Department of Public Works (Local Government Branch),  
Melbourne, 31st October, 1932.

## RAILWAYS CLASSIFICATION BOARD.

AWARD No. 32.

*Relating to Relieving in Higher Positions.*

(To come into operation as from the 23rd day of October, 1932).

**T**HE Railways Classification Board, in pursuance of the powers in that behalf conferred by the provisions of the *Railways Act 1928* (No. 3759), hereby determines and awards as follows (that is to say):—

After sub-clause (b) of clause 3, Division 19, Award No. 8, there shall be added the following sub-clause, viz:—

"(c) Where an officer or employee has under this Division qualified for the pay of an advanced subdivision and is subsequently required to perform again the duties of such higher position, he shall be paid the rate he was receiving when last relieving or acting in such position unless within the previous five years he has failed to relieve or act (continuously or non-continuously) in such higher position for a period of one year:

Provided that where since the 3rd October, 1930, the subdivisional rate paid to any officer or employee acting or relieving in a higher position has been reduced by reason of the operation of the provisions of Division 19 of Award No. 8, the rate he was receiving when last relieving or acting in such position within the meaning of this provision shall be deemed to be the rate which was so reduced, until he fails to maintain such rate under the provisions of this Award."

Dated this twenty-first day of October, One thousand nine hundred and thirty-two.

H. C. WINNEKE,

Chairman, Railways Classification Board.

Approved by the Governor in Council,  
the 7th November, 1932.

F. P. MOUNTJOY,  
Acting Clerk of the Executive Council.

STATE RIVERS AND WATER SUPPLY COMMISSION.

BY-LAW No. 2906.—SALE AND DISTRIBUTION OF WATER FOR IRRIGATION.—RODNEY IRRIGATION AND WATER SUPPLY DISTRICT.

THE State Rivers and Water Supply Commission, in pursuance and exercise of the powers conferred by the *Water Act 1928*, doth hereby make the By-law following for the Rodney Irrigation and Water Supply District:—

1. This By-law shall apply to and have force in the Rodney Irrigation and Water Supply District.

2. By-law No. 1825, made by the Commission on the 1st day of August, 1927, is hereby amended by substituting for the twelfth and thirteenth clauses of the said By-law No. 1825 the following:—

12. All persons taking water from the works of the Commission shall take delivery thereof through their respective outlets at such times, in such order, and in such manner as the Commission may direct; any person who wrongfully takes water from any such works shall be guilty of an offence.

13. The outlets for the delivery of water shall be operated only by the water bailiffs of the district, or such other officers as may be authorized by the Commission; any person not so authorized who interferes with the flow of water in any channel or with any works of the Commission, or with any registering appliance in connexion therewith, shall be guilty of an offence.

3. Any person guilty of an offence against By-law No. 1825, or against this By-law, shall be liable to penalty not exceeding Five pounds, recoverable summarily before any Court of competent jurisdiction.

The foregoing By-law was made by the State Rivers and Water Supply Commission on the 24th day of October, 1932, and the common seal of the said Commission was hereunto affixed the 31st day of October, 1932, in the presence of—

E. SHAW, Commissioner.  
 (SEAL) RICHD. HORSFIELD, Commissioner.

Approved by the Governor in Council, the 7th November, 1932.

F. P. MOUNTJOY,  
 Acting Clerk of the Executive Council.

COLBINABBIN WATERWORKS TRUST.

RATING BY-LAW FOR THE YEAR 1932.

THE Colbinabbin Waterworks Trust, in pursuance and exercise of the powers conferred by the *Water Act 1928*, doth hereby make a rate for the supply of water for domestic purposes otherwise than by measure of Three shillings and sixpence (3s. 6d.) in the pound of the annual municipal valuation of lands and tenements liable to be rated within the Colbinabbin Urban District.

Provided that in no case shall the amount of rate payable per annum in respect of any tenement (other than land on which there is no building) be less than Seventy shillings (70s.), and in respect of any land on which there is no building less than Thirty shillings (30s.). Such rates are made and shall be levied upon the occupiers or owners of the said lands and tenements for the year commencing the 1st day of January, 1932, and shall be payable in equal moieties on the first day of January and on the first day of July, 1932, at the office of the said Trust.

For water supplied by the Trust for domestic as well as for other than domestic purposes by measure (except in cases of special agreement with the Trust), the minimum quantity of water to be charged for in respect of all lands and tenements shall be the quantity for which the charge at Two shillings and sixpence per 1,000 gallons would be equal to the amount of the rate which would be payable for the lands and tenements so supplied if supplied otherwise than by measure. All water supplied by measure by the Trust in excess of such aforesaid quantity shall be charged for at the rate of 2s. 6d. per 1,000 gallons.

The charge for water supplied by measure shall be payable on demand.

Dated this 14th day of April, 1932.

JOHN MCKEE, Chairman.  
 (SEAL) W. M. MONTAGART, Secretary.

Approved by the Governor in Council, the 7th November, 1932.

F. P. MOUNTJOY,  
 Acting Clerk of the Executive Council.

## MILK AND DAIRY SUPERVISION ACTS:

## REGULATION

At the Executive Council Chamber, Melbourne, the seventh day of  
November, 1932.

## PRESENT:

His Excellency the Lieutenant-Governor of Victoria:  
Sir Stanley Argyle  
Mr. Allan  
Mr. Pennington  
Mr. Goudie  
Mr. Mauifold.

IN pursuance of the powers conferred by the Acts Interpretation Acts and the Milk and Dairy Supervision Acts, I, the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, do hereby make the following regulations (that is to say):—

1. The regulations mentioned in Schedule I hereto are hereby rescinded. Such rescission shall not affect any registration effected or licence granted or any right acquired or liability civil or criminal incurred or any matter or thing done under the said rescinded regulations or any of them.

2. These regulations may be cited as the "Dairy Produce Regulations 1932".

3. *Interpretation of Terms.*—In construing these Regulations, the following words, if not inconsistent with the context or subject matter, shall have the meanings hereby respectively assigned to them (that is to say):—

"Acts" mean the Milk and Dairy Supervision Acts.

"Board" means the Dairy Produce Board under the Milk and Dairy Supervision Acts.

"Butter fat" means the pure fat of milk.

"Buttermaker" means a person holding a certificate from the Dairy Produce Board as a buttermaker.

"Check-grading" means the checking of the grading of dairy produce and re-grading the same when necessary and confirming the marks on such dairy produce or on the packages containing the same, or altering such marks so as to indicate the correct grade (as the case may require).

"Cheesemaker" means a person holding a certificate from the Dairy Produce Board as a cheesemaker.

"Creamery" means any premises where cream is separated from milk received thereat and from which such cream is forwarded to a factory.

"Dairy farm" means any premises where cows are milked or kept for the purpose of producing milk either for sale or for preparing any dairy produce for sale, and includes the animals thereon.

"Dairy produce" means milk, cream, butter, cheese, or any article derived or prepared from milk or cream.

"Factory" means any premises where any dairy produce is received from any person other than the owner of such premises for the purpose of manufacture thereat, and includes any premises owned or controlled by a body corporate or unincorporate where dairy produce is received from any person whomsoever, including any member of any such body, for such purpose.

"Grade" or "Grading" means the classification according to quality of dairy produce in the prescribed manner, and "to Grade" and "Graded" respectively have a corresponding interpretation.

"Grader" means a person holding a certificate from the Board as a grader of milk and cream.

"Inspecting Officer" means an officer of the Department of Agriculture appointed as an Inspecting Officer under the Acts.

"Mark" includes any brand, stamp, tag, or label.

"Officer" includes Inspecting Officer.

- "Overrun" means the difference in weight between one hundred pounds of butter-fat and the weight of the commercial butter manufactured therefrom.
- "Owner" includes occupier or person in charge, owner's agent or manager, and in case of a body corporate or unincorporate, the manager, secretary, or other controlling officer thereof.
- "Package" means box, case, can, crate, tank, basket, tin, cask, keg, barrel, tub, flask, bottle, jar, dish, drum, capsule, wrapper, covering or container of any material or description whatsoever.
- "Receptacle" includes any vessel, can, utensil, or other receptacle for the storing or conveying of milk or cream.
- "Sell" includes barter or exchange, and also includes agreeing to sell or offering or exposing for sale, or having in possession for sale or sending, forwarding, or delivering for or on sale, or causing, suffering, or attempting any of such acts or things, and "Sale" has a corresponding interpretation.
- "Ship" includes any hulk, lighter, or boat.
- "Store" means place where any dairy produce is sold otherwise than solely by retail or stored (whether in a cool chamber or otherwise), and includes a creamery or collecting depot.
- "Test" means to determine in the manner prescribed by these Regulations the contents or constituents of dairy produce.
- "Tester" means a person holding a certificate from the Board as a tester of milk and cream.

(b) In order to qualify for a pass a candidate who desires to obtain a certificate as a buttermaker shall obtain 60 per cent. of marks in theory, and 80 per cent. of marks in practice, and shall grade a minimum of 10 samples of butter.

7. (a) Every person who desires to obtain a certificate as a cheesemaker shall satisfy the Board by means of a written and practical examination concerning his knowledge on the following subjects :—

- (1) The grading of milk.
- (2) Determination of acidity, moisture, butter-fat, and solids other than fat in milk and cheese.
- (3) Coagulating materials and their nature.
- (4) Aeration and cooling of milk.
- (5) Starters and the control of ripening.
- (6) Pasteurization of milk for cheese-making.
- (7) The technique of cheese-making.
- (8) Composition and yield of cheese.
- (9) Curing of cheese.
- (10) Causes and prevention of defects in cheese.
- (11) Grading and scoring of cheese.
- (12) The Regulations made under the Acts.
- (13) The legislative measures governing dairies, dairying and dairy produce in the various States of the Commonwealth of Australia.

(b) In order to qualify for a pass a candidate who desires to obtain a certificate as a cheesemaker shall obtain 60 per cent. of marks in theory, and 80 per cent. of marks in practice, and shall grade a minimum of 10 samples of cheese.

8. A candidate for a certificate as a tester, grader, buttermaker or cheesemaker shall make application in writing to the Chairman of the Board and forward with each such application a fee of Twenty shillings. Applications must be accompanied by testimonials in regard to character and experience over a period of at least twelve months.

9. Examinations of candidates for certificates as aforesaid will be held at such times and places as the Board from time to time determines and notification of such determinations shall be advertised in the *Government Gazette* or in a daily newspaper circulating in Melbourne.

WEIGHING AND TESTING OF MILK AND CREAM.

14. (a) Every owner of a factory or creamery shall accurately weigh or cause to be accurately weighed all milk received thereat, and shall correctly record the result of such weighing in the form contained in Schedule II. hereof.

(b) Every owner of a factory or creamery shall accurately weigh or cause to be accurately weighed all cream received thereat, and shall correctly record as hereinafter provided the result of such weighing in the form contained in Schedule III. hereto. Where the weight of such cream is equal to an exact number of half-pounds, such weight shall be recorded accordingly, but in other cases the weight shall be recorded as being equal to the exact number of half-pounds next below the actual weight thereof, and if any such cream be weighed in a container the weight whereof is equal to an exact number of half-pounds, then such weight shall be accordingly recorded as the tare, but in other cases the tare shall be recorded as being equal to the exact number of half-pounds next above the actual weight of such containers.

(c) When the owner of a factory or creamery weighs or causes to be weighed separately each can of milk or cream he may submit such milk or cream to a grader either before or after weighing; but when he intends weighing or causing to be weighed at one weighing more than one can of milk or cream he shall, before such weighing, submit such milk or cream to a grader, and shall weigh together only such cans as contain milk or cream which the grader determines are of equal grade.

15. (a) Every owner of a factory or creamery shall take or cause to be taken by the drip or such other system as approved by the Board a representative sample of all milk received thereat and shall cause each such sample to be thoroughly mixed before it is poured into the composite sample bottle, and he shall cause such composite sample bottle to be marked with the name of the supplier so as to ensure identification and to be closed so as to prevent evaporation, and he shall submit such sample to a tester at intervals not exceeding eleven days unless otherwise approved by the Board, and the test of each such sample shall be the test of the milk for each day for the period.

(b) Every owner of a factory or creamery shall take or cause to be taken in the manner herein prescribed samples of all cream received thereat; provided that in any case where the owner is not a tester, a tester shall take or, with the consent of the owner, cause to be taken all such samples, and the method of taking such samples shall be as follows (that is to say):—The cream shall be uniformly blended by means of a plunger stirrer, and the sample shall be drawn with a tube not less than five-eighths of an inch in diameter in such manner as to secure a portion from the top to the bottom of the receptacle, and which shall represent the average conditions and specific gravity of the whole. And the owner shall place or cause such sample to be placed in a receptacle marked with the name of the supplier to ensure identification and closed so as to prevent evaporation, and he shall cause such sample to be forthwith tested in the manner hereinafter prescribed.

(c) The owner shall not add, or suffer to be added, to any such sample any extraneous matter save necessary preservative.

16. (a) A tester employed at a factory or creamery shall test by such method as approved by the Board or by the Babcock method in the manner herein prescribed all milk and cream received at such factory or creamery in the state in which it was received and without being mixed with any other

supplier's milk or cream, and shall record the result of such test in ink or indelible pencil in the form prescribed in Schedules II. or III. hereto, according as the test is for milk or cream and attach his signature thereto in ink or indelible pencil. The owner of the factory or creamery shall thereupon cause the amount of butter fat contained in the milk and cream (as the case may be) to be computed and marked on the said respective forms and the total sum of the amounts of fat recorded in each such form shall then be added and entered thereon in ink or indelible pencil. The owner shall retain all such records for at least twelve months after the close of the factory's financial year, and shall keep them open to examination at reasonable hours by any inspecting officer, or by any supplier, but in the latter case only with respect to any milk or cream sold to him by such supplier.

(b) In the case of the cream samples required to be taken by Regulation 15(b) hereof the owner shall retain after testing, all that portion of each sample not used for testing purposes, of the immediately preceding forty-eight (48) samples tested; but where the daily number of samples tested is less than forty-eight (48), the actual number tested shall be retained until replaced in the regular sequence of testing operations. All samples so retained shall be plainly labelled with the name of the supplier and closed so as to prevent evaporation.

(c) In the case of composite samples of milk made as provided by Regulation 15(a) hereof, the owner shall also retain the portion of each sample not abstracted in testing for one clear day following the day on which such samples were tested. All samples so retained shall be plainly labelled with the name of the supplier and closed so as to prevent evaporation.

(d) Every owner of a factory shall provide facilities for check testing samples of milk or cream by an Inspecting Officer.

17. (a) The sample of milk or cream secured for testing by the Babcock method for its butter-fat contents shall in the case of cream be weighed by the weights, and in the case of milk measured by the measures herein specified.

(b) The measure used for the purpose of taking samples of milk for testing by the Babcock method for butter-fat contents shall be the pipette measure, graduated to hold 17.6 cubic centimetres of milk.

(c) The weights used for weighing samples of cream for testing by the Babcock method for butter-fat contents shall be nine (9) grammes.

(d) The Babcock test bottles used in milk testing shall be graduated so as to contain—

(1) in the case of 10 per cent. bottles two (2) cubic centimetres or 1.8 grammes between zero (0) and 10 per cent. and

(2) in the case of 8 per cent. bottles graduated so as to contain 1.6 cubic centimetres or 1.44 grammes between zero (0) and 8 per cent. Each percentage and decimal part thereof shall be accurately marked according to its holding capacity.

(e) The Babcock test bottles used for cream testing shall be graduated so as to contain six (6) cubic centimetres or 5.4 grammes between zero (0) and thirty (30) per cent., and each percentage and decimal part thereof which is marked shall be accurate according to its holding capacity.

(f) The specific gravity of the sulphuric acid for use with the Babcock test shall be 1.827 at a temperature of 60 degrees Fahrenheit.

(g) The reading of the fat shall be made at a temperature between 120 and 140 degrees Fahrenheit.

(h) Before reading the butter-fat column in the Babcock cream flask a tester shall add to the contents thereof a white mineral oil coloured with alkanet root or other approved colouring, and shall thereupon make his reading from the bottom of the fat column to the top thereof. Where the test results in an extra .5 per centum, such result shall be read accordingly, but in other cases the result shall be read as being equal to the .5 per centum, next below the reading of the actual test. The reading of the butter-fat column in the Babcock milk flask shall be from the bottom of the fat column to the top of the meniscus.

(i) The solution used for the determination of acid in any dairy produce shall be a deci-normal solution of caustic soda.

#### NEUTRALIZING AND PASTEURIZING.

18. The neutralizing agent for all cream intended for manufacture into butter shall be bi-carbonate of soda, carbonate of soda or lime, or any suitable substance approved by the Board.

All such cream shall be effectually pasteurized by either the "batch" or "flash" system of pasteurization or some other system approved by the Board, and shall be rapidly and efficiently cooled.

## GRADING OF MILK AND CREAM.

19. (a) A grader employed at a factory shall forthwith grade, in accordance with the standards prescribed herein, all milk and cream received at such factory in the state in which it was received and without being mixed with any other supplier's milk or cream, and save as otherwise herein provided, record and sign the result of such grading in ink or indelible pencil in the form prescribed in Schedule II. or III. hereto (as the case may be).

(b) A grader employed at a creamery shall forthwith grade in accordance with the standards prescribed herein all milk received at such creamery in the state in which it was received and without being mixed with any other supplier's milk, and save as otherwise herein provided, record and sign the result of such grading in ink or indelible pencil in the form prescribed in Schedule II. hereto.

20. (a) There shall be three grades of milk, designated—Choicest Grade, First Grade, Second Grade; and there shall be three grades of cream, designated—Choicest Grade, First Grade, Second Grade.

(b) Choicest Grade milk shall be milk without addition or subtraction, free from all taints, colostrum, or foreign matter, and it shall contain not more than .2 per cent. acid.

(c) First Grade milk shall be milk without addition or subtraction, free from all taints, colostrum, or foreign matter, and it shall contain not more than .3 per cent. acid.

(d) Second Grade milk shall be milk without addition or subtraction, free from colostrum or foreign matter; it may contain more than .3 per cent acid, and must be capable of manufacture into butter which will score 86 points or over, or into cheese which will score 86 points or over.

(e) Choicest Grade cream shall be cream free from all taints and foreign matter, of smooth and even texture and be suitable for production of a butter grading 92 points or over.

(f) First grade cream shall be cream of clean flavour, free from foreign matter, of smooth and even texture and be suitable for production of a butter grading 89 to 91 points.

(g) Second Grade cream shall be cream which may be affected with taints of food or of biological origin, but capable of manufacture into butter which will score 86 points or over.

(h) Any milk or cream which does not conform to one or other of the foregoing standards shall be deemed to be below the lowest grade.

## CONTAMINATED OR DECOMPOSING MILK OR CREAM.

21. (a) No person shall deliver, or send for delivery, to any factory or creamery, and no owner of any factory or creamery shall accept delivery of or use for manufacture, any milk or cream which contains or has contained any animal, bird, maggot, or other thing making it unfit for the manufacture of a product for human consumption, or any milk or cream affected by putrefactive decomposition.

(b) Should any such milk or cream as aforesaid be delivered to any factory or creamery, the owner of such factory or creamery shall forthwith add to such milk or cream a sufficient quantity of methyl violet to effectively colour the whole of it.

## GRADING OF BUTTER.

22. Every owner of a factory shall cause all butter made thereat to be graded in accordance with the following standards—that is to say:—

(a) Choicest grade—Pure creamery butter manufactured from pasteurized cream and graded at 92 to 100 points inclusive.

(b) First grade—Pure creamery butter manufactured from pasteurized cream and graded at 89 to 91 points inclusive.

(c) Second grade—Pure creamery butter graded at 86 to 88 points inclusive. All butter which cannot be graded in accordance with the foregoing standards shall be below the lowest grade.

(d) *Pastry*.—Pure butter which is not rancid and which in the opinion of the officer grading the butter is fit for export and grades 80-85 points inclusive and shall include all butter whether grading 80 points or over which has been treated by heat or steam and mixed, milled, or processed with or without milk or cream.

## PACKING OF BUTTER.

23. (a) Every manufacturer of butter from milk or cream shall cause all butter made to be packed under a brand approved by the Board, and registered by him as a cover or package for each grade of butter made by him. All butter made from choicest grade cream shall be packed under the brand registered for choicest grade butter, all butter made from first grade cream shall be packed under the brand registered for first grade butter, and all butter made from second grade cream shall be packed under the brand registered for second grade butter. *All pastry butter shall be packed in a case bearing*

the words "Pastry Butter" firebranded in prominent characters thereon, and if sold in packages of two pounds or under shall be covered with a paper wrap bearing the imprint "Pastry Butter" clearly marked thereon.

(b) A facsimile of every brand belonging to a manufacturer shall be registered with the Board.

#### GRADING OF CHEESE.

24. (a) Every owner of a factory shall cause all cheese made thereat to be graded in accordance with the following standards (that is to say):—

Choicest grade—Pure cheese graded at 92 to 100 points inclusive;

First grade—Pure cheese graded at 89 to 91 points inclusive;

Second grade—Pure cheese graded at 86 to 88 points inclusive;

and all cheese which cannot be graded in accordance with the foregoing standards shall be below the lowest grade.

(b) In grading butter and cheese, the grader shall take into consideration the flavour and aroma, texture and condition thereof.

(c) The points to be awarded in respect of each of the undermentioned qualities of butter and cheese shall not exceed the following:—

Flavour and aroma, 50 points.

Texture, including body, grain and moisture, 30 points.

Condition, including colour, salting, packing and covering, 20 points.

#### EMPLOYMENT OF REGISTERED MARKS.

25. (a) No person shall pack in any package any dairy produce which is of a lower grade than that indicated by the mark of the manufacturer or packer shown on the package.

(b) When dairy produce is packed under the same mark at more than one factory, the owner of the mark shall affix with the mark on each package containing such dairy produce a letter or symbol registered with the Board identifying the produce made by each factory.

(c) When any registered mark is used on any package containing dairy produce, it shall be permanently and indelibly affixed thereto.

(d) No manufacturer, packer, or seller shall pack any dairy produce into any package which does not bear a mark registered by such manufacturer with the Board.

(e) No person shall use an unregistered mark on any package containing dairy produce which is intended for sale.

(f) No person shall pack any dairy produce in a package which bears an obsolete churn or date mark.

(g) If the owner of a registered mark desires to transfer the right to the use thereof to any other person, he shall join with such other person in an application for transfer to be forwarded to the Board, whereupon the transfer, if in order, shall be granted and recorded.

(h) The registration of any mark may be cancelled if it be proved that the owner thereof has ceased to use it.

(i) No manufacturer of dairy produce shall use any mark other than his own registered mark for the purpose of marking any dairy produce manufactured by him: Provided that, when packing to the order of a customer, he may use such customer's registered mark if he also clearly indicates by marking, conjointly with such mark, in block letters of not less than one-eighth of an inch in height and block letters of not less than one-half of an inch in height upon wrappers and boxes respectively, that such produce has been "packed expressly" for such customer.

#### MANUFACTURE OF CHEESE.

26. (a) In the manufacture of cheese the rennet used shall be of such strength that when one dram of rennet is added to four ounces of milk at a temperature of 86 degrees Fahrenheit with an acidity of .22 per cent. coagulation will take place in the milk in not more than 20 seconds.

(b) No person shall incorporate in any cheese during its manufacture any inferior curd or cheese.

#### MATURING OF CHEESE.

27. (a) The owner of every cheese factory or dairy produce premises where cheese is held for maturing purposes shall provide a room for storing or containing such cheese, in which the temperature by insulation or other method approved by an Inspecting Officer can be maintained at not more than 70 degrees Fahr.

(b) Green cheese shall be kept in such room for at least fourteen days for the purpose of partially maturing.

(c) No milk for the manufacture of cheese shall be received after 9.30 a.m. in the case of factories receiving less than 2,000 gallons per day, and after 10.30 a.m. in the case of factories receiving larger quantities.

(d) Every owner of a factory or dairy farm in which cheese is manufactured shall keep all such cheese on shelves for at least fourteen days before packing it, or allowing it to be packed, for export, and during such period shall turn each cheese upside-down once a day.

BRANDING OF CHEESE.

28. Before sending or allowing to be sent from his factory or dairy farm any cheese, the owner of such factory or dairy farm shall cause every package for export to be clearly and indelibly branded with his brand as registered with the Board, and with respect to such brand the following provisions shall apply:—

- (a) The brand shall consist of a die-impression, or of some other kind of approved brand, coloured as hereinafter provided.
- (b) The owner of every factory or dairy farm shall cause each cheese manufactured therein to be, within 24 hours of its first removal from the cheese-hoop, clearly and indelibly branded with—
  - (i) His registered brand by means of a stencil; and
  - (ii) The vat-number of the cheese and the number of the date of the month on which the cheese was manufactured.
- (c) All such branding and marking shall be in black colour.

29. The manufacturer shall mark in indelible pencil on the side of every cheese manufactured, as soon as it has been removed from the hoop, the date of manufacture and the sequence number of the batch of that date in which it was made.

30. Before despatch to market, the manufacturer of every cheese shall where necessary have the original marking reproduced on the side thereof in plain figures not less than half an inch in height, and shall place thereon the identification letter or symbol allocated to the factory.

GENERAL MAKING, PACKING, MARKING, AND STORING PROVISIONS.

*Protection from Heat, &c.*

31. All dairy produce or packages containing the same shall be effectually protected by the owner thereof from the sun's rays, heat, flies, dust, or any other source of contamination.

32. If any milk or cream found at a factory or a dairy farm at which butter or cheese is manufactured, is found to be unsatisfactory in quality or condition, an Inspecting Officer may require that any such milk or cream at such factory or dairy farm shall be subject to neutralisation, pasteurisation, aeration or cooling as required by him.

33. An Inspecting Officer may, by order or by affixing thereto a stamp as shown hereunder detain or cause to be detained, or held, any dairy produce which he has reason to suspect does not comply with the provisions of the Acts or these Regulations.

(Stamp or mark of detention.)

34. All dairy produce made in Victoria for sale shall be subject to examination and grading under these Regulations by an Inspecting Officer.

35. (a) Every owner of a factory shall keep a record of every vat or churn of cream used for the purpose of the manufacture into butter and shall allot thereto a mark, which mark shall be placed upon the boxes containing the butter which is manufactured from such vat or churn. The mark shall be placed inside a circle on the left hand top side of each box as per following specimen V4: C85 which represents vat 4, churn 85, number of boxes 15, and date 22nd.

(b) If the butter is unsalted the word "unsalted" in neat letters of approximately half an inch in height shall be marked on the branded side of each box.

36. The temperature of the room in which butter is stored in a factory shall not exceed 50 degrees Fahrenheit.

37. The use of chemical preservatives in milk in any form (except concentrated milk and samples for testing or analysis) or in cream or cheese (except potted or luncheon cheese) is prohibited.

38. All packages used as containers of dairy produce shall be clean and suitable for the purpose.

39. No mark shall be registered which is identical with one already on the register or has such resemblance to a mark already on the register as to be calculated to deceive.

40. Dairy produce of other than Victorian origin may be sold under its original mark, provided that it shall be subject to inspection and shall in all respects comply with the provisions of the Acts as to weight, composition, standard, and quality.

41. Every owner of a factory shall keep a certified 56-lb. weight, conforming to the provisions of the *Weights and Measures Act 1928*, for use in checking the weights in use at the factory.

#### PAYMENTS FOR MILK AND CREAM:

42. (a) All milk or cream purchased by or for a factory or by or for any person for the purpose of being manufactured into butter or cheese shall be purchased on the basis of its butter-fat contents as determined by the Babcock or some equivalent test approved by the Minister; and account sales of such purchase shall be rendered to the vendor and shall set forth the number of pounds of butter-fat contained in such milk or cream for which payment is being made, and also a correct record of the grading and testing as recorded by the tester and grader on Schedules II. and III. Any vendor of milk or cream shall have the right to have his milk or cream tested in his presence at the factory not oftener than once a week.

(b) Every owner of a factory purchasing milk or cream shall pay for the same differential prices according to grade. For all First Grade milk or cream there shall be paid not less than one halfpenny per pound for butter-fat below the price paid for Choicest Grade and for all Second Grade milk and cream there shall be paid not less than one penny per pound for butter-fat below the price paid for First Grade.

(c) All home separated cream containing less than 35 per cent., by weight of butter-fat shall be paid for at a rate one farthing per pound of butter-fat less than the rate that would otherwise have been payable for it according to its grade.

(d) The owner of every factory purchasing milk or cream shall on every account sales issued to suppliers to such factory show all the prices paid by or on account of the factory to suppliers for the respective grades of butter-fat for the period covered by the account sales.

(e) Every owner of a factory shall cause to be kept at the factory or creamery a record of the prices of butter-fat per pound paid for each grade of milk or cream, and the total amount of butter-fat of each grade of milk or cream paid for or credited to each supplier.

#### OVERRUN.

43. The maximum overrun shall be 22 per cent., with a reduction of 1.5 per cent. in respect of the proportion of unsalted butter made during each period. The quantity of unsalted butter shall be duly recorded by the owner.

44. Notwithstanding the amount of butter-fat received and paid for in whole milk—when some of the butter-fat is used for purposes other than butter-making, the manner in which the amount so used shall be estimated, is as follows:—

(a) By deducting from the said quantity received the amount of butter-fat contained in the milk or cream used for purposes other than butter-making, as estimated by weighing and testing.

(b) In the case of factories receiving milk, the loss of fat in separating shall be taken into consideration and allowed for in estimating the overrun.

#### SCHEDULES AND MONTHLY RETURNS.

45. (a) Every owner of a factory shall obtain and use or cause to be used as required by these Regulations the forms set out in Schedules II., III., V., and VI. hereto respectively, and shall furnish monthly a return in the form of Schedule IV. hereto.

(b) Fair copies of all monthly returns sent to the Department shall be kept at the factory, and shall be made available by the owner for inspection by an inspecting officer when required.

## GLASSWARE.

46. (a) Every owner of a factory shall keep a certified standard thermometer for checking the thermometers in use in the factory, and such thermometers, if not recording a true temperature, shall be clearly marked showing the variation and whether the same is a plus or minus variation.

(b) Any person who submits any dairy glassware or apparatus to the Chemist of the Department of Agriculture for testing, as required by Section 22 of the *Dairy Produce Act 1931*, shall at the same time pay to the said Department fees as follows:—

Milk or cream test flasks .. .. .	2d. each.
Skim-milk test flasks .. .. .	6d. „
Pipettes .. .. .	2d. „
Thermometers .. .. .	6d. „
Weights .. .. .	1s. „

Plus postage in every case.

## BABCOCK MILK TEST FLASK.

*Construction.*

47. (a) The bottles should be made of glass free from striae and similar defects and must be well annealed. They must stand firmly on their bases without rocking. The height of the bottle must be not less than 15.0 c.m. nor more than 16.5 c.m. The capacity of the bulb up to its junction with the neck must be not less than 45 c.c., and the maximum external diameter of the bottle must not be more than 3.7 c.m. The portion of the neck which bears the scale must be cylindrical and the top of the neck must be flared to a diameter of not less than 1 c.m.

*Graduations.*

(b) The basis of graduation is that 1 c.c. corresponds to 5 per cent. of fat when 17.5 c.c. (or 18 grams) of milk are used for the test. The graduated scale shall correspond to either 8 or 10 per cent. of fat when the total volume of the graduated portion will be 1.6 c.c. or 2.0 c.c. respectively. The graduation marks corresponding to each per cent. of fat must be carried around the neck and must be numbered according to the percentage of fat indicated. The length of the remaining graduation marks must, in the case of those representing tenths of 1 per cent., be at least 3 m.m. in length and in the case of those representing halves of 1 per cent. either 2 m.m. or 4 m.m. longer and projecting either 2 m.m. to the left and 2 m.m. to the right or 2 m.m. to both left and right of the one-tenth per cent. graduation marks. The graduation marks must be horizontal when the bottle is standing on a level table and must lie in planes perpendicular to the axis of the instrument.

The maximum error allowed at any point on the graduated scale and also the maximum difference allowed between the errors at any two points is 0.1 per cent. of fat, i.e., one true scale division.

## BABCOCK CREAM TEST FLASK.

*Construction.*

48. (a) The internal diameter of the neck must be such as to fulfil the requirements specified for the graduated scale in the following paragraph. Otherwise the details regarding construction as prescribed above for the Babcock Milk Test Flask shall apply equally to the Babcock Cream Test Flask.

*Graduations.*

(b) The basis of the graduation is that 1 c.c. corresponds to 5 per cent. of fat when 18 grams of cream are used. The graduated scale shall correspond to 30 per cent. of fat when the total volume of the graduated portion will be 6 c.c. The graduation marks corresponding to each 2 per cent. of fat must be carried around the neck and must be numbered according to the percentage of fat indicated. The length of the remaining marks must in the case of those representing halves of 1 per cent. be at least 3 m.m. in length, and in the case of those representing unmarked whole percentages either 2 m.m. or 4 m.m. longer and projecting 2 m.m. to the left or 2 m.m. to the right or 2 m.m. to both left and right of the half per cent. graduation marks. The graduation marks must be horizontal when the bottle stands on a level table and must lie in planes perpendicular to the axis of the bottle.

The maximum error allowed at any point on the scale and also the maximum difference between the errors at any two points is 0.5 per cent. of fat, i.e., one true scale division.

If 9 grams of cream are used for the test the graduated scale will correspond to 60 per cent. of fat and the observed percentages of fat must be multiplied by two to give the true percentage.

## MILK PIPETTES (1.76 c.c.).

49. The pipettes must be made from glass free from striac and similar defects and must be well annealed. The pipette must have a suction tube above the bulb and a delivery tube of approximately the same length below the bulb. The graduation mark must be clear and fine and must be carried completely around the suction tube and must lie in a plane perpendicular to the axis of the pipette. The graduation mark must be at least 20 m.m. above the bulb and least 70 m.m. below the top of the suction tube. The nominal capacity (1.76 c.c.) must be permanently marked on the bulb. The outlet must be such that the time of outflow, when filled with water to the mark, shall not be less than 10 secs. and not more than 20 secs.

When tested with distilled water, the minimum capacity allowed is 1.76 c.c. and the maximum capacity 1.70 c.c.

## 9-GRAM WEIGHTS.

50. Weights must be made of brass in a workman-like manner and must have a suitable projection at the top for handling. They must bear the mark "9 g." suitably engraved. The maximum variation allowed is 9 grams plus or minus .005 gram.

## DAIRY THERMOMETERS.

51. A dairy thermometer shall be any suitable liquid-in-glass thermometer specifically constructed for use in the dairy industry. It shall have a range of from 0 to 220°F. and the scale itself shall be so fixed as to be immovable with ordinary use. The thermometer shall be accurate over the whole range to within plus or minus 1°F.

## PRESCRIBED DISTINGUISHING MARK.

52. The distinguishing mark to be marked on apparatus for measuring or testing any specified dairy produce after verification and approval shall be:—

V  
G A

## ANNUAL LICENCES.

53. (a) Every owner of a factory shall in the month of July in each year make application in the form prescribed by Schedule VII hereto for a licence for the twelve months commencing on the first day of such month, and shall with such application remit the amount of the licence-fee herein prescribed.

(b) In respect of a factory where dairy produce is manufactured the licence-fee shall be an amount computed on the basis of One penny for every one hundred pounds of butter and One halfpenny for every one hundred pounds of cheese manufactured at such factory during the twelve months next preceding the period for which a licence is required.

(c) In respect of a factory where milk or cream is received, but is not manufactured into butter or cheese, the licence-fee shall be Five pounds.

54. (a) Every owner of a store shall in the month of July in each year make application in the form prescribed by Schedule VIII hereto for a licence for the twelve months commencing on the first day of such month, and shall with such application remit the amount of the licence-fee herein prescribed.

(b) The amount payable in respect of fee for licence for a store shall be One pound:

(c) Whenever any premises licensed under the Acts are sold or leased, or the operations thereof are terminated temporarily or otherwise, the person holding such licence shall within fourteen days after the sale or lease or termination of operations notify the Chairman of the Board, and in case of a sale or lease shall state the name of the purchaser.

## PROVISIONS TO SAFEGUARD THE QUALITY OF DAIRY PRODUCE.

*Cans, Utensils, &c.*

55. All cans, utensils, containers, or appliances used in connexion with dairy produce shall be made of tinned steel or other material approved by an Inspecting officer. All metal joints and seams shall be floated and finished with a smooth surface. The inner surface of any can or utensil or container shall be effectually covered by a process of tinning or other method approved by an Inspecting officer so that any dairy produce contained therein will not come into contact with any base metal or other material which in the opinion of an Inspecting officer may exercise a harmful influence on such produce. All cans, utensils, containers, and appliances shall be constructed so as to permit of thorough cleansing and ventilation where necessary.

56. No owner or person shall use, in connexion with dairy produce, any utensil which has been condemned or ordered by an Inspecting officer to be repaired: Until such repairs are effected no person shall tamper with any condemnation mark placed on any utensil.

57. (a) Every person supplying milk or cream to a factory, creamery, or store shall cause his name to be legibly and permanently affixed to all containers used for the conveyance of such milk or cream, and he shall also cause his name to be legibly and permanently affixed to the lids of such containers. The owner of any factory, creamery, or store shall not receive at his factory, creamery, or store any such container which is not marked in accordance with this regulation.

(b) It shall be unlawful for any person to use for the conveyance or holding of milk or cream any milk or cream container which is not so marked.

58. No person shall use, or allow to be used, for the conveyance of milk or cream, any container which is not free from dents such as would interfere with the easy and thorough cleansing thereof, and which is not in a clean and wholesome condition and in such a state of repair as to prevent leakage.

59. No person shall stop with paper, soap, rag, or other temporary stopping any hole or crack in any container used for the storage or conveyance of milk or cream.

60. (a) No person shall remove from any factory any container which is used for the conveyance of milk or cream to such factory unless such container has been thoroughly cleansed in water, and, when steam is available, effectively steamed; provided that a container may be used for the conveyance of skim-milk or whey from a factory without such cleansing. And every owner of a factory shall provide the necessary conveniences for the washing and cleansing of all such containers.

(b) No person shall remove whey from any factory in any container which is used for conveying milk or cream to a factory unless such whey has been heated to a temperature of 160° Fahrenheit, and every owner of a factory shall cause all such whey to be so heated.

(c) Forthwith on arrival at its destination, such whey shall be removed from such container, which shall thereupon be washed with warm water and soda and finally treated with steam or boiling water.

61. Every owner of a dairy farm shall provide at the milking shed during the time of milking an ample supply of clean water, receptacles, and cloth, wherewith to cleanse and dry the teats and udders of the milch cows and the hands of the person engaged in milking.

62. Every person engaged in milking shall ensure that his hands and the teats and udders of the milch cows are properly cleansed at the time of milking.

63. An apparatus approved by an Inspecting Officer shall be provided by every owner of a dairy farm for the purpose of heating water for cleansing dairy utensils, and shall be placed in a position approved by an Inspecting Officer.

64. No person shall smoke or expectorate in any room or cold chamber where dairy produce is being manufactured, treated, packed, graded, stored, or is held.

65. No stagnant water which by its situation is likely to contaminate any dairy produce shall be permitted to remain upon any dairy farm premises.

66. Vehicles used in the carriage or delivery of any dairy produce shall be kept at all times clean. No such vehicle shall at any time be used for the carriage of any pigs, poultry, live stock, fertilizers, hides, skins or other malodorous animals, things or matter with dairy produce whereby such dairy produce carried or usually carried therein would or might be contaminated.

Vehicles used for the transit of dairy produce must be efficiently covered by the owner, so as to prevent the direct rays of the sun from shining on such dairy produce.

67. Every person who is engaged in the manufacture or preparation of dairy produce for sale shall wear clean washable clothing and maintain personal cleanliness.

68. Every milking shed, cow bail, yard, or stable on any dairy farm shall be kept in a clean and wholesome condition.

69. The owner of every dairy farm shall cause all dairy buildings, separator rooms, milking sheds and bails to be lime-washed or treated in other manner approved by an Inspecting Officer at least once in every six months, and at such other times as may be required by the Inspecting Officer: Provided that an Inspecting Officer may approve that this requirement shall not apply to any part of such ceiling, roof, or walls as may be properly painted or varnished, or constructed of or covered with any material which would render lime-washing unsuitable or inexpedient, and as may be otherwise properly cleansed.

70. The owner of any store shall when so required by an Inspecting Officer cause such store or any room therein which is used for containing dairy produce for sale or intended for sale or storage to be renovated, disinfected, lime-washed, painted, or cleansed in other manner approved by him,

71. All dairy utensils, machinery, equipment, apparatus, appliances, vehicles, vessels, and conveyances shall be capable of being thoroughly cleansed, ventilated, and drained.

72. The separator bowl and all parts of the separator which come in contact with milk or cream shall be effectively cleansed on each occasion of use immediately after the process of separating, first by immersion and washing in warm water and soda, and finally by steam or hot water. All dairy utensils and appliances shall, after use, be promptly cleansed in the same manner.

73. All stores, except those in which other approved merchandise as well as dairy produce is kept, shall be used exclusively for the purpose for which they are licensed.

74. The owner of any premises in respect of which a licence has been issued or dairy farm shall not erect, use, or suffer or permit to be used in connexion with such premises any sanitary conveniences unless the construction, situation, and condition of such conveniences are approved by an Inspecting Officer.

75. Milch cows shall not be permitted to have access to impure water, rubbish, or refuse.

76. No owner of a dairy farm shall feed or permit to be fed to his milch cows any musty, unsound, decayed or unwholesome food which may injuriously affect the milk or health of the cows, and if an Inspecting Officer has reasonable grounds for supposing that any cattle food on the premises is unsound or unfit for use as food he may require the owner to remove such food from the dairy farm premises and refrain from using it for dairy purposes.

77. The owner of every dairy farm building, milking shed, factory, or depot in which dairy produce is produced, treated, held, or manufactured shall provide for such premises impervious watertight floors.

78. No swine shall be kept or be permitted to be or to approach or to remain within 150 feet of any dairy produce premises, milking shed, cream separator room, cream storage room, factory, creamery, or store wherein dairy produce is handled, kept, or stored.

79. Except with the approval of an Inspecting Officer, calves shall not be housed under the same roof as that which covers the milking bails at any dairy farm premises, or within 50 feet of a milking shed or dairy building.

80. No person shall permit any dog, cat, fowl, or other domestic animal or bird to have access to or remain in any milking shed, dairy building, or separating room; and no fowlhouse or bird roost shall be permitted to exist within 150 feet of any dairy farm premises wherein dairy produce is handled, kept, or stored.

81. If the construction or situation of or material used in any piggery or stable, or the other conditions under which swine or any other domestic animals are kept or enclosed on dairy farm premises is in the opinion of an Inspecting Officer detrimental to the quality of the dairy produce obtained on such premises, the owner of such premises shall forthwith make such alteration as such Inspecting Officer may by notice in writing require.

82. No accumulation of manure shall be permitted within 130 feet of a dairy farm house or any place wherein milk or its products are kept or stored or within 100 feet of a milking shed.

83. All drains on any dairy farm premises where stock or pigs are kept shall be of an impervious nature and shall be so constructed as to be capable of being kept in a clean and wholesome condition, and shall be controlled or directed as may be required by an Inspecting Officer.

84. Every owner of a dairy farm shall provide an abundant supply of wholesome water. Such owner shall cause any tank or other receptacle which may be provided on such dairy farm for containing water to be emptied and cleansed as often as may be necessary to prevent the contamination of any water that may be kept therein.

85. The owner of any dairy farm shall not permit the pollution of any water supply used for cleansing purposes.

86. The owner of any dairy farm shall not permit any nuisance to be committed or to exist thereon.

87. The owner of a dairy farm, factory, creamery, or store shall, when so requested by an officer, furnish assistance by information or otherwise in regard to the dairy farm, dairy, or factory.

88. The owner of a factory, creamery, or store shall when requested furnish to such Inspecting Officer the name and address of any person supplying dairy produce to such factory, or creamery, or store.

89. Every employee of a factory, creamery, or store, and every owner supplying milk or cream to a factory, who—

- (a) furnishes any certificate, report, or account sales which such person is empowered or required by these Regulations to furnish, and which is or are not to the best of his knowledge and belief true and correct in all particulars;
- (b) replies falsely to any officer to inquiries which such officer deems it necessary to make; or
- (c) refuses to make available for inspection to any officer the account sales of a factory for milk or cream sold by him and otherwise to render reasonable assistance to the officer in the carrying out of his duty, shall be guilty of a breach of these Regulations.

90. If after inspection, and after complying with section 76 of the *Milk and Dairy Supervision Act 1928*, any Inspecting officer is satisfied that—

- (a) any dairy farm, dairy or factory, or creamery or store, or vehicle is in an unclean or unwholesome condition; or
- (b) any utensil, machinery, apparatus or work at any dairy farm, dairy or factory, or creamery or store is in an unclean or unwholesome condition; or
- (c) any animal at a dairy farm is affected with a notifiable disease; or
- (d) any person is affected with disease so that any dairy produce is likely to be contaminated; or
- (e) the water used in connexion with a dairy farm, dairy or factory, or creamery or store is unwholesome,

he may by writing under his hand addressed to the owner of the dairy farm, dairy, factory or vehicle or to the consignor of the dairy produce (as the case may be) without further name or description—

- (f) order such dairy farm, dairy, factory, or creamery or store, or vehicle, and all such utensils, machinery apparatus or works (as the case may be) to be forthwith cleansed, disinfected and rendered wholesome to his satisfaction;
- (g) order the supply of water to be discontinued and a supply of wholesome water to be used;
- (h) order the removal or isolation of any person affected with disease of a contagious or infectious nature likely to contaminate dairy produce, provided that the supervisor shall first obtain the certificate of the health officer of the district in which the premises are situated, or of some legally qualified medical practitioner that the disease with which such person is affected is a contagious or infectious disease, or a disease or condition proclaimed as aforesaid under this Part;
- (i) forbid the removal from a dairy farm, dairy or factory, or creamery or store, of any dairy produce or any utensils for such time as he thinks necessary.

#### CARE OF MILK AND CREAM.

91. (a) All separation of cream from milk at any dairy farm shall be done in a room that is well lighted and ventilated, and provided with a substantial floor and drain, both made of concrete or other material impervious to moisture and having a smooth surface capable of being readily cleansed.

(b) On every dairy farm in which the separator-room or milk-collecting room is under the same roof with an engine-room there shall be a passage, walled on both sides throughout the width and height of the separator-room or milk-collecting room, open to the outer air at both ends, and not less than six feet wide throughout, between the engine-room and the separator-room or milk-collecting room.

92. (a) Milk intended for delivery to a factory, creamery or store shall immediately after milking, be removed from the milking-shed or stockyard, to an approved detached dairy and once at least efficiently strained through some approved apparatus sufficient for the purpose, and then cooled to a temperature obtainable by using the coolest water available by being run over an approved water cooler.

(b) Cream intended for delivery to a factory, creamery or store shall, immediately after being separated, be cooled to a temperature obtainable by using the coolest water available by being run over an approved water cooler.

(c) The occupier of every dairy farm shall comply with the requirements of the preceding paragraph of this regulation in respect of all such milk and cream produced on the dairy farm of which he is the occupier.

(d) All cream intended for delivery to a factory, creamery or store shall from the time when it is separated to the time when it is deposited in such factory, creamery or store be at all times adequately protected from the sun.

(e) The occupier of every dairy farm shall comply with the requirements of paragraph (d) of this regulation until the delivery of such cream to the owner of the factory, creamery or store, or to some person on his behalf.

(f) The owner of every factory, creamery or store shall comply with the requirements of paragraph (d) of this regulation from the time of receipt of such cream by such owner or by any person on his behalf.

(g) Every person for the time being having the actual possession or custody of any such cream shall comply with the requirements of paragraph (d) of this regulation during the period of such possession or custody.

(h) Every owner of a dairy farm shall provide such cow bails and other dairy buildings as shall be deemed necessary by an Inspecting Officer, and shall cause the cow bails and sheds used in connexion with such dairy to be covered with a roof that is weatherproof, and constructed at least 7 feet in height above the floor level, and lighted and ventilated to the satisfaction of an Inspecting Officer. He shall cause the floor of milking bails or sheds to be formed of a durable non-absorbent material, laid in such a manner as to be watertight, and graded with a slope to an open drain running the full length of the building, and of such a width as to be able to be swept with a broom, and shall cause such drain to be continued to a distance of at least 30 feet beyond the confines of the milking shed or bail. The milking shed shall be not less than 80 feet from any residential quarters.

(i) Every owner of a dairy farm shall provide a detached dairy building, approved by an Inspecting Officer, to be used for straining, cooling, aeration, separation, and housing of milk or cream, and for the housing of utensils used for containing milk or cream, or the distribution of milk or cream, when such utensils are not in actual use.

#### MILKING MACHINES.

93. The owner and occupier of every supplying dairy shall, with respect to every milking machine used in such supplying dairy, comply with the following provisions:—

(a) The releaser and vacuum-tank shall be either in the open air or in an apartment (hereinafter called the releaser-room) other than that used for milking (hereinafter called the milking-shed), and if the releaser-room is under the same roof as the milking-shed there shall be between the releaser-room and the milking-shed a complete and draught-proof partition, or, in the alternative, a passage walled on both sides throughout the width and height of the releaser-room, open to the outer air at both ends, and not less than two feet wide throughout.

(b) No internal-combustion or steam engine shall be in the same room as the releaser or cream-separator.

(c) An adequate water supply, and a suitable plant for the boiling of sufficient water for thoroughly cleaning the milking machine and its appurtenances, shall be installed and maintained near the machine.

(d) The body of the vacuum-tank shall be in two parts, or, in the alternative, the diameter of the cover shall be as nearly as possible equal to that of the tank.

(e) The releaser and vacuum-tank shall be coupled together by short removable connexions.

(f) The connexions to the vacuum-tank, from the vacuum-pump, releaser, and milking-shed vacuum-pipe respectively, shall be as straight as possible, and, if it is reasonably practicable, shall be independent of each other.

(g) The milk-pipe shall be of brass tinned on the inside or internally lined with other approved metal, or wholly of other metal approved by an inspecting officer, and no iron piping, whether galvanized or not, shall be used in the vacuum or releaser system.

(h) The vacuum-pump, vacuum-tank, and releaser shall be so installed and maintained that all lines of pipes shall be as straight as possible.

(i) The milk-pipe and vacuum-pipes shall have a sufficient fall, which shall be provided and maintained so as to be as regular as possible, for the purpose of proper drainage.

(j) All pipes shall be coupled in lengths in an approved manner to enable them to be easily taken down for cleaning.

(k) All taps and other fittings shall be of a design approved by the Board and shall be fitted in an approved manner to enable them to be easily taken apart for cleaning.

(l) In every other respect not expressly referred to herein, milking machines shall be cleaned in accordance with the printed recommendations issued from time to time by the Department of Agriculture.

Provided that nothing in this Regulation shall be held to make compulsory the installation of a vacuum-tank or releaser.

DISINFECTANTS ON TEATS AND UTENSILS.

94. No occupier of any dairy farm shall use or allow to be used on the teats of cows in milk or on dairy utensils any poisonous or markedly odorous disinfectants.

95. Any officer may seize any container which does not conform to these Regulations, and he shall render any such container unusable for the further conveyance or storage of milk or cream, and in seizing any such receptacle he may also seize the contents thereof, and such contents shall be disposed of as the Board shall direct.

PENALTIES.

96. The penalty for any breach of these Regulations shall be for a first offence not more than Five pounds, and for any subsequent offence not less than Five nor more than Fifty pounds.

## COUNTRY ROADS BOARD.

At the Executive Council Chamber, Melbourne, the seventh day of November, 1932.

## PRESENT:

His Excellency the Lieutenant-Governor of Victoria.  
 Sir Stanley Argyle | Mr. Goudie  
 Mr. Allan | Mr. Manifold.  
 Mr. Pennington.

## DECLARATION OF A DEVIATION FROM THE OMEO HIGHWAY, IN THE SHIRES OF OMEO AND TAMBO.

WHEREAS by sections 58 and 74 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the *Country Roads Act* has by Resolution declared a deviation to be a State highway the said Board may also declare that such deviation shall be in lieu of any existing highway or part thereof named in such Resolution and that on publication in the *Government Gazette* of the Order confirming such Resolution the existing highway or part thereof shall cease to be a State highway or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a State highway and has also declared that such deviation shall be in lieu of part of the existing highway being the land described in the Second Schedule to the said Resolution: Now therefore His Excellency the Lieutenant-Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

*Resolution for Declaration of a Deviation under the Country Roads Act.*

Whereas the land the site of the highway the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such a highway deviation which highway deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the highway aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by sections 58 and 74 of the said Act doth by this present Resolution hereby declare the said highway deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a State highway within the meaning and for the purposes of the *Country Roads Act 1928*: And the said Board doth also declare that such deviation shall be in lieu of the existing highway or part thereof described in the Second Schedule hereto.

## FIRST SCHEDULE.

which said pieces of land are particularly delineated, and shown coloured red on survey plan No. 2757 lodged in the office of the Country Roads Board.

## ORDER APPROVING OF A DEVIATION FROM A DEVELOPMENTAL ROAD IN THE SHIRE OF SOUTH GIPPSLAND.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (Act No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the deviation hereinafter referred to from the existing Devil's Pinch-road in the Shire of South Gippsland (declared to be a Developmental Road under the said Act which declaration was confirmed by the order in Council published in the *Government Gazette* of the 30th August, 1922, on page 2354) should be made by the said Board; and whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said deviation is proposed to be made and the cost of acquiring the land and constructing the said deviation; and whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said deviation; Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Parish of Woorarra, and being a roadway generally 1 chain wide, the south-eastern boundary of which commences at a point on

the western boundary of allotment 5A, section D of the said parish, distant 182 deg. 20 min. 50 links from an angle in the said allotment boundary formed by the intersection of lines bearing 2 deg. 20 min. and 50 deg. 19 min.; thence north-easterly through the said allotment, and north-easterly, south-westerly, north-easterly, and north-westerly through allotment 4 of the said section to a point on the western boundary of that allotment, distant 323 deg. 28 min. 59.5 links from an angle in that boundary formed by the intersection of lines bearing 312 deg. 19 min. and 323 deg. 28 min.

NOTE.—The route of the portion of the roadway above described is more particularly delineated and shown coloured red on survey plans Nos. 2764 and 2765 lodged in the office of the Country Roads Board.

## ORDER APPROVING OF A NEW DEVELOPMENTAL ROAD IN THE SHIRE OF NARRACAN.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new McDonald's Track-road in the Shire of Narracan should be made by the said Board; and whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road; and whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road; Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Parish of Warragul, the boundaries of which are as follow:—Commencing at an angle in the south-eastern boundary of allotment 118 of the said parish, formed by the intersection of lines bearing 207 deg. 42 min. and 238 deg. 56 min.; thence by lines bearing respectively 238 deg. 56 min. 82.5 links, 8 deg. 14 min. 377.2 links, 160 deg. 52 min. 231 links and 207 deg. 42 min. 127 links to the point of commencement; which said piece of land is particularly delineated and shown coloured red on survey plan No. 2762 lodged in the office of the Country Roads Board.

## ORDER APPROVING OF A NEW MAIN ROAD IN THE SHIRE OF BENALLA.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Sydney-road in the Shire of Benalla should be made by the said Board; and whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road; and whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road; Now therefore be it known by this present Order that His Excellency the Lieutenant-Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Parish of Benalla, and being a roadway generally 50 links wide, the southern boundary of which commences at a point on the western boundary of allotment 1, section 13, of the said parish, distant 180 deg. 26 min. 50 links from the north-western angle of the said allotment; thence easterly through that allotment and allotment 2 of the said section to a point on the eastern boundary of the allotment last named, distant 180 deg. 8 min. 50 links from the north-eastern angle of the said allotment 2.

NOTE.—The route of the portion of the roadway above described is more particularly delineated and shown coloured red on survey plan No. 2767, lodged in the office of the Country Roads Board.

And the Honorable John Percy Jones, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

## SHIRE OF SWAN HILL.

NOTICE OF INTENTION TO BORROW THE SUM OF ONE THOUSAND TWO HUNDRED AND FIFTY POUNDS (£1,250) FOR PERMANENT WORKS AND UNDERTAKINGS IN THE SHIRE OF SWAN HILL.

TAKE notice that the council of the Shire of Swan Hill proposes to borrow, on the credit of the President, Councillors, and Ratepayers of the said shire, the sum of One thousand two hundred and fifty pounds (£1,250), such sum to be provided from the Commonwealth-State Joint Loan Fund.

The period of the loan will be twenty years.

The rate of interest to be paid is £4 10s. per cent. per annum. The Commonwealth Government and the Victorian Government each to contribute, in each of the first three years of the loan, 1½ per cent. (i.e., a total of 3 per cent. between them) on the amount borrowed.

Such interest is to be payable in half-yearly moieties, on the 31st March and the 30th September in each year at the State Treasury, Melbourne.

The loan is to be liquidated by the creation of a sinking fund of 1½ per cent. per annum, and will be repayable in half-yearly moieties on the 31st March and 30th September in each year at the State Treasury, Melbourne.

The purpose for which the loan is to be applied is the erection of pig sale yards at Swan Hill.

The plans, specifications, and estimate of the cost of the works referred to above, and a statement showing the proposed expenditure of the money to be borrowed, are open for inspection at the Shire Offices, Swan Hill.

Dated this fifth day of November, One thousand nine hundred and thirty-two.

### THE "VICTORIA GOVERNMENT GAZETTE."

SUBSCRIPTIONS.—The Subscription, including Postage, is £1 10s. 4d. per annum, or 7s. 7d. per quarter, payable in advance.

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for.

Subscribers do not receive the Acts of Parliament with the Gazette.

ADVERTISEMENTS are charged at the rate of EIGHTPENCE per line throughout.

The title (£5 Reward, Dissolution of Partnership, &c.) forms one, or more lines, as a heading.

On an average, eleven words make a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only portion of a line, must be counted as one line.

Signatures (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL COMMUNICATIONS should be addressed to "The Government Printer, Melbourne."

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before Two p.m. at ordinary rates, and late advertisements between Two p.m. and FIVE p.m., at double rates, on the day preceding the day of publication.

Single copies of the VICTORIA GOVERNMENT GAZETTE are Sixpence, posted Sevenpence, each.

NO GAZETTES prior to January, 1921, in stock.

\* \* \* ALL PAYMENTS ARE REQUIRED IN ADVANCE. Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.
