CONTRACTS ACCEPTED.

(SERIES 1929-30-31.)

SUPPLY OF GENERAL STORES FOR THE PUBLIC SERVICE FOR STATE DEPARTMENTS,

FROM

1ST JULY, 1930, TO 30TH JUNE, 1931,

OR AS STATED.

Conditions of Contract are attached herein for the guidance of Officers ordering and receiving supplies thereunder.

Articles included in the attached Contracts List which are indicated as being of Commonwealth Manufacture must, where practicable, be supplied bearing evidence that they have been manufactured in the Commonwealth.

Under these Contracts goods may be ordered by any Department of the Commonwealth, but it is optional on the part of the Contractor to supply.

Stores and Material other than those provided for under the foregoing Contracts, or any Contracts which may be subsequently gazetted, must be purchased as usual under the provisions of Clause 4 of the Stores and Transport Regulations, or by monthly, quarterly, or special quotations from time to time by the Tender Board.

Articles which can be supplied by the Penal Department are not included in these Contracts.

T. A. KEALY,
Secretary, Tender Board.

ANNEX TO CONTRACT No. 1930/276.

Schedule No. 72.

TANKS—

CORRUGATED, CYLINDRICAL.

(Of Commonwealth Manufacture.)

Contract from 1st July, 1930, to 30th June, 1932.

1930/276—S. F. Hunt Security, £55.

Galvanized Corrugated Tanks for use outside the Melbourne District may be purchased locally without infringing this Contract.

SPECIFICATION.

TANKS.—To be made of 24-gauge corrugated galvanized “Orb” brand for sides, with bottoms of 24-gauge galvanized “Queen’s Head” flat iron (or other approved brand), to be lapped not less than 3” at all vertical joints and one (1) corrugation for all horizontal joints, and bottoms properly seam-jointed and well soldered. All vertical joints to be double riveted with galvanized iron rivets, and joints soldered on external and internal face of tanks.

All horizontal joints to be riveted with galvanized iron rivets at 9” pitch round circumference of tank, and joints to be soldered on external and internal faces of tanks. The whole of the rivets and soldering to be well sweated in.

The junction of sides and bottom to be well paned on and thoroughly soldered. The cover to be 26-gauge galvanized flat iron, conical shaped, with all joints properly seamed and soldered and paned on to a 3” 24-gauge galvanized iron rim and all to be well soldered, the bottom edge of rim to be wired. The Contractor must provide and fix inside the tank a 2” diameter 24-gauge galvanized iron overflow pipe the full height of the tank, the same to be secured thereto at the top of overflow with galvanized iron strap soldered to the overflow and to the tank.

A hole to be cut in bottom of the tank 7” diameter, the Contractor to securely solder and rivet with No. 12 rivets to bottom of tank a 24-gauge galvanized iron cone 7” diameter at bottom, 5” high, and 2” diameter at top. The overflow to come through cone and to project 4”, all to be securely soldered and left watertight.

The Contractor must provide with tank a 24-gauge galvanized iron elbow 2” diameter to slip on to overflow, each arm of elbow to be 12” long.

The Contractor must provide and securely fix a galvanized iron socket properly bossed and soldered to receive the tap, also a low-pressure brass spring tap with movable key complete. All tanks to be thoroughly watertight and perfectly clean.

ANNEX TO CONTRACTS NOS. 1930/283 AND 1930/284.

Schedule No. 79.

WHITE LEAD AND LINSEED OIL.

(Manufactured in the Commonwealth.)

Contract from 1st July, 1930, to 30th June, 1931.

1930/283—H. J. Corder Pty. Ltd. Security, £75.

1930/284—Brooks, Robinson, and Co. Ltd. Security, £60.

SPECIFICATION.

WHITE LEAD IN OIL.—The White Lead (in Oil) must not be inferior in quality or description, or in any other respect, to the standard specification for genuine white lead in oil as set out by the Australian Commonwealth Engineering Standards Association, in its publication No. K.10/1928, page 11.

To determine whether the supply conforms to the specification referred to above, samples of not less than 1 lb. may be taken from any unopened packages (selected at random) of the supply, and forwarded in suitable air-tight containers to the Tender Board Office for test and analysis under the methods specified by the above-mentioned Association in its publication No. K.10/1928, pages 13–18.

The manufacturer's name and the net contents of each container shall be clearly shown thereon.

LINSEED OIL—RAW AND BOILED.—The Raw and Boiled Linseed Oils must not be inferior in quality or description or in any other respect to the standard specifications for Raw and Boiled Linseed Oils as set out by the Australian Commonwealth Engineering Standards Association in its publication No. K.2–6/1928, page 9, for "Raw," and page 15 for "Boiled." To determine whether the supplies conform to the specifications referred to above, samples of not less than 1 pint may be taken from the bulk supply, thoroughly mixed, and forwarded to the Tender Board Office in a clean and dry suitable container for test and analysis under the methods specified by the above-mentioned Association in its Publication No. K.2–6/1928, pages 19–23.

The description of the contents whether "Raw" or "Boiled" Oil must be clearly shown on each container.

CONDITIONS OF CONTRACT.

1. Except where actual quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. Under this contract goods may be ordered by any department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or manufactured within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for, and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of 6 miles from the Elizabeth-street Post Office. For supplies outside this radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the goods.

8. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as in Clause 8.

10. The contractor will be required to furnish his account in the prescribed form at the time of the delivery of the goods, and the account shall be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The prices quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedules. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing,

to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of Clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be deducted as in Clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under these contracts shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor or contractors by whom consigned, on a legibly written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any department except the Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Department or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to consignee in accordance with Clause 16, and the quintuplicate to be retained by himself. (In the case of the Commonwealth Departments, however, the Commonwealth consignment note only which accompanies the order must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition will subject the contractor to such mulct as the Tender Board may recommend as in Clause 13 of these conditions.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred for same will be deducted, as in Clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount being deducted from the contractor's account or the security money.

18. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm, and such firm be interested in the contract, then the tender is to be in the name of the firm, and not in that of the individual—then the Honorable the Treasurer, may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.

19. The contracts entered into under these conditions are not to be considered as being broken, infringed or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works or State Rivers and Water Supply, Forests, and Electricity Commissioners, or on account of the Land Settlement and Purchase Board or Country Roads Board, or for the Federal Government, or for the Railway Department, or for supplies for Technical, High or Higher Elementary Schools, or for the Metropolitan Parks and Gardens, or for connexions and fittings for Drills and Batteries; or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything contained to the contrary in section 152 of the *Customs Act 1901-24*, it is hereby expressly provided that upon any alteration of the duty collected affect-

ing the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. The foregoing provision, however, shall not apply to contracts for imported goods in which fixed and definite quantities to be delivered at stated times are expressed in the Schedules. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

21. *Under no circumstances, other than those mentioned in Clause 20, will a contractor be permitted to abandon his contract.* In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

NOTES.—1. The employer shall supply all necessary materials free, and shall not make any charge for delivering or collecting work.

2. (a) Every outworker is required to register with the Chief Inspector of Factories his full name and address.—Act 3677, sec. 203 (1).

(b) Every person who gives out work shall keep a record regarding the same giving certain prescribed particulars, and shall forward to the Secretary for Labour monthly a copy of such record for the preceding month.—Act 3677, sec. 23 (1).

(c) No person shall give out work except to a registered outworker.—Act 3677, sec. 203 (5).

(b) Except as provided in clause (5) (a), the employer may fix piece-work prices, and such piece-work prices shall enable an employee of average capacity to earn at least the time-work wages for the class of work performed, with the addition of 10 per cent.

(c) Piece-workers shall be provided with a book, or its equivalent, in which the employee shall enter particulars regarding the work done. Such work shall be priced by the employer, and the record verified by the employee.

(6) **TERMS OF ENGAGEMENT.**—That—

(a) Employment under this Determination shall be from hour to hour, except that 45 working hours' notice shall be given on either side to finally terminate employment. Such notice may be given at any time.

(b) Any employee under instructions from, or with the consent of the employer, reporting for work at the usual commencing time, shall be given at least a half-day's work, or alternatively, a half-day's pay at the time-work wage fixed for the work concerned.

(c) Nothing in this clause shall prevent an employer dismissing any employee without notice for malingering, inefficiency, neglect of duty, or misconduct, in which case wages shall be paid up to the time of dismissal only, or to deduct payment for the whole or any part of a day an employee cannot be usefully employed because of any strike, or breakdown of machinery, or any stoppage of work by any cause beyond the employer's control.

(7) **HOLIDAYS.**—That—

(a) All time-work employees may be absent from work without loss of pay on the following days :—Now Year's Day, Foundation Day, Eight Hours Day, Good Friday, Easter Monday, Anzac Day, Christmas Day, Boxing Day. All work done on any of the above days, or Sunday, shall be paid for at the rate of double time.

(b) All piece-work employees shall be paid for the above holidays in the same manner as time-workers—that is, at the time-work wage fixed for the work concerned.

(c) Where an employer terminates the employment of an employee within one week of a day on which any of the above holidays occur, the employee shall be paid for such holiday, providing such employee has been employed by such employer for a period of at least one month immediately prior to such termination of employment.

(d) Where an employee is absent from his or her employment on the working day or part of the working day before or after a holiday, without reasonable excuse, or without the employer's consent, the employee shall not be entitled to payment for such holiday.

(8) **HOT WATER.**—That employees shall be provided with hot water free of charge.(9) **TOOLS OF TRADE AND SPECIAL CLOTHING.**—That the employer shall supply the following, free of charge :—

(a) All necessary tools of trade :

(b) Materials and appliances required for the cleaning of machinery ;

(c) Rubber aprons, gloves and top boots (where necessary for dye-house work, scouring, or other departments).
