The word "Schedule" shall mean and embrace the schedule or schedules hereunto annexed.

2. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

3. The Government will order from the contractor those articles enumerated in the schedule for which his tender is accepted.

4. The first delivery under this contract, equal to one half the quantity contracted for, shall be made not later than 30th November, 1940, and the remainder shall be delivered not later than 28th February, 1941. Should the contractor so desire, the whole quantity contracted for may be delivered by the date first specified.

5. The supplies are to be in accordance with schedule conditions where so stated, and of the particular manufacture indicated in the schedule.

6. All packages, cases, wrappings, &c., whether bulk be broken or not, shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor. The net weight only will be paid for. Contractors must provide, without extra charge, whatever labour, &c., may be required in the packing and delivery of the supplies.

7. All supplies shall be made to the Government Printer. The goods shall be delivered as may be directed by that officer in terms of contract. At the time of delivering the supplies, the contractor shall produce an invoice and specification showing the number and contents of each package in duplicate to the officer authorized to accept delivery, and such officer shall give an acknowledgment to the contractor of the receipt of the stores delivered by him.

8. All papers supplied, excepting Item 38, must be supplied in reams, and must be according to the specification as set out in the Schedule, and cut to the true size ordered. Each ream must contain 500 sheets, and must be supplied flat (unless otherwise specified). No creased or damaged paper will be accepted.

9. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense, such expenses to be deducted as in clause 10. Delivery will not be deemed to have been made until the goods have been approved. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in clause 10.

No. 101.—3685/40.—2

10. In the event of the goods not being delivered within the time stated the Government Printer may, on giving the contractor twenty-four hours' notice, purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

11. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Printer to the Tender Board, to such mulct, not exceeding One hundred pounds, for each and every default, as the Treasurer may direct, and the amount may be deducted as set out in clause 10. It will also be in the power of the Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

12. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

13. In the event of any alteration in the duty of Customs or Telegraphic Transfer Exchange, which may affect any of the items included in the contract, the Government or the contractor, as the case may be, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, and the contractor shall, if called upon, submit such documentary evidence as may be required by the Government to permit of the calculation of any such allowance.

14. *The contractor shall not insure the goods against War Risk.*

*In the event of the goods being lost or damaged in transit through risks covered by the London Institute Marine War, and Strike Clauses, the amount of such loss or damage shall be to Victorian Government account, provided that evidence satisfactory to the Tender Board of such loss or damage is produced by the contractor.*

15. Each package shall be branded "O.H.M.S. The Government of Victoria, The Government Printer, Melbourne," and numbered consecutively, and each package shall also be marked with the number of the contract and contents of same for identification purposes.

16. Every account must be in prescribed form, setting out the contract and item numbers, and must furnish full details of how it is made up.

## WORKING HOURS.

7. (1) Except as otherwise provided hereinafter the ordinary working hours of daymen shall not exceed 44 per week, comprising (unless otherwise agreed by the employer and his employees) eight hours each for the first five week days, to be worked between 7.30 a.m. and 5 p.m., and four hours on Saturday, to be worked between 7.30 a.m. and 12 noon. Provided that the employer shall have the option of arranging for the working of the said 44 hours during such first five week days and increasing the length of the day's work accordingly.

(2) Except as otherwise provided hereinafter, the ordinary working hours of shiftmen shall not exceed an average of 44 hours per week, to be worked in shifts not exceeding eight hours each including "crib" time reckoned as part of working time, such shifts to be distributed as the employer concerned may choose, but so as to make an aggregate shift time on duty not exceeding 48 hours in any one week, nor 176 hours in any period of four weeks, unless the excess time of duty is caused by arrangement between the employer and his employees.

(3) Unless otherwise agreed between the employer and his employees all shift work shall be so arranged as to allow each man, by rotation or otherwise, one clear day off in each week which week for this purpose shall be deemed to commence from the starting of the morning shift on Monday in each week unless otherwise agreed between the employer and his employees.

(4) For employees whose present ordinary working hours are less than 44 per week, the ordinary working hours and arrangement thereof shall continue as at present.

## OVERTIME RATES FOR DAYMEN.

8. (1) *Over Prescribed Number of Ordinary Hours.*—Unless otherwise provided elsewhere herein, for any time worked by daymen on any one day in excess of the number of ordinary working hours prescribed for that day, payment shall be made at time and a half for the first two hours and at double time thereafter.

(2) *Outside Prescribed Time Limits.*—Unless otherwise provided elsewhere herein, for time worked at any time other than between 7.30 a.m. and 5 p.m. on Monday to Friday (both inclusive), or 7.30 a.m. and noon on Saturday, or if other time limits be agreed upon between the employer and his employees, at any other time than between such agreed limits, payment shall be made at time and a half for the first two hours and at double time thereafter.

(3) *Work after Recall.*—A dayman who after his ordinary day's work has departed from the place where he works and has reached his home or other stopping place without having been given notice that he would be required to do further work on that day, if recalled to do such work, shall be paid at the rate of double time for such work, with a minimum payment as for three hours at ordinary rates, but this sub-clause shall not apply to shift work.

(4) *Overtime Rates not Cumulative.*—If more than one of the foregoing provisions applies to the time worked, payment shall be obligatory under only one of such provisions and if one of such provisions prescribes a higher rate, only under that provision.

(5) *Shift Work as Prescribed in Clause 9.*—Overtime rates for shift work and shiftmen shall be as prescribed in clause 9 and this clause shall not apply to them.

## SPECIAL EXTRA RATES FOR SHIFT WORK.

9. (1) *Shiftmen's Ordinary Hours.*—If an employee is required by the employer to do shift work, exceeding in length eight hours in any period of 24 hours, or 48 hours in any period of seven days, or an aggregate of 176 hours in any period of four weeks, he shall be paid for the excess time of working at time and a half for the first two hours and double time thereafter, unless the excess is worked as a result of an arrangement made between the employer and his employees, in which case he shall be paid for the excess time at ordinary rate. Provided that a shift worker who works two shifts in immediate succession shall be paid at the rate of double time for the second shift or part thereof, unless such second shift is worked by arrangement between the employees themselves, in which case the excess time shall be paid for at ordinary rates.

(2) *Daymen Put on Shift Work after doing Day's Work.*—Except in the case of arrangement between the employees themselves any dayman who after completing his ordinary day's work is put on to shift work shall be paid for all time worked on shift at time and a half, the payment to be in addition to payment for his ordinary work, and shall be entitled to absent himself from his ordinary work on the following day without incurring any deduction from his week's wages therefor. Provided that this sub-clause shall not apply to a dayman employed on the afternoon shift.

(3) *Daymen Put on to Shift Work before Finishing Ordinary Day's Work.*—Except in the case of arrangement between the employees themselves any dayman put on to shift work after doing portion only of his ordinary day's work, shall be paid the prescribed rate for the time actually worked on day work, and at the prescribed rate for the shift work from the time he commences the shift work until such time as he has worked in day work and shift work combined eight hours, Monday to Friday inclusive, or four hours, Saturday (where he works six days per week), or 8 hours 48 minutes, Monday to Friday inclusive (where he works five days per week), and for ensuing time at time and a half for the first two hours, and then at double time.

(4) *"Clash" Day Work.*—If an employee solely because of the "clashing" of shifts on the roster is on the day of the clash employed otherwise than on his ordinary shift he shall nevertheless be paid for his work on that day not less than at the prescribed rate for his ordinary shift.

(5) *Work on "Day Off."*—For all work on his day off in the week a shift man shall be paid at double time if the day be a Sunday or a holiday not observed on a Sunday, and at time and a half if it be another day, but if at the request of another employee he works as a substitute on the day for the other employee, he shall be paid at the rate at which the latter would have been paid.
