1. All charges must be paid when orders are given, or before the ground or vault is opened.
2. By the 8th section of the Act, "any person making a vault, or erecting and placing a monument or tombstone in the cemetery, by and with the permission of the Trustees under these Rules, and upon the payment of the charges therein mentioned, is entitled to have, maintain, and keep such vault, monument, or tombstone, according to the tenor of such permission, to and for the sole and separate use of such person or persons, and his or their representatives thenceforth."
3. Application for such permission to be made to the Trustees at the cemetery. A certificate of permission, in the form set out in the schedule marked "A", will be granted to the party applying for such permission on payment of the charges in the scale of fees.
4. The charges will be remitted on the burial of any poor person in such cemetery on the certificate of a minister of religion, or other evidence proving to the satisfaction of any two of the Trustees that such person was a pauper, or that the relatives and friends of the deceased are unable to pay the costs and charges.
5. Orders for interment to be given either to the secretary or at the office of the Trustees on the previous day; that six working hours' notice, from 7 a.m. to 6 p.m., be given of each interment, or in default thereof an extra fee be charged of Five shillings and Seven shillings and sixpence for a public or private grave respectively, except when the necessity of immediate interment shall be certified by a legally qualified medical practitioner.
6. The Trustees will cause all ordinary graves to be dug, but parties wanting brick graves or vaults will be required to construct them under the direction of the Trustees; and in case interment is to be made in any private grave or vault, the consent, in writing, of the party entitled thereto must be left with the order.
7. The time fixed for the funeral to be the time when the procession is to be at the cemetery, and the same must be punctually observed. Until otherwise ordered, the usual hours fixed for the performance of funerals will be from 10 a.m. to 6 p.m. in the months of September to April, inclusive, and from 10 a.m. to 4 p.m. in the other four months, except on Sundays, when the usual and only hours for funerals will be from 2 p.m. to 5 p.m. throughout the year.
8. All monuments, vaults, graves, and gravestones to be kept in repair and in proper condition by and at the expense of the owners.
9. Every coffin in a vault or brick-grave to be bricked in, cemented or covered by a slab of freestone, slate, or iron.
10. A drawing of every stone, tomb, pedestal, and plan of every monument or tablet proposed to be erected must be submitted to the Trustees for approval, who are required by the 8th section of the Act to determine and fix the position of any unobjectionable monument, according to the description, size, and character thereof, having reference to the general plan for ornamenting the said cemetery in appropriate manner. In erection of tablets, copper cramps must be used.

The following percentages shall be added to the rates fixed for the day shift for persons employed on any of the following shifts:—

Afternoon or night shift—

Thereafter .. .. .	5 per cent.
Shift workers in a continuous process employed on a shift other than a day shift.. .. .	5 per cent.

**(6) SHIFTS.—That—**

(a) The hour of beginning and the hour of ending each shift shall be between:—

	Where one Shift is Worked.	
	Time of Beginning.	Time of Ending.
Monday to Friday .. .. . (Day shift)	7 a.m.	5.30 p.m.
Saturday .. .. . (Day shift)	7 a.m.	12 noon
When two Shifts are Worked.		
Monday to Saturday .. .. . (Day shift)	7 a.m.	3 p.m.
Monday to Saturday .. .. . (Afternoon shift)	3 p.m.	11 p.m.
Where three shifts are Worked.		
Monday to Saturday .. .. . (Day shift)	7 a.m.	3 p.m.

Any of the above times of beginning and ending may be varied on any job by mutual consent of the employer and the majority of the employees concerned, but in no case shall the total length of any shift be increased without payment for overtime.

- (b) The higher rate to be paid for each hour or fraction of an hour worked by any employee (other than a shift worker in a continuous process)—

(1) Before or after his shift,

(2) In excess of 8 hours 48 minutes on Monday, Tuesday, Wednesday, Thursday, or Friday when 44 hours are worked during five days of the week.

(3) In excess of 8 hours on Monday, Tuesday, Wednesday, Thursday, or Friday, or 4 hours on Saturday when 44 hours are worked during 6 days of the week, shall be time and a half for the first 4 hours, and double time thereafter until an employee has been relieved from work for at least 8 hours.

- (c) The higher rate to be paid for each hour or fraction of an hour worked by a shift worker in a continuous process before or after his shift shall be at the rate of double time.

But this does not apply to cases of arrangement between employees themselves, or to cases due to rotation of shifts or when the relief does not come on duty at the proper time, provided that where not less than 8 hours' notice has been given to the employer by the employee that he will be absent from work and the employee whom he should relieve is not relieved, such employee unrelieved shall be paid time and a half for all time on duty after he has finished his ordinary shift.

For all time of duty on Sundays or holidays, even if in due course of rotation of shifts, such an employee shall be paid at the rate of time and a half.

(7) OVERTIME.—

(a) An employee recalled after leaving his workshop to work overtime shall be paid for a minimum of 3 hours' work.

(b) An employee occasionally required to hold himself in readiness to work after ordinary hours shall, until released, be paid standing time at ordinary rates from the time from which he is to so hold himself in readiness. (c) Any employee (other than on shifts) who has worked up to or beyond midnight shall not be bound to continue work on the following day.

(d) For work done during meal hours and thereafter until a meal-hour break is allowed, time and a half rates shall be paid. No male employee 18 years of age or over shall be compelled to work for more than 6 hours without a break for a meal.

(e) An employee working overtime shall be allowed a criptime of 20 minutes, without deduction of pay, after each 4 hours of work; but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(f) Before starting overtime after working ordinary hours a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than 1½ hours.

Any employer and his employees may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(g) Any employee residing more than half a mile from his work, required to work overtime for more than 2 hours without being notified before the previous meal-hour break that he will be so required, shall either be supplied with a meal by the employer or be paid 2s.

Dirty work, i.e., work which a foreman and workman shall agree is of an unusually dirty or offensive nature, 1½d. per hour extra.

Tradesmen employed in large operating power houses, i.e., power houses developing more than 8,000 kilowatts, shall be paid 6s. per week extra; such amount shall be deemed to include all special rates provided in this clause.

Compensation to the extent of damage sustained shall be made for work in which clothing or tools are damaged or destroyed by the use of acids.

Except when dismissed for misconduct, or when leaving employment of his own accord, a patternmaker employed for less than three weeks at a workshop, or job, shall, to the extent of 6s. be re-imbursed by his employer any expense incurred in the carting of tools.

The ordinary hours of employment of forgers and forge furnacemen shall be five shifts per week of nine and a half hours each, including crib time, for which no deduction of pay shall be made.

Shift workers working eight hours per shift without any break for meals on six days in each week shall be deemed to work 44 hour per week, provided that they are given one fortnight's holiday in each year on full pay as compensation for working on Saturday afternoons, holidays, or Sunday shifts.

(c) Suitable canvas or leather gloves shall be provided by employers for the operators of pneumatic tools.

(10) CONTRACT OF EMPLOYMENT.—

(a) With the exceptions hereafter stated, employment may be by the week or by the hour. If by the week, it shall be terminable on either side by one week's notice given on any day, or (if the employer terminates it without such notice) by payment of one week's wages. Except in establishments mainly engaged in shipbuilding or ship repairing, any employee (unless continuing on after working through the night) commencing a day's work at the usual starting time of the workshop shall be paid at least a day's wages; but any employer may engage an employee to start work at any time during the day, provided the work continues as overtime or is resumed the next day until a full day's pay is earned.

A contract for weekly employment may be terminated by any employer, without liability to pay for more than actual time worked, for misconduct or for absence from work without reasonable excuse.

If an employee, engaged by the week, absents himself from duty, except on public holidays or on days for which he produces a certificate from a medical practitioner, or other proof satisfactory to his employer of sickness (aggregating, four days of sickness in each year), a sum proportionate to his time of absence may be deducted from his pay, i.e. one sixth of the weekly wage, for each day of absence, including Saturday, in shops working six days, and one fifth in shops working five days per week.

(b) If the contract of employment is for hourly hiring, the rates prescribed in clause (3) shall be increased 5s. per week as compensation for time lost on public holidays and unavoidable absences through sickness.

(11) **TRAVELLING TIME.**—Persons employed on work away from the workshop shall receive—

(12) **SUNDAYS AND HOLIDAYS.**—For all time of duty, on Sundays or holidays, employees not in a continuous process shall be paid at double rate, except in the case of employees effecting repairs to or renewals to plant or machinery—which it is necessary to effect on Sundays or holidays to enable work to be safely resumed on Monday or the earliest working day—in which case payment shall be made at the rate of time and a half. This exception does not apply to work installing new machinery. Holidays mentioned in this determination shall include:—New Year's Day, Foundation Day (26th January), Good Friday, Easter Saturday, Easter Monday, King's Birthday, Eight Hours Day (21st April), Christmas Day, and Boxing Day; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

Employees, other than on shifts or engaged in maintaining the continuity of electric light and power, required to work on Sundays or public holidays, shall be paid for a minimum of three hours' work.

(13) **PIECE-WORK.**—The Board determines, under the provisions of section 150 of the *Factories and Shops Act 1928* (No. 3677) that any employer may fix and pay piece-work prices to any person or persons or classes of persons employed at any work for which the Board has fixed the minimum wage, provided that any such employer shall base such piece-work prices on the earnings of an average worker working under like conditions, and such piece-work prices shall be fixed so that an average worker can earn not less than the wages that are fixed by the Board for such work.
