Deduction from Wages.

9. The contributions of every contributor shall, unless the Commissioners in any case otherwise determine, be deducted from the wages of such contributor at each payment of wages, and shall be forthwith credited to the account.

Scale of Units.

10. (1) Subject as in these Regulations otherwise provided, the contributions by an employee shall be in respect of units of pensions as defined in these Regulations, and the number of units in respect of which an employee shall contribute shall have relation to the wages of the employee in accordance with the following scale:—

Increase in Wages.

12. (1) If the wages of a contributor are increased, and by reason of that increase fall within a higher wages group in column one of the scale contained in clause 10 of these Regulations than the wages group in which it fell prior to the increase, the following provision shall apply to the contributor:—

Increase when Over 40 Years of Age.

(a) If he has attained the age of 40 years, or was at the date of the commencement of these Regulations an employee not less than 30 years of age, he may, within three months from the pay day on which payment of wages at the increased rate is first actually made, elect to increase the amount of his contribution to an amount not exceeding the sum which will provide units of pension to the number specified in column two opposite to such higher wages group; and

(b) In all other cases he shall increase the amount of his contribution to such a sum as will provide units of pension to the number so specified.

Any increased contribution under this sub-clause shall be payable as from and inclusive of the pay day on which payment of wages at the increased rate is first actually made.

(2) Sub-clause (1) of this clause shall not apply in the case of any contributor whose wages are increased under the cost of living adjustment clause or similar clause in any industrial agreement or award or determination to a sum amounting to not more than £10 per annum more than the minimum of the wages group next higher than the wages group from which such contributor was increased when such increase as aforesaid was made.

Decrease in Wages.

13. (1) If the wages of a contributor are reduced, and by reason of such reduction fall within a lower wages group in column one of the scale contained in clause 10 of these Regulations than the wages group in which they fell prior to the decrease, the following provisions shall apply to the contributor:—

(a) If the reduction in wages is due to the contributor's own fault, the number of units for which he is contributing, if in excess of the number appropriate to the wages group to which his wages have been reduced, shall, notwithstanding that he may have made an election under clause 11 or 14 of these Regulations, be reduced to such appropriate number; and

(b) If the reduction in wages is not due to the contributor's own fault, the number of units for which he is contributing shall not, unless the contributor otherwise elects within three months from the pay day on which payment of wages at the reduced rate is first actually made, be reduced.

Any reduced contribution under this sub-clause shall be first effective as from and inclusive of the pay day on which payment of wages at the reduced rate is first actually made. Any contributions previously paid by the contributor in respect of units in excess of the reduced number shall be refunded to him without interest.

(2) Sub-clause (1) of this clause shall not apply in the case of any contributor whose wages are reduced under the cost of living adjustment clause or similar clause in any industrial agreement or award or determination to a sum amounting to not more than £10 per annum less than the maximum of the wages group next lower than the wages group from which such contributor was reduced when such reduction as aforesaid was made.

Employee at Date of Commencement.

14. (1) An employee who, on the date of the coming into operation of these Regulations, shall have completed at least ten years' service, and is not less than 30 years of age, shall not be obliged to contribute for more than two units, but he may in the notice mentioned in clause 2 of these Regulations elect to contribute for any number of units exceeding two, but not exceeding the number of units applicable to his wages or four units, whichever is the greater.

(2) The contributions payable in respect of the first 2, 2½, 3, 3½, or 4 units by an employee referred to in sub-clause (1) of this clause shall be those prescribed for the age of 30.

Limitation of Contributions.

15. No employee joining the service under the age of 45 years, either before or after the coming into operation of these Regulations, shall, after completing fifteen years of service, be required to contribute more than 10 per centum of his wages; provided that any employee claiming the benefit of this clause shall have contributed for the maximum pension for which he was from time to time during his service entitled to contribute having regard to the amount of his wages.

Power to Reduce Units.

16. Notwithstanding anything in these Regulations, the Commissioners may, on the application of an employee, reduce as from such date as they shall think fit, the number of units for which the employee is contributing, or for which he is required to contribute, but such reduced number of units shall be not less than two. Any contributions previously paid by the employee in respect of any unit or units in excess of the reduced number shall be refunded to him without interest.

Scale of Contributions.

17. The amount of contribution which shall be paid by an employee shall, except where otherwise provided in these Regulations, be based upon—

- (a) The number of units or half units of pension in respect of which the employee contributes;
- (b) Sex; and
- (c) The age at which the employee commences to contribute for each unit or half unit;

and shall be in accordance with the tables of contributions from time to time prescribed by the Commissioners by Regulations.

Schedules of Contributions.

18. Until other tables of contributions are prescribed as aforesaid, the tables of contributions for males and females according to ages shall be those set out in the First and Second Schedules hereto respectively, and such tables shall apply to male and female employees respectively.

Pensions, &c., to be Paid by Commissioners.

19. All pensions and other benefits under these Regulations shall, subject to clause 3 hereof, be paid by the Commissioners.

Credit by Commissioners if Contributions at Rate for Age.

20. (1) In respect of each unit or portion of a unit of pension paid by the Commissioners on the basis of a contribution corresponding to the rate prescribed for the age of the employee at the date upon which he commenced to pay the contribution, a sum equal to one-half of the payment so made shall be debited to the Harbor Trust Fund established under the Melbourne Harbor Trust Act 1915 (No. 2697), and credited to the account by the Commissioners.

Credit by Commissioners if Contributions not at Rate for Age.

(2) In respect of each unit or portion of a unit of pension paid on the basis of a contribution other than that prescribed for the age of the employee at the date upon which he commenced to pay the contribution, a sum, ascertained in the manner provided in the next sub-clause of this clause, shall be debited to the said Harbor Trust Fund and credited to the account by the Commissioners.

(3) To determine the sum to be so debited and credited in each case by the Commissioners under the last preceding sub-clause, the amount of the rate of contribution actually payable by the employee shall be subtracted from the amount of twice the rate prescribed for the age of the employee at the date upon which he commenced to pay the contribution, and the ratio of this difference to the amount of twice the rate so prescribed shall represent the fraction of the pension payment to be so debited and credited by the Commissioners.

Retrenchment and Discharge.

21. The compulsory termination of the service of a contributor by the Commissioners—

- (a) shall be deemed to be "retrenchment" if the contributor has been in the service for not less than fifteen years, or contributor for not less than ten years;
- (b) shall be deemed to be "discharge" if the contributor has been in the service for less than fifteen years, or has been a contributor for less than ten years.

- shall be deemed to be dismissal, for the purposes of these Regulations.

Resignation.

23. Mutual termination of service (however expressed) of a contributor who is not then entitled to retire on pension shall be deemed to be resignation.

Pension Unit.

24. The sum of Twenty-six pounds per annum shall be the unit of pension.

Gratuity on Retirement before Regulations in Force.

25. Every person or the widow (if any) of every deceased person who retired from the service during the period from the 23rd day of December, 1926, to the date of the coming into operation of these Regulations (inclusive), who at the time of his retirement had been in the service for at least five years, shall, without making any contribution under these Regulations, be entitled to receive a gratuity equal to one week's wages at the latest rate received by such person for every complete year in which he was in the service, provided he attained the age of 65 years during that period; Provided, however, that in the case of a person whose period of service shall have heretofore been extended past the age of 65 years by resolution of the Commissioners, he shall be entitled, subject to contributing to the account a sum or sums equal to 26 fortnightly contributions at the rate prescribed for age 30 in the First or Second Schedule hereto (as the case may be), to receive as from the date of the coming into operation of these Regulations such pension not exceeding four (4) units as such person would have been entitled to if he had been an employee who retired on or after the coming into operation of these Regulations. All payments of gratuities under this clause shall be made out of the Harbor Trust Fund, and shall be borne wholly by the Commissioners.

Pension on Retirement after Regulations in Force.

26. Subject as in these Regulations otherwise provided, a contributor shall, upon attaining the maximum age for retirement, be entitled to receive a pension according to the number of units for which he was contributing at the time of his retirement:

Provided that any male contributor who has attained the age of 60 years, or any female contributor who has attained the age of 55 years, and who elects or is called upon to retire before attaining the maximum age for retirement, shall, as from the date of such retirement, be entitled to a pension which is the actuarial equivalent of the pension which would have been payable to the contributor upon attaining the maximum age for retirement if he or she had remained in the service until reaching that age.

Retirement through Ill-health.

27. Upon the retirement of a contributor (with the consent of the Commissioners, and after examination by the Commissioners' Medical Officer) on the ground of ill-health or physical or mental incapacity to perform the duties that may be allotted to him by the Commissioners, such contributor shall—

to the account under clause 4 of these Regulations during the period over which such contributions shall have been made; or

- (b) If he shall have been a contributor for more than five years, or had more than ten years' continuous service, he shall have the option to elect, in writing, to be delivered to the Commissioners within one month of such retirement, to receive either—

Provided that if there is no widow and there are no such children under the age of sixteen years, there shall be paid to his estate a sum equal to the actual amount of the contributions paid by the contributor to the account:

Provided further that if there is no widow, and there are such children, and the total maximum liability under clause 30 of these Regulations in respect of such children is a lesser sum than the actual amount of the contributions made by the contributor to the account, there shall be paid to his estate a sum equal to the amount of the difference between such actual amount and such total maximum liability.

Pension to Widow and Children on Death of Pensioner.

29. On the death of a male pensioner, pension shall be paid to his widow as follows:—

- (a) During her own life, one-half of the pension payable to her husband at the time of his death:

Death of Female Contributor.

31. On the death of a female contributor before retirement, there shall be paid to her personal representatives, or, failing them, to such persons as the Commissioners determine, a sum equal to the actual amount of the contributions made by her to the account.

Retrenchment.

32. (1) In the event of the retrenchment of a contributor he shall be entitled to a pension which is the actuarial equivalent of the pension which would have been payable to the contributor upon attaining the maximum age for retirement, had he remained in the service, and within one month after the date of his retrenchment he may elect, in lieu of such pension, to receive payment of the then present value thereof in a lump sum.

(2) Failing an election as provided in the last preceding sub-clause, the Commissioners shall determine which benefit shall be paid.

(3) Where an employee has been retrenched, and is in receipt of a pension or has received payment in the form of a lump sum under this clause, re-enters the service of the Commissioners, the following provisions shall apply to him:—

(a) The pension (if any) shall not cease to be payable; and

Imprisonment of Male Pensioner.

36. Where a male pensioner is sentenced to imprisonment for any period exceeding one month, payment of his pension under these Regulations shall be discontinued during the period of his imprisonment; and—

(a) If his wife is alive, she shall, during that period, be entitled to pension in accordance with the provisions of clause 29 of these Regulations, as if the pensioner were dead; or

THE MELBOURNE HARBOR TRUST COMMISSIONERS.

AMENDMENT OF REGULATIONS RELATING TO TONNAGE RATES AND VESSELS LAID UP OUT OF COMMISSION.

IN pursuance of the Melbourne Harbor Trust Act 1915, the Melbourne Harbor Trust Commissioners make the following Regulations:—

1. Regulation 303 is amended in the following manner, viz., by inserting after the word "shall" when it first occurs the words "except as otherwise provided by these Regulations."

2. Regulation 303A is hereby made as follows:—

303A. If any vessel has, in the opinion of the Commissioners, been prevented from shipping or unshipping goods from any cause beyond the control of the master, owner, and agent of the vessel for a period exceeding seven days, then the Commissioners may, on the application of the master, owner, or agent, grant such a reduction in the rate payable in respect of any vessel under the last preceding regulation or such refund as the Commissioners think fit.

3. By substituting for regulation 304 the following:—

304. If the owner of any vessel licensed under regulation 173 shall give the Commissioners an undertaking that they are not to be held responsible for any damage to such vessel, howsoever caused, and notwithstanding that such damage may have been caused by the negligence of the Commissioners or their servants, and shall also furnish security to the satisfaction of the Commissioners for the payment of the amount of any damage which shall be caused to any of the property of the Commissioners by such vessel, and of any loss incurred by the Commissioners in raising, removing, or destroying such vessel in the event of her being sunk or stranded within the port, and becoming, in the opinion of the Commissioners, an obstruction to the safe and convenient navigation and/or use of the port, or shall give such other undertaking and/or security in lieu of the foregoing as the Commissioners may in special circumstances require, then such vessel shall be exempt from payment of tonnage rates under regulation 303.

4. The following regulation is substituted for regulation 307:—

307. If any vessel shall have been moored or anchored within the port at any place or in any manner (not rendering tonnage rates payable under regulation 303) for a period exceeding fourteen days, and shall, in the opinion of the Commissioners, during such period have been continuously laid up and out of commission, the same tonnage rates shall be paid in respect of such vessel from and after the expiration of the said period while she continues, in the

opinion of the Commissioners, to be so laid up and out of commission as would have been payable if she were using a wharf. Provided, however, that if the owner shall give to the Commissioners an undertaking that they are not to be held responsible for any damage to such vessel, howsoever caused, while she continues to be so laid up and out of commission, and notwithstanding that such damage shall be caused by the negligence of the Commissioners or their servants, and shall also furnish security to the satisfaction of the Commissioners for the payment to them of the amount of any damage which shall be caused to any of the property of the Commissioners by such vessel, and of any loss incurred by the Commissioners in raising, removing, or destroying such vessel in the event of her being sunk or stranded within the port, and becoming, in the opinion of the Commissioners, an obstruction to the safe and convenient navigation and/or use of the port, or shall give such other undertaking and/or security in lieu of the foregoing as the Commissioners may in special circumstances require, the tonnage rates payable to the Commissioners in respect of such vessel shall be the following:—

	£	s.	d.
Vessels not exceeding 200 tons, per month, or part of a month ...	0	5	0
Vessels exceeding 200 tons, and not exceeding 500 tons, per month, or part of a month ...	0	10	0
Vessels exceeding 500 tons, and not exceeding 1,000 tons, per month, or part of a month ...	1	0	0
Vessels exceeding 1,000 tons, per month, or part of a month ...	1	10	0

Nothing in this regulation shall prevent the Harbor Master from directing the removal of any vessel laid up and out of commission from any wharf, mooring, or anchorage at any time he may think fit.

PRESENT :

His Excellency the Governor of Victoria.

Mr. Disney | Mr. Webber.

UNDER the powers in that behalf conferred by the Victorian Government Stock Acts, the Governor of the State of Victoria, by and with the advice of the Executive Council of the same, doth make the Regulations following:—

1. These Regulations may be cited as the Victorian Government Inscribed Stock Acts Regulations 1928.

2. In these Regulations, unless inconsistent with the context or subject-matter—

“ Acts ” means the Victorian Government Stock Acts.

“ Owner ” means an owner of stock or owners of stock in a joint account.

3. The Registry shall be open for the transaction of business daily from 10 a.m. until 3 p.m., except on Saturdays, when the hours of business shall be from 10 a.m. until noon.

INSCRIPTION OF STOCK.

4. At the Treasury there shall be kept a Stock Ledger in which shall be inscribed the name of each owner and the amount of stock owned by him.

5. The Registrar or other duly authorized official shall initial all entries in the Stock Ledger as evidence of their correctness.

6. Stock may be inscribed in the name of one or more persons not exceeding four, and the full name, address, and description of each must be given.

7. Stock cannot be inscribed in the name of a minor unless jointly with one or more adult persons, and when so inscribed it cannot be transferred until the attainment of majority or decease of the minor.

8. (1) Stock may be inscribed in the name of a registered company or other corporation, but the Registrar must first be furnished with a copy of the Certificate of Incorporation or special Act of Parliament under which such corporation is established, together with a certified specimen of the seal of the corporation and a duly authenticated copy of any Regulations governing the mode of affixing the seal.

(2) Transactions in respect of stock in the name of a corporation may be effected if the prescribed form or a general power of attorney authorizing some person to act for the corporation has been sealed in the proper manner.

9. (1) On the marriage of a female who is the owner of stock her name and description shall be altered in the Stock Ledger with respect to stock standing either in her name solely or jointly with any other name, on lodgment with the Registrar of a request, in the form contained in the Eighth Schedule hereto signed by her, stating the name in full of her husband, and setting forth particulars of the stock concerning which it is desired to have the alteration made.

(2) A copy of the certificate of registration of her marriage under the hand of the proper officer shall accompany the request, together with such particulars as the Registrar deems necessary.

(3) Notification of the alteration shall be made in the form contained in the Ninth Schedule hereto.

10. In the event of stock being inscribed incorrectly owing to a mistake in a request for inscription or transfer, the account may be amended by a letter or declaration as the case requires, stating how the error arose, and, in the case of a transfer in the event of an alteration of any name or names, a request from the transferor shall be required by the Registrar.

11. (1) The Registrar shall take such steps as are necessary to immediately secure, either by post or personally, specimen signatures of all stock-owners.

(2) As far as practicable the signing of documents by owners of stock shall take place in the Registry, otherwise the Registrar must be satisfied as to the genuineness of signatures before allowing registration to be made. The genuineness of signatures may be tested by comparison with signatures on application or other forms. Specimen signatures obtained by post must be witnessed by a credible person, and their genuineness tested as provided in this regulation.

12. An owner or part owner of stock shall be at liberty at all reasonable times to inspect his account of stock in the Stock Ledger, upon application in the form contained in the Fourteenth Schedule hereto.

13. Every deed of transfer when executed shall be delivered to the Registrar, who shall register it in the Stock Ledger, and shall inscribe the name of the transferee in the Stock Ledger as the owner of the stock, and the Registrar shall cause the said Stock Ledger to be compared with the transfer books and with the said transfers and applications for transmission so as to ascertain that all the business transacted has been duly and properly entered and recorded.

14. There shall be kept in the office of the Registrar books to be called "Transfer Books," wherein all transfers of the said stock or any part thereof shall be entered and registered, which entries shall be numbered in regular arithmetical progression beginning at the commencement of each year.

TRANSFERS AND TRANSMISSIONS.

15. (1) Transfer of stock may be made from one person to another. The transfer and acceptance shall be in the form contained in the Third Schedule hereto, and shall be fully signed, and in the case of a corporation properly sealed, by both the transferor and the transferee, each of whom shall be notified, in the forms contained in the Fourth and Fifth Schedules hereto, of the completion of the transaction.

(2) In case of a joint account, it shall be sufficient if the first inscribed owner is so notified.

16. (1) If any stock has become transmitted in consequence of the death, bankruptcy, or insolvency of any owner, or for any other reason, the application for transmission shall be authenticated by a declaration in writing, in such manner as the Registrar requires, and shall be verified by probate of will, letters of administration, or an office copy of the adjudication or order of sequestration or vesting order, as the case may be.

(2) Applications for the transmission of stock shall be made in the form contained in the First Schedule hereto.

(3) Upon the transmission having been duly made, the Registrar shall forward to the person making the request for transmission a notice to that effect in the form contained in the Second Schedule hereto.

17. On the decease of an owner in a sole account, his death shall be registered on production to the Registrar of probate of will or letters of administration, and, if required by the Registrar, a declaration by some disinterested person, approved by the Registrar, as to the identity of the deceased as the owner.

18. On the decease of one of the owners in a joint account, the death may be proved by production of probate of will, letters of administration, or certificate of death, and, if required by the Registrar, by a declaration by some disinterested person, approved by the Registrar, as to the identity of the deceased as the owner.

19. On completion of the proof of death in a joint account the stock and dividends thereon will be registered in the name of the survivor or survivors.

20. On the decease of the last survivor in a joint account the death must be proved, as in the case of an owner on sole account, and steps taken to inscribe the stock in the individual name of the executor or administrator of the last survivor.

21. All probates, letters of administration, and copies of adjudications or orders of sequestration or vesting orders must be exhibited at the Registry for scrutiny at least two clear days before the stock affected by them can be dealt with, and they shall be forwarded to the Auditor-General for notation before they are returned to the persons by whom they were produced.

22. The Registrar shall require the signatures of persons who claim transmission of stock by virtue of their appointments as executors, administrators, or trustees, to be verified to his satisfaction. This should be done by a disinterested person, approved by the Registrar.

23. Registration will not be made of any applications for transfer received within fourteen days prior to the date on which interest is due, nor during one calendar month immediately preceding the date of maturity of stock.

PAYMENT OF INTEREST.

24. Upon a request by the proprietor of the stock or his attorney in the form contained in the Sixth Schedule hereto to the Registrar, the interest may be paid into any banking account, including a Savings Bank account.

25. Upon a request by the proprietor of the stock or his attorney in the form contained in the Seventh Schedule hereto, interest cheques will be transmitted by post by the Registrar to the stock-holder or his attorney.

26. (1) Any change of address of the person to whom the interest cheques are sent should be notified at once to the Registrar.

(2) When any such notification reaches the Registrar less than fourteen clear days before the next interest is due, the Registrar cannot undertake to record it until after the payment of the next interest.

27. If interest is payable to a bank account, or to be transmitted by post, a note is to be made in the "Remarks" column in the Stock Ledger.

28. All authorities for the payment of interest are to be filed by the Registrar.

POWERS OF ATTORNEY.

29. (1) Forms of Power of Attorney, which shall be in one of the forms contained in the Tenth and Eleventh Schedules hereto, shall only be supplied to an owner of inscribed stock or some other person on behalf of such owner approved by the Registrar, and upon application in the form contained in the Twelfth Schedule hereto, and in the case of a joint account must be signed by all the owners, and the execution duly attested in accordance with the instructions printed on the Power of Attorney forms.

(2) In the case of a corporation, forms of Power of Attorney may be issued upon application being made in writing by the chairman, secretary, or manager of the corporation.

30. Where a Power of Attorney is not in accordance with the form contained in the Tenth or Eleventh Schedule hereto, and contains full power to deal with the sale or purchase of stock, and where, in the opinion of the Registrar, it is inconvenient to obtain a Power of Attorney in the form contained in the Tenth or Eleventh Schedule hereto, the Registrar may act on the Power of Attorney which is not in the form contained in the Tenth or Eleventh Schedule hereto; but, in such a case, if the Power of Attorney has been lodged with the Registrar-General, the Registrar may act only after a copy of the Power of Attorney, or extract thereof attested by the Registrar-General, has been lodged with the Registrar; or, if the Power of Attorney has not been lodged with the Registrar-General, the Registrar may act only if a copy of the Power of Attorney, or an extract thereof, verified by a person approved by the Registrar, has been lodged with the Registrar; provided that in every case where the Power of Attorney is not in the form contained in the Tenth or Eleventh Schedule hereto, the Registrar shall require a declaration from the attorney that he has not received notice of revocation of such power by death of the owner or otherwise.

31. All Powers of Attorney must be left at the Registry for scrutiny at least two clear days before they are to be acted upon, and shall be entered in a Register.

32. (1) If satisfied that a Power of Attorney has been properly sealed and executed, and that the signatures thereto are genuine, the Registrar may act upon the authority conveyed therein.

(2) In case of doubt, a notice of dealing, in the form contained in the Thirteenth Schedule thereto, shall be forwarded by the Registrar to the owner at his registered address, and the Registrar shall not act in such case until he is satisfied that the matter is in order.

33. All original Powers of Attorney or attested copies or verified copies and extracts as the case may be shall be retained and filed by the Registrar.

34. On the maturity or redemption of Victorian Government Stock the principal moneys may be paid at or from the State Treasury, Melbourne—

- (a) to any owner in the case of joint owners on the written request of the whole of the owners or their attorneys.
- (b) to an agent on the production of an order signed by the owner or his attorney.
- (c) to the credit of any specified account at a bank upon the receipt of a written request signed by the owner or his attorney.
- (d) to a duly authorized agent of a corporation or to the credit of a corporation's account at a bank upon the receipt of a written request from the corporation under seal.

35. Payments of principal moneys may also be made through the post to any person authorized by these regulations to collect such principal moneys on the receipt from him of a written application to that effect.

GENERAL.

36. The Registrar shall be responsible for the proper carrying out of all the duties devolving upon him under the Victorian Government Inscribed Stock Acts and under these Regulations.

37. It shall be the duty of the Registrar to take steps to secure the safe custody of all books, forms, and other records in his charge.

38. Except as provided in the Inscribed Stock Acts and in these Regulations, no person other than the officers immediately engaged in the work of the Registry shall have access to any of the books, forms, and other records, and all officers are expressly forbidden to divulge any information coming to their knowledge in the course of their duties, except as authorized by the Acts mentioned, or by these Regulations, or as required by law.

39. All possible precautions should be taken by the Registrar for the security of the stock to its owner, and to guard against fraud or improper transactions. Erasures must not be made in the Stock Ledger. Errors should be ruled through, and the correct entries made. In all cases of proposed dealings in stock the attendance of the owner at the Registrar's office should, when practicable, be arranged for. The signatures to all forms shall be compared with the recorded specimen.

40. All forms required under these Regulations to bear the seal of a corporation shall be sealed and witnessed in accordance with the regulations of the company, provided that the Registrar may require proof that any document has been so sealed.

41. If in cases where the owner is not personally known to the Registrar, or where the Registrar is doubtful as to the genuineness of a signature, or if for any other reason he is not satisfied as to the genuineness of an application or signature, a notice of dealing in the form contained in the Thirteenth Schedule, should be forwarded to the owner by the Registrar, who shall not register the transaction until he is satisfied that the matter is in order.

2. A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages. Accounts in all cases to be made out by weight only, and to be rendered monthly, supported by the waybills properly receipted, subject to any deductions for goods lost or damage sustained to the goods whilst in the custody of the carrier.

3. No claims for detention will be entertained, but should the contractor be subjected to unreasonable delay, the cause of delay, if reported, will be investigated.

4. The contractor shall in all cases, against each separate charge in his accounts, quote the number of the consignment or delivery note, which will be found on each consignment or package forwarded by the departments. Should the number not be on the package then the name of the consignor should be quoted and a description of the parcel given in lieu thereof. 8. Vehicles as required must call at the Stores and Transport Offices twice daily, viz., 11 a.m. and 4 p.m., and at 11 a.m. on Saturdays, for goods and parcels, and on such other special occasions when notified without extra payment, otherwise the service will be performed at the contractor's risk and expense, and the amount deducted as in Condition 4.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

Any person who shall wilfully place any matter or thing so as to obstruct the thoroughfare in the Market, and shall wilfully refuse or neglect to remove the same on being required by the Inspector or his assistant to do so, or who shall wilfully place any cart, carriage or wheelbarrow or other article in any part of the said Market contrary to the direction of the Inspector or his assistant, shall be deemed to have committed a breach of this By-law.

8. *Sales Before and After Hour of Opening or Closing.*

No person shall offer for private or public sale in any part of the Market any produce, goods, horses, cattle, wares or merchandise of any kind before the hour of opening or after the hour of closing the said Market, nor upon any day not fixed by the Council as a day upon which the Market will be open without the sanction, in writing, of the Council or president thereof or some person authorized by the Council in that behalf.

All milking cows and dry cattle entering the gates of the Market after half-past Ten o'clock a.m. shall be kept separate and apart from the cattle received prior to such respective times herein fixed, and shall not be offered for sale by public auction until after all stock received for sale at or before the appointed time or times aforesaid shall have been submitted for sale, with this exception, however, that milking cows received for sale after the hour of half-past Ten a.m. shall be submitted for sale immediately following milking cows received for sale prior to that hour, each auctioneer selling in his turn as originally drawn for milking cows.

10. *Name of Auctioneer to be Given.*

If and when more than one sale is going on at the same time, each sale shall be conducted in a separate yard, and in each case as and where the Council or the said Inspector shall direct.

14. *Time for Sale of Poultry.*

The sale of poultry shall commence at half-past Ten o'clock a.m., and all poultry coming into the Market for sale after that hour shall not be offered for sale until all poultry arriving in the Market yard for sale on or before that hour shall have been first submitted to sale, and then the order of sale of such last-mentioned poultry shall be regulated as to precedence of sale as and in accord with the time of such poultry arriving in the Market yard for sale. Each person bringing poultry into the Market for sale shall place same in the coops provided by the Council, and empty crates must be removed from the yard.

15. Poultry to be Placed in Council Coops.

No poultry shall be offered for sale in the coops or boxes in which they are brought into the yard except there is no room in the coops provided by the Council.

16. Lots to be Drawn for Priority of Sale.

17. Auctioneer to Furnish Timekeeper with Number of Cattle.

Any auctioneer proposing to sell at any market shall, at or before any drawing takes place, furnish the timekeeper with the number of milking cows and dry cattle he intends to offer at auction. The draw for priority of sale shall be conducted by the timekeeper, who shall ring a bell for each drawing, and provide ballot balls or papers, which shall be consecutively numbered, and shall represent the order of sale to be observed by the person drawing same, the number of ballot balls or papers to be equal in number to the auctioneers who shall have signified their intention of selling. The timekeeper shall place the ballot balls or papers in a box or other like receptacle from which each auctioneer shall draw one of the ballot-papers or balls, the priority of drawing being determined as follows:—That the auctioneer who conducted the first sale on the preceding market day shall on the market day next held be the last one to draw. The auctioneer who was the last one to sell at the preceding market shall be the first entitled to draw, and so on through the whole number, the order in precedence in drawing the ballot ball or paper being reversed from the position held at the preceding sale until the whole ballot shall have been exhausted. In case any auctioneer shall be absent at the time of any draw, the timekeeper shall arrange for some person to draw for him. The timekeeper, immediately at the conclusion of each of the lot-drawings for priority of sale of milking cows and dry cattle, shall post a list in some conspicuous part of the Market showing the name of the auctioneer in the several positions of priority, and the time allotted to each auctioneer for selling.

18. Time Limit on Sales.

The timekeeper or his assistant shall on each day of sale ring a bell at half-past Ten o'clock a.m., and again at noon, and the auction sales of milking cows and dry cattle shall then commence in the order and subject to the conditions herein provided. The auctioneer or firm of auctioneers having priority of sale of milking cows shall commence selling the same not later than thirty minutes after Eleven o'clock a.m., and the auctioneer or firm of auctioneers having priority of sale of dry cattle shall commence selling the same not later than 10.30 a.m., and, except as hereinafter provided, the time allowed for each auctioneer or firm of auctioneers shall be determined by the number of head of cattle entered for sale, as follows:—

Not exceeding 100 head of milking cows	30 head per hour.

19. Time Limit on Sale of Pigs and Calves.

Where the number of dry cattle entered for sale on any market day exceeds 240 head, or the number of milking cows so entered exceeds 100 head, the timekeeper may in his discretion proportionately increase the number of dry cattle or milking cows to be sold per hour. Provided that the timekeeper shall not have discretion to order that more than 90 head of dry cattle or 45 head of milking cows be sold per hour. As to pigs and calves, any auctioneer selling the same shall do so at the rate of not less than 120 per hour. Provided that the timekeeper shall have discretion to increase the number of pigs and calves to be sold per hour whenever the number of pigs and calves entered for sale is so large as in his opinion to render such an increase necessary. Provided that such discretion shall not extend to increasing the number of pigs and calves to be sold per hour to be more than 180 head.

But if such auctioneer or firm of auctioneers shall sell or offer for sale cattle in lots exceeding five head, the number of head to be sold per hour shall be proportionately increased, as such sale in lots exceeding five head shall be treated and counted so far as time limit is affected as a sale of five head. Provided, however, that the above rates shall not apply to milking cows, and each auctioneer shall subject as aforesaid be allowed two minutes for the sale of each and every milking cow submitted by him.

20. Auctioneers not Proceeding with Sale at Allotted Time to be Placed at Foot of List.

Any auctioneer not present and proceeding with his sale when his time arrives to commence selling shall, besides being guilty of a breach of this By-law as hereinafter mentioned, forfeit his priority of right to sell, and shall be placed at the foot of the list of auctioneers entitled to sell. Any auctioneer upon being informed by the timekeeper that his proportionate time for selling has expired, shall immediately cease to sell and

the next auctioneer on the posted list shall occupy the position vacated. No auctioneer shall offer, or cause to be offered, any cattle a second time at the same market until all other sales are disposed of and completed, and before offering for sale by auction any animal or animals sold on the same day in the Market the auctioneer shall procure from the purchaser instructing him to re-sell the selling agents' pass for the same.

21. Timekeeper's Decision Final.

Any auctioneer or agent wilfully not proceeding with his sale as and at the time and times provided herein shall be guilty of an offence against this By-law. Any person offering any cattle for sale in the Market which are not sold who shall afterwards sell the same privately, having wilfully neglected to first pay the proper dues, shall be guilty of an offence against this By-law. The Market timekeeper shall be appointed by the Council, to whom all disputes with reference to or affecting the time, order, and otherwise of conducting the sales in the Market by the auctioneers shall be referred, and his decision shall be final.

22. Food to be Sold by Weight or Measure.

Commodities for food offered for sale in the Market shall not be sold by bulk, but by Imperial weight or measure, according to their kind; any person offering to purchase may require the vendor of any such commodity to weigh or measure the same, and if any vendor shall refuse to weigh or measure such commodity, or if on reference to the Market Inspector it shall be found that such vendor has made a false representation of the weight or measure thereof, every such vendor shall forfeit and pay any sum not exceeding Forty shillings for every such offence.

23. Deficiencies in Weight.

Any person who may sell or offer for sale by weight or measure any commodity which, when tried by the Market Inspector, may be found deficient in the weight or measure represented, shall forfeit and pay any sum not exceeding Forty shillings for every such offence.

The entrance for vehicles into the Produce Market shall be by Clow-street, and the exit by Cleland-street, and any person contravening this rule shall on conviction thereof, forfeit and pay for every such offence a sum not exceeding Ten shillings.

25. Carts not to Stand in Market Place.

Except the carts of vendors occupying standings duly appointed for them, no carts or vehicles of any kind shall be permitted to stand in the Market place, except where appointed by the Market Inspector.

No person shall place or keep any cart, carriage, wheelbarrow, or other matter or thing in any part of the market contrary to the direction of the Market Inspector.

26. Bell to Ring at Closing Time.

The closing of the Market shall be announced by the ringing of a bell.

27. Penalties.

Any person who shall by any wilful act or default be guilty of any breach or non-observance of any of the provisions of the foregoing By-law shall be liable for any such offence to a penalty not exceeding £10.

6. Such receptacle shall be constructed of galvanized iron of not less than 24 gauge, or other approved material, in such a manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of any part of the contents of such receptacle.

7. Each such receptacle shall have a capacity of not more than 4 cubic feet, and shall be so constructed as to be capable of being easily and conveniently carried by one man.

8. It shall be strongly constructed and provided with properly attached side-lifting handles.

9. 10. No person shall place or cause or permit to be placed any slops or liquid waste in such receptacle, nor shall deposit any moist refuse in such receptacle unless such moist refuse has been previously strained and effectually wrapped in waste paper.

11. The proprietor shall cause such receptacle to be kept at all times in good order and sweet condition, and shall coat the inside of such receptacle with tar or other suitable substance when deemed necessary by the Council.

12. The proprietor shall cause, at such hours and on such days as may be appointed by the Council for the removal of refuse, such receptacle to be deposited close to and inside of the entrance to such house, building, or premises from the street, lane, or right-of-way on which such house, building, or premises abut, in order that the contents of such receptacle may be conveniently removed by the contractor or person authorized or employed in that behalf by the Council.

13. No person shall place or cause to be placed any such receptacle in or upon any street, lane, or right-of-way, except in the case of business premises built on the street alignment where such premises do not abut on a suitable right-of-way, or land on which such receptacle could be placed for collection and emptying.

14. The contractor or person authorized or employed by the Council for the removal of such refuse shall be responsible for the complete emptying (without spilling any of the contents) of such receptacle or receptacles directly into a vehicle provided for its reception at such hours and on such days as may be appointed by the Council. Such contractor or person shall also be responsible for the replacement of such receptacle properly covered with its lid, and shall also close the gate or gates of the premises from which such receptacle is taken.

15. The contractor or person authorized or employed by the Council for the removal of such refuse shall, at least once in each week, or at such greater frequency as may be necessary, collect and remove such refuse in a suitable covered vehicle in such a manner as not to cause nuisance, danger to health, or offensiveness.

16. Such vehicle shall be provided with a cover and kept covered except when refuse is being put into or discharged from such vehicle.

17. Such vehicle shall, as far as practicable, be rendered water-tight by means of an impervious lining, or by painting the inside thereof with tar, or by other suitable and effective means.

18. Such vehicle, when full, shall be taken by the quickest possible route to the tip, incinerator, or destructor, where, as soon as practicable, the refuse shall be rendered innocuous by means of fire or such other method as may be approved by the Commission, and in such manner as not to create a nuisance.

19. The contractor or person authorized or employed by the Council for the removal of such refuse shall cause all vehicles used for the reception and removal of such refuse to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant, and maintained in a proper state of repair.

20. If any refuse is authorized to be deposited or disposed of in or on any land, hole, quarry, or indentation, such refuse shall be deposited in a regular and orderly manner, and at the conclusion of each day's depositing the contractor or the person or persons authorized or employed by the Council shall blind the surface with clean earth, lime, or other approved material so as not to create any nuisance.

21. Land upon which refuse has been deposited shall be seasonably planted or sown with seed of grass or any forage or cereal crops or other such vegetable life as the Council shall direct or approve.

22. If any person or persons commit a breach of this By-law, he or they shall for every such breach be liable to a penalty of not more than Twenty pounds, and in the case of a continuing offence a further daily penalty of not more than Five pounds.
