Education Act 1928.

REGULATION XXIX. (B) RESCINDED AND REMADE.

At the Executive Council Chamber, Melbourne,
the fourth day of September, 1933.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Sir Stanley Argyle	Mr. Pennington
Mr. Allan	Mr. Jones.

HIS Excellency the Lieutenant-Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth, in pursuance of the provision of the Education Act 1928, hereby rescind Regulation XXIX. (B) and in lieu thereof doth make the following Regulation, that is to say:—

REGULATION XXIX. (B).—WOODWORK CLASSES IN COUNTRY SCHOOLS.

1. Woodwork classes may, with the consent of the Minister, be established in any country school where a qualified teacher is employed.

2. A qualified teacher shall be a teacher who has passed the examination for the Teacher's Certificate in Woodwork under the Education Department, or other approved equivalent examination.

In special circumstances, permission to conduct woodwork classes may be granted to teachers who have not complied fully with these conditions, if the Director is satisfied that they can carry out the work of woodwork teachers efficiently, and if he is further satisfied that they are undergoing a suitable course of instruction in order to obtain the full qualification.

3. A monthly return of attendances, showing also dates of lessons, shall be forwarded to the Education Department on the last day of each month.

4. Provision shall be made on the school time-table for the teaching of woodwork, and the time allotted thereto in each week must be not less than three hours when two or more lessons are given and at least two and a half hours in the case of a single weekly lesson. Lessons may be given on Saturdays.

5. Membership of the ordinary classes will be restricted to boys attending the school who are in the Sixth Grade or in a higher grade; but, should there be room in the class, boys from neighbouring State schools may be admitted. If accommodation is available after all children enrolled at State schools who desire to attend the classes have been provided for, other students (boys or adults) may, with the consent of the Director, attend. (For fees, see Regulation XLV., section 5, clauses (a) and (c).)

6. Tools and apparatus necessary for the classes will be provided free by the Minister.

Instructions.

Woodwork.—The course of woodwork includes the preparation of the necessary working drawings to scale of useful articles, the construction of the actual articles from these drawings, involving the use of all the ordinary woodworking tools, and instruction in the characteristics, properties, and uses of the timbers and the mechanical principles of the tools employed in making the models.

Duration of the Course.—The course of training is spread over a period of about three years, with an attendance at the centre of one half-day per week.

Attendance.—Attendance is compulsory for all boys in Grades VI., VII., and VIII., and Forms E and F where the necessary accommodation is available.

Registered-school Pupils.—Registered-school pupils may attend the centres as under:—

From Roman Catholic primary schools—not exceeding three per session.

From elementary schools other than Roman Catholic—not exceeding two per session.

Fees.—Attendance of all elementary-school pupils during recognized school hours is free.

For Saturday morning or other special classes, see Regulation XLV.

Attendance.—Head teachers of contributory schools are requested to send notice to the instructors, as early as possible, of any proposed closing of their schools, or any other cause which is likely to interfere with the attendance of a class at the centre.

They are also reminded that they are held responsible for seeing that the full number of places allotted to them is kept occupied. If a boy leaves school, his place at the centre should be filled before the next meeting of the class, and, if it is known that he will be absent, his place should be temporarily filled from a "substitute" list.

Members of the woodwork classes should not be withdrawn for the purpose of attending cadet parades, shooting practice, or other meetings, unless the sanction of the Director has been previously obtained.

Inspection of Pupils' Completed Work.—As soon as an article is completed, if approved, it must be dated, stamped, marked, and put away in the press supplied for that purpose.

Time-table.—A time-table must be posted in a conspicuous place in the centre. As a general rule, oral class teaching should not occupy more than twenty minutes of each session. A work-programme and daily work-record must also be kept in the centre.

And the Honorable J. W. Pennington, His Majesty's Minister of Public Instruction for the State of Victoria, shall give the necessary directions herein accordingly.

PRESENT:

His Excellency the Lieutenant-Governor of Victoria.

Sir Stanley Argyle	Colonel Cohen.
Mr. Allan	

WHEREAS in a memorandum dated the fifth day of August, One thousand nine hundred and thirty-three, the Railways Commissioners (hereinafter called the Commissioners) state that the railway financial position is such that they would not be justified in incurring the loss of revenue involved by a reduction in live stock freights: And whereas the Minister of Railways (hereinafter called the Minister), by a memorandum dated the twenty-second day of August, One thousand nine hundred and thirty-three, intimated to the Commissioners that "Cabinet decided that a reduction of 25 per cent. in live stock freights be made, with a graduated higher percentage in respect of distances over 200 miles; any loss resulting to be dealt with according to the provisions of the Railways Act." thereby creating a difference of opinion within the meaning of section 101 of the Railways Act 1928: And whereas it is expedient that the said difference of opinion should be finally determined in accordance with the provisions of the said section: Now therefore it is submitted to His Excellency the Lieutenant-Governor, with the advice of the Executive Council, that such difference of opinion shall be finally determined to the intent that the request contained in the minute of the Minister shall as a matter of policy be carried out by the Commissioners.

The Lieutenant-Governor, with the advice of the Executive Council, does hereby determine that the request of the Minister contained in his said memorandum dated the twenty-second day of August, One thousand nine hundred and thirty-three, hereinbefore referred to, shall be, as a matter of policy, carried out by the Commissioners.

And the Honorable Robert Gordon Menzies, His Majesty's Minister of Railways for the State of Victoria, shall give the necessary directions herein accordingly.

FOR THE PERIOD 1ST OCTOBER, 1933, TO 30TH SEPTEMBER, 1934, EXCEPT WHERE OTHERWISE ORDERED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Crown Lands Office Tender-box, State Treasury Buildings, Melbourne, C.2, on or before Noon on Monday, 25th September, 1933.

NOTE.—No tender will be accepted unless the fee for the full period and fee of Seven shillings and sixpence for licence are forwarded.

TENDERS will be received before Noon on Monday, 25th September, 1933, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Acts*, except under the 121st section of the *Land Act 1928*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1928*, the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licence shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of sawmillers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise specified, will be for twelve (12) months from 1st October, 1933, to 30th September, 1934.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or to require the incoming tenant to pay for it in accordance with the provisions of section 124, Land Act 1928.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, Land Act 1928, provides—

1. Where a licensee under section 121 of the Land Act 1928 has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.
