The firewood for the Gaols at Pentridge, Bendigo, and the Research Farm, Werribee, is to be tendered for at per ton weight of 2,240 lb.

Printed forms of tender, giving full particulars, may be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne, the Clerks of Courts at Ararat, Ballarat, Bendigo, Castlemaine, and Geelong; and the Medical Superintendent at Sunbury Asylum, by whom also any information or explanation will be afforded to persons tendering.

The security must be completed and contract signed within seven days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at ——" (as the case may be) written thereon, must be deposited in the Tender-box at the

Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. Under these contracts firewood may be ordered by Commonwealth Government Departments and head teachers of State schools within the areas prescribed, but it shall be optional on the part of the contractor to supply.

3. All the firewood supplied under these contracts must, with the exception of box blocks and wattle, be split out of large timber, and of the kind or kinds specified in the schedule, and must be dry, perfectly sound, and of good burning quality, and cut into billets of the lengths stated in the schedules, such billets to be not less than four inches nor more than six inches in any diameter. The long wood to be of the diameters as specified in the respective schedules. Neither burnt wood, heart wood, small branches, nor outside pieces of bark will be received. Box blocks must be the best of their kind, dry, and perfectly sound. If the firewood is obtained from a State forest timber reserve or Crown lands, persons cutting and removing same must be provided with a licence or permit from the State Forests Department.

4. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase the firewood at the contractor's risk, and the extra expense (if any) over and above the contract price will be deducted from the contractor's account or from the security money.

5. Melbourne District will include a radius of six miles from the Elizabeth-street (Melbourne) Post Office.

6. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be five feet high, and of the width specified in the schedule, with space between each stack for measuring; and the billets or lengths are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply.

7. The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the firewood so rejected or returned.

8. As soon as the orders shall have been completed the contractor will be required to furnish to the department concerned his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable where the contractor may desire.

9. In the event of a difference of opinion as to the quality between the contractor and the officer receiving the firewood, the same shall be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

10. If the board shall decide that the wood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere and the extra expense (if any) will be deducted as in condition 4.

11. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or the officer authorized to accept delivery will have the power to reject such wood as is deemed of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must supply firewood of satisfactory quality and description in its stead, failing which supplies will be procured elsewhere, and the extra expense (if any) will be charged as in condition 4.

12. A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such muilt, not exceeding £50, as the Treasurer of the State for the time being may direct; and the amount may be deducted as in condition 4. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

13. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

14. *Under no circumstances will a contractor be permitted to abandon his contract.* In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

Treasurer.

EXCEPT WHERE OTHERWISE STATED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box, State Treasury Buildings, Melbourne, on or before Noon on Wednesday, 24th June, 1931.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Seven shillings and sixpence for licence are forwarded.

TENDERS will be received before Noon on Wednesday, 24th June, 1931, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act 1928*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. 3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.
