TENDERS FOR GRAZING LANDS.

FOR THE PERIOD 1ST DECEMBER, 1939 (EXCEPT WHERE OTHERWISE STATED), TO 30TH SEPTEMBER, 1940, WITH THE RIGHT OF RENEWAL ANNUALLY FOR A FURTHER PERIOD WHERE STATED.

Tender Forms can be obtained on application to the Lands Department, Melbourne, or any of the Lands Offices in the Country.

Tenders should be placed in the Lands Department Tender-box, State Treasury Buildings, Melbourne, C.2, at or before Noon on Tuesday, 19th December, 1939.

NOTE.—No tender will be accepted unless the rent for the full period and fee of Seven shillings and six pence for licence are forwarded.

TENDERS are invited and must be lodged at the Lands Department, Melbourne, at or before Noon, on Tuesday, 19th December, 1939, for the right to depasture stock on the following unappropriated portions of lands subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 121 of the *Land Act 1928* shall be subject to the conditions set forth in the Schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

CONDITIONS.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 121st section of the *Land Act 1928*, or being resumed by order of the Governor or Administrator of the Government of Victoria with the advice of the Executive Council.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miner's rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without the authority in writing by the Minister, is forbidden.

8. That, in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip-panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 123 of the *Land Act 1928* the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognized.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling or other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all noxious weeds on the land, and on the half-width of the adjoining roads, and shall be responsible for the destruction of noxious weeds under the *Vermin and Noxious Weeds Act 1928* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. The licensee shall thoroughly and effectively protect the land within the boundaries of his licensed area from fire, and shall extinguish any fire which may break out on such area or may spread to it. In the event of the area being damaged by fire, the licence may be forfeited, unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants, were in any way responsible for such fire.

19. The licensee shall not interfere in any way with any survey marks on the land hereby licensed.

20. The licensee shall pay shire rates and all other charges for the period of occupation.

SPECIAL CONDITIONS.

1. The period of occupation, except where otherwise stated, will be for nine (9) months from 1st January, 1940, to 30th September, 1940, with the right of renewal annually for a further period as stated.

2. The rent for the full period—for which the licence will be issued, and the fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Separate tenders must be lodged for each block.

4. *Tenders to be addressed to the Secretary for Lands (Tender-box), Melbourne.*

5. The highest or any tender not necessarily accepted.

6. Tenderers must give their full name, occupation, and ordinary postal address.

7. The areas are given as more or less, and all appropriated, alienated, or licensed lands (if any) within the boundaries are excluded.

8. Where permission to fence has been granted, the outgoing tenant has the option to remove any existing fencing owned by him within one month, or he may arrange with the incoming tenant to pay for it in accordance with the provisions of section 124, *Land Act 1928*.

This does not apply to cases where the land was the subject of an expired Grazing Area Lease. In all such cases, the ingoing tenant will be held responsible for the care and maintenance of any improvements.

In addition to the foregoing conditions, the following will apply to lot 22 only:—

The Minister may grant permission to cultivate.

No advances will be made by the Board of Land and Works with respect to these areas.

Existing improvements, including clearing, to be maintained to the satisfaction of the Minister.

Any allotment or allotments at present occupied within the boundaries of the proposed grazing licence will be included, when vacant, and shall be accepted by the licensee at a rental equal to the average price per acre he will be paying for his original licence.

The Board of Land and Works reserves the right to sell or remove from each lot the surplus houses or other buildings not required for the reasonable working of the areas.

The Minister may grant permission to the licensee to remove any internal fencing to complete the boundary fences.

NOTE.—No provision has been made for the supply of water to these four areas, consequently each licensee will be required to make his own arrangements.

Plans can be seen and information may be obtained in this office.

Section 121, *Land Act 1928*, provides—

1. Where a licensee under section 121 of the *Land Act 1928* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

HOURS OF EMPLOYMENT.

(4) The ordinary hours of employment shall be 44 per week, to be worked, except as to shift workers, between the hours of 7 a.m. and 5.30 p.m. on Monday to Friday inclusive, and 7 a.m. to noon on Saturday: Provided that the spread of hours herein prescribed may be altered by mutual agreement between an employer and his employees, and also that the weekly hours may be worked in five days.

SHIFT WORK.

(5) For any afternoon or night shift which has been in operation for five nights consecutively and for less than one month 10 per cent. more than ordinary rates shall be paid, and after such shifts have continued for more than one month 5 per cent. more than the ordinary rates shall be paid. Shifts which do not continue for five consecutive nights shall be regarded as overtime.

OVERTIME.

(6) (a) For all work done outside ordinary hours the rate of wage shall be time and a half for the first four hours and double time thereafter.

(b) In computing overtime each day's work shall stand alone.

(c) An employee recalled after leaving his workshop to work overtime shall be paid for a minimum of three hours' work at the appropriate rate.

(d) An employee occasionally required to hold himself in readiness to work after ordinary hours shall until released be paid standing by time at ordinary rates from the time from which he is to hold himself in readiness. But any custom now prevailing under which an employee is required to regularly hold himself in readiness for a call back shall continue.

(e) An employee (other than on shift) who has worked up to or beyond midnight shall not be bound to continue work on the following day.

(f) For all work done during meal hours and thereafter until a meal hour break is allowed time and a half rate shall be paid. An employee shall not be compelled to work for more than 6 hours without a break for a meal.

(g) An employee working overtime shall be allowed a crib time of twenty minutes without deduction of pay after each four hours of work, but this provision shall not prevent any arrangement being made for the taking of a longer meal period without pay.

(h) Before starting overtime after working ordinary hours, a meal break of at least 45 minutes shall be allowed, unless the period of overtime is less than one and a half hours. An employee and his employer may mutually agree to any variation of this sub-clause to meet the circumstances of the work in hand.

(i) An employee being required to work overtime for more than two hours without being notified the day before that he will be required so to work, shall either be supplied with a meal by the employer or paid 1s. 6d., or if work extends into a second meal hour 2s. 6d. for the two meals, but such payment need not be made to employees who live in the same locality as their workshop, and who can reasonably return home for meals.

If an employee, pursuant to notice, has provided a meal or meals, and is not required to work overtime, he shall be paid for each meal so provided.

(j) Subject to the provisions of the second part of sub-clause (f) of this clause, an employee shall work during meal breaks at the ordinary rates herein prescribed whenever instructed so to do for the purpose of making good break downs of plant, or upon routine maintenance of plant which can only be done while such plant is idle.

(k) When an employee working overtime finishes work at a time when reasonable means of transport is not available, the employer shall provide him with a conveyance, or pay him ordinary wage rates for the time occupied in reaching his home.

MIXED FUNCTIONS.

(7) An employee engaged on any day on different grades of work shall be paid at the rates prescribed for time actually worked in each grade.

HOLIDAYS AND SUNDAY WORK.

(8) (a) Employees shall be entitled to the following public holidays (without pay except as hereinafter provided):—New Year's Day, Foundation or Anniversary Day, Good Friday, Easter Saturday, Easter Monday, Eight Hours Day (or Labour Day), Anzac Day, King's Birthday, Christmas Day, and Boxing Day.

By an agreement between an employer and his employees other holidays may be substituted for the said days, or any of them, as to such employer's undertaking.

(b) Employees shall be paid at the rate of double ordinary time for work done on Sundays and public holidays, such double time to continue until the employee has been relieved from duty at least eight hours. Provided that the employee shall not be paid for the time he is resting.

Provided further that employees engaged in repairs or renewals of their employer's plant and machinery necessary for resumption of work the next following working day (not including the installation of new machinery) shall on Sundays or holidays be paid at the rate of time and a half.

PIECEWORK RATES.

(9) Subject to the minimum wages herein prescribed, an employer may remunerate any of his employees under any system of payment by results based on rates which will enable workers of average capacity to earn at least 10 per cent. in excess of their prescribed hourly or weekly rates.

EXTRA RATES NOT CUMULATIVE.

(10) Extra rates prescribed in this determination are not cumulative so as to exceed the maximum of double the ordinary rates.

PAYMENT OF WAGES.

(11) (a) Wages shall be paid weekly. Where the services of an employee are dispensed with, wages shall be paid to him on the day of dismissal, or forwarded to him by post on the following day.

(b) An employee kept waiting for his wages on pay day for more than a quarter of an hour after the usual time for ceasing work shall be paid at overtime rates after that quarter of an hour, with a minimum of a quarter of an hour.

CONTRACT OF EMPLOYMENT.

(12) (a) With the exceptions hereinafter stated, employment may be by the week or by the hour. If by the week it shall be terminable on either side by one week's notice given on any day, or (if the employer terminate it without such notice) by payment of one week's wages.

A contract for weekly employment may be terminated by an employer, without liability to pay for more than time actually worked, for misconduct, or absence from work without reasonable excuse. If any employee engaged by the week absents himself from duty, except on public holidays, or for days for which he produces a certificate from a medical practitioner, or other proof satisfactory to his employer of sickness (aggregating four days' sickness in each year), a sum proportionate to his time of absence may be deducted from his pay, i.e., one-sixth of the weekly wage for each day of absence, including Saturdays, in shops working six days, and one-fifth in shops working five days per week. Provided that only time actually lost shall be deducted when an employee is absent, with leave, on a Saturday.

(b) If the contract for employment is for hourly hiring, the total amount of the rates prescribed in clause 2 hereof shall be increased by 5s. per week, but such amount shall not be taken into account in computing overtime, Sunday, and holiday rates.

(c) An employee starting work on hourly hiring shall be entitled to a minimum of four consecutive hours' work, or to four hours' pay for the job—such hours may be deemed to be consecutive if worked in ordinary hours at the end of a day and the beginning of the next succeeding day.

MISCELLANEOUS PROVISIONS.

(13) (a) *Tools*.—The employer shall provide for each employee such tools as were customarily provided at the time of the making of this Determination, and for sheet metal workers snips used in the cutting of stainless steel, Monel metal, and similar hard metal. The employee shall replace or pay for any tools so provided if lost through his negligence.

(b) (1) Suitable asbestos sheet and coloured glasses or suitable hoods shall be provided by employers for the protection of electric arc and oxy-acetylene operators and their assistants, and suitable mica or other goggles for emery-wheel operators.

(2) Suitable leather or canvas gloves shall be provided by employers for the operators of pneumatic tools and/or punch and shearing machines.

(c) Patternmakers, at the conclusion of their employment, shall be allowed one hour for grinding tools.

(d) Employers shall provide proper washing and sanitary conveniences.

TIME AND WAGES BOOK.

(14) Each employer shall keep a time and wages book showing the name of each employee and his occupation, the hours worked each day and the wages and the allowances paid each week.

The time occupied by an employee in filling in any time books or cards or in the making of records shall be treated as time of duty, but this does not apply to checking in or out at the beginning or end of duty.

SPECIAL RATES.

(15) In addition to the wages prescribed in clause 2 hereof the following special rates and allowances shall be paid:—

(a) Leading hands in charge of not less than three and not more than ten employees, 6s. per week extra; more than ten and not more than twenty, 12s. per week extra; more than twenty, 18s. per week extra.

(b) Except where dismissed for misconduct or when leaving of his own accord, a patternmaker employed for less than three weeks at a workshop or job, shall, to the extent of 6s. be reimbursed by his employer any expense incurred in the carting of tools.

Provided that only time actually lost shall be deducted when an employee is absent, with leave, on a Saturday.

WEEKLY ENGAGEMENT.

(5) (a) Except as provided by clause (4), all employment shall be by the week. Employees to become entitled to payment on a weekly basis shall (except as provided by clause (12) (b)) perform such work as the management shall from time to time require on the days and during the hours usually worked by the class of employees affected.

(b) Employment for the first two weeks of service shall be from day to day at the weekly rate fixed. Provided that where an employer orders employees not to work on rainy days because of the state of the weather, such order shall not deprive such employees of their claim for payment under the weekly engagement, but if such employees cease work on rainy days without being ordered to do so they shall not be entitled to payment for time so lost.

Provided that if the number of hours worked by such majority exceeds 48 per week the ordinary working hours for such employee shall not exceed 48 per week nor $8\frac{1}{2}$ in any one day if a six-day week be worked nor $9\frac{1}{2}$ hours in any one day if a five-day week be worked.

(d) Time occupied in raising steam or in starting up, closing down engines or banking fires shall be regarded as time worked, but where the number of ordinary working hours as provided in sub-clause (a) is less than 48 per week, and the time so occupied causes the employee to work an excess over such number of working hours, he shall to the extent of the difference between such number and 48 hours per week receive additional payment at the ordinary rate only per hour for working such excess, notwithstanding clause (8) hereof.

(e) In country and bush saw-mills, each engine-driver or fireman, when so engaged, shall be allowed the following time at ordinary rates for preparing or closing down engines or for raising steam or banking fires on boilers:—

Provided that if the average worked by such majority is less than 44 hours per week, the average number of ordinary hours on duty or such employee shall be 44 per week.

(e) For work done by a shift worker outside the ordinary hours of his shift, double time shall be paid. But this shall not apply to arrangements between employees themselves or in cases due to rotation of shift or when the relief does not come on duty at the proper time. (f) Employees working afternoon or night shifts which continue for more than one month shall be paid 5 per cent. more than ordinary rates for such shifts. If such shifts continue for less than one month but for more than five nights 10 per cent. extra shall be paid. (b) Such time and wages book shall on demand be produced at reasonable times by the employer for inspection to an official of the Federated Engine-drivers and Firemen's Association of Australasia duly authorized in writing by the president and secretary of the local branch or sub-branch of the said Association at the place where the time and wages book is kept.

(c) Provided that an employer may at his option, in lieu of the time and wages book, provide a mechanical clock for the purpose of recording the time of each employee in which case each employee shall, at the end of the week, enter the wages and overtime received on some card or check used in connexion with such clock and such card or check shall be deemed to be the time and wages book.

LIMITATION OF EMPLOYER'S LIABILITY.

(15) Where an employer has made payment to an employee which payment purports to be a payment of the wages payable to the employee for any period, such employer shall not be liable to pay to the employee any further sums prescribed by this Determination in respect of any service rendered to such employer during such period unless within a period of six calendar months after the last day of such period a demand in writing of such further sum claimed has been given to the employer by the employee or some person on his behalf.
