The following rates and charges are those which the owners and occupiers of lands and tenements shall pay in respect of water supplied by the Trust within the Water Supply District, that is to say:—

1. For every house or tenement used either wholly or partly as a domicile, and for all vacant land of Twenty pounds annual value and under, the minimum amount of rate payable in respect of such house or tenement or vacant land for the year.

2. For every house or tenement used either wholly or partly as a domicile, and for all vacant land of more than Twenty pounds annual value, the amount payable in respect of such annual value, at the rate levied for the year.

3. For every water trough supplied with water from the works of the Trust, the sum of Thirty shillings per annum except when the water for such trough passes through a meter and is charged for with the water supplied by meter.

4. For every steam boiler supplied with water from the works of the Trust, Fifteen shillings per annum for each horse-power of such steam boiler.

5. For all water supplied by the Trust by measurement, except in case of special agreement with the Trust, One shilling for every thousand gallons, and the quantity of water used, however supplied, shall be ascertained and charged for by meter.

6. That for a temporary supply during the erection of new buildings, repairs, or additions, Ten shillings per cent. shall be charged on the amount of contract for stonework, brickwork, and plastering, or, in the absence of a contract, Ten shillings per cent. upon the sum paid for stonework, brickwork, and plastering.

7. The minimum quantity of water to be charged for in each case where water is supplied by measure shall be—

(1) If for domestic and other than domestic purposes, the quantity for which the charge at One shilling per thousand gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise.

(2) No hose or pipe is to be supplied to any pipes or taps for the purpose of watering the ground or trees or plants, or washing house walls or carriages or for any similar purpose, unless the water is charged for by meter.

8. Any person receiving water from the Trust who shall carry and take away such water from his premises, or shall allow any person to carry or take away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

9. Any person not having agreed to be supplied by the Trust who shall take away or carry any water from any drinking tap, trough, or public or private service pipe, shall be liable to a penalty not exceeding Five pounds.

10. No person shall lay any pipe, or communicate with the pipes of the Trust, without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose, and any person committing a breach of this Regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

11. The service pipes for conveying water from the pipes of the Trust into the premises of the consumers shall in no case exceed the following diameters:—For the domestic supply of premises not exceeding Twenty pounds annual value, $\frac{1}{2}$ -inch diameter; for domestic supply of premises exceeding Twenty pounds annual value, $\frac{3}{4}$ -inch diameter; for the supply of water for other than domestic purposes, and for all supplies by meter, such diameter as the Trust shall authorize in each case. The Trust may contract with any occupier or owner of any lands or tenements who is entitled to be supplied with water from its works, or who is desirous of being so supplied for the provision and laying of the service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are the pipes of the Trust.

12. If any person shall waste water of the Trust by neglecting to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person after having

received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as to the Trust may seem fit, until the necessary repairs shall have been effected.

13. Any person supplied with water by the Trust who shall permit or suffer water to run to waste, shall be liable to a penalty not exceeding Five pounds for every breach of this Regulation.

14. No person shall connect any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

16. No meter shall be affixed unless the dial of the same is capable of registering One million gallons. Save where in these Regulations otherwise specially provided, no tap shall be placed in any garden or yard, or to or outside of any dwelling or premises supplied with the water of the Trust, unless a water meter is fixed and the water supplied by measure, and any person offending against this Regulation shall be liable to a penalty not exceeding Five pounds.

17. Not more than one house or tenement shall be supplied from a single water service.

18. The fee for a plumber's licence shall be paid annually. Such licence shall be at and during the pleasure of the Trust, and the Trust may at any time cancel such licence in the event of the holder thereof being judged by the Trust to be incompetent, or by himself or his employees committing any breach of the Acts or of this By-law. Before any such licence shall be granted by the Trust, the person applying for the same shall satisfy the Trust that he is a competent plumber, and that he is thoroughly conversant with the provisions of the By-laws of the Trust, and with the sections of the water Acts affecting his work, but the Trust may, if it so sees fit, refuse to grant such licence. The fee to be paid for a plumber's licence will be One pound.

19. Any person being dissatisfied with the dial reading of the meter registration of the consumption of water on his premises shall make complaint, in writing, to the Secretary of the Trust within fourteen days after the date of such reading, and such person shall be entitled at his own expense to have the meter tested by the Trust's plumber, and the result of such test shall be binding and conclusive on such person and on the Trust.

20. If any person supplied with water by the Trust does or causes or permits to be done anything in contravention of these Regulations, or fails to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything which under any of these Regulations of the Trust ought to be done, or permits or suffers water to run to waste, the Trust may cut off the supply of water from the premises of such person either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

21. The water supply in the Waterworks District of the Trust shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with the said Regulations, and not otherwise.

22. For the construction of these Regulations, the word "person" shall be deemed to extend and include a corporation, whether aggregate or sole, and the word "Trust" shall mean the Euroa Waterworks Trust.

23. The Regulations made by the Trust on the 9th day of January, 1923, are hereby repealed.

TENDERS FOR GRAZING LANDS.

FOR THE PERIOD 1ST MARCH, 1930, TO 30TH SEPTEMBER, 1930, EXCEPT WHERE OTHERWISE STATED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box on or before Noon on Thursday, 27th February, 1930.

NOTE.—No tender will be accepted unless the fee for the full period and fee of five shillings for licence are forwarded.

TENDERS will be received before Noon on Thursday, 27th February, 1930, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the Land Act 1928 shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 121st section of the Land Act 1928, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the Land Act 1928 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licensee is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise specified, will be for seven (7) months from 1st March, 1930, to 30th September, 1930.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, Land Act 1928.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the incoming tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, Land Act 1928, provides—

1. Where a licensee under section 121 of the Land Act 1928 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
