TENDERS will be received until Eleven o'clock a.m. on Friday, 26th May, 1933, from persons willing to furnish the undermentioned articles required by the Victorian Government—delivered into store, Hospital for Insane, Mont Park—during the 12 months commencing 1st July, 1933.

Schedule No.	Preliminary Deposit.
1. Beaverskin .. .. .	5
4. Drapery piecegoods .. .. .	10

The prices tendered must not include sales tax.

Security.—Ten per cent. on total amount of tender accepted, except when otherwise specified in the tender form, but in no case will security of less than £5 be received.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

In all cases the total cost of each item must be extended in the columns provided.

Tenders must be accompanied by the preliminary deposit, as shown above, by bank draft or marked cheque, in favour of the Secretary to the Tender Board. *Cheques, Savings Bank deposit books, fixed deposit receipts, State or Commonwealth Treasury bonds or Government debentures, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits.* Preliminary deposits will be returned within ten days to unsuccessful tenderers on their application.

The amount of the deposit required with each tender must be enclosed and the amount must be clearly written in and the designation stated, whether marked cheque or bank draft, as the case may be.

Security will be required, either in bank guarantee (bank to be approved by the Tender Board), Victorian or Commonwealth Government debentures, Savings Bank deposit book, or fixed deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited, and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that if a tenderer be a member of a firm, and such firm be interested in the contract, then his tender is to be in the name of the firm and not in that of the individual; and that for a breach of this condition the preliminary deposit will be forfeited and the tender declared informal.

Tenders enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, which office they must reach by first post on the date of closing of tenders.

## CONDITIONS OF CONTRACT.

1. Except where actual quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind offered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or manufactured within any other part of the British Empire (as the case may be), all such goods supplied, shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for, and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the Departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who will attach it to his claim for payment.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne District will include a radius of 6 miles from the Elizabeth-street Post Office. For supplies outside this radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the goods.

8. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as in clause 8.

10. The contractor will be required to furnish his account in the prescribed form at the time of the delivery of the goods, and the account shall be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The prices quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedules. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding fifty pounds as the Treasurer may direct, and the amount may be deducted as in clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under these contracts shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor or contractors by whom consigned, on a legibly-written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department except the Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate

and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Department or such other Department as shall be named therein. He shall as soon as possible and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of the Commonwealth Departments, however, the Commonwealth consignment note only which accompanies the order must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition will subject the contractor to such mulct as the Tender Board may recommend as in clause 13 of these conditions.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred for same will be deducted, as in clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount being deducted from the contractor's account or the security money.

18. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm, and such firm be interested in the contract, then the tender is to be in the name of the firm, and not in that of the individual—then the Honorable the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.

19. The contracts entered into under these conditions are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works or State Rivers and Water Supply, Forests, and Electricity Commissioners, or on account of the Land Settlement and Purchase Board or Country Roads Board, or for the Federal Government, or for the Railway Department, or for supplies for Technical, High or Higher Elementary Schools, or for the Metropolitan Parks and Gardens, or for connexions and fittings for Drills and Batteries; or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything contained to the contrary in section 152 of the *Customs Act* 1901-25, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode. The foregoing provision, however, shall not apply to contracts for imported goods in which fixed and definite quantities to be delivered at stated times are expressed in the schedules, and for these particular goods also any alteration in the Telegraphic Transfer rate of exchange during the currency of the said contracts will be to the accounts of the Government, based on the c.i.f. price of the goods. The rate of exchange paid will be the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. Under no circumstances, other than those mentioned in clause 20, will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.
