- (e) ships which have been surveyed in accordance with the requirements of the *Marine Act 1928* (section 138), but subject in this case to the provisions of Regulation No. 6.

6. *Certificate of Officers.*—At the periodical survey of any ship to which these Regulations apply, subject to Regulation 5 hereof, it shall not be necessary that the compasses shall be adjusted by a duly licensed adjuster, provided that there shall be forwarded to the Secretary to the Board the certificate prescribed in Schedule I. hereto, duly attested by the owner, or agent, and signed by the master and mate, one of whom at least must have made the previous, and is also going to make the next, voyage in the vessel: Provided that every such ship shall have her compasses examined and adjusted by an adjuster of compasses once at least in every two years.

7. *Place and Mode of Adjustment.*—When the compasses of any ship to which these Regulations apply are to be adjusted, such ship shall be taken to the swinging buoys laid down for such purpose, or, at the option of the master or person in charge thereof, such ship may be swung for the adjustment of compasses in Hobson's Bay, or Port Phillip Bay, or Corio Bay, by means of bearings of suitable terrestrial or celestial objects, or by use of a deflector.

8. *Adjustment Tables.*—On the completion of the examination and adjustment of a ship's compasses, in accordance with these Regulations, the adjuster of compasses shall immediately forward to the Secretary of the Marine Board a table of deviations and declaration in the form of Schedule II., together with a statement of the magnets and soft-iron correctors, with their sizes and positions, used in adjustment. The deviation of the Standard compass must not exceed 5 deg. on any given compass point after adjustment by an adjuster of compasses under these Regulations.

9. *Compasses not Satisfactorily Adjusted.*—Where in any case the Marine Board considers the deviations of the compasses of any ship have not been satisfactorily ascertained, the Board may order such ship to be again swung, and the compasses thereof re-adjusted by an adjuster licensed under these Regulations, and the errors ascertained at the expense of the master or owners of such ship, provided that the Board is satisfied that the unsatisfactory condition of the compasses did not arise from any omission or fault on the part of the adjuster who made the first examination or adjustment.

10. *Southern Hemisphere*.—If the compasses of any ship to which these Regulations apply are unadjusted for the Southern Hemisphere, such compasses shall be adjusted by an adjuster licensed under these Regulations, and the errors ascertained in the manner herein required before such ship shall be permitted to proceed to sea.

11. *Standard Compass*.—Every ship wholly or partly constructed of iron or steel shall be provided with a standard compass, placed in a suitable position, such compass and the position thereof to be approved by an inspector or surveyor to the Marine Board; the said compass shall be furnished with appliances for taking accurate observations and bearings.

12. *Compass Error Register Book*.—The equipment of every ship to which these Regulations apply, surveyed at any port in Victoria, shall include a Compass-error Register Book, issued by the Commonwealth Navigation Department, printed according to the form in Schedule III. hereto, in which the master shall record the errors of the standard compass (such errors being ascertained by taking observations as often as practicable), and shall also, at the same time, note therein the different points of the ship's head and the approximate position of the vessel; such register book shall be produced to the Board's Surveyor or Inspector on demand, and when so produced shall be initialed by him.

13. *Compasses Unadjusted*.—The master of any ship to which these Regulations apply, or of any ship which shall not have been exempted from the operation thereof, as hereinbefore provided, who shall take, or attempt to take, any such ship to sea, or engage in trade or in the carriage of passengers, before the compasses of the vessel under his command shall have been duly adjusted as herein required, shall be deemed to have committed a breach of these Regulations.

14. *Licences to Adjusters*.—The Marine Board may issue licences, in the form of Schedule V. hereto, to such persons as they may consider competent, authorizing them to examine, adjust, compute the error of compasses, and transmit tables of such errors to the owners or agents of ships of which the compasses have been examined and adjusted as herein required, and such licences may at any time be suspended or cancelled by the Board, and when any such licence has been so suspended or cancelled, the person to whom such licence has been issued shall, upon demand, deliver the same to such person as the Board may direct.

APPLICATIONS FOR SERVICES OF ADJUSTER.

15. *Application for Adjustment to Secretary*.—The owner, agent, or master of any ship requiring that the compasses of such ship shall be examined and adjusted under the provisions of the *Marine Act 1928*, or any Act amending the same, or these Regulations, shall make application for such examination and adjustment to the Secretary to the Marine Board, Melbourne, C.2.

16. *Application in Writing*.—Every application as aforesaid shall be in writing, and shall state the date and time when such examination and adjustment is desired, and also the place where the ship in respect of which application is made will be lying immediately prior to proceeding to the swinging buoys, or elsewhere, as by these Regulations provided.

17. *Twenty-four Hours' Notice*.—Every such application must be lodged at the office of the Marine Board at least 24 hours before the time therein specified for the examination and adjustment of the compasses of any ship.

18. *Fee to Accompany Application*.—Each application shall be accompanied by the amount of adjustment fee, according to the gross registered tonnage of the ship in respect of which application is made, and as prescribed in Schedule IV. hereto.

19. *Adjuster Acting*.—On the receipt by the Secretary of any application for the services of an adjuster, he shall by notice in writing under his hand require the adjuster to attend on board the ship in respect of which application is made, and the adjuster shall, on his being so notified, proceed on board in such time as shall cause no delay to such ship, and duly examine and adjust the compasses thereof in accordance with the Regulations for the time being in force.

20. *Adjuster Unable to Attend to Notify Secretary*.—The adjuster receiving notice from the Secretary to adjust the compasses of any ship, and being unable to do so, shall immediately notify the Secretary to the Board to that effect, and the Secretary may then arrange for the adjustment and submission of a table and declaration in the form of Schedule II. hereto, by an adjuster licensed under the Commonwealth Navigation Act, and such table and declaration may be accepted as sufficient.

I hereby declare that the compasses of the above-named vessel have been examined, and, where necessary, adjusted by me, and that they are now in good order.

The deviations were obtained by means of _____, and a copy of the above table has been furnished to the Master.

The deviations shown are practically identical with those obtained both with the dynamo stopped, and with it running full speed with the electric current "on" and "off" all circuits in the vicinity of the compass.

NOTICE TO MASTERS AND NAVIGATING OFFICERS.

Officers should understand that the object of tentative adjustment is to bring the deviations within manageable limits, and also to equalize the direction force of the needle so far as is practicable on all courses; but no system of adjustment whatever is sufficiently reliable in character to absolve the navigator from the necessity of using every precaution, and especially of ascertaining the deviation on every available opportunity by observations of the sun by day, and the other heavenly bodies by night.—(Extract from Board of Trade Instructions on Compass Adjustment.)

35. Before issuing a ballot-paper to any elector the Deputy Returning Officer shall—

38. The Returning Officer for every Province shall, before polling day, notify every Deputy of the name and address of the Registrar to whom declaration envelopes containing ballot-papers of electors shall be transmitted pursuant to regulation 37 (1).

39. The Registrar, on receipt of any envelope containing a ballot-paper of any elector, shall, without opening the envelope, or allowing any other person to do so, examine the declaration of the elector and, after making such inquiry as may be necessary, transmit the envelope, unopened, to the Returning Officer and report to him, in the place provided for the purpose on the envelope, whether in the Registrar's opinion the voter is or is not a person to whom paragraph (a) or (b) of sub-section (1) of section 12 of the *Legislative Council Elections Act 1935* applies.

40. Every Returning Officer shall preserve in his custody—

- (a) a book, in which he shall keep a record from time to time of the number of envelopes bearing declarations received by him from Electoral Registrars as well as all separate envelopes forwarded to him by Deputies; and

41. Upon the receipt of envelopes containing votes of electors the Returning Officer shall, in the presence of the scrutineers and poll clerk (if any), but of no other person, deal with the said envelopes and ballot-papers as follows:—

- (a) Open the ballot-box and produce all envelopes contained therein;
- (b) place in one parcel the unopened envelopes bearing the duly signed and attested declarations of persons who, according to the Registrars' reports, are persons to whom paragraph (a) or (b) of sub-section (1) of section 12 of the *Legislative Council Elections Act 1935* applies, together with the votes of persons whose claims to vote on the production of a certificate, in writing, in the form of the Second Schedule to the *Legislative Council Elections Act 1935* have been allowed, and accept for further scrutiny the ballot-papers contained therein;
- (c) place in another parcel the unopened envelopes bearing the declarations of those persons who, according to the Registrars' reports, are not persons to whom either of the said paragraphs applies together with the votes of persons whose claims to vote on the production of a certificate in writing in the form of the Second Schedule to the *Legislative Council Elections Act 1935* have not been allowed; fasten and seal the parcel, endorse thereon the words "Unenrolled voters' ballot-papers rejected at the preliminary scrutiny", and add the name of the Province, his signature, and the date:

Provided that a ballot-paper shall not be rejected at the preliminary scrutiny by reason only of the fact that—

- (i) the Deputy Returning Officer has omitted to attest the declaration if, before the declaration of the poll, the Deputy certifies that the omission was due to inadvertence, and that the declaration was, as a matter of fact, duly signed in such Deputy's presence; or
- (ii) there is an omission or an incorrect or insufficient description or a misdescription in respect of any of the particulars required by law to be contained therein, if the Returning Officer is satisfied that the elector is entitled to vote;
- (d) place the envelopes containing the ballot-papers which he has decided to accept for further scrutiny before him on a table in such a manner that the face only of each envelope bearing the address of the Returning Officer shall be visible;
- (e) without further examining the declaration of any voter, or permitting any other person to do so, withdraw from the envelope the ballot-paper contained therein, and without inspecting or unfolding such ballot-paper, or allowing any other person to do so, forthwith deposit for further scrutiny the folded ballot-paper in a locked and sealed ballot-box in which shall also be placed the allowed votes of other electors; and
- (f) place the envelopes in a parcel endorsed with the words "Envelopes bearing unenrolled voters' declarations from which ballot-papers have been withdrawn for further scrutiny," fasten the parcel, add the name of the Province, his signature, and the date.

42. At the further scrutiny the Returning Officer shall open the ballot-box referred to in regulation 41 (e), examine the ballot-papers contained therein, reject all informal ballot-papers, and count the first preference votes given for each candidate on all unrejected ballot-papers.

43. (1) The provisions of the Act in regard to the rejection of invalid ballot-papers shall apply to ballot-papers under the said section.

(2) A ballot-paper shall not be rejected as informal merely because the surname only of any candidate has been written thereon if no other candidate has the same surname or because of the entry of a wrong Christian name, or address, or occupation, or of any mistake in spelling where there is no doubt as to the identity of the candidate.

(3) A ballot-paper shall not be rejected as informal merely because of a formal defect therein through the name of the wrong Province appearing thereon, or the omission of the name of the Province, if the name of the Province for which the elector claims to vote appears in the declaration of or the certificate in the form of the Second Schedule to the *Legislative Council Elections Act 1935* produced by the elector.

44. As soon as practicable after polling day, the Returning Officer shall enclose all ballot-papers, envelopes, and records in a sealed packet, and comply with section 267 of the Act.

PART III.—ABSENT VOTING.

45. The exercise of the right of voting at a polling place as an absent voter is dependent upon the arrangements at the polling place, at which the elector claims to vote as an absent voter, being such as to enable the vote to be recorded without interference with the rights of the electors enrolled for the Division for which the polling place is appointed.

46. The declaration of an absent voter pursuant to Division 3 of Part III. of the *Legislative Council Elections Act 1935* shall be in accordance with Form U, and shall be printed on an envelope addressed to the Returning Office for the Province for which the elector declares that he is enrolled.

47. Before any person makes any declaration for absent voting, the Deputy Returning Officer shall warn him that if he personates any elector for the purpose of voting, or knowingly makes a false declaration, he will be guilty of a misdemeanour.

48. The ballot-paper of an absent voter shall be in accordance with Form V, and shall be marked, folded, and returned in strict accordance with the directions printed thereon.

49. Before issuing an absent voter's ballot-paper the Deputy Returning Officer shall—

(a) on the front thereof initial the ballot-paper in the space provided for the purpose, and (if not already printed thereon) write in the name of the Province for which the elector declares he is enrolled, and the surnames and Christian names of all the candidates for that Province, and, if the surnames and Christian names of two or more candidates are the same, shall distinguish them by the addition of their residences and occupations; and

(b) on the back thereof insert the name of the polling place where the vote is polled, and the number corresponding with the progressive number recorded by the Deputy Returning Officer in accordance with regulation 50.

50. The Deputy Returning Officer shall make a record of the full name and enrolment particulars of each elector who has voted at his polling place as an absent voter, together with the name of the Division for which the elector declares that he is enrolled, and the name of the polling place at which the vote is polled, as indicated on the form of declaration, number each entry consecutively, commencing with the number 1, and at the close of the poll shall forward the record, duly certified, to the Returning Officer for the Province in respect of which the Deputy Returning Officer is appointed.

51. The Deputy Returning Officer, who is authorized under the provisions of the Act to open the ballot-box, shall forthwith, without opening any envelopes containing absent votes, enclose such envelopes in a separate parcel, endorse such parcel with a description of the contents thereof, sign and date such endorsement, and forward such parcel, together with the sealed parcels required to be transmitted by the Act, to the Returning Officer for the Province in respect of which the Deputy Returning Officer is appointed.

52. Upon the receipt by a Returning Officer of envelopes containing absent votes, the Returning Officer shall, in the presence of the scrutineers present and poll clerk (if any), but of no other person, deal with the said envelopes and ballot-papers as follows:—

- (a) produce all envelopes containing absent voters' ballot-papers;
- (b) place in one parcel the unopened envelopes bearing the duly signed and attested declarations of those persons who he is satisfied are enrolled and entitled to vote, accept for further scrutiny the ballot-papers contained therein, and place a mark opposite the names of each of such persons, on a certified copy of the Roll to be used by him for the purposes of the scrutiny;
- (c) place in another parcel the unopened envelopes bearing the declarations of those persons who he is satisfied are not enrolled or are not entitled to vote, or whose declarations are not duly signed and attested, fasten and seal the parcel, endorse thereon the words "Absent Voters' Ballot-papers rejected at the preliminary scrutiny," and add the name of the Province, his signature, and the date:

Provided that an absent voter's ballot-paper shall not be rejected at the preliminary scrutiny by reason only of the fact that—

- (i) the Deputy Returning Officer has omitted to attest the declaration of the elector, if before the declaration of the poll the Deputy Returning Officer certifies that the omission was due to inadvertence and that the declaration was, as a matter of fact, duly signed in such Deputy Returning Officer's presence; or
 - (ii) there is an omission or incorrect or insufficient description or misdescription in respect of any of the particulars required by law to be contained therein if the Returning Officer is satisfied that the voter is entitled to an absent vote;
- (d) place the envelopes containing the ballot-papers which he has decided to accept for further scrutiny before him on a table in such a manner that the face only of each envelope bearing the address of the Returning Officer shall be visible;
 - (e) without further examining the declaration of any voter, or permitting any other person to do so, withdraw from the envelope each ballot-paper contained therein, and without inspecting or unfolding such ballot-paper, or allowing any other person to do so, forthwith deposit the folded ballot-paper in a locked and sealed ballot-box for further scrutiny; and
 - (f) place the envelopes in a parcel endorsed with the words "Envelopes bearing absent voters' declarations from which ballot-papers have been withdrawn for further scrutiny," fasten the parcel, add the name of the Province, his signature, and the date.

53. At the further scrutiny the Returning Officer shall open the ballot-box referred to in regulation 52 (e), examine the absent voters' ballot-papers contained therein, reject all informal ballot-papers, and count the first-preference votes given for each candidate on all unrejected ballot-papers.

54. (a) The provisions of the Act in regard to the rejection of invalid ballot-papers shall apply to absent voters' ballot-papers.

(b) An absent voter's ballot-paper shall not be rejected as invalid merely because the surname only of any candidate has been written thereon if no other candidate has the same surname, or of the entry of a wrong Christian name or address, or occupation, or of any mistake in spelling, where there is no doubt as to the identity of the candidate.

(c) An absent voter's ballot-paper shall not be rejected as informal merely because of a formal defect therein through the name of the wrong Province appearing thereon, or the omission of the name of the Province, if the name of the Province for which the elector is enrolled appears in the declaration of the elector.

55. As soon as practicable after polling day the Returning Officer shall enclose all ballot-papers, Rolls, envelopes, and records relating to absent voting in a sealed packet and comply with section 267 of the Act.

WHEREAS by the 181st section of the *Land Act* 1928, power is given to the Board of Land and Works to make rules and regulations for the care, protection, and management of all public parks and reserves not conveyed to and vested in trustees, and for the preservation of good order and decency therein, and also for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of the land temporarily reserved by Order in Council of 5th May, 1936, as a site for the Supply of Gravel in the Parish of Freeburgh, and known as "Freeburgh Quarry Reserve."

REGULATIONS.

1. The Reserve shall be open to the public from sunrise to sunset, free of charge.

2. No person shall enter or remain in the Reserve who may offend against decency as regards dress, language, or conduct.

3. No person shall damage in any way the trees, shrubs, or flowers in the Reserve, nor shall fires be lighted therein, except in such places as are set apart for same by the Committee of Management.

4. No person shall leave or deposit any glass, paper, or rubbish in the Reserve, nor roll or throw stones or any missiles of any kind therein.

5. No person shall put in the Reserve any cattle, horses, sheep, goats, pigs, or other animals without the permission, in writing, of the Committee of Management first obtained: Provided always that the moneys received for agistment shall be expended in the maintenance and improvement of the Reserve, and an account thereof furnished annually to the Board of Land and Works.

6. The owner of any horse, cattle, or other animals found wandering upon any part of the Reserve shall be guilty of an offence against these Regulations, and in addition, such horse, cattle, or other animal may be impounded.

7. The Committee of Management shall have full power and authority to impound any cattle found trespassing in the Reserve, and shall be taken to be the occupier of the Reserve (with all power incidental to that status) within the meaning of any law for the time being in force relating to the impounding of cattle. For the purposes of this clause, "cattle" shall mean cattle as interpreted by section 3 of the *Pounds Act* 1928.

8. No person shall camp in the Reserve nor erect therein any building without the permission, in writing, of the Committee of Management first had and obtained.

9. No person shall remove any stone, earth, marl, or gravel from the Reserve without the permission, in writing, of the Committee of Management first had and obtained. Such fees shall not exceed the sum of One shilling per cubic yard of stone, earth, marl, or gravel removed. All fees collected by the Committee of Management under or by virtue of this Regulation shall be paid by the said Committee into the Consolidated Revenue of the State of Victoria, and a certified return thereof furnished to the Board of Land and Works at the end of each half year.

10. All gravel to be removed from the said Reserve, in accordance with the permission of the Committee of Management, shall be removed therefrom subject to and in accordance with the directions of the Engineer of the Council of the Shire of Bright, provided that and subject to such direction all gravel shall be removed in a face and for the full depth of the deposit. 5. Such receptacle shall be constructed of galvanized iron of not less than 24-gauge, or other approved material, in such a manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein, or any escape by leakage or otherwise of any part of the contents of such receptacle.

10. The proprietor shall cause such receptacle to be kept at all times in good order and sweet condition, and shall coat the inside of such receptacle with tar or other suitable substance when deemed necessary by the Council.

11. The proprietor shall cause at such hours and such days as may be appointed by the Council for the removal of refuse, such receptacle to be deposited close to and inside of the entrance to such house, building or premises from the street, lane, or right-of-way on which such house, building or premises abut, in order that the contents of such receptacle may be conveniently removed by the contractor or person authorized or employed in that behalf by the Council.

12. No person shall place, or cause to be placed, any such receptacle in or upon any street, lane or right-of-way, except in the case of business premises built on the street alignment where such premises do not abut on a suitable right-of-way or land on which such receptacle could be placed for collection and emptying.

13. The contractor or person authorized or employed by the Council for the removal of such refuse shall be responsible for the complete emptying (without spilling any of the contents) of such receptacle directly into a vehicle provided for its reception, at such hours and on such days as may be appointed by the Council. Such contractor or person shall also be responsible for the replacement of such receptacle properly covered with its lid, and shall also close the gate or gates of the premises from which such receptacle is taken.

14. The contractor, or person authorized or employed by the Council for the removal of such refuse, shall at least once in each week, or at such greater frequency as may be necessary, collect and remove such refuse in a suitable covered vehicle in such manner as not to cause nuisance, danger to health, or offensiveness.

15. Such vehicle, when full, shall be taken by the quickest possible route to the tip or other place of deposit authorized by the Council, and to no other place, where as soon as practicable the refuse shall be rendered innocuous by some means approved by the Council, and in such manner as not to create a nuisance.

16. The contractor, or person authorized or employed by the Council for the removal of such refuse, shall cause all vehicles used for the reception and removal of such refuse to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant and maintained in a proper state of repair.

17. 18. If any person or persons commit a breach of this By-law he or they shall for every such breach be liable to a penalty of not more than twenty pounds, and in the case of a continuing offence a further daily penalty of not more than Five pounds.

PERIODICAL ADJUSTMENT OF WAGES AND PIECEWORK.

(5) (a) The wages rates set out in Clause (4) are based upon a basic wage rate of 69s. and, pursuant to the provisions of Section 21 of the *Factories and Shops Act 1934*, shall be automatically increased or decreased by the same amount, and at the same time, as such basic wage rate.

The basic wage rate shall be adjusted as prescribed in Clause (6).

(b) The wages of Apprentices, improvers, and juvenile workers in receipt of 20s. per week or more shall be adjusted proportionately to adjustments of the basic wage—such adjustments to be to the nearest 3d., half or less than half of 3d. to be disregarded.

The piecework prices shall also be adjusted proportionately to adjustments in the basic wage.

ADJUSTMENT OF BASIC WAGE.

(6) (a) For work done before the beginning of the first pay period to commence in March, 1937, the amount of the basic wage shall be 69s.

(b) For work done during each future successive period beginning with the first pay period to commence in a March, a June, a September, or a December, the amount of the basic wage shall be adjusted by the following method according to the position and fluctuations (if any) of the Commonwealth Statisticians "All Items" retail price index numbers.

For the purposes of this Determination the expression "Commonwealth Statisticians retail price index numbers" or any like expression means the numbers stated to be such index numbers in any document purporting, and not proved to be wrongly so purporting, to be printed by the Commonwealth Government Printer or to be signed by or on behalf of the Commonwealth Statistician.

(1) Adjustment is to be based upon the equating of index number 1,000 with a wage of 81s., the amount assessed upon that number of the declared ordinary basic wage per week of the Commonwealth Court of Conciliation and Arbitration.

(2) The index number to be applied to any place is that assigned to Melbourne.

(3) The index number for the calendar quarter next preceding the period of thirteen weeks for which the adjustment is made is to be ascertained.

(4) The amount assigned in the following table (or in any extension thereof) to the index number division comprising that number is to be ascertained.

(5) The basic wage shall be of that assigned amount during such successive period.

Provided, however, that if that assigned amount of the basic wage be different by less than 2s. from the last current amount of the basic wage, then that last current amount of such basic wage shall continue unchanged during such period.

Time of beginning, 8 a.m.; time of ending, 1 p.m.—on the other day of the week on which the half-holiday is usually observed. Provided further that if the majority of the employees desire to start at 7.30 a.m., the work may begin at 7.30 a.m.

(5)

OVERTIME.

(a) Any employee who, in any day, has performed any work outside the working hours ordinarily observed in the factory in which he or she is employed, shall be paid overtime as follows:—

(1) Weekly workers shall be paid at the rate of time and one-half, and shall also be paid 1s. 6d. meal money when such overtime exceeds 40 minutes on week-days or three hours on the day of the week on which the half-holiday is usually observed.

(6)

(b) No work shall be performed during such meal time.

(7)

TASK SYSTEM.

No employer shall make a bonus or merit payment which fluctuates from period to period according to the amount of work performed by the employee concerned, and which is based upon a secret or task rate for measuring the output of such employee. No increase in wages granted to any employee, after the date of operation of this Determination, above the rates herein prescribed shall be deemed to be in contravention of this clause if the same be paid for a period of three months, or for the term of employment, whichever period is the shorter; provided, however, that such increased wages may, at the discretion of the employer, be adjusted according to the wages rates prescribed from time to time by this Determination.

In all factories where a minimum task is set for a minimum wage the following shall be observed:—

(a) Until after the termination of six months from the coming into operation of this Determination the minimum task in operation in any factory on the date on which this Determination becomes operative shall be the minimum task for the minimum wage after the date of operation of this Determination, and shall not during the said period of six months be increased or decreased because of any increase or decrease in wages, and shall not during the said period of six months be increased unless an altered or improved method of working is introduced.

(b) The task rate in respect of all garments or parts of garments or other articles or parts of articles shall be determined in the manner following:—

(i) Where there are fewer than twenty employees involved in the work to be performed, the employer or his representative, in conference with one employee chosen by and from such employees, shall fix the rates.

(ii) Where there are twenty or more employees involved in the work to be performed, the employer or his representative, in conference with two employees so chosen, shall fix the rates.

(c) The task rates shall be fixed so as to enable the average worker to earn the minimum wage prescribed by this Determination for the class of work to be performed; and any number of garments or parts of garments or other articles or parts of articles made in excess of the minimum weekly task fixed by the task rates for the minimum weekly wage shall be paid for at *pro rata* plus 10 per cent.

(d) When any employee is employed for less than a week on the task rates, then the task of the said employee shall be fixed at per day at the weekly rate provided for.

(e) Any excess number of garments or parts of garments or other articles or parts of articles made in any day by the employee shall be subject to the same *pro rata* payment as would apply if the employee were engaged for the whole week.

(f) A copy of all task rate schedules shall, within twenty-four hours of their being fixed, be displayed by the employer in a conspicuous place in each room of the factory where such tasks are being performed.

(g) A combination or team shall mean two or more persons working together on the same class of work, employed on weekly wages where a task has been imposed. Where employees work in a combination or team, the additional amount of wages shall be distributed amongst the employees on a percentage basis, according to the amount of their ordinary weekly wages.

(8)

HOLIDAYS.

(a) All weekly wage employees, whether in a city or elsewhere, shall be granted the following holidays without deduction of pay:—The days observed as New Year's Day, Australia Day, Good Friday, Easter Monday, Labour Day, Anzac Day, King's Birthday, Christmas Day, and Boxing Day.

(b) All employees working on piece-work or task-work shall be granted the same holidays as are granted to weekly wage workers, and, subject as hereinafter provided, they shall be paid for such holidays the amount for each holiday based on the minimum weekly wage prescribed by this Determination for the class of work performed.

(c) If any of the above holidays occurs on a Sunday or Saturday and is not observed on any other day, then employees shall not be paid for such Sunday, and shall be paid for such Saturday as for a half day, but not otherwise.

(d) All other weekly employees, whether in a city or elsewhere, shall be paid for the above holidays an amount for each holiday based on the actual weekly wage paid to them by the employer.

(e) Any employee absenting himself or herself from work on any portion of the working day preceding or any portion of the working day succeeding a holiday provided for herein, other than Boxing Day and New Year's Day, without permission from the employer or without having reasonable cause for having absented himself or herself from work, shall not be entitled to payment for such holiday.

(f) Any weekly employee who is employed on a Sunday or any holiday prescribed herein shall be paid for that day at the rate of time and a half in addition to his or her weekly wage.

(g) Any piece-worker employed on a Sunday or any holiday prescribed by this Determination shall be paid, in addition to the prescribed piece-work prices, at the rate of time and a half calculated on the minimum wage prescribed for the class of work performed.

(9)

TERMS OF ENGAGEMENT.

(a) The week shall terminate on a day other than Monday or Saturday, and all employees shall be paid all moneys due to them in full during the ordinary working hours not later than two working days following the termination of the week. In order to terminate employment of a weekly employee, two days' notice shall be given on any day, with payment to date of termination, or in lieu thereof two days' pay shall be paid or deducted. When employment is terminated by an employer, the employer shall, upon the date of such termination, pay to the employee (weekly employee or piece-worker) all moneys due to him or her, and, when employment is terminated by an employee in accordance with the terms of this Determination, the employer shall pay to the employee (weekly employee or piece-worker) all moneys due to him or her.

(b) All weekly wages shall be paid to the employees in full, with the following exceptions:—

(1) *Turns to be Observed.*—In slack times the employer shall observe turns of employment for weekly workers and piece-workers (including outside workers) not engaged on making samples in the respective class or classes of work at which they are engaged, provided always that journeymen and journeymen having apprentices under their control shall be allowed in their turn extra work equivalent to the wages of the apprentice during the time the turn system is in operation. The employer shall keep in the workroom a true record of every turn, which shall be open to the inspection of the employees.

(2) *Standing Off Employees in Turn.*—Should any employer during slackness of trade desire to stand off his employees in turn, then the employer on any day during any week shall inform every person whom it is proposed to stand off of any day or days in the following week (other than a Saturday or holiday) upon which his or her services will not be required; but an employee shall not, except under the conditions provided in sub-clause (3) of this clause, be stood off for part of a day without being paid for a whole day.

(3) *Employees Working Shortened Hours.*—If it is desired to work a week of shorter hours in slack times, instead of standing the employees off in turn, the employer may make an arrangement to work his employees for shortened hours, but such arrangement shall be made only where, on the vote of the employees being taken, a majority of the whole of the employees votes in favour of such arrangement.

Where such an arrangement is made, the employees shall be informed on the day ending each week of the shortened hours to be worked in the following week.

Where an arrangement is made in compliance with this provision the employer shall pay each employee for the actual hours worked on each day on the basis of his or her weekly wage.

(4) *Vacation Periods.*—Nothing contained in this sub-clause shall apply in the case of the usual vacation period at Christmas or Easter.

(c) *Classes of Employees.*—For the purpose of this clause (but subject to the provisions of sub-clause (b) hereof), in operating the turn system the various classes of employees shall be taken separately, and "classes of employees" shall mean each class of employer in respect of which a classification of work has been provided under this Determination, but in all cases, male improvers and journeymen, or female improvers and journeymen doing the same class of work, shall be deemed to be one class of employee.

(d) *Stoppage of Work re Breakdown of Machinery.*—In the event of the work of a factory being stopped by a breakdown of machinery or a stoppage of supply of power, or for any cause for which the employer cannot reasonably be held responsible, all weekly hands who present themselves for work shall be found work for that day, or paid one day's wages in lieu thereof, but when such breakdown or stoppage occurs the employer may give notice to an employee that his or her services will not be required on the following day or days, and the employee shall not be entitled to any further payment in respect of any further days that he or she is out of employment by reason of such break-down or stoppage.

(e) *Terminating Employment in Relation to a Holiday.*—Where the employer terminates the employment of an employee within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by the Determination, provided that such employee has been employed by the employer for a period of at least one week prior to the termination of employment.

(f) *Employees Absenting Themselves.*—No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work ready to be done by such employee, and, where weekly wages are fixed, the employee, to be entitled to the sums so fixed, must be available and ready and willing to do the work on the days and during the hours fixed by this Determination.

(10)

OUTSIDE WORKERS.

(a) No person who is or is deemed to be the occupier of a factory within the meaning of section twenty-three of the *Factories and Shops Act 1928* (No. 3677) shall issue or give out or authorize or permit to be issued or given out any material whatsoever for the purpose of being wholly or partly prepared or manufactured outside a factory as articles of clothing or wearing apparel for trade or sale, except to a person who has been licensed by the Chief Inspector of Factories as an outside worker. Provided that no such outside worker shall employ any other person or persons whatsoever in wholly or partly preparing or manufacturing such articles of clothing or wearing apparel save and except members of such worker's own family.

(b) In factories where a task rate is fixed in respect of the same class of work as that given to outside workers, then, in every such case, the rate so fixed shall be the piecework price to be paid to such outside workers. In factories where no such task rate is fixed for the class of work performed by outside workers, then such outside workers shall be paid such a piecework price as will enable an outside worker to earn at least 1s. 5d. per hour in the case of a female and 2s. 1d. per hour in the case of a male.

(c) Every outside worker shall be provided, free of charge, with cotton, silk thread and all other sewings and trimmings used in the manufacture of garments.

(d) In the case of an employer delivering or collecting the work of such outside worker, the same shall be done without charge to such outside worker.

(e) Every employer who has work done elsewhere than in his factory shall keep a record book, which shall contain a correct account written in ink as follows:—

(i) The name and full address of the outside worker.

(ii) The number of articles and description of work given out.

(iii) The price paid for such work.

(iv) The record book shall be signed each week by each outside worker, verifying the accuracy of the amount of wages received.

(f) The record book mentioned in the preceding sub-clause shall be open for inspection at any time by any authorized officer of the Department of Labour.

(11)

MISCELLANEOUS PROVISIONS.

(a) *Record of Time Worked and Wages Paid.*—(1) The employer shall provide in each factory, or place where there are fewer than 30 employees, and where work is carried on for him, a time and wages book. Such time and wages book:—

(a) shall be in the English language and shall contain a correct account of the hours worked each day, and the wages received each week, by each employee;

(b) shall be kept correctly entered up in ink; and

(c) shall record clearly the actual date of each day, of each week, and also the date of the day on which the week ends.

(2) The employer shall provide in each factory or place where there are not fewer than 30 employees, and where work is carried on for him, a time-book, or sheet, or record. Such time-book, or sheet, or record shall be in the English language and shall contain a correct account of the hours worked each day and the wages received each week by each employee. Such time-book, or sheet, or record shall be kept correctly and entered up in ink.

(b) *Chairs to have Backs.*—(1) Where it is necessary for employees to sit at their work, seats shall be provided for the employees by the employer. Such seats shall be reasonably comfortable seats.

(2) A seat provided for any female employee shall have a back to it, unless the work of such employee cannot be conveniently done in such a seat, or unless the employee requests to be allowed to use a seat without a back to it.

(c) *Collecting Logs.*—Where piece-work is in operation, the employer shall make arrangements for collecting the logs, and the employees need not leave their places.

TERMS OF ENGAGEMENT.

(9) (a) The week shall terminate on a day other than Monday or Saturday, and all employees shall be paid all moneys due to them in full during the ordinary working hours not later than two working days following the termination of the week. In order to terminate employment of a weekly employee, two days' notice shall be given on any day, with payment to date of termination, or in lieu thereof two days' pay shall be paid or deducted. When employment is terminated by an employer, the employer shall, upon the date of such termination, pay to the employee (weekly employee or piece-worker) all moneys due to him or her, and, when employment is terminated by an employee in accordance with the terms of this Determination, the employer shall pay to the employee (weekly employee or piece-worker) all moneys due to him or her.

(b) All weekly wages shall be paid to the employees in full, with the following exceptions:—

(1) *Turns to be Observed.*—In slack times the employer shall observe turns of employment for weekly workers and piece-workers (including outside workers) not engaged on making samples in the respective class or classes of work at which they are engaged, provided always that journeymen and journeywomen having apprentices under their control shall be allowed in their turn extra work equivalent to the wages of the apprentices during the time the turn system is in operation. The employer shall keep in the workroom a true record of every turn, which shall be open to the inspection of the employees.

(2) *Standing Off Employees in Turn.*—Should any employer during slackness of trade desire to stand off his employees in turn, then the employer on any day during any week shall inform every person whom it is proposed to stand off of any day or days in the following week (other than a Saturday or holiday) upon which his or her services will not be required; but an employee shall not, except under the conditions provided in sub-clause (3) of this clause, be stood off for part of a day without being paid for a whole day.

(3) *Employees Working Shortened Hours.*—If it is desired to work a week of shorter hours in slack times, instead of standing the employees off in turn, the employer may make an arrangement to work his employees for shortened hours, but such arrangement shall be made only where, on the vote of the employees being taken, a majority of the whole of the employees vote in favour of such arrangement.

Where such an arrangement is made, the employees shall be informed on the day ending each week of the shortened hours to be worked in the following week.

Where an arrangement is made in compliance with this provision the employer shall pay each employee for the actual hours worked on each day on the basis of his or her weekly wage.

(4) *Vacation Periods.*—Nothing contained in this sub-clause shall apply in the case of the usual vacation period at Christmas or Easter.

(c) *Classes of Employees.*—For the purpose of this clause (but subject to the provisions of sub-clause (b) hereof), in operating the turn system the various classes of employees shall be taken separately, and "classes of employees" shall mean each class of employee in respect of which a classification of work has been provided under this Determination, but in all cases, male improvers and journeymen or female improvers and journeywomen doing the same class of work, shall be deemed to be one class of employee.

(d) *Stoppage of Work re Breakdown of Machinery.*—In the event of the work of a factory or workshop being stopped by a breakdown of machinery or a stoppage of supply of power, or for any cause for which the employer cannot reasonably be held responsible, all weekly hands who present themselves for work shall be found work for that day, or paid one day's wages in lieu thereof, but when such breakdown or stoppage occurs the employer may give notice to an employee that his or her services will not be required on the following day or days, and the employee shall not be entitled to any further payment in respect of any further days that he or she is out of employment by reason of such break-down or stoppage.

(e) *Terminating Employment in Relation to a Holiday.*—Where the employer terminates the employment of an employee within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by the Determination, provided that such employee has been employed by the employer for a period of at least one week prior to the termination of employment.

(f) *Employees Absenting Themselves.*—No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work ready to be done by such employer, and where weekly wages are fixed the employee to be entitled to the sums so fixed must be available and ready and willing to do the work on the days and during the hours fixed by this Determination.

(10)

OUTSIDE WORKERS.

(a) No person who is or is deemed to be the occupier of a factory within the meaning of section twenty-three of the *Factories and Shops Act 1928* (No. 3677) shall issue or give out or authorize or permit to be issued or given out any material whatsoever for the purpose of being wholly or partly prepared or manufactured outside a factory as articles of clothing or wearing apparel for trade or sale, except to a person who has been licensed by the Chief Inspector of Factories as an outside worker. Provided that no such outside worker shall employ any other person or persons whatsoever in wholly or partly preparing or manufacturing such articles of clothing or wearing apparel save and except members of such worker's own family.

(b) In factories where a task rate is fixed in respect to the same class of work as that given to outside workers, then, in every such case, the rate so fixed shall be the piecework price to be paid to such outside workers. In factories where no such task rate is fixed for the class of work performed by outside workers, then such outside workers shall be paid such piecework price as will enable an outside worker to earn at least 1s. 6d. per hour in the case of a female and 2s. 1d. per hour in the case of a male.

(c) Every outside worker shall be provided, free of charge, with cotton, silk thread and all other sewings and trimmings used in the manufacture of garments.

(d) In the case of an employer delivering or collecting the work of such outside worker, the same shall be done without charge to such outside worker.

(e) Every employer who has work done elsewhere than in his factory or workshop shall keep a record book, which shall contain a correct account written in ink as follows:—

(i) The name and full address of the outside worker.

(ii) The number of articles and description of work given out.

(iii) The price paid for such work.

(iv) The record book shall be signed each week by each outside worker, verifying the accuracy of the amount of wages received.

(f) The record book mentioned in the preceding sub-clause shall be open for inspection at any time by any authorized officer of the Department of Labour.

(11)

MISCELLANEOUS PROVISIONS.

(b) shall be kept correctly entered up in ink; and

(c) shall record clearly the actual date of each day, of each week, and also the date of the day on which the week ends.

(2) The employer shall provide in each factory, or place where there are not fewer than 30 employees, and where work is carried on for him, a time-book, or sheet, or record. Such time-book, or sheet, or record shall be in the English language and shall contain a correct account of the hours worked each day and the wages received each week by each employee. Such time-book, or sheet, or record shall be kept correctly and entered up in ink.

(b) *Chairs to have Backs.*—(1) Where it is necessary for employees to sit at their work, seats shall be provided for the employees by the employer. Such seats shall be reasonably comfortable seats.

(2) A seat provided for any female employee shall have a back to it, unless the work of such employee cannot be conveniently done in such a seat, or unless the employee requests to be allowed to use a seat without a back to it.

(c) *Collecting Logs.*—Where piece-work is in operation, the employer shall make arrangements for collecting the logs, and the employees need not leave their places.

(d) *Rest Period.*—When any spell of duty is for more than four hours, an interval of ten minutes, to be selected by the employer, shall be allowed in the third hour to females and apprentices for refreshment. The interval shall be as part of the time of duty, without deduction of time-work pay. During such rest period, the employees may leave their seats, but not the premises.

(12)

PIECE-WORK.

(a) Subject to the conditions hereinafter set out, the employer, in conjunction with his employees, may fix his own piece-work prices, provided such prices enable a journeyman or journeywoman of average capacity working under like conditions to earn at least 10 per centum more than the minimum weekly wage in their respective classes. The same piece-work prices shall be paid to all piece-workers doing the same operation in the factory or workshop whether they be improvers or apprentices or juveniles on piece-work or otherwise.

(b) All piece-workers who are available and ready and willing to work during the ordinary working hours, shall be paid in each week:—In the case of journeymen and journeywomen who at the piece-work prices so fixed are unable to earn the rate fixed for "All others," not less than such rate; and in the case of apprentices or improvers, not less than the amount prescribed by this Determination for an apprentice or improver of like experience.

(c) The piece-work price in respect of all garments or parts of garments or other articles or parts of articles shall be determined in the following manner:—

(i) Where there are fewer than twenty employees involved in the work to be performed, the employer, or his representative in conference with one employee chosen by and from such employees, shall fix the prices.

TERMS OF ENGAGEMENT.

- (a) The week shall terminate on a day other than Monday or Saturday, and all employees shall be paid all moneys due to them in full during the ordinary working hours not later than two working days following the termination of the week. In order to terminate employment of a weekly employee, two days' notice shall be given on any day, with payment to date of termination, or in lieu thereof two days' pay shall be paid or deducted. When employment is terminated by an employer, the employer shall, upon the date of such termination, pay to the employee (weekly employee or piece-worker) all moneys due to him or her, and, when employment is terminated by an employee in accordance with the terms of this Determination, the employer shall pay to the employee (weekly employee or piece-worker) all moneys due to him or her.
- (b) All weekly wages shall be paid to the employees in full, with the following exceptions :—
 - (1) *Turns to be Observed.*—In slack times the employer shall observe turns of employment for weekly workers and piece-workers (including outside workers) not engaged on making samples in the respective class or classes of work at which they are engaged, provided always that journeymen and journeywomen having apprentices under their control shall be allowed in their turn extra work equivalent to the wages of the apprentice during the time the turn system is in operation. The employer shall keep in the workroom a true record of every turn, which shall be open to the inspection of the employees.
 - (2) *Standing Off Employees in Turn.*—Should any employer during slackness of trade desire to stand off his employees in turn, then the employer on any day during any week shall inform every person whom it is proposed to stand off of any day or days in the following week (other than a Saturday or holiday) upon which his or her services will not be required; but an employee shall not, except under the conditions provided in sub-clause (3) of this clause, be stood off for part of a day without being paid for a whole day.
 - (3) *Employees Working Shortened Hours.*—If it is desired to work a week of shorter hours in slack times, instead of standing the employees off in turn, the employer may make an arrangement to work his employees for shortened hours, but such arrangement shall be made only where, on the vote of the employees being taken, a majority of the whole of the employees vote in favour of such arrangement. Where such an arrangement is made, the employees shall be informed on the day ending each week of the shortened hours to be worked in the following week. Where an arrangement is made in compliance with this provision the employer shall pay each employee for the actual hours worked on each day on the basis of his or her weekly wage.
 - (4) *Vacation Periods.*—Nothing contained in this sub-clause shall apply in the case of the usual vacation period at Christmas or Easter.
- (c) *Classes of Employees.*—For the purpose of this clause (but subject to the provisions of sub-clause (b) hereof), in operating the turn system the various classes of employees shall be taken separately, and "classes of employees" shall mean each class of employee in respect of which a classification of work has been provided under this Determination, but in all cases, male improvers and journeymen, or female improvers and journeywomen doing the same class of work, shall be deemed to be one class of employee.
- (d) *Stoppage of Work re Breakdown of Machinery.*—In the event of the work of a factory or workshop being stopped by a breakdown of machinery or a stoppage of supply of power, or for any cause for which the employer cannot reasonably be held responsible, all weekly hands who present themselves for work shall be found work for that day, or paid one day's wages in lieu thereof, but when such breakdown or stoppage occurs the employer may give notice to an employee that his or her services will not be required on the following day or days, and the employee shall not be entitled to any further payment in respect of any further days that be or she is out of employment by reason of such breakdown or stoppage.

(e) *Terminating Employment in Relation to a Holiday.*—Where the employer terminates the employment of an employee within one week of a day on which a holiday occurs, the employee shall be paid for such holiday or holidays prescribed by the Determination, provided that such employee has been employed by the employer for a period of at least one week prior to the termination of employment.

(f) *Employees Absenting Themselves.*—No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work ready to be done by such employee, and where weekly wages are fixed the employee to be entitled to the sums so fixed must be available and ready and willing to do the work on the days and during the hours fixed by this Determination.

(10)

OUTSIDE WORKERS.

(a) No person who is or is deemed to be the occupier of a factory within the meaning of section twenty-three of the *Factories and Shops Act 1928* (No. 3677) shall issue or give out or authorize or permit to be issued or given out any material whatsoever for the purpose of being wholly or partly prepared or manufactured outside a factory as articles of clothing or wearing apparel for trade or sale, except to a person who has been licensed by the Chief Inspector of Factories as an outside worker. Provided that no such outside worker shall employ any other person or persons whatsoever in wholly or partly preparing or manufacturing such articles of clothing or wearing apparel save and except members of such worker's own family.

(b) In factories where a task rate is fixed in respect to the same class of work as that given to outside workers, then, in every such case, the rate so fixed shall be the piece-work price to be paid to such outside workers. In factories where no such task rate is fixed for the class of work performed by outside workers, then such outside workers shall be paid such a price as will enable an outside worker to earn at least 1s. 5d. per hour in the case of a female and 2s. 1d. per hour in the case of a male.

(c) Every outside worker shall be provided, free of charge, with cotton, silk thread and all other sewings and trimmings used in the manufacture of garments.

(d) In the case of an employer delivering or collecting the work of such outside worker, the same shall be done without charge to such outside worker.

(e) Every employer who has work done elsewhere than in his factory or workshop shall keep a record book, which shall contain a correct account written in ink as follows:—

(i) The name and full address of the outside worker.

(ii) The number of articles and description of work given out.

(iii) The price paid for such work.

(iv) The record book shall be signed each week by each outside worker, verifying the accuracy of the amount of wages received.

(f) The record book mentioned in the preceding sub-clause shall be open for inspection at any time by any authorized officer of the Department of Labour.

(11)

MISCELLANEOUS PROVISIONS.

(2) A seat provided for any female employee shall have a back to it, unless the work of such employee cannot be conveniently done in such a seat, or unless the employee requests to be allowed to use a seat without a back to it.

(c) *Collecting Logs.*—Where piece-work is in operation, the employer shall make arrangements for collecting the logs, and the employees need not leave their places.

(d) *Rest Period.*—When any spell of duty is for more than four hours, an interval of ten minutes, to be selected by the employer, shall be allowed in the third hour to females and apprentices for refreshment. The interval shall be as part of the time of duty without deduction of time-work pay. During such rest period, the employees may leave their seats, but not the premises.

(12)

PIECE-WORK.

(a) Subject to the conditions hereinafter set out, the employer, in conjunction with his employees, may fix his own piece-work prices, provided such prices enable a journeyman or journeywoman of average capacity working under like conditions to earn at least 10 per centum more than the minimum weekly wage in their respective classes. The same piece-work prices shall be paid to all piece-workers doing the same operation in the factory or workshop whether they be improvers, apprentices, or juveniles on piece-work or otherwise.

(b) All piece-workers who are available and ready and willing to work during the ordinary working hours, shall be paid in each week:—In the case of journeymen and journeywomen, who at the piece-work prices so fixed are unable to earn the rate fixed for, all others not less than the all others rate; and in the case of apprentices or improvers, not less than the amount prescribed by this determination for an apprentice or improver of like experience.
