Compensation to the extent of damage sustained shall be made for work in which clothing or tools are damaged or destroyed by the use of acids.

Shift workers working eight hours per shift without any break for meals on six days in each week shall be deemed to work 44 hours per week, provided that they are given one fortnight's holiday in each year on full pay as compensation for working on Saturday afternoons, holidays, or Sunday shifts, provided that any shift worker ceasing to be employed on shift by the employer concerned before the completion of any year shall be paid one day's pay for each month or part of a month's service in lieu of the fortnight's holiday herein prescribed.

Where more than one of the disabilities entitling a workman to extra rates exist on the same job, the employer shall be bound to pay only one rate, namely, the highest, for the disabilities so prevailing.

(6) **SHIFTS.**—That—

(a) The hour of beginning and the hour of ending each shift shall be between—

	Where one Shift is worked.	
	Time of Beginning.	Time of Ending.
Monday to Friday (day shift)	7 a.m.	5.30 p.m.
Saturday (day shift)	7 a.m.	12 noon
Where two Shifts are worked.		
Monday to Saturday (day shift)	7 a.m.	3 p.m.
Monday to Saturday (afternoon shift)	3 p.m.	11 p.m.
Where three Shifts are worked.		
Monday to Saturday (day shift)	7 a.m.	3 p.m.
Monday to Saturday (afternoon shift)	3 p.m.	11 p.m.
Monday to Saturday (night shift)	11 p.m.	7 a.m.

Any of the above times of beginning and ending may be varied on any job by mutual consent of the employer and the majority of the employees concerned, but in no case shall the total length of any shift be increased without payment for overtime.

(b) The higher rate to be paid for each hour or fraction of an hour worked by any employee (other than a shift worker in a continuous process)—

(1) before or after his shift;

(2) in excess of 8 hours 48 minutes on Monday, Tuesday, Wednesday, Thursday, or Friday when 44 hours are worked during five days of the week;

(3) in excess of eight hours on Monday, Tuesday, Wednesday, Thursday, or Friday, or four hours on Saturday when 44 hours are worked during six days of the week,

shall be time and a half for the first four hours, and double time thereafter until an employee has been relieved from work for at least eight hours.

(c) The higher rate to be paid for each hour or fraction of an hour worked by a shift worker in a continuous process before or after his shift shall be at the rate of double time.

But this does not apply to cases of arrangement between employees themselves, or to cases due to rotation of shifts or when the relief does not come on duty at the proper time, provided that where not less than eight hours' notice has been given to the employer by the employee that he will be absent from work and the employee whom he should relieve is not relieved, such employee unrelieved shall be paid time and a half for all time on duty after he has finished his ordinary shift.

For all time of duty on Sundays or holidays, even if in due course of rotation of shifts, such an employee shall be paid at the rate of time and a half.

(7) **OVERTIME.**—

(a) An employee recalled after leaving his workshop to work overtime shall be paid for a minimum of three hours work.

(b) An employee occasionally required to hold himself in readiness to work after ordinary hours shall, until released, be paid standing time at ordinary rates from the time from which he is to so hold himself in readiness. But any custom now prevailing under which an employee is required regularly to hold himself in readiness for a call back shall continue.

(c) Any employee (other than on shifts) who has worked up to or beyond midnight shall not be bound to continue work on the following day.

(d) For work done during meal hours and thereafter until a meal-hour break is allowed, time and a half rates shall be paid. No employee shall be compelled to work for more than six hours without a break for a meal.

(e) An employee working overtime shall be allowed a cribtime of twenty minutes, without deduction of pay, after each four hours of work; but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(f) Before starting overtime after working ordinary hours a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than 1½ hours. Any employer and his employees may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(g) Any employee residing more than half a mile from his work, required to work overtime for more than two hours without being notified before the previous meal-hour break that he will be so required, shall either be supplied with a meal by the employer or be paid 2s.

(h) Any employee engaged in the maintenance of plant shall, when breakdowns occur, work meal hours at the ordinary rates herein prescribed whenever instructed so to do.

(i) In computing overtime each day's work shall stand alone.

(8) **TRAVELLING TIME.**—

Persons employed on work away from the workshop shall receive:—

(a) The fares necessarily expended in going to and fro.

(b) For time occupied in travelling either during or outside the usual working hours, payment at rates fixed in Clause (3) up to a maximum of twelve hours out of every 24, except on Sundays, when time and a half shall be paid.

(c) An employee engaged in Melbourne to work in the country, or sent from one country centre to work in another, shall be entitled to travelling time, and for a period not exceeding three months, to expenses.

(d) On jobs of less than three months' duration, a camping allowance of 3s. per day, including Sundays, shall be paid to employees engaged on country jobs at places where ordinary board and residence is not obtainable, and camping in tents or other temporary shelters is necessary.

(9) **SUNDAYS AND HOLIDAYS.**—For all time of duty, on Sundays or holidays, employees not engaged in a continuous process shall be paid at double rates, except in the case of employees effecting repairs to or renewals to plant or machinery—which it is necessary to effect on Sundays or holidays to enable work to be safely resumed on Monday or the earliest working day—in which case payment shall be made at the rate of time and a half. This exception does not apply to work installing new machinery. Holidays mentioned in this Determination shall include New Year's Day, Foundation Day (26th January), Good Friday, Easter Saturday, Easter Monday, King's Birthday, Eight Hours Day (21st April), Christmas Day, and Boxing Day; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

(10) **PIECE-WORK.**—The Board determines, under the provisions of section 150 of the *Factories and Shops Act 1928* (No. 3677), that any employer may fix and pay piece-work prices to any person or persons or classes of persons employed at any work for which the Board has fixed the minimum wage, provided that any such employer shall base such piece-work prices on the earnings of an average worker working under like conditions, and such piece-work prices shall be fixed so that an average worker can earn not less than the wages that are fixed by the Board for such work.
