(1) These Regulations shall form portion of "The Pilot Regulations 1931," made by the Board on the 6th day of May, 1930, and published in the *Government Gazette* (No. 252) of 11th November, 1931 (hereinafter referred to as the principal Regulations), and shall be read and construed as one therewith, and shall take effect on and from the date of their publication in the *Government Gazette*, on which date Regulations 24 and 31 shall be repealed.

(2) For Regulation 24 of the principal Regulations there shall be substituted the following, namely:—

24. It shall be the duty of a sea pilot when in pilotage charge of a ship inward bound, to ascertain from the master thereof where such ship is to be berthed, and he shall, subject to the orders of the Harbor Master, take the same, her draught of water permitting, to any wharf or pier in Hobson's Bay or Corio Bay as the master or other person in charge shall require, and there moor the vessel in a proper position; if, however, the master is from any cause unable to intimate to the pilot the ship's final destination, and requires that the ship shall be brought up at an anchorage, the pilot shall anchor the ship accordingly in a safe and proper position, and it shall be the duty of a sea pilot to remove any such ship to her final destination in Hobson's Bay or Corio Bay, unless the final destination of the ship be a berth in the River Yarra, when the required pilotage service shall be performed by a harbor pilot; any such removal by a sea pilot shall be paid for as prescribed by Schedule "B" hereof, unless such removal is effected within twelve (12) hours from the time of anchoring.

31. It shall be the duty of a sea pilot to take pilotage charge of any ship bound direct to sea from any wharf or pier in Hobson's Bay or Corio Bay; provided that if, when leaving any such wharf or pier the master requests the pilot to anchor the ship in the inner anchorage, the pilot shall take the ship to an anchorage, and there moor her in a safe and proper position, and it shall be the duty of a sea pilot to subsequently pilot such ship to sea. If such ship remains at anchor for more than twelve (12) hours before proceeding to sea, the fee for the removal to an anchorage shall be paid as prescribed by Schedule "B" hereof.

Tenders to be addressed to the Honorable the Commissioner of Public Works, and envelope containing tender marked "Tender for _____" due _____

GEO. L. GOUDIE,
 Commissioner of Public Works.

Melbourne, 3rd June, 1936.

TENDERS FOR THE SERVICE, 1936-37.

CARTAGE OF GOODS AND PARCELS (METROPOLITAN).

TENDERS will be received until Eleven o'clock a.m. on Friday, 12th June, 1936, for the cartage and delivery in the Metropolitan Area of such goods and parcels, with the exceptions set out in clause 1 of the Conditions of Contract, as may be forwarded to and from the various Government Offices, Railways, &c., by the Stores and Transport Office for and on behalf of the Government of Victoria from 1st July, 1936, to 30th June, 1937, as per Schedule No. 1.

For each sub-schedule a deposit of £5 by marked cheque or bank draft, payable to the order of the Secretary to the Tender Board (private cheques will in no case be received), must accompany each tender, such deposit to be forfeited in the event of the tenderer withdrawing his tender before notification of acceptance of tender, or in the event of the successful tenderer failing to sign and complete his contract within the time specified. Deposits will be returned to unsuccessful tenderers within ten days of acceptance of tenders, on their application.

Security for sub-schedule A, £25; for sub-schedule B, £20. Security will be required, either in bank guarantee (bank to be approved by the Tender Board), State or Commonwealth Treasury bonds or Government debentures, Savings Bank deposit book or fixed deposit receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Either sub-schedule may be tendered for, and may be accepted separately.

For sub-schedule B tenders may be submitted either for horse-drawn or motor-driven vehicles.

Full particulars, forms of tender, conditions of contract, &c., may be obtained at the office of the Secretary to the Tender Board, Gishborne-street, Melbourne.

The lowest or any tender will not necessarily be accepted.

Tenders, enclosed in an envelope, and having the words "Tender for Cartage" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, postage must be prepaid, and tenders addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne, G.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The rates tendered in sub-schedules A and B cover all descriptions of goods and parcels, with the exception of school books from Education Department to Victorian Railways, Melbourne, office and school furniture, officers' furniture and effects, exhibits for show purposes, and such are not included in the contract.

2. No subletting shall be allowed; all work must be carried out by the contractor, and every person engaged in the cartage tendered for in this schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court award or any State Wages Board determination, and a copy of such labour conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

3. Accounts shall be rendered fortnightly, supported by the waybills properly received, and shall be subject to any deductions for goods lost or damaged whilst in the custody of the contractor. When rendering his accounts, the contractor shall furnish the Tender Board with a statement setting out the number of days or portions thereof for which the part-time vehicle has been employed in the performance of the service.

4. No claims for detention shall be entertained, but should the contractor be subjected to unreasonable delay, the cause of delay; if reported, shall be investigated.

5. The contractor must have an office connected by telephone, and within a radius of 3½ miles of the Melbourne (Elizabeth-street) Post Office, and as regards the service for the Government Printing Office under sub-schedule B, he will be liable to be called upon to provide the vehicle at any hour of the day or night.

6. Thirty minutes will be deemed sufficient notice, and in the event of the contractor failing to supply the vehicles when ordered, and to the satisfaction of the officer requiring his services, such services will be performed at his risk and expense, and the extra expense incurred will be deducted as provided in clause 2.

No services performed under these contracts shall be deemed to be of a special nature, provided that the contractor be given 30 minutes' notice that his services shall be required, and no increase in the contract rates shall be permitted.

7. All vehicles in which the goods or parcels are carried must be fitted with good waterproof covers, be in thorough working order and, in general, suitable for requirements. If horse-drawn vehicles be used, the horses must be sound, staunch, and fast.

8. Vehicles as required must call at the Stores and Transport Office twice daily, viz., at 11 a.m. and 4 p.m., and at 11 a.m. on Saturdays, for the necessary instructions, and on such other occasions when notified without extra payment, otherwise the service will be performed at the contractor's risk and expense, and the amount deducted as provided in clause 2.

9. The contract shall not be considered broken, infringed, or vitiated by the use of Government vehicles for such cartage as may be found necessary.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

12. A refusal to execute orders, irregularity or delay in delivering the goods or parcels as required, or failure to comply with the requirements of clause 3, or any breach of Railway or Harbor Trust Regulations, will subject the contractor, upon report from the Tender Board, to such mulct as the Treasurer may direct, and the amount may be deducted as provided in clause 2. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

13. In the event of any dispute arising as to matters or things contained in the contract or schedule the same shall be settled by the Tender Board, and the Board's decision shall be binding, final, and conclusive.

A. A. DUNSTAN,
Treasurer.

The Treasury,
Melbourne, 1st June, 1936.

CONDITIONS OF CONTRACT.

1. The rates tendered cover all charges, including labour, bags, hire of cranes or other appliances, and weighbridge charges required in the performance of the service. Bags must be removed by the contractor when empty, and if not

2. No subletting shall be allowed; all work must be carried out by the contractor, and every person engaged in the cartage tendered for in this schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court award or any State Wages Board determination, and a copy of such labour conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

3. 4. In the event of material forwarded by rail or steamer not being unloaded within reasonable time, and in accordance with the Railway Department or Harbor Trust Regulations relating to same, the contractor shall be held liable for such charges, including cost of demurrage, as may accrue, the amount thereof to be deducted as provided in clause 2.

5. The contractor shall take and make delivery within ordinary working hours. No claims for detention shall be entertained, but should the contractor be subjected to unreasonable delay, the cause of delay, if reported, shall be investigated.

6. The contractor must have an office connected by telephone and within a radius of 3½ miles of the Melbourne (Elizabeth-street) Post Office.

7. Four hours will be deemed sufficient notice, and in the event of the contractor failing to perform the service when ordered, and to the satisfaction of the officer requiring same, such service will be performed at his risk and expense, and any extra expense incurred shall be deducted as provided in clause 2. No services performed under these contracts shall be deemed to be of a special nature, provided that the contractor be given four hours' notice that his services shall be required, and no increase in the contract rates shall be permitted.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Land Offices in the country.

Tenders should be placed in the Lands Department Tender-box, State Treasury Buildings, Melbourne, C.2, at or before Noon on Wednesday, 24th June, 1936.

TENDERS will be accepted at or before Noon on Wednesday, 24th June, 1936, for the right to depasture stock on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1928*, except under the 121st section of the *Land Act 1928*, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Act* may think fit.

3. This licence is subject to the rights of the holders of miner's rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1928* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise stated, will be for fifteen (15) months from 1st July, 1936, to 30th September, 1937.

2. The fee for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. The outgoing tenant has the option to remove any existing fencing owned by him within one month, or he may arrange with the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1928*.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1928*, provides—

1. Where a licensee under section 121 of the *Land Act 1928* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

5. The proprietor shall cause every pan-closet to be supplied by the Council, or otherwise, with a pan for the reception of nightsoil, and shall (except when being exchanged) cause such pan to be always kept in proper position under the seat of each pan-closet, and shall also provide a lid capable of being fitted tightly to such pan, when being removed from the premises to the depot, so as to prevent the spilling of the contents, and the emission of offensive vapours, gases, or effluvia from the contents of such pan.

11. At least once a week, and in any case as often as may be necessary to prevent the level of the contents of such pan approaching within 2½ inches of the brim thereof, the pan in use shall be closed with a lid, and removed by the contractor or person authorized or employed in that behalf by the Council, with its contents from the premises, and another pan thoroughly cleansed and in good order shall be left in its place.

12. Such contractor or person removing such pans shall report to the Council at the earliest available opportunity the discovery of any pan found to be overflowing or leaking, and shall forthwith cause the place whereon the contents have been dropped or spilled to be thoroughly cleansed.

13. The contractor or person authorized or employed by the Council for that purpose shall cause all pans to be removed in a suitable covered vehicle in such a manner as not to cause nuisance, danger to health or offensiveness, and forthwith cause such vehicle to be removed to the approved depot.

17. Immediately after the deposit of nightsoil and washings in any trench, such trench shall be filled in with thoroughly disintegrated earth. The necessary filling shall be obtained by the excavation of another trench in a position parallel to, but not less than 12 inches from, the aforesaid trench required to be filled in, and using the material so obtained as a covering over the nightsoil so deposited. Trenches shall be excavated and used, and filled in in a regular consecutive order.

18. Seed of grass, or any forage or cereal crops or other form of vegetable life, as the Council may direct or approve, shall be seasonably planted or sown on any land into which nightsoil has been deposited, provided that vegetables or seeds of vegetables shall not be planted therein or thereon until three months have elapsed since the last deposit of nightsoil in such land.

19. Every pan used for the reception or conveyance of nightsoil shall immediately on being emptied be thoroughly washed or otherwise cleansed. The resultant washings, or other filth, shall be disposed of in a similar manner as the nightsoil.

20. Every pan after the disposal of its contents, and after being cleansed in manner aforesaid, and before it again leaves the depot or disposal ground, shall on every such occasion be thoroughly cleansed and disinfected by—

(d) any other method approved in writing from time to time by the Commission.

21. The internal surface of every pan shall, before it is first used, be properly coated with well-boiled tar, crude creosote, or other approved material, and such coating shall thereafter be renewed when deemed necessary by the Council, but not less than once a month.

22. The contractor, or person authorized or employed by the Council for the removal of nightsoil, shall cause all vehicles used for the transport of pans to the depot to be properly constructed, kept clean, and disinfected daily at the depot, and maintained in a proper state of repair.

23. The proprietor, or any other person, shall not remove any nightsoil from any premises, except in accordance with this By-law.

24. The proprietor, or any other person within the area defined by this By-law, shall not bury, or cause to be buried, any nightsoil in any yard, garden, or other place, not being a place set apart for that purpose by the Council.

25. The Inspector shall have full power to enter into or upon any premises, yards, or lands at any time for the purpose of inspecting closets, urinals, pans, receptacles, vehicles, plant, and all other things therein and thereon, and for the purpose of carrying out the provisions of this By-law.
