Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at ———" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. Under these contracts firewood may be ordered by Commonwealth Government Departments and head teachers of State schools within the areas prescribed, but it shall be optional on the part of the contractor to supply.

3. All the firewood supplied under these contracts must, with the exception of box blocks and wattle, be split out of large timber, and of the kind or kinds specified in the schedule, and must be dry, perfectly sound, and of good burning quality, and cut into billets of the lengths stated in the schedules, such billets to be not less than four inches nor more than six inches in any diameter. The long wood to be of the diameters as specified in the respective schedules. Neither burnt wood, heart wood, small branches, nor outside pieces of bark will be received. Box blocks must be the best of their kind, dry, and perfectly sound. If the firewood is obtained from a State forest timber reserve or Crown lands, persons cutting and removing same must be provided with a licence or permit from the State Forests Department.

4. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase the firewood at the contractor's risk, and the extra expense (if any) over and above the contract price will be deducted from the contractor's account or from the security money.

5. Melbourne District will include a radius of six miles from the Elizabeth-street (Melbourne) Post Office.

6. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be five feet high, and of the width specified in the schedule, with space between each stack for measuring; and the billets or lengths are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply.

7. The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the firewood so rejected or returned.

8. As soon as the orders shall have been completed the contractor will be required to furnish to the department concerned his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable where the contractor may desire.

9. In the event of a difference of opinion as to the quality between the contractor and the officer receiving the firewood, the same shall be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

10. If the board shall decide that the wood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere and the extra expense (if any) will be deducted as in condition 4.

11. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or the officer authorized to accept delivery will have the power to reject such wood as is deemed of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must supply firewood of satisfactory quality and description in its stead, failing which supplies will be procured elsewhere, and the extra expense (if any) will be charged as in condition 4.

12. A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the State for the time being may direct; and the amount may be deducted as in condition 4.
