the township and railway station of Newstead; that the business transactions and general interests of the ratepayers are more in keeping with those of Newstead than with Glenlyon; and that it is the desire of a majority of the said ratepayers to be severed from the Shire of Glenlyon and annexed to the Shire of Newstead and Mount Alexander.

The petitioners therefore humbly pray that His Excellency the Governor in Council may be pleased to sever the Parish of Yandoit from the Shire of Glenlyon and annex it to the Shire of Newstead and Mount Alexander.

Notices for the petitioners may be served on Mr. John P. Righetti, Yandoit.

"Proprietor" means the proprietor of any premises, and includes the owner, occupier, or any person having the management or control thereof.

"The Commission" means the Commission of Public Health.

5. 6. The proprietor shall cause every pan-closet to be supplied by the Council, or otherwise, with a pan for the reception of night-soil, and shall (except when being exchanged) cause such pan to be always kept in proper position under the seat of each pan-closet, and shall also provide a lid capable of being fitted tightly to such pan when being removed from the premises to the depot, so as to prevent the spilling of the contents and the emission of offensive vapours, gases, or effluvia from the contents of such pan.

7. Such pan shall be cylindrical in shape and formed of galvanized iron of not less than 22 gauge, or other approved material or materials presenting on the inside and outside an impervious, hard, smooth, and durable surface, and those surfaces which come into contact with night-soil shall also be free from any projections. - (b) when required by an inspector effectually disinfect such pan-closet and urinal and/or the contents thereof, and effect any repairs thereto that such inspector may deem necessary.

At least once a week, and in any case as often as may be necessary to prevent the level of the contents of such pan approaching within 2½ inches of the brim thereof, the pan in use shall be closed with a lid, and removed by the contractor or person authorized or employed in that behalf by the Council, with its contents from the premises, and another pan thoroughly cleansed and in good order shall be left in its place. The contractor or person authorized or employed in that behalf by the Council shall not empty the contents or part thereof of any pan into any other pan, and shall not remove the sealed lid from any pan until the pan is beside the disposal trench at the depot.

13. Such contractor or person removing such pans shall report to the Council at the earliest available opportunity the discovery of any pan found to be overflowing or leaking, and shall forthwith cause the place whereon the contents have been dropped or spilled to be properly cleansed.

17. No trench shall be used for the disposal of night-soil where the bottom consists of rock or other impermeable material.

18. Immediately after the deposit of the night-soil and washings in any trench, such trench shall be filled in with thoroughly disintegrated earth. The necessary filling shall be

obtained by excavation of another trench in a position parallel to, but not less than 12 inches from, the aforesaid trench required to be filled in, and using the material so obtained as a covering over the night-soil so deposited. Trenches shall be excavated and used, and filled in in regular consecutive order.

19. Seed of grass, or any forage of cereal crops, or other such form of vegetable life as the Council shall direct or approve shall be seasonably planted or sown on any land into which night-soil has been deposited, provided that vegetables or seeds of vegetables shall not be planted therein or thereon until three months have elapsed since the last deposit of night-soil in such land.

20. Every pan used for the reception or conveyance of night-soil shall immediately on being emptied be thoroughly washed or otherwise cleansed. The resultant washings or other fifth shall be disposed of in a similar manner as the night-soil.

21. Every pan after the disposal of its contents, and after being cleansed in manner aforesaid, and before it again leaves the depot or disposal ground, shall on every such occasion be thoroughly cleansed and disinfected by—

23. The contractor or person authorized or employed by the Council for the removal of night-soil shall cause all vehicles used for the transport of pans to the depot to be properly constructed, kept clean, and disinfected daily at the depot, and maintained in a proper state of repair.

24. The proprietor or any other person shall not remove any night-soil from any premises, except in accordance with this By-law.

25. The proprietor, or any other person within the area defined by this By-law, shall not bury, nor cause to be buried, any night-soil in any yard, garden, or other place not being a place set apart for such purpose by the Council.
