1. All former By-laws so far as they relate to the matters and things provided for in this By-law are hereby repealed.

2. This By-law shall come into full force and operation on its approval by the Governor in Council, and immediately after its publication in the *Government Gazette*.

3. This By-law shall apply to and have operation in the whole of the municipal district of the Borough of Shepparton, excepting such parts of the municipal district as are situate south of the south alignment of the following street, namely:— MacIntosh-street and of a line commencing at the intersection of MacIntosh-street and Wyndham-street and running due west to the Goulburn River.

"Refuse" includes all wastes (except sewage and manure) produced or accumulated in or about any house, building, or premises.

"Council" means the Council of the Borough of Shepparton.

5. The proprietor of every house, building, or premises shall provide, keep, and maintain at all times upon his premises a properly constructed receptacle in which he shall from time to time cause to be deposited all refuse produced or accumulated in or about such house, building, or premises; provided that any such proprietor may, with the consent of the Council, provide an incinerator of a kind to be approved by the Council in lieu of such receptacle.

6. The proprietor of any premises shall provide as many receptacles upon such premises as the Council shall consider necessary for the proper cleansing of such premises. The Council may at any time give notice in writing to any such proprietor requiring him within a time to be specified in writing in such notice to provide one or more additional receptacles.

7. Such receptacles shall be constructed of galvanized iron of not less than 24 gauge, or other approved material, in such a manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of any part of the contents of such receptacle.

14. No person shall place or cause to be placed any such receptacle in or upon any street except in the case of business premises built on the street alignment where such premises do not abut on a suitable right-of-way or land on which such receptacle could be placed for collection and emptying.

15. Whenever any trade refuse has accumulated in or about any shop or business premises in such quantity or in such manner as would render inconvenient the removal of such trade refuse in the manner prescribed by this By-law by the contractor or other person authorized in that behalf by the Council, the proprietor of such premises shall, upon being required so to do by the Inspector, forthwith remove such trade refuse to the tip, incinerator, destructor, or depot appointed or ordinarily used by the Council for the reception of such rubbish. 18. Such vehicle shall be provided with a cover and kept covered, except when refuse is being put into or discharged from such vehicle.

19. Such vehicle shall as far as practicable be rendered watertight by means of an impervious lining, or by painting the inside thereof with tar, or by other suitable and effective means.

20. Such vehicle, when full, shall be taken by the quickest possible route to the tip, incinerator, or destructor, where, as soon as practicable, the refuse shall be rendered innocuous by means of fire or such other method as may be approved of by the Council, and in such manner as not to create a nuisance.

21. The contractor or person authorized or employed by the Council for the removal of such refuse shall cause all vehicles used for the reception and removal of such refuse to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant and maintained in a proper state of repair.

22. If any refuse is authorized to be deposited or disposed of in or on any land, hole, quarry, or indenture, such refuse shall be deposited in a regular and orderly manner, and at the conclusion of each day's depositing the contractor or the person or persons authorized or employed by the Council shall blind the surface with clean earth or other approved material, so as not to create any nuisance.

23. Land upon which refuse has been deposited shall be seasonably planted or sown with seed of grass or any forage or cereal crops or other such vegetable life as the Council shall direct or approve.

24. Where under the provisions of this By-law any matters, acts, or things are directed, required, or authorized to be done by the Council, such matters, acts, or things may be done by the Town Clerk, Inspector or other officer of the Council authorized in that behalf acting on behalf of the Council, and any notice authorized or required to be given or signed by the Council may be given or signed by any such officer of the Council acting on its behalf.
