#### PIECE-WORK WHICH MAY BE FIXED BY AN EMPLOYER.

- (10) The Board determines, under the provisions of Section 150 of the Factories and Shops Act 1928 (No. 3677), that any employer may fix and pay piece-work prices to any person employed in the glazed pipes and salt-glazed ware, general pottery, tile, and terra-cotta sections of the trade at work for which piece-work prices have not been specified above, provided that any such employer shall base such piece-work prices on the earnings of an average worker working under like conditions, and such piece-work prices shall be fixed so that an average worker can earn not less than the wages rates that are fixed by the Board for such work.
- (11) Periodical Adjustment of Wages.—The wages rates for males set out in clause 2 are based upon the following basic wage, and pursuant to and in accordance with the provisions of section 21 of the Factories and Shops Act 1934, the Board hereby determines that such rates shall be automatically increased or decreased by the same amount, and at the same time as such basic wage. Provided that proportionate adjustments to the rates for females, and for apprentices and improvers, and to the piece-work prices shall be made at the same time as follows:—
  - (a) The rates for females and for apprentices and improvers to the nearest 3d., half or less than half of 3d. to be disregarded.
    (b) The piece-work prices as set out in clause 9 to the nearest farthing.

The basic wage shown hereunder shall be adjusted as prescribed in clause (12).

(12) Adjustment of Basic Wage.—(a) Until the beginning of the first pay period to commence in September, 1939, the amount of the basic wage shall be as prescribed in clause (11).

(b) During each future successive period beginning with the first pay period to commence in a September, a December, a March, or a June, the amount of the basic wage shall be adjusted by the following method according to the position and fluctuations (if any) of the Commonwealth Statistician's "All Items" retail price index numbers.

For the purposes of this Determination the expression "Commonwealth Statistician's retail price index numbers" or any like expression, means the numbers stated to be such index numbers in any document purporting, and not proved to be wrongly so purporting, to be printed by the Commonwealth Government Printer or to be signed by or on behalf of the Commonwealth Statistician:—

(2) The index number set to be applied is that assigned to Melbourne.

(2) The index number for the calendar quarter next preceding the period of thirteen weeks for which the adjustment is made is to be ascertained.

(3) The amount assigned in the following table (or in any extension thereof) to the index number division comprising that number is to be ascertained.
 (4) The basic wage shall be of that assigned amount during such successive period.
