Factories and Shops Acts.

#### DETERMINATION OF THE ENGINEERS AND BRASSWORKERS (UNSKILLED) BOARD.

Note.—(a) This Determination on the 3rd September, 1929, applied to the whole of the State of Victoria, outside and excepting the Shire of Braybrook.

(b) On the 29th November, 1927, the powers of the Board were extended to enable it to fix the lowest prices or rates which may be paid to any unskilled persons employed—

- (1) in the trade of a maker of scientific instruments, fireproof safes, strongroom doors, safe locks (four or more levers), or locks of the same quality;
- (2) in performing any engineering fitting or engineering machining work not already under the jurisdiction of the Board;
- (3) in preparing iron or steel material for reinforcing concrete for building or other purposes.

IN accordance with the provisions of the Factories and Shops Acts, the Special Board appointed to "determine the lowest prices or rates which may be paid to any unskilled persons employed in the process, trade, or business of—

- (a) a brassfounder or brassfinisher, or in the process, trade, or business of a brassfounder or brassfinisher of any electrical apparatus or machinery or parts thereof;
- (b) a mechanical engineer, including-

  - (1) a patternmaker, (2) an iron and brass turner, (3) a fitter, (4) a blacksmith, (5) a coppersmith,

- (6) a planer,(7) a slotter,(8) a borer,(9) a milling machiner,"

has made the following Determination:

(1) That on the 3rd September, 1929, the last previous Determination of this Board shall be revoked and replaced by this Determination.

Any of the above times of beginning and ending may be varied on any job by mutual consent of the employer and the majority of the employees concerned, but in no case shall the total length of any shift be increased without payment for overtime.

(b) The higher rate to be paid for each hour or fraction of an hour worked by any employee other than a shift worker in a continuous process before or after his shift shall be time and a half for the first four hours, and thereafter double time.

(c) The higher rate to be paid for each hour or fraction of an hour worked by a shift worker in a continuous process before or after his shift shall be at the rate of double time.

But this does not apply to cases of arrangement between employees themselves, or to cases due to rotation of shifts or when the relief does not come on duty at the proper time, provided that where not less than eight hours' notice has been given to the employer by the employee that he will be absent from work and the employee whom he should relieve is not relieved, such employee unrelieved shall be paid time and a half for all time on duty after he has finished his ordinary shift.

For all time of duty on Sundays or holidays, even if in due course of rotation of shifts, such an employee shall be paid at the

(6) ALLOWANCES.—All employees working in a place where water is continually dripping from overhead, so that their clothing becomes saturated, or where there is water underfoot, in which the employee has to stand, to a depth exceeding 2 inches, so that the feet of the employee become wet, shall receive 1s. per day in addition to the rates prescribed in clause (3) for each day they

All employees called upon to work in a compartment or place not properly ventilated, where access to it is through a manbole or similar opening, the dimensions of which compartment or place are such that, in order to do the work, it is necessary for the employee to work in a stooping, sitting, or otherwise cramped position, and in any case includes, in the case of a ship, the double-bottom tanks and bilges, shall be paid 3d. an hour extra whilst so engaged.

All employees working at ships' bilges or in boiling-down works, lead works, sanitary works, and slaughter yards, shall be paid ld. per hour beyond the ordinary wages payable to them.

(7) The velling Time.—Persons employed on work away from the workshop shall receive —

(a) The fares necessarily expended in going to and fro.
(b) For time occupied in travelling either during or outside the usual working hours—

Payment at rates fixed in clause (3) up to a maximum of twelve hours, except on Sundays, when time and a half shall

- (8) Sundays and Holidays.—For all time of duty on Sundays or holidays, employees not in a continuous process shall be paid at double rate, except in the case of employees effecting repairs to or renewals to plant or machinery—which it is necessary to effect on Sundays or holidays to enable work to be safely resumed on Monday or the earliest working day—in which case payment shall be made at the rate of time and a half. This exception does not apply to work installing new machinery. Holidays mentioned in this determination shall include:—New Year's Day, Foundation Day (26th January), Good Friday, Easter Saturday, Easter Monday, King's Birthday, Eight Hours Day (21st April), Christmas Day, and Boxing Day; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.
- (9) Definition.—"Continuous process," means a process in which the men are usually employed seven days every week for not less than eight hours per day for an unbroken period of not less than six days in the week.
- (10) EXTRA RATES NOT CUMULATIVE.—Extra rates in this determination prescribed, including rates for dirty work, confined spaces, wet, hot and cold places, are not cumulative so as to exceed the maximum of double the ordinary rates.
- (11) PROVISION FOR TOOLS.—The employer shall provide for the employee all necessary tools. But the employee shall replace or pay for any tools so provided if lost through his negligence
