By-law No. 27.

The following are the rates and charges which the occupiers or owners of lands and tenements liable to be rated, or other persons, shall pay for the year 1930 in respect of water supplied by the Trust in the said Urban District:—

1. For every house or other tenement fronting any street wherein water pipes of the Trust have been laid, and not being occupied land, the rate of Two shillings in the pound on the amount of the municipal valuation of such house or other tenement, and the land, if any, valued therewith, shall be paid, the minimum amount to be paid to be Twenty shillings. In cases where water is supplied to land upon which there is no building, the rate shall be Two shillings in the pound, according to the municipal valuation of such land. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

2. For land upon which there is no building and to which water is not laid on, but which land fronts any street wherein water pipes of the Trust have been laid, the rate shall be Two shillings (2s.) in the pound on the amount of the municipal valuation thereof. In no case, however, shall a rate of less than Ten shillings (10s.) be paid.

3. For houses proved to the satisfaction of the Trust to have remained unoccupied for a period of not less than six calendar months, the rate per house shall be two-thirds of the amount which would be payable (half-yearly in advance) if such house had not been so unoccupied, but in no case shall the rate be less than Thirteen shillings (13s.).

4. The foregoing rates are hereby made payable half-yearly in advance, one moiety on the 1st January, 1930, and one moiety on the 1st July, 1930.

5. For water supplied for domestic and other than domestic purposes by the Trust by measure, the charge shall (except where otherwise agreed by the Trust, and save as hereinafter provided in the By-law) be One shilling and sixpence (1s. 6d.) per thousand gallons up to such quantity as would equal the amount of the assessed rate payable in respect of premises so supplied; and for all water consumed in excess of such quantity a charge of Two shillings per thousand gallons shall be made.

6. The charge for private water troughs shall be Twenty shillings per annum (to include water rate payable when the value of the property in which such trough is situated does not exceed Ten pounds). When such rate exceeds Ten pounds, there shall be no charge additional to the rate assessed on the property, except where, in the opinion of the Trust, a meter is necessary or advisable, in which case the consumer shall be charged and must pay at the rate charged for water supplied by measure. The minimum charge shall be Twenty shillings (20s.).

7. Water supplied to public gardens and parks, Melville Oval, corporation sale-yards, and State school swimming baths shall be charged for by measure at Sixpence per thousand gallons; water supplied to the municipal abattoirs shall be charged for by measure at One shilling and threepence per thousand gallons; and water supplied to the old cricket ground, bowling green, croquet lawns, and Hughan's nursery, from the low-pressure reservoir, shall be charged for by measurement at One shilling and threepence per thousand gallons; if supplied from the high-pressure reservoir, at One shilling and sixpence per thousand gallons.

All payments to be made in advance. No person shall take or use water for or in connexion with the erection of any buildings or alterations to or additions to existing buildings of the kind specified under this clause until he has obtained the receipt of the Trust's officer for payment of the amount payable for the use of such water, or the consent, in writing, of the Trust or its officer. Any person offending against the provisions thereof shall be liable to a penalty not exceeding Five pounds for such offence. All charges shall be additional to all rates and other charges payable by the owner or occupier of the premises upon which the building is being erected, and shall, in the first instance, be payable by the builder or contractor, and if unpaid by the builder or contractor, shall be charged to, and paid by, the

owner of the premises whereon such building is being erected; but such charge to the owner shall not prejudice the right of the Trust to proceed at its option against either the builder or the contractor or the owner for the amount payable.

10. The occupier of two or more tenements liable to be rated, one of which is supplied by measure with water, shall be entitled, on the payments of the rates on such tenements respectively, to use, without further charge, such a quantity of water by measure as shall not exceed at the current charge for water supplied for domestic purposes by meter the amount of such rates, provided that the tenement or tenements, if not supplied by measure, shall not be connected with the pipes of the Trust. The occupier of two or more tenements each of which is supplied with water by measure shall be entitled to use, without further charge, such a quantity of water at either or both tenements as shall not exceed, at the current charge for water supplied for domestic purposes by measure, the total amount at which such tenements, if not supplied by measure, would be rated.

11. For water supplied or used for gas engines, oil engines, or steam boilers, the charge shall be by measure, the minimum amount to be charged and paid shall be Twenty shillings (20s.), to be paid and payable in advance in each case. No water shall be supplied to any such engine or boiler until a meter shall have been affixed to the supply-pipe of such engine or boiler to the satisfaction of the engineer of the Trust, and no water shall be supplied to any engine unless such engine is fitted with mechanical appliances to circulate and re-use the water to the satisfaction of the Trust's officer.

12. The minimum quantity of water to be charged for half-yearly in each case where water is supplied by measure for other than domestic purposes shall (except where otherwise provided or implied in this By-law) be 10,000 gallons, and such water shall (where it is not otherwise provided herein in this By-law, or otherwise specially agreed by the Trust) be charged at the rate of Two shillings per thousand gallons.

13. Supplies of water for purposes not specified herein are to be paid for at such charges as the Trust shall in each case determine, and the preliminary payments appointed by the Trust on account of such charge shall be made at the office of the Trust before a supply shall be taken or used.

14. Such person or persons as the Commissioners of the Hamilton Waterworks Trust may from time to time appoint for the purpose shall be authorized to demand, receive, collect, and recover the rates and charges aforesaid and each of them.

15. In the construction of this By-law the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole, and the word "Trust" shall mean the "Hamilton Waterworks Trust."

COMPULSORY PREFERENTIAL VOTING.

(Part V.—Division 14.)

How Votes to be Marked by Voter.

292. (1) When at any election for the municipality a person receives a ballot-paper instead of striking out the name of any candidate for whom he does not intend to vote he shall mark his vote on the ballot-paper by placing the figure 1 opposite the name of the candidate for whom he votes as his first preference and shall give contingent votes for all the remaining candidates by placing figures 2, 3, 4 (and so on as the case requires) opposite their names so as to indicate by such numerical sequence the order of his preference.

(2) The candidate opposite whose name the figure 1 is so placed shall be deemed to be the candidate to whom the elector gives his vote for the purpose of the election.

Marking of Ballot-paper where only Two Candidates.

293. Notwithstanding anything contained in this Division, at any election where there are only two candidates—

- the requirements of this Division as to the marking of ballot-papers by electors shall be deemed to be sufficiently complied with in the case of any ballot-paper marked so as to indicate the elector's first preference only; and
- in the case of a postal ballot-paper the elector's first preference shall be deemed to be sufficiently indicated if the surname of only one candidate is written thereon.

Invalid Ballot-papers.

294. (1) A ballot-paper shall under this Division be rejected at the close of the poll if it does not indicate the elector's first preference for one candidate, and in the case of any election where there are more than two candidates his contingent votes for all the remaining candidates.

Ballot-papers Not Invalid.

(2) Except as otherwise expressly provided a ballot-paper shall not be rejected for any reason other than the reasons enumerated in this section but shall be given effect to according to the elector's intention so far as his intention is clear.

Returning Officer to Ascertain Results of Polling.

295. The returning officer (for the Riding) shall in manner hereinafter provided ascertain the total number of votes given for each candidate.

(3) The returning officer shall—

- make out in respect of the polling booth at which he presides a list of first preference votes given for each candidate; and

(4) The returning officer shall as soon as practicable—

- ascertain from the certified lists received from deputy returning officers the number of first preference votes given for each candidate; and
- add the first preference votes so given for each candidate to the votes counted by himself in favour of each such candidate so as to ascertain for the whole Riding the number of first preference votes polled by each candidate respectively.

(5) The candidate who has received the greatest number of first preference votes shall if such number constitutes an absolute majority of votes (including the casting vote of the returning officer if necessary) be declared by the returning officer duly elected.

Counting of Votes by Returning Officer.

(6) If no candidate has an absolute majority of votes the returning officer shall upon receipt of the several sealed parcels from the deputy returning officers declare the candidate who has obtained the fewest first preference votes to be a defeated candidate, and with the assistance of such officers as he deems necessary shall (notwithstanding anything contained in the Act) in the presence and subject to the inspection of such of the scrutineers as choose to be present and the poll clerk (if any) but of no other persons then—

(7) After such distribution the number of votes given to each non-defeated candidate shall again be ascertained.

(8) If no candidate then has an absolute majority of votes the process of declaring the candidate who has the fewest votes to be defeated and distributing his ballot-papers amongst the non-defeated candidates next in order of the voters' preference shall be repeated and the votes recounted after every such redistribution until one candidate has obtained an absolute majority of votes, and such candidate shall then be declared duly elected.

(9) If on any count two or more candidates have an equal number of votes and one of them has to be declared defeated the returning officer shall decide which is to be declared defeated.

Adjournment of Count of Votes to be Announced.

(10) If on the polling day the count of the votes by the returning officer cannot be completed he shall adjourn such count and inform the scrutineers and the officers appointed to assist him at such count as regards the time and place when and where such count will be continued and conducted by him.

(11) The count of the votes may from time to time be adjourned as the returning officer may deem necessary until it has been duly completed; and each adjournment shall be announced by the returning officer to the scrutineers and the officers assisting him.

Before Adjournment Ballot-papers, &c., to be Sealed in Ballot-boxes.

FOR THE PERIOD 1ST JANUARY, 1930, TO 30TH SEPTEMBER, 1930,

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Monday, 30th December, 1929.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Five shillings for licence are forwarded.

TENDERS will be received before Noon on Monday, 30th December, 1929, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1915* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act 1915*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1915* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.
