ACTS OF PARLIAMENT.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

I, THE Governor of the State of Victoria, in the Commonwealth of Australia, do hereby declare that I have this day assented, in His Majesty's name, to the Bills passed by the Parliament of the said State, the titles whereof are hereunder set forth, that is to say:—

- No. 4733. "An Act to continue the Operation of the *National Security (Emergency Powers) Act 1939.*"
- No. 4734. "An Act to make provision with respect to the Office of Chairman of the Melbourne Harbor Trust Commissioners."
- No. 4735. "An Act to provide for the Revocation of the Reservation of Certain Land in the Parish of Conewarre permanently Reserved as a Site for Public Purposes."
- No. 4736. "An Act to amend Section Five of the *Farm Produce Agents Act 1933.*"
- No. 4737. "An Act to provide Protection to Farmers in respect of Debts, and for other purposes."
- No. 4738. "An Act to amend the *Local Government (Rates) Act 1938.*"

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this ninth day of September, in the year of our Lord One thousand nine hundred and forty, and in the fourth year of the reign of His Majesty King George VI.

A. A. DUNSTAN.

GOD SAVE THE KING!

PUBLIC HIGHWAY.—SHIRE OF CRANBOURNE.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by the *Local Government Act 1928* (No. 3720), section 518, it is amongst other things enacted that it shall be lawful for the Governor in Council at any time, and from time to time, upon the request of the council of any municipality, by notice in the *Government Gazette*, to declare any land reserved, used, or by purchase or exchange acquired for a street, road, highway, thoroughfare, bridge, square, court, alley, or right-of-way to be a public highway, and that such land shall thereupon and thenceforth from the date of

such Proclamation become and be absolutely dedicated to the public as a public highway within the meaning of any law then or thereafter in force: And whereas the Council of the Shire of Cranbourne has requested that the land hereinafter mentioned, which has been used as a street by the said Council within the said shire, be so declared to be a public highway: Now therefore I, the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, do by this Proclamation declare the land used as a street hereinafter described, and situated within the Shire of Cranbourne aforesaid, to be a public highway within the meaning of the said Act, viz:—

PUBLIC HIGHWAY.—SHIRE OF CRANBOURNE.
Middle-road.

All that piece or parcel of land commencing at a point 3,319.7 links on a line bearing east from the north-west corner of Crown allotment 56, Parish of Langwarrin, County of Mornington; thence by lines bearing S. 18 deg. 0 min. By His Excellency's Command,

GEO. L. GOUDIE,
Commissioner of Public Works.

GOD SAVE THE KING!

Land Act 1928.

AREAS OF LANDS COMPRISED IN CERTAIN CLASSES DIMINISHED OR INCREASED.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

WHEREAS by the Land Act 1928 it is amongst other things enacted that the Governor in Council may, by Proclamation to be published in the Government Gazette, at any time diminish or increase the area of land comprised in any of the classes mentioned in Part I, Division 1, section 5, of the said Land Act 1928, but that the area of lands which may be sold by auction (Class 6) shall not be increased except as in certain cases in the said Act provided: Now therefore I, the Governor of the State of Victoria, in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in accordance with the provisions of sections 94 and 117 of the Land Act 1928 aforesaid, do hereby diminish or increase (as the case may be) the areas of Crown lands comprised in Classes 2, 6, 7 and 8 respectively of the classes mentioned in section 5 of the Land Act 1928 aforesaid to the extent set forth in the subjoined Schedules (that is to say):—

GOD SAVE THE KING!

Milk and Dairy Supervision Act 1928 (No. 3736).

MUNICIPAL DISTRICT PROCLAIMED.

PROCLAMATION

By His Excellency the Governor of the State of Victoria and its Dependencies in the Commonwealth of Australia, &c., &c., &c.

THE Governor of the State of Victoria in the Commonwealth of Australia, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of section 40 of the *Milk and Dairy Supervision Act 1928* (No. 3736) and all other powers me enabling in that behalf, do by this Proclamation proclaim the Municipal District of the Shire of Glenlyon, which is a municipal district outside any milk area, to be subject to the provisions of the aforesaid Act as from the 1st day of January, 1941, on which date the said Act and all Regulations and Orders now in force or which may from time to time be made under the said Act, shall come into operation and be of full force and effect in such Municipal District.

Given under my Hand and the Seal of the State of Victoria aforesaid, at Melbourne, this ninth day of September, in the year of our Lord One thousand nine hundred and forty, and in the fourth year of the reign of His Majesty King George VI.

(L.S.) WINSTON DUGAN.

By His Excellency's Command,

E. J. HOGAN,
Minister of Agriculture.

GOD SAVE THE KING!

Minister of Mines.

DECLARING VOID, AS TO PART, MINING LEASES.

Notice is hereby given that, in pursuance of the provisions of sections 113 and 90 of the *Mines Act 1928*, the Governor in Council has, by an Order made on the 2nd September, 1940, declared void mining lease No. 7887, Beechworth, as to such part of the land and mine demised as is indicated by red colour on the plan attached to the said Order, and containing 172a. 2r. 32p., more or less, and has fixed the rental of the said lease at £51 5s. per annum, and the labour covenant at five men.

The said lease is entered in the register book at the Office of Titles, volume 310, folio 35226.

Notice is hereby given that, in pursuance of the provisions conferred by sections 113 and 90 of the *Mines Act 1928*, the Governor in Council has, by an Order made on the 2nd September, 1940, declared void mining lease No. 7904, Beechworth, as to such part of the land and mine demised as is indicated by red colour on the plan attached to the said Order, and containing 395a. 1r. 21p., more or less, and has fixed the rental of the said lease at £3 15s. per annum, and the labour covenant at three men.

The said lease is entered in the register book at the Office of Titles, volume 320, folio 35375.

CORRECTION.

In the *Government Gazette* published on the 4th September, 1940, page 3295, under the heading of "Applications for Mining Leases Abandoned", 6894, Maryborough, should read 6894, Mineral.

GEO. BROWN,
Secretary for Mines.

STAMPS ACT 1937.

IN pursuance of the powers contained in the *Stamps Act 1937*, I hereby certify, until further notice, that Deborah Extended Gold Mining Company No Liability is engaged solely or principally in the search or mining for gold.

Dated the 11th day of September, 1940.

W. E. CAMIER,
Acting Comptroller of Stamps.

CONTRACTS ACCEPTED.—(Series 1940-41.)

VICTORIAN RAILWAYS.

61. Copper bolts and nuts, at £2 3s. 3d. per 100 (number) (Contract 51816).—Oxford Metals Pty. Ltd. 62. Battery chargers, items 1 and 2 at £15 10s., 3 and 4 at £16 10s., 5 at £23 each (Contract 51856).—McKenzie and Holland (Aust.) Pty. Ltd. 63. Sawn redgum timber, items 1, 2, 3 and 5 at 18s. 9d., 4 and 6 at 20s. 9d., 7 and 8 at 24s. 9d., 9, 10, 11, 12 and 29 at 25s. 9d., 13, 14 and 15 at 26s. 9d., 16, 25, 26, 32 and 36 at 28s. 9d., 17 at 22s. 6d., 18 at 23s. 9d., 19 at 26s. 3d., 20 at 26s. 6d., 21 and 22 at 27s. 6d., 23, 27, and 31 at 28s. 3d., 24 and 30 at 27s. 3d., 28, 42 and 43 at 30s. 9d., 33, 34 and 39 at 29s. 3d., 35, 37, 38 and 41 at 29s. 9d., 40 at 32s. 9d., 44 and 45 at 31s. 3d., 46, 47, 48, 49 and 50 at 31s. 9d., 51 at 32s. 3d., 52, 54, 55 and 56 at 35s. 9d., 53 at 33s. 3d., 57 at 40s. 9d., 58 at 36s., 59 at 37s. 3d., 60 at 44s. 9d. per 100 super. feet; 62 at 17s. 6d. per 100 (number); square sections 6 feet by 6 feet and over, 2s. 6d. per 100 super. feet extra; East Siding and Spotswood, 2s. 6d. per 100 super. feet extra; Bendigo and Newport, 1s. 6d. per 100 super. feet extra (Contract 51865, Order in Council, 11th June, 1940).—Arbuthnot Sawmills Pty. Ltd. 64. Bluestone spalls, items 3 at 4s., 4 at 5s. per ton weight. (Contract 51881, Order in Council 11th June, 1940).—Highfield Quarries Pty. Ltd. 65. Broken metal screenings &c., items 1, 2 and 3 at 6s. 3d., 4 and 5 at 6s. 8d., 6 and 9 at 6s. 10d., 7 at 7s., 8 at 7s. 8d., 10 at 4s. 8d. per cubic yard (Contract 51886, Order in Council 11th June, 1940).—Highfield Quarries Pty. Ltd. 66. Broken metal screenings, &c., items 1, 2 and 3 at 4s. 9d., 4 and 10 at 5s., 5 and 6 at 5s. 3d., 7 at 6s., 9 at 4s. 6d. per cubic yard (Contract 51891, Order in Council 11th June, 1940).—Coldstream Quarries Pty. Ltd. 67. Broken metal screenings, &c., items 1, 2 and 3 at 8s., 4 at 8s. 3d., 5 and 9 at 8s. 6d., 6 at 9s., 7 and 8 at 7s. 6d., 10 at 7s. per cubic yard (Contract 51899, Order in Council 11th June, 1940).—Deane and Runge. 68. Steel wire rope, items 1 at £77 15s., 2 at £51 5s. per ton (Contract 51903, Order in Council 5th August, 1940).—The Australian Wire Rope Works Pty. Ltd. 69. Electric storage alkaline batteries, at £186 each (Contract 52142, Order in Council 29th July, 1940).—C. M. Terry Pty. Ltd. 70. Mining timber, items 4 at 3½d., 8A at 7½d., 11 at 1s. 4d., 13 at 1s. 9d., 15 at 2s. 3d., 28 at 10d. each (Contract 52147).—V. R. Spinner. 71. Mining timber, items 4 at 3½d., 8A at 7½d., 11 at 1s. 4d., 13 at 1s. 9d., 15 at 2s. 3d., 28 at 10d. each (Contract 52148).—R. C. Hooker. 72. Mining timber, items 1 at 3d., 5 at 4d., 8 at 6½d., 11 at 1s. 4d., 14 at 2s., 16 at 2s. 6d., 29 at 1s. 3d. each (Contract 52152).—G. Allan. 73. Mining timber, items 1 at 3d., 5 at 4d., 8 at 6½d., 11 at 1s. 4d., 14 at 2s., 16 at 2s. 6d., 29 at 1s. 3d. each (Contract 52154).—R. G. Chapman. 74. Mining timber, items 1 at 3d., 5 at 4d., 8 at 6½d., 11 at 1s. 4d., 14 at 2s., 16 at 2s. 6d., 29 at 1s. 3d. each (Contract 52155).—W. H. Forster. 75. Mining timber, items 1 at 3d., 5 at 4d., 8 at 6½d., 11 at 1s. 4d., 14 at 2s., 16 at 2s. 6d., 29 at 1s. 3d. each (Contract 52156).—R. A. Johnson. 76. Mining timber, items 3 at 3½d., 6 at 4½d., 10 at 9d., 12 at 1s. 6d., 26 at 6d., 28 at 10d. each (Contract 52162).—J. H. Mason. 77. Mining timber, items 3 at 3½d., 6 at 4½d., 10 at 9d., 12 at 1s. 6d., 26 at 6d., 28 at 10d. each (Contract 52164).—H. Banks. 78. Mining timber, items 3 at 3½d., 6 at 4½d., 10 at 9d., 12 at 1s. 6d., 26 at 6d., 28 at 10d. each (Contract 52165).—W. Banks, junr. 79. Mining timber, items 3 at 3½d., 6 at 4½d., 10 at 9d., 12 at 1s. 6d., 26 at 6d., 28 at 10d. each (Contract 52166).—J. T. Hooker. 80. Mining timber, items 3 at 3½d., 6 at 4½d., 10 at 9d., 12 at 1s. 6d., 26 at 6d., 28 at 10d. each (Contract 52167).—A. G. Wilkinson. 81. Lighting power unit, at £305 (Contract 52177).—A. P. Sutherland.

By order of the Victorian Railways Commissioners,

E. C. EYERS, Secretary. 7.9.40.

Dated this 6th day of September, 1940.—A. F. WOOLLARD, Clerk of Petty Sessions.

KYABRAM SEWERAGE AUTHORITY.

BY-LAW No. 1.—RELATING TO CONSENTS, LICENCES, ETC., ALSO LEVELS, DIMENSIONS, CONSTRUCTION, MAINTENANCE, VENTILATION AND CLEANSING OF SEWERS AND OTHER MATTERS RELATING TO HOUSE CONNEXION WORK.

THE Kyabram Sewerage Authority, pursuant to and in exercise of the powers and authorities conferred on it by the Sewerage District Acts and of any and every other power or authority in any wise enabling it in that behalf, doth hereby make and prescribe the following By-law, that is to say:—

In the construction and interpretation of this By-law, unless inconsistent with the context or subject-matter—

“Acts” means the Sewerage District Acts and any amendment thereof, and any Act incorporated therein, or amendment of such Acts.

“Anti-syphonage vent” (or “back vent”) means any vent pipe from any individual trap to the open air, or a main or branch vent pipe having for its purpose the prevention of loss of water seal in the trap.

“Approved” means to the approval of the Engineer when referring to workmanship or materials.

“Authority” means the Kyabram Sewerage Authority.

“Bore,” “diameter,” or “size,” in reference to any pipe, drain, or sewer means the nominal internal diameter thereof, in accordance with accepted trade practice.

“Building” means any building used as a work place, residence, place of business, place of amusement, or place of human habitation, or for the storage of food intended for human consumption, but does not include outbuildings unless such are used for any of the above purposes.

“Combined pipe system” means that type of plumbing installation in which disconnector traps are omitted and both soil and waste pipes are connected directly to the drain or to a common pipe taking both soil and waste discharges, and in which a common system of venting is used for all classes of pipe.

“Combined waste pipe” means any pipe which receives the discharges from both soil and waste fixtures and conveys the same to the drain. Combined waste pipes are connected directly to the drain and are used only in connexion with the “combined pipe system.”

“Disconnector trap” means a trap for isolating or disconnecting waste pipes from the house drain and soil pipes and providing inlet ventilation to the waste pipe or pipes discharging into it.

“Drain” means any drain used for the drainage of one building only or of premises within the same curtilage and includes any drain for draining any group or block of houses by a combined operation under the order of the Authority.

“Educt vent” means an opening or pipe for the exit of air from and the induction of draught in a soil pipe, waste pipe, or house drain.

“Engineer” means the Engineer of the Authority, and shall also include any officer or person appointed by the Authority for the purpose of discharging the duties or exercising the powers of the Engineer.

“External closet” means any sanitary convenience which is not entered directly from nor has an opening into any building; direct access being had to the closet from the open air.

“Fittings” mean all apparatus or appliances, together with their necessary appurtenances and connexions, for use in connexion with the plumbing or drainage system of any property, with the exception of fixtures and straight piping.

For the purpose of computing fees payable under this By-law “Fitting” includes any sanitary or plumbing fixture or each piece of equipment which is connected to or discharges its waste water through a waste outlet or to a common outlet.

“Fixtures” means all apparatus or appliances, together with their necessary appurtenances and connexions, which may be attached to the plumbing or drainage system of any property, and which are intended for the collection or retention of any wastes or waste waters for ultimate discharge into the sewerage system.

“Flat” means a suite of rooms used, or intended or adapted for use, as a separate habitation and comprised in a building containing one or more similar suites.

“Induct vent” means an opening or pipe for the admission of air to a soil pipe, waste pipe, or house drain.

“Interceptor trap” (or “boundary trap”) means a trap for preventing the passage of air or gases from the sewer to the house drain at some point between the sewer and the lowest inlet to the house drain.

“Internal closet” means any closet which is entered from or has an opening into, any building.

“Occupier” means the person for the time being in actual or constructive occupation of the premises.

“Owner” includes the person for the time being who receives or is entitled to receive the rent of the lands or premises in connexion with which the word is used, whether on his own account or as an agent of or as trustee

for any other person, or who if such lands or premises were let to a tenant at a rack rent would be entitled to receive the rack rent from the occupier thereof.

“Premises” includes any house and any building whatsoever and any part of any house or building and any garden, stable yard or offices used together or in connexion with any house or building and every part thereof.

“Responsible officer” means any officer or his deputy or person authorized by the Authority to act as its representative in the particular matter to which the reference is made.

“Sewer” means any sewer or underground conduit or pipe which is not a drain within the meaning of the Acts and any drain or portion of a drain laid between a sewer and the boundary line of any allotment or curtilage.

“Sewerage district” means any portion of the Town of Kyabram and Parish of Kyabram East to which the Acts apply and which under any Acts is proclaimed the sewerage district of the Authority, and includes any area which is added to and forms part of such sewerage district.

“Sewered property” means, as well as any sewered land or premises, any land or premises which have been declared by a general notice given by the Authority under the Acts to be deemed and taken to be a sewered property within the meaning of the Acts.

“Sewerage system” includes all sewers, fittings, fixtures, appliances, plant, machinery, and any other sewerage works vested in the Authority.

“Slop sink” means any fixture other than a closet pan or urinal used for the discharge of soil or urine waters and provided with a flushing apparatus in accordance with Division 33 of this By-law.

“Soil pipe” means any pipe which conveys the discharge from water closets, slop sinks, or urinals to the house drain.

“Stack” means any vertical line of soil, waste or vent piping with its offsets, if any.

“Trade waste” means the liquid refuse from any business trade or manufacturing property, other than domestic sewage, storm water, or unpolluted water.

“Trap” means any fitting designed to retain a quantity of water to arrest the passage of air or gases through such fitting.

“Waste pipe” means any pipe which conveys the discharge from any fixture (except water closets, slop sinks, or urinals), to a disconnector trap.

“Water seal” or “trap seal” means the vertical distance between the dip and the crown weir of a trap.

INTERPRETATION.

In the construction of this By-law the meaning which, in the Acts, is assigned to any word shall be the meaning of the same word where occurring in this By-law, unless inconsistent with the subject-matter or context.

PART 1.—GENERAL REGULATIONS.

DIVISION 1.—APPLICATIONS FOR CONSENTS, ETC.

Section 1.—Application for the Authority's consent to connect with the sewerage system, or to do plumbing and drainage work connected therewith, must be made in writing by the owner of the property to be so connected, or by his authorized agent.

Section 2.—Such application shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be in the form prescribed by the Authority. For any wilful misrepresentation in such application the owner or authorized agent as aforesaid shall be guilty of an offence against this By-law. No consent given by the Authority shall be deemed to authorize anything not stated in the application nor to confer or grant the right to lay a drain through any land intervening between the sewer of the Authority and the land proposed to be connected, and every owner or agent applying for the Authority's consent shall satisfy himself as to his legal right to drain through such intervening land and he shall be solely responsible for any trespass or damage thereon or thereto.

Section 3.—Consents to make connexions with the sewerage system will be issued only when the plumbing and draining in the property to be connected is planned to be made in accordance with the rules for plumbing and draining hereinafter prescribed, and after such plan has been inspected and approved of by the responsible officer appointed by the Authority for the purpose, or, in the case of new buildings, when a proper plan of the plumbing and of the drainage of the building into the branch, of which the Authority shall have fixed the position, has been approved of in writing by the Authority. All connexions with drains or sewers and all plumbing and drainage connexions therewith, shall be made under the direction of the responsible officer of the Authority. No person shall be engaged or employed as a workman in the actual performance of any plumbing or drainage work unless he is the holder of a licence or permit issued by the Authority authorizing him to do such work. Any person who shall at

any time or at any place make up, form, affix, alter, or repair, any fitting, pipe, bend, trap, or other thing connected or intended to be connected with the Authority's sewerage system unless he be the holder of a licence or permit from the Authority authorizing him to do such work shall be liable to a penalty not exceeding Ten pounds.

If any person, whether he is or is not the holder of a Plumber's Licence or Permit from the Authority, alters, removes, or in any way interferes with any drain, fitting, pipe, bend, trap, or other thing, which drain, fitting, pipe, bend, trap, or other thing is connected with the Authority's sewerage system, he shall, unless he has previously received consent, in accordance with the provisions of this section for the execution of such work, and such consent is in full force and effect, be guilty of a breach of this By-law and shall be liable to a penalty of not more than Ten pounds.

Section 4.—Where the sanction, permission, authority, consent, approval, satisfaction, order, direction, opinion, indication, or notice of, or from the Authority is necessary, whether specified in writing or otherwise, with regard to any act, matter, or thing mentioned in the By-law, the same may be given by and under the hand of the chairman of the Authority, or of the responsible officer, personally or through an inspection officer appointed under him, who severally shall be competent to give the same and be authorized on behalf of the Authority to prescribe any conditions attaching thereto, and subject to and in accordance with which only the same shall be deemed to have been given.

Section 5.—If, after the receipt of a written application from the owner for modification or alteration of the By-law, the Authority shall be of the opinion that a compliance with any of the provisions of this By-law would in any particular case be vexatious or be needless in the interest of public health, it shall be lawful for the Authority, by resolution, to dispense with or forbid such compliance in whole or in part as it shall think fit, or to authorize or direct such a modification or alteration of such provisions as shall, in its opinion, most nearly adapt the principle of those provisions to the particular case. It shall be unlawful to comply with any provision, or part of any provision, with which compliance shall have been forbidden, or to act contrary to or otherwise than as directed by such modification or alteration.

Notwithstanding the above stipulation no technical provision or requirement of the By-law shall be modified or waived except on the written recommendation of the Engineer.

DIVISION 2.—VARIATION OF BY-LAW.

Section 6.—Any permission for or approval of any variation of any of the provisions of this By-law which may be given by the Authority will be given only before the work in respect of which the variation is proposed has been commenced.

DIVISION 3.—PENALTIES, RECOVERY OF COST OF WORK, ETC.

Section 7.—Where anything is by this By-law directed to be done or forbidden to be done, or where any power is given to the Authority or any of its officers to direct or forbid anything to be done, and such act so directed to be done remains undone, or such act forbidden to be done is done, then, and in every such case, the person making default as to the said direction or prohibition respectively shall be guilty of an offence against this By-law.

Section 8.—Every person guilty of an offence against this By-law, not otherwise specially provided for by or under the Authority hereof, shall be liable for every such offence, besides any costs or expenses which may be incurred in the taking of proceedings against such person guilty of such offence, as well as any costs or expenses which may be incurred in remedying such default, as particularly provided for in this By-law or the Acts, to a penalty not exceeding Ten pounds, and to a further penalty of One pound for each day during which such offence is continued by such person after notice of the offence shall have been given by the Authority to him; and such penalty shall be recoverable notwithstanding that the Authority may not have chosen to exercise any power given to it by the Acts or by this By-law to remedy such default.

DIVISION 4.—HOUSE DRAINAGE PLANS—ALTERATIONS.

Section 9.—Copies of the Authority's plans and/or designs of individual house drainage will be furnished by the Authority upon application and payment for the same and subject to such conditions as follows:—

- (a) (i) Where the Authority designs the work and has same carried out for the owner, a charge shall be made equal to Ten per centum (10 per cent.) on the capital cost of the work for designing, specifying, letting contract, and supervising all details in connexion with such work.
- (ii) Consent for additions to and/or amendments of approved plans or to works previously approved will be made only on the application of the owner or his authorized agent, and on payment of a fee of Five shillings (5s.).

(b) When the Authority designs the work for the owner and the owner then carries out his own work—

- (i) For plan of design a fee of Twenty shillings (20s.), plus Two shillings and six pence (2s. 6d.) for each fitting.
- (ii) For making and/or examining any alterations or additions to a plan previously issued or approved by the Engineer, a fee of Five shillings (5s.) shall be made by the Authority for each fitting or drain altered or added.
- (iii) For inspecting drains and testing by the Authority's inspector a fee of Ten shillings (10s.), plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (iv) For inspecting plumbing by the Authority's inspector a fee of Ten shillings (10s.) for each ten (10) fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (v) For the final inspection by the Authority's Engineer and charting the work on the Authority's plans a fee of Ten shillings (10s.) for each ten fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (vi) The Engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work.

The house connexion will not be passed until the installation together with the amendments ordered have been completed to the Engineer's satisfaction.

(c) Where an owner designs and carries out his own work—

- (i) For the supply of a block plan a fee of Two shillings and six pence (2s. 6d.).
For tenements exceeding 4,000 square feet in ground floor area and/or properties exceeding 2 acres in extent an additional fee of Two shillings and six pence (2s. 6d.) shall be charged for each additional 4,000 square feet or part thereof and/or for each additional 2 acres or part thereof.
- (ii) The owner shall submit for examination a properly drawn design and a typewritten specification. The design and specification shall be supplied to the Authority in triplicate. The work shall not proceed until the owner's design and specification have been approved by the Engineer and the third copy returned to him with the official endorsement.
- (iii) For the examination of the owner's plan of design and specification a fee of Ten shillings (10s.) for each plan of from one to five fittings, plus Two shillings and six pence (2s. 6d.) for every fitting over five.
- (iv) For examining any alterations or additions to a plan previously issued or approved by the Engineer a fee of Two shillings and six pence (2s. 6d.) shall be made by the Authority for each fitting or drain altered or added.
- (v) For inspecting drains and testing by the Authority's inspector a fee of Ten shillings (10s.), plus Five shillings for each additional inspection necessary owing to faulty work.
- (vi) For inspecting plumbing by the Authority's inspector a fee of Ten shillings (10s.) for each ten (10) fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (vii) For the final inspection by the Authority's Engineer and charting work on the Authority's plans a fee of Ten shillings (10s.) for each ten fittings or part of ten fittings in the installation, plus Five shillings (5s.) for each additional inspection necessary owing to faulty work.
- (viii) The Engineer may during construction of the work order the owner to carry out such additions and/or amendments as may be necessary for the satisfactory completion of the work.

The house connexion will not be passed until the installation together with the amendments ordered have been completed to the Engineer's satisfaction.

DIVISION 5.—MAINTENANCE AND DEFECTIVE WORK.

Section 10.—Any drain pipe, soil pipe, trap, water closet, urinal, sink, or other fitting laid, used, or constructed otherwise than in accordance with this By-law, or which shall in the opinion of the Authority, be or become bad or of defective quality, shall, upon notice in writing from the Authority to the owner or occupier of the property, be by such owner or occupier removed or repaired in the manner determined and within the time fixed by the Authority, and in each case such owner or occupier fails to comply with the requirements of the notice, he shall be liable to prosecution and a penalty for an offence against the Acts, or the Authority may, if it think fit, remove or repair the said defective fitting and charge such owner or occupier of the premises with the cost so incurred, and will proceed for recovery of the same in a manner provided by the said Acts.

DIVISION 6.—LICENCES AND PERMITS.

Section 11.—(1) All plumbing work for sewerage shall be done and carried out only by Licensed Plumbers and/or by the persons in this section 11 hereinafter mentioned, but subject in all things to the conditions and terms of the said section.

(2) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (3), (4), (7), and (8) of this section, issue a Plumber's Licence to any person who is the holder of a Certificate of Competency issued by the Sanitary Plumbers Examination Board of Victoria.

(3) The Authority, before issuing such Plumber's Licence, may require the applicant to satisfy it that he possesses the requisite knowledge of the Laws, By-laws, and Regulations relating to the sewerage system of the Authority, and it shall appoint officers to examine the said applicant as to his knowledge, and, after the consideration of the report thereon of such officers, may refuse to grant such licence, if, in its opinion, the applicant has not the requisite knowledge of such Laws, By-laws, and Regulations.

(4) Every person to whom a Plumber's Licence is to be issued shall, before the Licence is issued to him, sign in a register, to be kept by the Authority, a declaration that he will conform to and comply with the conditions of the Licence hereinafter contained and the By-laws and Regulations of the Authority.

(5) The Authority may, if it thinks fit, and subject to the provisions of sub-sections (7) and (10) of this section, issue a permit to work as a plumber to any person who has passed the practical examination of the Sanitary Plumbers Examination Board of Victoria.

(6) In the event of the holder of a Permit to work as a plumber being granted a Certificate of Competency by the Sanitary Plumbers Examination Board of Victoria, the Authority may issue a Plumber's Licence to him subject to the provisions of sub-sections (3), (4), and (7), of this section and upon his returning his Permit.

(7) The Authority may refuse to grant a Licence or Permit to any person, or may suspend or cancel any Licence or Permit previously granted, if, in its opinion—

- (a) such person has been guilty of an offence against the By-laws and Regulations of the Authority;
- (b) such person has failed to comply with the instructions issued by any responsible officer of the Authority;
- (c) such person at any time or place, has so conducted himself as to warrant, in the opinion of the Authority, the refusal, suspension, or cancellation of such Licence or Permit.

(8) On application for renewal, the Authority may renew any such Licence or Permit.

(9) No person, other than a Plumber's Apprentice, Plumber's Improver, the holder of a Permit to work as a Plumber, or the holder of a Plumber's Licence, shall be engaged or employed as a workman in the actual performance of any of the plumbing work for sewerage.

(10) No such Plumber's Apprentice, Plumber's Improver, or holder of a Permit to work as a Plumber, shall be permitted to work in the actual performance of, or to do, any plumbing work for sewerage except under the supervision of a Licensed Plumber, who shall be responsible for such work and for compliance with the By-laws and Regulations of the Authority in respect thereof.

(11) "*Drainer's Licence*".—The Authority may issue a "*Drainer's Licence*" to any person who is to the satisfaction of the Authority competent to carry out the work of drainer, and for that purpose may require such person to satisfy it as to his competency by passing an examination conducted by the Engineer and such other examiners as the Authority may appoint or in such other manner as the Authority may determine, or in any particular case may decide that he has a thorough knowledge of the following subjects:—

Plans.—The reading of plans and the meaning of scales and of elevation, plan, and section drawing.

Levelling.—The use of the straight-edge, spirit-level, and boning rods.

Excavation, Timbering, and Refilling.—The use of tools for excavation, the protection of trenches by timbering, the treatment of different soils, tunnelling, and tunnel timbering, precautions near buildings, and manners of refilling trenches and tunnels.

Drain-laying.—The preparation of the bottom of trenches, the laying and jointing of stoneware, cement, concrete, and cast-iron pipes, cement, bitumen, lead, and self-fitting joints, laying of drains under houses and in soft ground, and the depth of drains below surface.

Drainage Details.—Junctions to sewers, diminishing of sizes of pipes, yard gullies, grease and other traps, inspection openings, and cast-iron drainage details.

Drainage Works.—Knowledge of the provisions of this By-law and of the Acts, insofar as same relate to the work and duties of drainers in regard to the construction, maintenance, and protection of the sewerage system and the construction and use of drains and drainage traps.

Candidates for Drainers' Licences shall give notice in writing to the Authority of their intention to submit themselves to examination, and this examination shall be at such a time and at such a place as shall be appointed by the Authority. Candidates must provide themselves with their own tools and materials, and pay a fee of 7s. 6d. for each examination.

Section 12.—The conditions upon which all Plumbers' Licences and Permits and Drainers' Licences will be issued are—

- (1) That every Licence and Permit will be subject to suspension or cancellation at the will of the Authority, and that all such Licences or renewals thereof will expire on the 31st day of December next following.
- (2) That every holder of a Licence from the Authority who shall have received the consent of the Authority to execute any works in connexion with sewerage or drainage, or who shall (where such consent of the Authority is not required before the execution of any such works) have notified the Authority of his intention to carry out such works—
 - (a) shall obtain permission when necessary for the execution of such works on, over, or through any private property, or any streets, roads, parks, reserves, or other public places or properties; and
 - (b) shall pay any fees demanded by the Municipal Authority for opening any street, road, or thoroughfare, or otherwise in connexion with the work; and
 - (c) shall execute such works in accordance with the provisions of the Acts and of the By-laws made thereunder, and of any special directions or orders given or issued by the Authority or its responsible officer; and
 - (d) shall use materials of good quality only and free from defects; and
 - (e) shall employ only competent operatives or assistants; and
 - (f) shall execute such works in a thorough and tradesman-like manner to the satisfaction of the Authority as expeditiously as practicable, and leave site clean and undefaced; and
 - (g) shall in the execution of such works take such proper and necessary precautions that no accident or damage or unnecessary inconvenience may be directly or indirectly occasioned thereby; and
 - (h) shall restore any part of any street, road, or thoroughfare interfered with by the work to the satisfaction of the Municipal Authority having control thereof upon the completion of the work; and
 - (i) shall restore any other property interfered with by the work to the satisfaction of the responsible officer of the Authority; and
 - (j) shall in all cases notify the responsible officer immediately upon completion of any work in hand, promptly amend any defects therein, and again at once notify the said officer, and subsequently take steps forthwith to secure the certificate of satisfactory completion, and give the same to owner; and
 - (k) shall in no case interfere, remove, cut, or in any way damage any portion of any electrical, gas, water, or telephone installation. When portion of any such installations, including earth wires, connexions, or pipes, interferes with the proper laying of house sewerage plumbing, the plumber shall communicate with the State Electricity Commission, the Gas Company Manager, or the respective Engineer of the Kyabram Waterworks Trust, or the Postmaster-General's Department, to arrange for that portion of the electrical, gas, water, or telephone installation to be so located as not to cause further interference; and
- (4) shall, when so directed by the Authority, make good at his own expense any defect found within twelve months of the date of completing of any such work which, in the opinion of the Engineer is due to faulty workmanship, or defective material.

Section 13.—Prior to the issue of any Licence or Permit the person to whom the same is to be issued shall pay to the Authority the fee named hereunder:—

	s.	d.
For every Plumber's Licence	10	0
For every Permit to Work as a plumber .. .	7	6
For every Drainer's Licence	7	6
For the Renewal of any Licence	2	6

DIVISION 7.—NEW BUILDINGS, ADDITIONS, ETC.

Section 14.—Every person who shall intend to erect a building on any property within the Sewerage District, or to rebuild or to make any alterations or additions to any such buildings shall, before commencing such work, give to the Authority fourteen (14) days' notice in writing of such intention and obtain a permit from the Authority; and such notice shall be accompanied by plans and sections of such intended buildings, alterations, or additions, showing their positions, dimensions, depths, and levels of foundations, cellars, or basements, all appurtenant walls and fences, the intended lines of drainage, and the boundary of the land, which plans, &c., shall become the property of the Authority.

DIVISION 8.—GENERAL.

Section 15.—Any work or thing in respect of or in connexion with sewerage under the Acts that is not specifically mentioned in this By-law shall be performed in accordance with the directions of the Authority.

PART 2.—GENERAL REGULATIONS.

DIVISION 9.—USE OF SEWERS AND DRAINS—PROHIBITION OF CERTAIN DISCHARGES.

Section 16—Use of Sewers and Drains.—The owner and the occupier of any sewered property shall discharge into the sewerage system (a) all faecal matter, urine, household slops and household liquid refuse from such property, and such other polluted water from stables, washing areas, manure bins, basements, cellars, and roofed yards, and

(b) such trade or manufacturing liquid refuse as the Authority may authorize, subject in each and every case to such conditions as it may impose.

Section 17—Prohibited Discharges.—The deposition or discharge of any of the following substances into any drain is prohibited:—

- (a) Any animal matter other than is specified in section 16, fleshings, wool, hair, dead animal, grease, dust, ashes, rubbish, garbage, offal, vegetable and fruit or their parings, rags, oil, silt, mud, sand, gravel, or like substances, or any other substance which is in the opinion of the Authority or its responsible officer, liable to be injurious to any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.
- (b) Any petrol or other inflammable or explosive substance, whether solid, liquid, or gaseous.
- (c) Any rain, roof, surface, or flood waters, except by special permission of the Authority.
- (d) The contents of any night-soil cart, cesspool, or privy.
- (e) Any liquid, trade waste or other substance which has not been neutralized to the approval of the responsible officer of the Authority, or which is above the temperature of 100 deg. Fahrenheit, or such lower temperature as may be prescribed by the Authority, having regard to the special circumstances of the case.
- (f) Any liquid which contains such percentage of common salt or any other mineral, salt, acid, or gas, as is, in the opinion of the responsible officer of the Authority, injurious to, or liable to form compounds injurious to, any part of the sewerage system or to employees of the Authority engaged in the operation or maintenance of same.

DIVISION 10.—TRADE WASTES.

Section 18—Conditions of Discharge.—No person shall discharge any trade or manufacturing liquid, refuse, or waste into any sewer, unless and until the following conditions are complied with:—

- (a) Application for permission to discharge any such trade wastes shall be made in writing and accompanied by plans and specifications of the work to be done and of the apparatus to be used, and shall include such details concerning the nature of the waste and the quantity and rates of discharge of the proposed effluent as considered necessary by the responsible officer of the Authority.
- (b) The permission of the Authority in writing shall be obtained and an agreement containing a covenant to comply with the By-law and with any further stipulations required by the Authority, shall be executed. The volume of liquid refuse or waste discharged shall, if ordered, be measured and determined by meter or by some other approved means of measurement. The maximum daily aggregate quantity of effluent which may pass from any trade premises into a sewer, the maximum permissible rate of such discharge, the size and capacity of the drain or pipe for conveying such effluent from the trade premises to the sewer, and the hours during which such flow will be permitted shall be determined by the Authority.

(c) All such liquid refuse or waste shall be passed through such settling, screening, and/or neutralizing chambers and/or such other appliances and/or otherwise treated as ordered or approved by the Authority to ensure that the resulting effluents shall comply with the conditions of the agreement.

(d) Every settling, screening, neutralizing, or other chamber, appliance, or apparatus for the treatment of trade wastes in accordance with this By-law shall be cleansed, operated, and maintained by the occupier at his own expense and at such intervals as may be considered necessary by the Authority or its responsible officer to ensure the efficient operation of such chamber, appliance, or apparatus and in no case shall such chamber, appliance, or apparatus be altered without the approval in writing of the Authority first being obtained.

DIVISION 11.—SUB-SOIL WATER.

Section 19.—The discharge of sub-soil water into sewers shall be prohibited except by permission of, and under conditions approved by, the Authority.

DIVISION 12.—INSPECTION TESTS AND MAINTENANCE.

Section 20—Notice.—The owner or his authorized agent, or the plumber, drainer, or contractor, shall give at least 48 hours' notice to the Authority, in writing, of his intention to commence work and of work ready for inspection. All work shall be left uncovered and accessible for examination until inspected and approved.

The contractor carrying out any work shall, within seven (7) days of the completion of such work, file in the office of the Authority on forms furnished for this purpose, a correct statement of the work done and the cost thereof. Such statement shall be countersigned by the responsible officer of the Authority, and a certificate embodying such statement shall be forwarded to the contractor.

Section 21—Inspection.—All drains, wastes, fittings, joints, fixtures, &c., will be inspected by the responsible officer of the Authority to ensure compliance with the By-law and approved plan.

Section 22—Tests.—Drains, whether laid by the Authority's workmen or others, must be thoroughly tested in every case before being passed by the Authority's officers. The responsible officer of the Authority may require the application of the water or smoke test, or such other tests as he may order or approve.

Section 23—Water Test.—The water test may be applied to the drainage and/or plumbing systems and their fittings in their entirety or in sections. It shall be applied by hermetically sealing all openings below the top of the section to be tested. The system shall then be filled with water to a height of 6 feet above the highest point of the section, or, if considered necessary to such additional height as the responsible officer may order, and every joint carefully examined for leaks.

In testing drains the water shall be maintained at this height for a period of fifteen minutes by the addition of a measured quantity of water as required. The amount of water added in the fifteen minutes shall not exceed 2 gallons for every 50 joints of 4-inch drain or sewer, and must not exceed 3 gallons, for every 50 joints of 6-inch drain or sewer, or proportionately for a lesser or greater number of joints.

Section 24—Smoke Test.—The smoke test shall be applied by hermetically sealing all openings into the section to be tested, and forcing into the system thick smoke to a pressure equivalent to 1 inch of water, by means of a smoke test apparatus. Every joint shall then be carefully examined for leaks.

Section 25—Equipment, &c.—The equipment, material, power and labour necessary for the inspection and tests shall be furnished by the contractor, plumber, or drainer.

Section 26—Defective Work.—Any pipes, fittings, fixtures, or other materials or apparatus found to be defective shall be removed and replaced by sound materials or apparatus; and all defective workmanship shall be made good to the satisfaction of the Engineer or his representative, and to comply in all respects with the provisions of the By-laws. Should the contractor fail to replace such defective materials or to make good such defective work within fourteen (14) days of his having been ordered in writing by the Engineer so to do, the work or replacement may be carried out by the Authority at the contractor's expense.

Section 27—Maintenance by Contractor.—Every person who holds a licence from the Authority and who executes any works in connexion with sewerage, drainage, and/or sanitary plumbing, shall make good within fourteen (14) days and at his own expense, when directed by the Engineer so to do, any defects which occur in such works within twelve months of the date of their completion, and which are, in the opinion of the Engineer, attributable to faulty workmanship or materials.

Section 28—Maintenance by Owner or Occupier.—The owner or occupier of every premises shall, at his own expense, maintain in efficient working order and in a clean and hygienic condition all traps, neutralizers, or other appliances installed on such premises. Should the owner or occupier of any premises fail or neglect satisfactorily to maintain and cleanse such appliances, the Authority may, after twenty-four (24) hours' notice in writing, have the necessary work carried out at the expense of the owner or occupier.

DIVISION 13.—MATERIALS AND WORKMANSHIP.

Section 29.—Materials.—All materials, pipes, bends, junctions, fittings, fixtures and apparatus shall be of the best of their respective kinds, sound and free from defects, and shall be approved by the responsible officer.

Section 30.—Testing.—All materials, pipes, bends, junctions, fittings, fixtures, and apparatus shall be submitted for examination and/or test, and shall not be placed in position until passed and stamped by the Authority. Such testing of materials shall be paid for by the person submitting same, whether passed or rejected, and shall be done at such time and place and at such rates, as may from time to time be fixed by the Authority.

Section 31.—Workmanship.—All work shall be executed in a thorough and workmanlike manner and to the satisfaction of the responsible officer.

Section 32.—Precautions.—Adequate precautions shall be adopted by the person carrying out the work to prevent injury to workmen, property, or the public, and the Authority will accept no responsibility for claims for injury arising from the inadequacy of such precautions.

Section 33.—Concrete.—Concrete, unless otherwise ordered, shall consist of 1 part Portland cement, 2 parts clean, sharp sand, and 4 parts hard metal, shingle, or gravel not exceeding 1-in. gauge, and shall be thoroughly mixed with clean water to such consistency as ordered or approved by the Engineer of the Authority.

The cement, sand and aggregate shall be thoroughly mixed and the whole batch completely turned over three times in the dry and turned over again at least three times while the water is being added. If a concrete mixer is used the minimum time of mixing in the machine after all the materials have been added shall be two minutes. All concrete shall be placed within 20 minutes of the time of mixing.

Section 34.—Cement Mortar.—Cement mortar, unless otherwise ordered, shall consist of 1 part Portland cement and 2 parts clean sharp sand, properly mixed with an approved proportion of clean water. Cement mortar shall be used within 20 minutes of the time of mixing. Re-tempering is forbidden.

PART 3.—DRAINAGE.

DIVISION 14.—DRAINAGE, GENERAL.

Section 35.—(1) Every premises shall be separately drained unless a combined drain shall have been ordered or approved by the Authority. Owners desiring to have the drainage of their properties combined must sign a request for a combined drain, and obtain the approval of the Authority. In any case in which it appears to the Authority that any properties may be drained more advantageously in combination than separately the Authority may order that those properties be drained by a combined operation.

(2) In any case where a combined drain serves two or more properties the Authority, with the consent of the owners of the properties served by such combined drain, may take over such combined drain, and thereafter such combined drain shall be and remain a sewer of the Authority.

(3) In every case of a combined drain the Authority will determine as between the respective owners and occupiers of the properties drained thereby, the proportions in which the cost of such combined drain shall be paid. In every case of the occurrence of an obstruction in a combined drain the Authority will also determine by whom and in what proportion the cost of removing such obstruction and/or effecting any necessary repairs to drains shall be paid.

(4) Owners and occupiers of premises are responsible for clearing stoppages in drains within their premises, or between their premises and the sewers into which the branches lead, but must employ only licensed plumbers or drainers to clear same.

(5) Before a licensed plumber or drainer commences to clear a stoppage in a drain he must notify the Authority in writing of the time when he intends to clear the stoppage, so that the Authority's proper officer may attend and pass the work in accordance with the provisions of the Acts.

Section 36.—Size of Drains.—Every drain shall be of adequate size for the drainage of the property to be served, in accordance with the requirements of section 88, with a minimum diameter of 4 inches.

Section 37.—Materials.—All drain pipes, bends, junctions, and fittings used shall be of glazed stoneware, concrete, cast iron or other approved material, provided that the responsible officer of the Authority may prohibit the use of any of the above-mentioned where the circumstances or conditions are considered unfavorable.

Section 38.—Cast-iron Pipes.—Cast-iron drainage pipes and their fittings shall comply with the standard approved by the Authority for cast-iron pipes and their fittings of similar diameter, but in the event of the issue by the Standards Association of Australia of an Australian Standard Specification for such pipes, and of the acceptance of such Standard Specification by the Authority, all cast-iron pipes and fittings shall be in accordance with this Standard Specification from a date to be fixed by the Authority.

Section 39.—Interceptor Traps.—Where directed by the Authority, but not otherwise, an interceptor trap shall be fixed in the drain laid from any property to the sewer. Such trap shall be fixed as near as practicable to the boundary, and wherever practicable shall be within the boundaries of the property. The interceptor trap shall be provided with an inspection cap on the sewer side of the trap. If ordered, an approved manhole shall be provided for the trap.

Section 40.—Inspection Chambers.—All drains shall, wherever considered necessary by the Authority, join in an inspection chamber at least 3 feet long by 2 feet wide. The portions of the drains crossing the floor of the inspection chamber shall be connected either in a straight line or by curved junctions in the floor of the chamber. All inspection chambers shall be cement rendered (two parts sand and one part cement) to a smooth surface, and made watertight. The inspection chamber must be provided with a closed cover of approved type and special ventilation must also be provided if considered necessary by the Engineer.

Section 41.—Inspection Openings.—Every line of drain shall be provided with an inspection opening inside and within 5 feet of the boundary line, at each junction not provided with an inspection chamber, at each change of direction, at each fixture, and nowhere greater than 30-foot intervals, and in paved areas these shall, if considered necessary by the responsible officer of the Authority, be brought to the surface and furnished with approved airtight covers. The area of an inspection opening shall not be less than the area of the drain. Inspection openings, inspection junctions, or branches are to be set in an approved manner to facilitate rodding.

Section 42.—Grating.—Every inlet to a drain other than from a water closet shall be effectively protected by an approved grating of ample area. The aggregate area of the apertures in any grating covering a ventilation opening shall be not less than the sectional area of the pipe or drain ventilated by such grating. Every opening for ventilation shall be kept perfectly free at all times from obstruction.

Section 43.—Drain Openings Not in Use.—The ends of all house drains and junctions not immediately connected with the plumbing fixtures and all inspection openings shall be securely closed with watertight imperishable materials. If the drain is of stoneware or cement concrete, a stoneware, cement concrete, or cast-iron disk must be cemented in; if wrought iron, a plug must be screwed on the end; if cast iron, a cast-iron plug must be caulked in with lead.

Section 44.—Replacing or Inserting Pipes.—Where it becomes necessary to remove a pipe to clear a stoppage or to insert a pipe or branch in an existing drain, such pipe so removed shall be replaced by an inspection pipe or inspection junction of the same length by one of the following methods under the direction of a responsible officer.

- (a) The top half of the socket of the new pipe and of the existing down-stream pipe may be removed, but the bottom half shall always be left intact and the joints surrounded with concrete not less than 3-in. thick.
- (b) An approved split pipe with double collar surrounded with concrete 3-in. thick may be used.
- (c) A length of not less than three pipes may be removed, the centre pipe replaced by an inspection pipe, and the pipes dropped back into place without springing or cutting.

Junctions in existing metal pipes shall not be made unless an approved closure pipe is used in each case. Springing pipes into position shall not be resorted to or allowed.

Section 45.—Use of Concrete.—Portland cement concrete brought to a smooth surface must be used in each of the following cases:—

- (i) Round and under gully basins where also the exposed surfaces shall be rendered in cement mortar, consisting of two parts sand, one part cement.
- (ii) Round the tops of vent pipe sockets and for 6 inches below the surface of the ground.
- (iii) Round the tops of disconnector traps and for 6 inches below the surface of the ground.
- (iv) Under and around bends rising vertically, off oblique branches, and under all drainage traps.

DIVISION 15.—BASEMENT AND CELLAR DRAINAGE.

Section 46.—Fixtures.—No water-closet, urinal, and/or other fixture shall be placed in any cellar or basement, or on any floor below ground level, unless by consent of the Authority, and then only when, in the opinion of the responsible officer, other provision cannot be made. The owner shall submit such plans and/or other information as the responsible officer may require, and shall undertake in writing to accept all risk of

damage that may occur. If satisfied that the ventilation and lighting provided are in accordance with this By-law, and all other conditions have been complied with, the Authority may give its consent; provided always that such consent may be revoked by the Authority at any time, and that upon fourteen (14) days' notice of revocation such fixture shall be abolished by the owner.

Section 47—Risk of Back Flow.—Where such cellar, basement, or floor below ground level is at such a level as may, in the opinion of the responsible officer, involve risk of back flow in the event of the sewer becoming overcharged, the sewage from all fixtures therein shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered and discharged into the sewer as and where directed.

Section 48—Seepage Drains.—In no case shall seepage drains from cellars, basements, or any floor below ground level be discharged into a sewer without the consent of the Authority. Where such discharge is permitted, the seepage shall be raised by ejector, syphon, or other approved mechanical appliance to such height as ordered, and discharged into the sewer or elsewhere as and where directed.

DIVISION 16.—POLLUTED AREAS.

Section 49—Connexion.—The Authority may, if it thinks fit, authorize or require that any of the following places, namely, stables, cow sheds, dairies, market places, abattoirs, areas for washing vehicles, and any other polluted place, be connected with the sewers, subject to such conditions as the Authority may impose.

Section 50—Conditions Governing Connexion.—No such connexion shall be made unless the following conditions have been complied with:—

- (a) The place to be connected shall, if required, be so roofed as to prevent the entry of rain water from it to the sewers, and in no case shall rain water be permitted to discharge on to such place from adjoining surfaces.
- (b) The place to be connected shall be paved above the level of the yard with approved materials, and graded to the satisfaction of the responsible officer of the Authority.
- (c) The drain from any such place shall be provided with an approved silt trap with a removable grating and connected with the drain inside the boundary line of the property. A water tap connected with a satisfactory water service shall be provided in a suitable position over the area.

Section 51—Manure Bins.—(a) Manure bins must be provided for all stables or cow yards, where the local Municipal By-laws demand their construction, or where the locality is closely built on.

(b) All the manure bins must have the inside surfaces rendered with cement mortar, and must be impervious throughout, and provided with an approved close-fitting cover. Walls of new manure bins must, unless otherwise approved by the Engineer, be at least 9 inches in thickness, built of brick-work laid in cement mortar. If an outlet pipe be provided for a manure bin, it must be properly connected with the Authority's sewers. Branches in house drains must be provided in all cases where manure bins exist, for their connexion whenever the Authority shall deem it necessary.

DIVISION 17.—PIPE TRENCHES.

Section 52.—The trench for the house drain from any property shall be so dug as to meet the Authority's sewer at the position provided or to be provided for the connexion.

The material from the trench shall be so placed as to cause the least possible obstruction and inconvenience to the public.

Proper barriers and lights shall be maintained where necessary to guard against accident during the progress of the work.

In refilling the trench selected refilling shall first be deposited around and over the pipe to a depth of 12 inches and carefully consolidated, after which the remainder of the trench shall be filled in layers and rammed or flooded, as ordered or approved.

No stone shall be used in refilling until earth or gravel has been placed over the pipe to a depth of 1 foot, or more if directed.

On no account shall any water, sand, earth, &c., be allowed to enter the sewer during the progress of the work.

On completion of refilling the surface shall be restored as nearly as possible to the same condition as it was in before operations were commenced, unless the owner in writing otherwise requires.

DIVISION 18.—LAYING DRAINS, ETC.

Section 53—Position and Line.—Every drain and every fitting, &c., connected therewith shall be laid and fixed where directed by the responsible officer of the Authority. As far as possible all drains shall be laid in straight lines; where changes of direction occur they shall be made in manholes, or by a suitably curved pipe with an inspection opening on each straight pipe next adjoining the curve, or by installing an inspection branch in the curve itself, or by such other means as the responsible officer may direct.

Section 54—Oblique Junctions.—Where any drain joins another drain, or a sewer, the junction shall be made obliquely at an angle of not greater than 45 degrees with the direction of flow of such drain or sewer.

Section 55—Connexion to Sewer.—The position of the Authority's connexion to any premises shall be located prior to the commencement of any drain excavation. The disk stopper at the point of connexion to the sewer shall be carefully removed so as not to injure the socket or allow any debris to enter the sewer.

The first length of the drain at the branch shall be an inspection opening.

Section 56—Gradients.—All drains shall be laid on an even grade, and, except by special permission in writing, from the responsible officer, such gradients shall in no case be less than the following:—

4-in. diameter	1 in 40.
6-in. diameter	1 in 60.
9-in. diameter	1 in 80.

In cases where the grades of drains are steeper than 1 in 15, concrete anchorage blocks shall be placed at intervals of not more than 30 feet.

Such blocks shall be let into the sides of the trench at least 6 inches on each side and shall extend not less than 3 inches above and below the barrel of the pipe and for a length of 12 inches along the pipe.

Section 57—Depth of Drains.—Drains of stoneware or concrete pipe, unless bedded on and encased in concrete of not less than 4 inches thick over any part of the drain, shall be laid at a depth to the socket of the pipe of not less than the following:—

- (a) In public thoroughfares, rights-of-way, or other open spaces subject to vehicular traffic—2 feet.
- (b) In private property not subject to vehicular traffic—1 foot.

No person shall alter the surface over any drain, so as to deprive it of the minimum depth of cover specified by the preceding paragraph, unless approved measures are adopted to protect the drain.

Section 58—Laying Drains.—All pipes shall be laid to such lines and grades as may be shown on the plans or directed, and, except where otherwise ordered shall be bedded on approved sand or other material up to one-third of the diameter of the pipe and so that there shall be at least 2 inches of the bedding material below the barrel of the pipe in the case of earth bottomed trenches and up to the horizontal diameter of the pipe, and so that there shall be at least 3 inches of the bedding material below the barrel of the pipe in the case of rock.

In water-charged ground, or where the foundation is bad, or near the roots of trees, or where directed, the drain shall be formed of cast-iron pipes or, if of stoneware or concrete pipes, they shall be bedded on and encased in concrete as ordered, and if ordered, supported upon approved timber foundations as directed. The thickness of concrete encasing and the form of concrete launching shall be as directed by the responsible officer.

Drops or bends in vertical or inclined drains shall have a concrete support placed under and round the drain as directed.

DIVISION 19.—DRAINS UNDER BUILDINGS.

Section 59.—Every drain shall, as far as practicable, be so constructed as not to pass under any building or out-building. When a drain does pass under a building or out-building it shall, if practicable, be laid in a direct line for the whole distance beneath such building or out-building, and shall have approved means of access for rodding outside the walls of the building or out-building and also, if directed, beneath the building or out-building. The pipes used shall be of stoneware or concrete, surrounded by not less than 4 inches of concrete, or of cast-iron.

In any case in which pipes pass through or under walls, approved provision shall be made to prevent injury to the pipes by settlement and, in outer walls, to prevent the ingress of vermin.

DIVISION 20.—JOINTS, DRAINAGE.

Section 60—Stoneware and Cement Pipes.—Joints of stoneware and cement pipes shall be filled in solidly with cement mortar neatly splayed off, or with other approved material. After each joint is made the interior of the joint shall be wiped clear of surplus mortar before the next pipe is laid.

Section 61—Cast-iron Pipes.—All joints in cast-iron pipes must be stemmed with approved gaskets and so filled and caulked with lead or other approved material as to make them gas and watertight.

All connexions between stoneware or concrete pipes and cast-iron pipes shall be made as for joints in stoneware or concrete pipes.

DIVISION 21.—DRAINAGE TRAPS.

Section 62—Trapping of Inlets.—Every inlet to any drain other than inlets provided for ventilation in accordance with the By-law shall be provided with an approved trap. No inlets to any drain connecting directly with a sewer shall be constructed within a building or out-building other than such inlets necessary for the apparatus of any water-closet, urinal, or slop sink.

Section 63—Classes of Traps.—Five classes of traps shall be used:—

- (a) "Traps" for intercepting gases only, which shall be of round section and self-cleansing form, but not such as to empty by momentum or suction.
- (b) "Silt traps" for intercepting both gases and solids, which have slightly tapered sides, flat bottom, and rounded angles, and which shall be provided with approved means for catching and removing solids.
- (c) "Grease traps" for solidifying and collecting grease, fatty domestic wastes, and other semi-fluid or viscous material liable to foul the pipes. The grease trap shall be designed for the requirements of the particular drain. The design and capacity shall be to the approval of the Engineer. The interior surfaces shall be tiled, and it shall be equipped with non-corrodible baffles, the whole trap being designed for easy cleaning.
- (d) "Acid traps" or "Neutralizers" for neutralizing acid or other aggressive water prior to its entering the house drains.
- (e) "Oil traps" for collecting all kinds of oil, which shall be of such form as approved.

The term "yard gully" is applied to traps (a) in cases where they are used externally and fitted with dished tops and gratings. The tops of inlets of all disconnector traps must be at least 6 inches above the surface of the surrounding ground.

Section 64—Water Seal.—Every trap must have a water seal of at least half the diameter of the outlet pipe, but in no case of less than 2 inches.

Section 65—Provision of Yard Gullies.—A yard gully shall, wherever practicable, be provided in the yard of every property as near as practicable to the kitchen or back door, with a water tap connected with a satisfactory water service placed over it at a height of not less than 2 feet. No yard gully shall be situated within a building or out-building. Where it is not practicable to provide a yard gully, a slop sink must be provided within the building or out-building.

Section 66—Details of Yard Gullies.—Yard gullies shall be fitted with dished tops and gratings, the dished top being in one piece with the trap or jointed thereto by spigot and faucet, or as otherwise approved.

The depth of the dished top to the grating must not be less than 6 inches. The grating to every gully trap must not be less than 6½ inches over all, and the grating to every disconnector trap shall be convex in section, with an opening of suitable outlet capacity. Every grating must be fixed down in an approved manner with bitumen or wedges of lead.

Section 67—Kerbing, &c., to Yard Gullies.—Yard gully basins and the dished tops of silt traps must be so surrounded with an approved impervious kerbing as to prevent the access of surface water to the drains, and, if directed, the wall at the rear of the gully or silt trap, if of brick or stone, must be cement rendered to the height of the tap over same, and if of wood the wall must be provided with an approved galvanized sheet-iron apron. The internal diameter of kerbing around gully traps measured from the face of cement rendering must not be less than 15 inches; and must be neatly rounded to meet the gully top.

DIVISION 22.—VENTILATION.

Section 68—Vents of Main Drain.—The main drain shall be ventilated at its upper end by a pipe ventilator erected vertically, and such ventilator may be a soil pipe.

If the drain is provided with an interceptor trap there shall be in addition a ventilator connected to the interceptor trap shaft. In such cases there shall, wherever practicable, be a difference in height of not less than 6 feet between the tops of the vents at the upper and lower ends of the drains respectively.

Section 69—Vents of Branch Drains.—Branch drains need not be vented if the drainage traps are within 20 feet from the main house drain, measured along the line of pipes, including the drop, if any, from the centre line of the main drain to the centre of the outlet side of the water seal of the drainage trap, unless otherwise ordered by the responsible officer, in which case they must be vented as directed.

Section 70—Size of Drainage Vents.—Drainage vent pipes shall, unless otherwise ordered, be of not less than 4-in. diameter in the case of educt vents and not less than 3-in. diameter in the case of induct vents, with the provision that where more than one educt vent is provided the vent on the

longest line of drain shall be of not less than 4-in. diameter, and all others of not less than 3-in. diameter; but in no case shall a drainage vent be of smaller diameter than necessary to comply with the requirements of section 89.

Unless otherwise ordered or approved every such vent pipe shall be without return bend and provided with basket and/or educt or induct cowls as directed.

Section 71—Materials, &c.—Drainage vent pipes situated wholly outside of buildings or out-buildings shall be of cast-iron, galvanized wrought-iron, double galvanized sheet-iron, or other approved material above ground and of stoneware or concrete beneath the surface of the ground. Galvanized sheet-iron vent pipe shall not be less gauge than 20 for 3-in. and 4-in. diameter pipes and 18 for 8-in. pipes, and where ordered the first 6 feet above ground shall be of cast-iron or other approved material. Drainage vent pipes inside a building or out-building shall, unless otherwise approved, be of cast-iron or of galvanized wrought-iron. The circumferential joints of galvanized sheet-iron vent pipes shall be riveted and soldered. All galvanized sheet-iron vent pipe used to ventilate the drainage system, or used as anti-siphonage pipes to soil or waste pipes from closets, slop sinks, or urinals, must be coated with hot tar or asphaltum inside before erection.

Section 72—Induct Vents.—Every induct vent shall be securely supported in an approved manner.

Section 73—Materials for Vents of Soil or Waste Pipes.—Vent pipes, if inside a building or out-building, shall always be of cast-iron, wrought iron, lead, copper, or brass. Grooved, welded, or riveted double galvanized sheet-iron vent pipes may be used where they are entirely outside a building or out-building, and shall be connected to the traps or waste or soil pipes by brass ferrules or by other means approved by the responsible officer of the Authority.

Section 74—Soil Vent Pipes.—The upward extension from the soil pipes for ventilation shall always pass in as direct a manner as possible above, and, if necessary, through the roof.

Section 75—Anti-siphonage Vents.—Traps must be prevented from siphoning by proper ventilation, in accordance with the requirements of section 89. Such anti-siphonage vents from fixtures shall be carried above the eaves of the building, or jointed to the branch or main vent above the level of the fixture, unless special permission to the contrary is granted.

These vent pipes shall be connected to the waste or soil pipe at a point not less than 3 inches, nor more than 12 inches, from the crown of the trap, and on the opposite side of the water seal to the fixture.

Section 76—Height of Vents.—Every vent pipe extending upwards from a soil or drain pipe shall be carried not less than 6 feet higher than any window or door within a distance of 30 feet thereof, and always at least 2½ feet above ground level and 6 feet above the level of the eaves or coping, or to such additional height as may be necessary to prevent effectually the escape of foul air into any building or out-building within the vicinity.

Where the vent pipe extends into a gable of the building or out-building, it shall further be carried at least 2 feet above the point of intersection with the roof.

Such pipe shall, where necessary, be provided with sufficient clips or stays to support it effectively.

Section 77—Chimneys.—No chimney shall be used as a ventilator to any drain, soil, or waste pipe.

Section 78—Vents near Chimneys.—Vents must, as far as possible, be kept away from chimneys and ventilating air shafts. Where a ventilator pipe terminates six feet or more from a chimney opening or ventilating air shaft, the requirements of section 76 shall apply, but where the distance is less than six feet the vent pipe shall, unless otherwise ordered, terminate not less than two feet below the top of such chimney or air shaft.

Section 79—Vent Pipe Grades.—All vertical lines of vent pipes shall connect, full size, at their bases with a soil, waste, or drain pipe at an angle of not less than 45 degrees to the horizontal, and shall extend in undiminished size above the roof, or be connected to the soil, waste, or vent stack, in compliance with the requirements of section 80, on a grade sufficient to avoid the collection of water.

All intermediate bends or offsets shall be at a grade of not less than 45 degrees to the horizontal.

Vent pipes shall not be used as waste or soil pipes.

Section 80—Combining of Vents.—The various vents may be combined by branching together those which serve traps of the same class. The vent pipes may be branched into a soil or waste pipe of the same class above the level of the highest fixture.

Section 81—Galvanized Sheet-iron Vent Branches.—Where a branch is required to a galvanized sheet-iron vent pipe, a brass saddle piece bolted and soldered to the vent shall be used.

Provided that—

- (i) No vent shall be less than 1½ inches in diameter, and in no case shall a main or branch vent have a diameter less than one-half that of the soil, combined waste, or waste pipe which it serves.
 - (ii) For 2-in. and 2½-in. waste pipes the main or branch vent shall have a diameter of not less than 1½ inches.
 - (iii) No branch vent need be larger in diameter than the soil, combined waste, or waste pipe which it serves.
- (3) *Individual Anti-siphonage Vents.*—The sizes of individual anti-siphonage vents shall be not less than the sizes determined from the diameter of the fixture trap served, in accordance with the following table:—

Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Siphonage Vent.	Diameter of Fixture Trap.	Minimum Permissible Size of Anti-Siphonage Vent.
Inches.	Inches.	Inches.	Inches.
1½	1½	2½	2
1½	1½	2	2
2	1½	4	2

PART 5.—PLUMBING.
DIVISION 24.—GENERAL.

Section 90—Waste Pipes.—Except as provided in section 97, separate waste pipes shall be provided for each of the following classes of polluted water, viz.:—

- (a) Dirty water from baths, sinks, lavatory basins and wash troughs, and other water containing a small proportion of soap and/or dirt.
- (b) Greasy water from kitchen and scullery sinks or other fixtures, in such cases where grease traps are ordered or required.

Section 91—Soil Pipes.—Soil pipes shall be provided for soil water from closets and other water containing faecal matter, and for urinal waters from slop sinks and urinals and, where directed, for discharges from operating theatres and mortuaries, and in no case shall such waters be discharged into any waste pipe as defined by this By-law, except by permission of the Authority.

Section 92—Connections to Drains.—Except as provided in section 97 all waste pipes shall discharge under the grating of a yard gully or into a disconnector trap. All soil pipes, including those for urinals and slop sinks, must be connected direct to the drain. No waste pipe shall be laid in the ground outside any building or outbuilding unless by special permission.

Section 93—Flashing, &c.—All troughs, sinks, and other fixtures which are placed less than 3 inches, and all baths fixed less than 6 inches clear from any wall, shall be flashed with 5-lb. sheet lead, 24-gauge copper, bronze, brass, nickel-silver, or monel metal, or other approved material. Twenty-four-gauge sheet galvanized iron may be used for fixtures other than sinks.

All such flashings shall be turned up the walls at least 4 inches, except where the walls are tiled, when the flashings shall be carried up at least 1 inch behind the tiles. Baths and other fixtures having turned-up flanges for use against tiled walls in lieu of sheet-metal flashing shall be properly supported to prevent settlement, and the tiles shall be brought hard down on to the surface of the fixture. Such tiles or sheet materials shall be securely bedded upon cement mortar in an approved manner for a height of at least 3 inches above the fixture. The flange of the fixture shall lap behind the tiles or sheet materials not less than ½ inch where the fixture is supported on brick or concrete walls carried up from permanent foundations, and not less than ¼ inch if the fixture is supported on material other than brick or concrete. All flashing shall be properly secured and made watertight, and shall be bedded for a width of not less than 1 inch along the edge nearer the fixture in red or white lead.

Section 94—Fixtures Not to Abut Against Walls.—Unless otherwise directed or permitted sinks, tubs, and similar fixtures situated in buildings, other than private houses, where food for human consumption is prepared, manufactured, or stored for sale, and draining boards, slabs, and plates used in connexion with such fixtures, shall not abut against any wall, but shall have a clear space not less than 6 inches between such fixtures and any wall surfaces or obstructions.

Section 95—Bib-cocks.—Internal bib-cocks shall not be permitted unless a sink, lavatory basin, or other approved fixture, or a properly drained impervious floor, is provided underneath.

Section 96—Pipes through Roof.—Where any vent, waste, or soil pipe passes through any roof, a suitable lead collar or approved flashing shall be soldered or otherwise fixed to the pipe and also to the roof in such a manner as will make the roof perfectly watertight.

Section 97—Combined Wastes—Combined Pipe System.—The Authority may approve of the adoption of the combined pipe system for plumbing installations, subject to the following conditions and such other conditions as it may think necessary in any particular case, viz.:—

- (a) Application shall be made in writing by the owner or his authorized agent.
- (b) Plans shall be in accordance with section 9.
- (c) The size and arrangement of all soil, waste, combined waste, and vent pipes shall be approved by the Authority.

DIVISION 25.—SOIL, WASTE, AND VENT PIPES.

Section 98—Materials.—Except by permission of the Engineer, no material shall be used for soil pipes, other than cast-iron, 7-lb. lead, brass, stoneware, or ceramic ware, and for waste pipes, other than wrought-iron, cast-iron, 6-lb. lead, brass, copper, stoneware, or ceramic ware.

Section 99—Lead Pipes.—The minimum permissible weight of lead for soil pipes shall be 7 lb. per square foot, and for waste pipes 6 lb. per square foot.

Section 100—Wrought-iron Pipes.—All wrought-iron or wrought-steel pipes and their fittings shall be approved standard weight and quality and galvanized or lined to the approval of the Engineer.

Section 101—Cast-iron Pipes.—All cast-iron pipes shall be sound, free from holes and cracks, and coated with approved bituminous composition, or lined with glass enamel or other approved material.

Cast-iron pipes and their fittings, where laid in the ground, shall comply with the standard approved by the Authority for cast-iron water pipes and their fittings of similar diameter. Cast-iron pipes for use in other situations shall have a minimum thickness of 3-16 inches measured in the case of lined pipes without the lining, and their fittings shall correspond with them in weight and quality. All junctions shall be curved; right-angled junction shall not be made.

Section 102.—Where lead, copper, brass, or cast-iron soil or waste pipes are fixed outside a wall for upstairs fixtures, the lead, copper, brass, or cast-iron pipes shall be carried at least 2 feet above the level of the highest fixture attached to the pipe.

Section 103.—Copper or brass pipes for soil, combined waste, or waste pipes shall be seamless, solid drawn tube connected in accordance with the provisions herein, and shall be of a diameter and thickness, not less than those given in the table hereunder.

Nominal Internal Diameter.	Minimum Permissible Actual Internal Diameter.	Minimum Permissible Wall Thickness (S.W.G.)		British Standard Pipe Thread for Screwed Connections.
		Screwed Connections.	Brazed or Compression Joints.	
Inches.	Inches.			Inches.
1½	1½	12	16	1½
2	1¾	11	16	2
2½	2½	11	14	2½
3	2¾	10	14	3
4	3½	8	12	4

Section 104—Use of Lead Pipes.—Lead pipes shall not be used where, in the opinion of the Engineer, such pipes would be liable to damage.

Section 105—Supporting Lead Pipes.—Lead pipes shall be supported by cast lead tacks of approved dimensions, wiped on to the pipe or by other approved fastenings, and such fastenings shall be arranged as nearly as possible thus—

4-in. vertical lead pipes—2-ft. 6-in. centres.

4-in. horizontal lead pipes—2-ft. centres.

Less than 4-in. vertical pipe—3-ft. centres.

Less than 4-in. horizontal pipe—2-ft. 3-in. centres.

Two pairs of tacks, fixed opposite, are sufficient for fixing lead flush pipes from cisterns.

Section 106—Minimum permissible Gradients.—The following are the minimum gradients to be adopted for soil and waste pipes:—

Diameter of Pipe.	Minimum Gradient.
1½ inch	1 in 15
1¾ inch	1 in 18
2 inch	1 in 21
2½ inches	1 in 24
3 inches	1 in 30
3½ inches	1 in 36
4 inches	1 in 48
5 inches	1 in 60
6 inches	1 in 72

Section 107—Length of Unvented Waste Pipes.—Waste pipes need not be ventilated unless they exceed 10 feet in inclined length or 18 feet in vertical length, provided that there is only one fixture attached to the waste pipe, and provided that the water seal of the trap is not reduced by siphonage or other cause. Where there is more than one fixture, or the water seal is reduced, a vent pipe shall be supplied to the fixture trap or traps.

Section 108—Junctions.—Where a waste or soil stack is branched into a graded waste, soil, or drain pipe, the branch fitting shall have an angle of not less than 45 degrees to the horizontal, and the length of the branch of the fitting shall be such that the vertical projection of the attached stack will be wholly outside the area of the junction with the graded pipe.

Section 109—Sealing of Pipes.—Wherever a fixture is abolished, the soil, waste, vent, and water supply pipes to such fixture shall be removed, or, if allowed by the Authority to remain, the ends of the pipes shall be sealed with water-tight imperishable materials.

Section 110—Sheet Metal Bends and Offsets.—All sheet metal bends and offsets for flush and vent pipes shall be bent or pressed. Mitred elbows will not be permitted.

Section 111—Concealment of Pipes.—All soil, waste, and main vent pipes and traps shall, except where passing through walls, partitions, and floors, be reasonably accessible at all times for inspection and convenience of repairing.

(a) In hospitals and similar institutions, all soil, waste, and main vent pipes, where practicable, shall be fixed on the outside of external walls or in pipe ducts having a minimum width of 2 feet and minimum area of 9 square feet (measured clear of all pipes or other obstructions) and shall be so arranged as to facilitate inspection and maintenance at all times. Such pipe ducts shall be provided with access doors so placed as to permit ready inspection of every straight line of waste or soil pipe or main vent pipe.

(b) In buildings other than hospitals and similar institutions, if soil, waste, or main vent pipes are concealed within pipe ducts or recesses in walls, such pipe duct or recess shall—

(i) be provided with approved means of access and have a width of not less than 2 feet and a minimum area of 9 square feet (measured clear of all pipes or other obstructions); or

(ii) have at least one of its sides constructed of woodwork, brickwork in lime mortar, terracotta, or gypsum blocks, plaster on expanded metal lathing, or other approved material, so constructed and fixed as to be capable of being removed independently of and without damage to any other part of the structure and provided with inspection openings so placed as to allow ready inspection and maintenance of every straight line of soil or waste or main vent pipe.

(c) Branch and anti-siphonage vent pipes may be concealed in hollow walls or may be built in lime mortar in wall-chases provided the pipes and fittings are made of cast-iron or wrought-iron or steel pipe, or of brass or copper of thickness not less than 12 gauge where screwed fittings are used, and not less than 16 gauge where compression fittings are used, with fittings to correspond, or when joints are brazed.

In no case, except by special permission, shall junctions be built into walls.

(d) All inspection or access openings to concealed pipes shall be finished throughout with smooth surfaces, and shall be of such size and shape as to permit the entrance of cleaning tools, as required, to the pipe.

For the purpose of this section a straight line of soil, waste, or main vent pipe shall be taken to include any offset or deviation from the straight line of not more than 45 degrees and not more than 3 feet in length.

Section 112—Concealed Standing Wastes.—Concealed standing wastes will not be permitted.

Section 113—Painting.—All external plumbers' work and all cast-iron cisterns and brackets, woodwork in connexion with plumbing installations, sheet-iron flush pipes and sheet-iron storage tanks and trays shall be painted, after inspection, to the approval of the responsible officer.

DIVISION 26.—JOINTS.

Section 114—Stoneware, Cement, or Cast-iron Pipes.—Joints of stoneware, cement, or cast-iron pipes shall conform with the requirements of Division 20.

Section 115—Lead Pipe.—All joints to lead pipe shall be plumber's wiped joints.

Section 116—Wrought-iron Pipe.—The screwed ends and sockets of each particular size of wrought-iron or wrought steel pipe shall be so formed and the threads so cut that the ends of the pipe will butt against each other when screwed home in the sockets; bends, junctions, and similar fittings

shall be similarly formed and screwed so that when the pipe ends are screwed home the bore will be continuously uniform, and without breaks or pockets. The burr shall be neatly filed off on the inner edge of all pipe ends. All screwed joints shall be made with approved jointing material.

Section 117—Wrought-iron Pipe to Lead Pipe.—All joints between wrought-iron and lead pipes shall be made by means of brass unions screwed to iron, and wiped to lead.

Section 118—Brass or Copper Pipes.—Joints of brass or copper pipes shall be made by means of screwed or compression fittings approved, tested, and stamped in accordance with the provisions of section 30, or by means of brazing or other approved method. All brazed work shall be inspected and approved by the Inspecting Officer before installation.

Section 119—Lead Pipe to Cast-iron Pipe.—The connexion of lead pipes or traps to cast-iron pipes shall be made by means of brass ferrules. The brass ferrules shall be lined with and connected to the lead pipe or trap by means of a wiped joint, and connected to the cast iron by inserting ferrule in socket thereof, and making the joint in the same way as in cast-iron pipe.

Section 120—Sheet-iron Pipe to Cast-iron Pipe.—All connexions of galvanized sheet-iron to cast-iron pipes shall be made with molten lead, lightly but tightly caulked in to cast-iron sockets, or with approved material.

Section 121—Sheet-iron pipe to Wrought-iron Pipe.—Galvanized sheet iron pipes shall be connected to wrought-iron pipes by means of brass unions or sleeves soldered to the sheet iron and screwed to the wrought-iron, or by means of a wrought-iron socket which is screwed to the wrought-iron pipe and into which the sheet-iron pipe is lightly but tightly caulked with molten lead.

Section 122—Sheet-iron Pipe to Lead Pipe.—Connexions of sheet-iron pipes to lead pipes shall be made by means of brass sleeves wiped to the lead pipe, and soldered to the sheet-iron pipe, or by means of a cast lead collar which is wiped to the lead pipe and into which the sheet-iron pipe is caulked as directed, or soldered and jacketed.

Section 123—Concrete or Stoneware Pipe and Traps to Lead Pipe.—Connexions of lead pipe to stoneware or concrete pipe shall be made by means of a brass ferrule connected to the lead pipe by means of a wiped joint, and connected to the stoneware or concrete pipe by inserting it in the socket thereof, and making a cement mortar joint.

The connexion of a stoneware or concrete trap to a lead pipe shall be by means of a cast lead or brass socket, and the joint made with bitumen or other approved material. The lead pipe shall be connected to the tail end of the brass or lead socket by means of a plumber's wiped joint.

Section 124—Connexion of Closet Pan Traps to Soil Pipe or Drain.—Connexion of a closet pan to a soil or drain pipe shall be made by means of a bituminous jointing material, consisting of a mixture of approved bitumen and finely graded inert mineral filler in equal proportions, filled in solidly into faucet of soil or drain pipe and neatly splayed off, or by other approved method. In the case of lead soil pipes, a cast-lead or brass faucet shall be used and connected to the lead pipe by means of a wiped joint.

Section 125—Cistern Flush Pipe to Closet Pan.—The flushing pipe from cistern shall be connected to the water-closet pan by a lead cap piece of not less than 4-lb. lead, packed with red lead or other approved material. The cap piece shall be jointed to galvanized sheet-iron, copper, brass, or drawn-steel pipe by means of a soldered joint. The connexion of the flushing pipe to cistern shall be by means of a brass union, wiped to lead pipe or soldered to sheet-iron pipe. Copper or brass pipe shall be connected to cistern by means of a brass ring, with nut brazed to pipe, or by other approved means.

Section 126—Vent Pipe to Closet Pan.—Vent pipe shall be connected to the vent horn of water-closet trap by a lead cap piece with red lead packing or by other approved methods. The cap piece shall be jointed to copper or brass pipe by means of a soldered joint and to lead flush pipe by a soldered or wiped joint.

Section 127—Outlet Fittings to Fixtures.—Connexions between outlet fittings and such fixtures as baths, sinks, basins, &c., when the latter are constructed of cast-iron, plate-iron, ceramic ware, or concrete, shall be made with lock nuts. The outlet fitting shall in all cases be connected to the waste pipe by means of a union.

When these fixtures are made of sheet-metal lighter than 20 gauge soldered connexions may be used in lieu of lock nuts.

Section 128—Waste Pipes to Troughs.—Connexions of waste pipes to wash troughs shall be made as under:—

(a) Cement troughs, unless otherwise approved, shall have cast-in outlets.

(b) Sheet-metal troughs shall be connected to the waste pipes in compliance with section 127.

(c) For wooden troughs, lead, copper, or brass waste pipes shall have flanges connected to the waste pipes in accordance with the provisions of this By-law, and fastened to the underside of the trough with round-head brass screws, and the waste pipe shall then be turned over inside the trough and the plug-casting bedded over it with red lead putty and screwed to trough with brass-wood screws.

Where wrought-iron or other screwed pipes are used the plug must be connected to the trough by means of a lock nut in lieu of flange.

DIVISION 27.—FIXTURE TRAPS.

Section 129—Fixtures to be Trapped.—Every fixture shall be effectively trapped unless otherwise permitted, in writing, by the Engineer. Separate traps shall be provided for each fixture, except lavatory basins, sinks, or troughs, which may be connected in pairs.

Section 130—Omission of Traps.—Baths, lavatory basins, wash troughs, and sinks may remain untrapped where they are fixed in the open air or in a detached out-building not used as a living room, workroom, or room for the preparation, cooking, or storage of food, and not connected directly, by openings, with the main building or residence, provided that the length of the waste pipe, measured from the furthest inlet to the waste pipe outlet, does not exceed 6 feet.

Section 131—Position of Traps.—Traps shall be placed as near the fixtures as possible, and nowhere shall a trap be more than 2 feet from its fixture, except as provided in section 180, unless otherwise specially permitted by the Engineer.

Section 132—Materials of Traps.—Traps for all fixtures other than water-closets, housemaids' slop sinks, and urinals, shall be of copper, brass, or drawn lead.

Section 133—Depth of Water Seal.—Every trap shall have a water seal of not less than two inches.

Section 134—Closet-pan Traps.—Outlets from closet-pan traps shall be of not less than 3½-in. nor more than 4-in. diameter except in the case of siphonic pans.

Section 135—Sealed Disconnector Traps.—Where approved by the Engineer, sealed disconnector traps may be fixed outside or inside the building or out-building, but in such cases breather pipes or fresh air inlets of the same diameter as disconnector traps shall be taken above the level of the lowest fixture, or to such other height as directed, and when the trap is inside shall be led to the outside of the building or out-building. The material for such breather pipes shall be the same as for waste pipes; sheet iron will not be allowed. Inspection openings to such traps shall be sealed with screwed plugs, or as otherwise approved by the Engineer.

Section 136—Form of Trap.—The "P" form of trap shall be used in preference to the "S" form where in the opinion of the Engineer, it is equally suitable for the situation.

Section 137—Lead Traps.—All lead traps must be of the weights specified in section 98 for lead pipes of the same diameter.

DIVISION 28.—GRATINGS.

Section 138.—Incorrodible outlet gratings of approved design and material in accordance with the Australian Standard Specification No. B.38. "Metal Alloy Sanitary Fittings," shall be provided for all urinals and housemaids' slop sinks and for all fixtures discharging into waste pipes. If for the fixtures in question there is no Australian standard, the grating shall be to the approval of the Engineer.

DIVISION 29.—CLEANING EYES AND INSPECTION OPENINGS.

Section 139—Provision for Inspection and Cleaning.—Sufficient inspection and cleaning eyes shall be provided in such positions on soil and waste pipes as to be easy of access and easily opened for proper inspection and cleansing.

Traps for fixtures, other than water closets, urinals, and slop sinks, shall be provided with approved screwed brass plugs for cleaning purposes fixed under the water line of the trap, unless by permission of the Engineer.

Section 140—Inspection Openings on Soil Pipes.—In all cases where the vertical stack of soil pipe provides for closets 4 feet or more above the ground level, measured from floor level of water-closet to ground level at foot of stack, an inspection opening eight inches in length having a cover fixed to a flange with brass or bronze bolts or studs and fitted with an approved rubber or insertion gasket, shall be provided in such a position as directed by the responsible officer of the Authority.

No. 334.—11239/40.—2

DIVISION 30.—GREASE TRAPS.

Section 141—Provision of Grease Traps.—Every fixture or area from which grease or any other objectionable matter is likely to be discharged or conveyed into waste or soil pipes, or house drains, and every sink in all such places as food-packing houses, butchers' shops, lard-rendering establishments, hotels, restaurants, and boarding-houses, and such fixtures, areas, apparatus, or appliances as the responsible officer may direct, shall first discharge into an approved apparatus for preventing the objectionable matter from reaching the soil pipe or drain. Such apparatus shall be of such dimension, design, and construction, and in such positions as the responsible officer may in each case approve.

Section 142—External Grease Traps.—Every grease trap shall be fixed outside the premises whenever practicable and (if not portable) shall be constructed of glazed stoneware, or of concrete, or brick in cement, lined throughout with approved tiling with bronze gunmetal or Muntz-metal baffles, and the outlet shall be connected to the drain through a disconnector trap. The grease trap shall be designed for the particular waste to be trapped both as to capacity and type. Every external grease trap shall be provided with a ½-in. bib-tap connected with a ½-in. water service and capable of discharging into the grease trap.

Section 143—Internal Grease Traps.—Wherever a grease trap is used inside a building or out-building it shall be so fitted as to be easily removable, and, if directed, fixed upon a tray. All internal grease traps shall be of copper tinned inside or other approved material, provided with a close fitting cover, and shall be independently ventilated as required by the responsible officer. An internal grease trap which is not removable may be permitted in special circumstances, provided the design permits easy access and cleansing, and special precautions over and above those required for external grease traps are taken.

Section 144—Grease Trap Ventilation.—Unless otherwise approved, every internal grease trap and all external grease traps which are within 30 feet of any door, window, or other opening into a building shall, unless fitted with an approved air-tight cover, have independent provision made for inlet and outlet ventilation.

Every such vent shall be carried not less than 6 feet above any window, door, or other opening into any building within a distance of 30 feet thereof, and in any case at least 2 feet above the eaves or coping, or to such additional height as may be necessary to prevent effectually the escape of foul air into any building within the vicinity.

In all cases there shall be a difference in height of at least 6 feet between the tops of the inlet and outlet vents.

The size of such vents shall be in compliance with the requirements for main vents in section 89, the diameter of waste pipe being taken as that of the outlet from the grease trap and the number of fixture units equivalent to the number represented by the sinks served by the grease trap.

Section 145—Size of Grease Trap.—The dimensions of the grease trap to be provided shall be such as to ensure the congealing and retention of all grease entering such trap.

Section 146—Outlet Pipes.—The outlet pipe from any grease trap must be at least one size larger than that size of pipe which has a cross sectional area equivalent to the total area of incoming waste pipes. In no case, except by special permission, shall the outlet pipe be less than 3-in. diameter for grease traps of copper or other approved metal and 4-in. for stoneware.

Section 147—Maintenance.—Every grease trap shall be maintained by the occupier at his own expense, and shall be cleaned daily, to ensure that such trap operates in an efficient and hygienic manner.

DIVISION 31.—WATER-CLOSETS AND FLUSHING APPARATUS.

Section 148—Provision of Water-closets.—(1) At least one water-closet, approved by the Authority, shall be provided for each house, building, out-building, or land required by notice from the Authority to be connected with a sewer of the Authority, and for each flat, as defined in this By-law.

(2) Every licensed victualler's property, restaurant, boarding-house, lodging-house, school, shop, factory, office, public building, or building used for public entertainment, shall be provided with water-closet accommodation in accordance with the requirements of the Health Acts and/or Factories and Shops Acts of the State of Victoria, or of any regulations under any of the said Acts, or of other relevant statutory requirements or regulations; provided that, in any property other than a house or flat, which is not provided for in any of the aforesaid Acts, separate water-closet accommodation shall be provided for males and females, one water-closet for each ten or portion of ten persons for whom water-closet accommodation is required.

(3) Water-closets shall be so placed, either within or outside the building, as to ensure the due observance of decency and to be easily accessible to the occupiers of such building.

(4) After the date fixed by notice from the Authority to the owner of any house, building, or land, requiring him to connect the same with a sewer of the Authority, or after such further time as shall be allowed by the Authority for the purpose of such connexion, no privy closet, other than a water-closet approved by the Authority, shall be used in such house or building, or upon such land.

Section 149—Airlocks for Water-closets.—(1) Except as provided in sub-section (2) hereunder, no water-closet or urinal compartment within a building shall be entered directly from any room used for human habitation or for the manufacture, preparation, or storage of food for human consumption, or used as a factory, workshop, or work place.

In cases where otherwise such closet or urinal compartment would be directly entered from any such room, an airlock shall be provided, having a floor area of not less than twenty square feet, and lighted and ventilated in accordance with the provisions of section 151.

In private residences a hall, passage, lobby, or stair-case may be considered as an airlock, provided it has a floor area of not less than twenty square feet and complies with the requirements of sections 151 and 152.

(2) The airlock may be omitted where a water-closet, within any building, is intended solely for the private use of not more than two persons and opens off a room normally occupied by those persons only, provided that such room is not used for the manufacture, preparation, storage, or consumption of food, or as a factory, workshop, or work place.

(3) No airlocks will be required where ventilation, in accordance with section 153, is provided to water-closet or urinal compartments.

Section 150—Lighting and Ventilation of Water-closets.—Except as provided in section 152, every water-closet or urinal compartments within a building shall comply with the following conditions:—

(a) One of its sides shall be an external wall of such building, abutting on to a street or lane, or an open space within the property, having a width of not less than four feet and an area not less than the following:—

	sq. ft.
For first story above floor level of open space	36
For second story above floor level of open space	72
For all other stories above floor level of open space	100

Each water closet or urinal compartment shall be provided with a window in such external wall having a clear light area of not less than three square feet per closet pan and capable of being opened.

(b) Each water-closet or urinal compartment shall be provided with direct ventilation to the open air from a point near ceiling level and a floor vent. Such ventilation shall be provided by a vent, or vents, carried as direct to the open air as is practicable, and boxed throughout, and having a minimum clear area at any point of not less than 27 square inches per closet pan.

(c) Glazed louvres may be used in lieu of windows and ventilators, subject to their providing a clear light area of not less than three square feet per closet pan and a clear ventilating area of not less than 27 square inches per closet pan.

Section 151—Lighting and Ventilation of Airlocks.—(1) Each airlock shall be:—

(a) Provided with a window made to open or glazed louvres on an external wall, having a clear area of not less than 3 square feet for each 100 square feet, or part of 100 square feet of floor area of airlock; or

(b) separately lighted by electricity and provided with a switch within the airlock.

(2) Except as provided in sub-section (3) of this section, every airlock shall be provided with direct ventilation to the open air from a point near ceiling level.

Such ventilation shall be provided by a vent, or vents, carried as direct to the open air as is practicable, and boxed throughout, and having a minimum clear area at any point of not less than 27 square inches for every 100 square feet, or part of 100 square feet of floor area of airlock.

(3) In private residences, the requirements of sub-section (2) of this section may be omitted, provided:—

(a) That the floor area of the airlock is not less than 20 square feet, and that the doors of water-closets are fitted with approved self-closing devices; or

(b) that other provisions are made to the approval of the Engineer.

Section 152—Alternative Methods of Lighting and Ventilating Water-closets and Airlocks.—(1) Subject to the approval of the Engineer first obtained, in writing, water-closet or urinal compartments, and airlocks in buildings, other than hospitals and similar institutions, may be ventilated by one of the following methods, instead of by the method set out in sections 151 and 152:—

(a) (i) In buildings up to four stories in height (measured from the floor of the lowest water-closet or urinal compartment to be so ventilated) the water-closet and urinal compartments and airlocks may abut on to a ventilating shaft, open to the sky and carried to such height as may be necessary to prevent the deflection of wind currents down the shaft by neighbouring structures.

No rooms, other than water-closet and urinal compartments, airlocks, and bathrooms, may open on to such shaft.

The area of such ventilating shafts, and the maximum number of water-closets or urinals to be served by any one such shaft, shall be as shown in the following table:—

Height of Ventilating Shaft in Stories.	Minimum Area of Ventilating Shaft.	Maximum Permissible Number of Closet Pans or Urinals on any Vent Shaft.
1 or 2	16 square feet	4
3 or 4	1st and 2nd stories—16 square feet 3rd story—20 square feet Top story—24 square feet	10

No dimension of such ventilating shaft shall be less than 4 feet.

(ii) In buildings in which such ventilating shaft is three or four stories in height, a ventilating duct having a clear area of not less than two square feet, shall be carried from the bottom of the ventilating shaft to an external wall, and shall be boxed throughout.

(iii) Every water-closet or urinal compartment or airlock which abuts on to a ventilating shaft as afore-mentioned shall have a window, capable of being opened to such shaft, with an effective glass area at least equal to one-fifth of the floor area of the compartment, with a minimum of four square feet, and shall be provided with ventilating openings to the ventilating shaft, having a total clear area at any point of not less than 50 square inches per closet pan.

(iv) Where water-closets or urinals are situated in a basement or cellar, in addition to the above-mentioned requirements, there shall be provided a ventilating duct, carried through the roof, and fitted with an approved cowl designed either to give a positive up draught or down draught in the duct, at the option of the owner. Such ventilating duct and cowl shall be capable of changing the air in each water-closet or urinal compartment or airlock served by it, at least six times per hour, when subject to a wind velocity of four miles per hour, the inside and outside temperatures being equal.

Ventilating ducts serving different compartments may be combined, but the minimum area of any ventilating duct shall be 25 square inches for each closet pan or urinal served by the said duct.

(b) The water closet or urinal compartment may be ventilated by a mechanical system of exhaust ventilation in compliance with the requirements of section 153.

(2) Every water-closet or urinal compartment permitted by the Authority to be ventilated in accordance with this section shall be separately lighted by electricity and provided with a separate switch within the compartment.

Section 153—Mechanical Ventilation.—(1) Every system of mechanical ventilation shall be approved by the Engineer and be capable of changing the air contents of the water-closets served at least six times per hour.

(2) In every case, the ventilating fan and the power unit operating same shall be in duplicate, unless the main air shaft shall, in the opinion of the Engineer, be designed to act as an efficient natural vent in the event of the mechanical equipment failing.

(3) Upon completion, the owner or his representative shall carry out such tests of the ventilating system as the Authority may deem necessary.

(4) Such mechanical system shall be operated continuously and maintained in good working order and condition, under the direction of a properly qualified person.

(5) Any such mechanical system shall be open to inspection by the officers of the Authority at all reasonable times, and shall be subject to such tests as the Authority shall from time to time direct.

(6) Subject to the requirements of section 111, air shafts may be used also as pipe shafts.

(7) The failure, for a period longer than 48 hours, of any such ventilating system, to operate efficiently, or to fulfil the requirements of this section, shall be an offence against this By-law.

Section 154—Construction of Water-closets.—

- (a) Each closet apartment shall be not less than 3 feet wide and 5 feet long, inside measurements, and the walls shall be at least 7 feet high at the lowest part.
- (b) The floors of all internal water-closet apartments shall be constructed of concrete of not less than 4 inches thickness or of other approved impervious material and graded as directed, or they shall be provided with safes of lead or other approved material in accordance with the requirements of sections 185, 186, and 187.
- (c) In wooden water-closets the bottom plates and plinths shall be of approved timber and the frame shall be securely fastened to the floor and made rigid, without attachment to fences.
- (d) Where repairs to wooden closet buildings are required, the studs shall be cut back to sound timber and new plates fixed to the sound ends and bedded and secured to dwarf concrete or brick walls extending up to such a height as is necessary to give the required height from the floor to the level of the top wall plates.

External closet doors shall be saw-toothed on top, and a space of 3 inches shall be left between bottom of door and floor, or other approved means of ventilation provided.

*Section 155—Fixing Closet Pan.—*On concrete floors, or floors of tiles set in concrete, the closet pan shall be securely bedded upon concrete or cement mortar and fixed with brass screws to approved lead dowels set in the floor. Where the floor is of timber covered with an approved impervious material the closet pan shall be secured to the timber by means of brass screws as directed or by other approved means.

*Section 156—Closet Pans.—*Every water-closet shall be furnished with a pan of non-absorbent material of such shape, capacity, and construction as approved by the responsible officer. Water-closet pans and fittings thereto shall be entirely open to inspection and without any enclosure. Vent horns shall be provided on all pans, even if anti-siphonage vent is required. If not used for a vent such vent horn shall be sealed with a lead disk, bituminous filler and a lead cap piece, or by other approved method.

*Section 157—Closet Pan Seats.—*All closet pan seats must be of the flap or hinged tip-up type. Except as approved by the responsible officer, all seats shall not be less than 1 inch in thickness and constructed of approved material. When constructed of wood, four-piece seats shall be glued and either dowelled or bolted, and one-piece seats shall be reinforced with two wood or brass slips let in flush on the underside. To prevent fouling of pan, the closet seat openings must not be larger than 10½-in. x 9-in., and seats with holes so large as to cause fouling of the pan must not be used, provided that open front seats of approved design may be used. Pans must measure at least 12 inches between the lower edge of the front and back faces of flushing rims. Water-closet seats must be provided with approved buffers to prevent damage to the pan, and an approved buffer clip must be fixed to the flush pipe at a suitable height from the pan.

*Section 158—Flushing Apparatus.—*Approved apparatus shall be provided for the effective application of water to the pan of the water-closet and for the efficient flushing and cleansing of the pan and effective removal therefrom of any solid or liquid matter which may from time to time be deposited therein. Such apparatus shall have a flushing capacity of not less than 2½ gallons, and shall be so constructed, fitted, and placed as to supply water for use in the pan without any direct communication with any service water pipe upon the premises.

*Section 159—Flushing Cisterns.—*Flushing cisterns shall be of cast iron, glass enamelled porcelain, stoneware or other material approved by the Engineer, and shall be fixed at such height as well effectively flush the pan; but, except by special permission, no cistern shall be fixed at a less height, measured from top of seat to bottom of cistern, than 6 feet, where 1½-in. flush pipe is used, or 4 ft. 6 in. where 1¼-in. flush pipe is used. There shall be a distance of at least 9 inches between top of cistern and ceiling of closet.

Every cistern shall be provided with an approved ball tap and shall have a separate stop-tap and an overflow of ¼-in. internal diameter, and shall be fixed to cistern boards not less than 12 inches deep and 1¼ inch thick, or fixed in other approved manner.

Water supply pipes to cisterns shall be adequate to fill any cistern at the rate of not less than 1 gallon per minute.

*Section 160—Flush Pipes.—*Flush pipes to closet pans shall be of brass, copper, 6-lb. lead, galvanized-iron of not less than 22-gauge, or other approved material, and shall have a minimum diameter of 1¼-in.

*Section 161—Flushing Apparatus other than Cisterns.—*Notwithstanding anything contained in this By-law, closet pans in any building may be flushed by means of any apparatus which—

- (a) automatically controls the amount of water used, and/or
(b) is approved by the Authority.

*Section 162—Storage Tanks.—*Except where otherwise allowed by the Authority, on request, in writing, by the owner accepting all responsibility in the matter, internal water-closets shall be provided with storage tanks capable of holding 6 gallons of water for each occupant of the building, with a minimum of 60 gallons per closet for all buildings except private residences, which shall have a minimum capacity of 30 gallons, and flats with separate external entrances, which shall have a minimum capacity of 30 gallons per tenement. These tanks may be of 22-gauge galvanized sheet iron or 24-gauge galvanized corrugated iron.

Unless otherwise directed by the responsible officer, the storage tanks may be placed in the water-closet compartment itself, on the roof over a flat or gutter, or in an accessible place between the ceiling and the roof, in which latter case a safe of galvanized-iron, lead, or other approved impervious material, with over-flow, shall be fixed under the storage tank.

*Section 163—Venting Closet Pans.—*Unless otherwise directed or permitted, every closet pan on an upstairs floor shall discharge into a soil-ventilator pipe, except that any closet pan on a floor which is not more than 8 feet in height from the ground surface level may be ventilated by an anti-siphonage vent only, in accordance with the requirements of sections 75 and 89, and discharge into a soil pipe without extension as a ventilator pipe; provided that no fixtures at a lower level are connected to such soil pipe.

Any closet pan where ordered, and, also, unless otherwise directed, every internal closet pan which is more than 4 feet from a fully vented soil-pipe drain as measured along the axis of the pipe between the centre of soil pipe and centre of pan, shall be ventilated by an anti-siphonage vent in accordance with the requirements of section 89, sufficiently close to prevent siphonage, and in no case more than 18 inches from the trap. Notwithstanding the above, all "S" trap pans must be provided with anti-siphonage vents.

*Section 164—Grouped External Closets.—*Where there are two or more external water-closet pans grouped on the ground floor or in the yard of any premises special provision to prevent siphonage may be ordered by the Engineer.

DIVISION 32.—URINALS AND FLUSHING APPARATUS.

*Section 165—Urinals, General.—*In every licensed victualler's property, restaurant, boarding-house, lodging-house, school, shop, factory, office, public building, or building used for public entertainment, urinal accommodation shall be provided in accordance with the requirements of the Health Acts and/or Factories and Shops Acts of the State of Victoria, or of any regulation under any of the said respective Acts or of other relevant Acts.

*Section 166—Internal Urinals.—*The positions, approaches, arrangement of lighting, ventilation, &c., for urinals shall comply as nearly as possible with the provisions set out in this By-law as to internal water-closets.

*Section 167—Details of Construction, &c.—*Except by special permission, only round-backed stall type urinals of approved impervious material shall be used. The soil pipe shall be of lead, stoneware, or glass, enamelled or coated cast-iron, or other approved material, shall be kept as short and free from bends as possible, and shall be trapped. Inspection openings shall be provided on soil pipes as directed, with clamped covers. The urinals shall be provided with approved flushing apparatus, and a hose tap shall be provided in a suitable position for hosing down.

*Section 168—Treatment of Floors.—*The floor in front of a urinal shall be covered with approved impervious material for a width of not less than 2 feet, or, if raised above floor level of urinal compartment, not less than 1 ft. 6 in., and graded to drain to urinal.

Impervious Materials.—The following materials will be considered impervious:—

- (a) For urinals: glazed fire clay or salt-glazed stoneware.
(b) For floors in front of urinals: approved tiles set in cement mortar (composed of equal parts of cement and sand), concrete 4 inches thick rendered with ½-in. thick cement mortar, slate, marble, or asphaltum.

*Section 169—Flushing Apparatus.—*Pull and chain flushing cisterns or other approved apparatus operated by hand shall be fixed on all urinals except where automatic flushing cisterns are permitted or directed by the Engineer.

Section 170—Flushing Cisterns.—The discharge from a cistern shall be equal to 1 gallon for each urinal stall, except where otherwise allowed by the Authority, but in no case shall more than three stalls be served by a single-flushing apparatus.

The height of a cistern shall, unless otherwise allowed by special permission, be at least 6 ft. 6 in. from the floor to the bottom of the cistern. The cistern shall be so fixed that the ball tap is accessible.

A separate stop tap shall be provided for each urinal cistern.

Section 171—Flush Pipes.—Flush pipes for urinals shall be of brass or copper with gunmetal fittings, and shall have a minimum diameter of 1½-in., except that flush pipes for automatic flushing cisterns generally shall not exceed—

For 1-gallon cistern, ¾-in. internal diameter.

For 2-gallon cistern, 1-in. internal diameter.

For 3-gallon cistern, 1½-in. internal diameter, with branches as directed by the responsible officer of the Authority.

DIVISION 33.—SLOP SINKS.

Section 172—General.—Slop sinks shall be made in one piece of approved impervious material and provided with approved flushing apparatus of 2½-gallon capacity.

Section 173—Ventilation, Light, &c.—Slop sinks shall be so placed and ventilated as to comply with the requirements for internal water-closets as set out in this By-law.

Section 174—Bibcock over Slop Sink.—A bibcock shall be fixed directly over a slop sink, and at least 18 inches above such sink. A pedestal pan must be used wherever combined water-closet, slop sink, and internal urinals are required, and in such case must be provided with hinged tip-up seat. A lead safe of suitable area must be fixed under the pan.

DIVISION 34.—WASH TROUGHS.

Section 175—General.—Every wash trough shall be of approved pattern and material, securely fixed and graded to outlet pipe, fitted with brass strainer sunk to level of bottom of trough.

Section 176—Support for Lead Waste Pipe.—Where the distance between outlets on troughs exceeds 21 inches and lead waste pipe is used, the pipe shall be supported either by a lead tack wiped on the top of the pipe or by a wooden block screwed to the bottom of the trough and clamped to the pipe.

Section 177—Troughs Abutting Against Brick Wash Copper.—Wherever the end of a wash trough abuts against the brick-work of a wash copper, the space between the end of trough and the brick-work shall be filled with approved water-proof material, and made water-tight.

DIVISION 35.—SINKS, BATHS, LAVATORY BASINS, AND SHOWERS.

Section 178—Sinks.—All sinks shall be fixed on brackets, and traps and wastes left readily accessible.

Section 179—Galvanized Sheet-iron Baths.—The bottoms of galvanized sheet-iron baths shall be effectively supported. Such baths shall not be enclosed. Longitudinal joints in the bottoms of baths shall not be permitted. Where it is necessary to fix new wastes to galvanized-iron baths, the bottoms of which are unsupported, efficient supports for the bath must be provided before the wastes are fixed.

Section 180—Bath Traps.—Where a bath trap is fixed on the outside of a wall it shall in no case be more than 3 feet from the outlet of the bath, unless by special permission of the Engineer.

Section 181—Baths Without Flashing.—Where pedestal baths are fixed, and it is not desired to flash them, they shall be fixed with a space of at least 6 inches clear of walls.

Section 182—Venting of Lavatory Basins.—Except as hereunder all lavatory basins, placed singly, shall be provided with anti-siphonage vents. Where the length of waste pipe does not exceed 4 feet, measured from crown of trap to outlet end of waste pipe, and siphonage does not occur, the anti-siphonage vent may be omitted.

In ranges of lavatory basins, ventilation by means of a single vent pipe at the upper end of the range will be permitted provided that the vent and main waste pipe are sufficiently large to prevent siphonage.

Section 183—Tip-up Basins.—Tip-up lavatory basins shall not be permitted.

Section 184—Showers.—All shower compartments shall be provided with drainage in accordance with the requirements for baths, and the drainage outlet shall be fitted with brass grating.

The floors of shower compartments shall be well graded to the trapped outlet and shall be constructed of not less than 4 inches of concrete, trowelled smooth or covered with tiles set in cement mortar, or of other approved impervious materials, or if constructed of timber shall be covered with enamelled cast-iron, approved non-corrosive sheet-metal, or other approved material turned up at the edges and flashed, in accordance with the requirements of section 93.

The walls of shower compartments shall be constructed of brickwork or concrete, cement rendered to a smooth finish, or covered with tiles set in cement mortar, or of other approved impervious materials, or if constructed of timber shall be lined with approved non-corrosive sheet-metal or other impervious material, and with impervious joints.

DIVISION 36.—SAFES AND OVERFLOWS.

Section 185—Safes, where Required.—Safes of lead or other approved impervious material shall be fitted under slop sinks and internal water-closets, and in such other positions as directed, where there is not already an impervious waterproof floor, suitably graded and provided with a suitable drainage outlet.

Section 186—Lead Safes in Water-closets, &c.—All lead safes shall be laid with sheet-lead weighing not less than 5 lb. per square foot, and where the whole floor is not covered with lead the safe shall extend 12 inches beyond the sides and 15 inches beyond the front of the pan, measured from the outside of the basin, and shall extend back to and 3 inches up the wall and over-flashed, if directed. The roll of such safe shall be 2 inches wide and ½ inch high. In the case of baths, sinks, and lavatory basin, the lead where directed shall extend 6 inches beyond the ends or sides, measured from the extreme edge of the fitting, and shall be carried back to and up the wall as for closets.

Section 187—Safe Overflows.—Unless otherwise permitted, every safe shall be drained by a separate 2-in. diameter pipe, provided at the inlet with a brass grating and at the outlet into the open air with a flap valve of brass or other approved metal, and shall not connect with any waste pipe, soil pipe, drain, or sewer.

Section 188—Cistern Overflows.—Every cistern supplied with water shall, unless otherwise approved, have an overflow pipe of adequate size discharging in a position where it will not cause damage, but where it will act as a warning pipe. On ground floors where cisterns are fixed over impervious floors graded to drain outside of the room, the overflow may discharge on to such floors, provided no damage is likely to arise therefrom.

Section 189—Discharges from Overflows.—Overflows may discharge into the open air above ground level only when the discharge, in the opinion of the responsible officer, will not cause any inconvenience or nuisance. In all other cases the pipes must be brought to the ground surface or be arranged to discharge where they will not prove a source of annoyance or inconvenience.

Section 190—Steam Exhaust.—No steam exhaust, blow-off condensate, or drip pipe shall be connected with any drain or any soil or waste pipe.

Section 191—Existing Floors.—Where necessary, in the opinion of the responsible officer of the Authority, every existing floor under a fixture shall be regraded and a proper waste pipe and, if directed, a flap valve fixed.

DIVISION 37.—EXISTING FIXTURES.

Section 192.—All existing fixtures, fittings, and appliances not in accordance with this By-law, which the owner may desire to remain unaltered, and which, in the opinion of the Authority, will be inoffensive, may at the distinct request, in writing of the owner, remain unaltered until such time as the Authority shall otherwise order. Existing fixtures, fittings, and appliances which, in the opinion of the Authority, are offensive shall be removed at once.

PART 6.—WATER SUPPLY.

DIVISION 38.—WATER SERVICES TO SANITARY FIXTURES.

Section 193—Supply of Water to Fixtures.—All water closets and other plumbing fixtures shall be provided by the owner with a sufficient supply of water for flushing purposes to keep them at all times in proper and cleanly conditions.

Every owner of property who desires, or has been ordered, to provide sanitary appliances for his own property and to connect his property with the sewers of the Authority, shall before or at the commencement of the work of making such connexion, provide piping approved of by the Authority for the conveyance of water, and shall cause the piping to be joined at the most convenient water supply main, or, with the permission of the responsible officer, to some pipe already joined to the main. Such piping shall be of sufficient capacity to supply all sanitary fittings on the property freely and

continuously, and convey to the flushing cistern, flushing tank, or other flushing apparatus of each water-closet on the property enough water to fill the same at a rate of not less than 1 gallon per minute, and the owner shall cause such piping to be connected with the cistern, tank, or other flushing apparatus before the completion of the work.

The water supply to any fixture shall be so arranged that there shall be an actual physical discontinuity between the water stored or used in any such fixture and that in the water service pipe. The water supply for water-closets or urinals shall not be taken from a storage tank serving a hot water service.

Section 194—Material, Condition, Capacity, &c., of Water Supply Piping.—The entire length of the water supply piping from its connexion with the water supply main to the water-closet flushing cistern, or other fixture, shall be such as is, in the opinion of the responsible officer, suitable in regard to material, condition, and capacity, to convey a sufficiency of water for the sanitary requirements of the particular tenement.

The owner shall keep the piping from becoming, whether by reason of corrosion or other cause, of insufficient capacity to fill the flushing cistern, storage tank, or other flushing apparatus at the rate of not less than 1 gallon per minute.

Section 195—Fixtures Not Connected with Sewers.—No water service pipe shall be laid to supply any fixture in any property in any sewerage area unless such fixture is connected with the sewers of the Authority, or unless special permission, in writing, has been previously given to lay such service pipe.

Section 196—Storage Tanks.—Water supply pipes to storage tanks for internal closets shall be not less than $\frac{3}{4}$ -in. diameter, and be provided with stop taps and high-pressure ball valves, except where the water pressure at the storage tank is not sufficient to allow of high-pressure ball valves being used; in such cases the permission of the Engineer shall be obtained to fix low-pressure ball valves. Where the head of the water supply of the storage tank to the flushing cistern is less than 20 feet, a low-pressure ball valve shall be provided to the cistern. Except by special permission of the Engineer the head of water supply shall in no case be less than 10 feet, measured vertically from top water level of storage tank to the level of the point of discharge into the cistern, or to the flush valve, as the case may be.

The water supply pipes from storage tanks to cistern shall not be less than the following diameter:—

- For 1 to 2 cisterns, $\frac{3}{4}$ -in. diameter.
- For 3 to 6 cisterns, 1-in. diameter.
- For 7 to 25 cisterns, $1\frac{1}{4}$ -in. diameter.
- For 26 to 50 cisterns, 2-in. diameter.

Except by special permission of the Engineer, more than ten (10) cisterns shall not be subject to a head of less than 30 feet.

Where the number of water-closets or urinals served by any storage tank exceeds two in the case of private residences or flats, or one for any other building, a full-way gate valve shall be provided on the outlet from the storage tank.

The overflow pipe from a storage tank shall not be less than $1\frac{1}{2}$ -in. in diameter, and shall lead to a gutter or open drain outside the building or out-building. In all water-closets, a lead or annealed copper connexion not less than 12 inches in length shall be used between the flushing cistern and the supply pipe.

Section 197—Supply Pipe Connexion with Flushing Cistern.—In all water-closets, where directed, a piece of lead or annealed copper pipe not less than 12 inches in length shall be used between the flushing cistern and the stop-cock on the supply pipe.

The above By-law was made and passed by the Kyabram Sewerage Authority on the 12th day of July, 1940, and confirmed on the 9th day of August, 1940.

In witness whereof, the common seal of the Authority was hereto affixed in the presence of—

(SEAL) ROBERT BREEN, Chairman.
W. J. BARROT, Member.
GEORGE CLEMENTS, Secretary.

Approved by the Governor in Council,
9th September, 1940.

C. W. KINSMAN,
Clerk of the Executive Council.

GEELONG WATERWORKS AND SEWERAGE TRUST.

BY-LAW No. 71.

A By-law for Making and Levying the Rates for the Year Commencing on the First day of July, 1940.

THE Geelong Waterworks and Sewerage Trust (hereinafter called "the Trust"), in pursuance of and in exercise of the powers and authorities conferred on such Trust by the *Geelong Waterworks and Sewerage Act 1928*, and of any other powers and authorities in any wise enabling the said Trust in that behalf, doth hereby make the By-law for the area supplied with water by the Geelong Water Supply Works or any extension of such works:—

1. The following rates are hereby made, and shall be levied upon the occupiers or owners of lands and tenements liable to be rated within the said area, and supplied with water for domestic purposes:—

- (a) On any tenement (other than land on which there is no building) the annual valuation whereof does not exceed £20—Twenty shillings per annum.
- (b) On any such tenement the annual valuation whereof exceeds £20—One shilling in the pound of the amount of the annual valuation.
- (c) On any land on which there is no building the annual valuation whereof does not exceed £5—Five shillings per annum.
- (d) On any such land on which there is no building the annual valuation whereof exceeds £5—One shilling in the pound of the amount of the annual valuation.

2. Such rates are made and shall be levied for the year beginning with the first day of July, 1940, and ending with the thirtieth day of June, 1941, and shall be payable in two equal instalments on the sixteenth day of September, 1940, and the first day of January, 1941.

3. Such persons as the Trust may from time to time appoint for that purpose shall be and are hereby authorized to demand, receive, collect, sue for, and recover the said rates.

4. For making and levying such rates within the said area, the valuation for the time being of all lands and tenements for the municipal rate of the municipality in the municipal district of which such lands and tenements are situate shall be deemed and taken to be the valuation of such lands and tenements respectively; but if any such lands and tenements are not included in a valuation in force for the municipality in whose district they are situate, or if there is no such valuation, the net annual value thereof may for all the purposes for such rate be determined by a police magistrate.

The foregoing By-law was made and passed by the Geelong Waterworks and Sewerage Trust, on the twenty-third day of August, One thousand nine hundred and forty, and the common seal of the said Trust hereunto affixed in the presence of—

J. P. McCABE DOYLE, Chairman.
(SEAL) ALAN BELCHER, Member.
P. G. REILLY, A.I.C.A., Secretary.

Approved by the Governor in Council,
9th September, 1940.

C. W. KINSMAN,
Clerk of the Executive Council.

State Electricity Commission Act 1934.

STATE ELECTRICITY COMMISSION OF VICTORIA.— ELECTRICAL APPROVALS BOARD.

IN accordance with the requirements of the Electrical Approvals Regulations—Proceedings of Electrical Approvals Board, the State Electricity Commission of Victoria hereby gives notice that, pursuant to the provisions contained in section 7 of the *State Electricity Commission Act 1934* and the said Regulations,

GEORGE FREEMAN WRIGHT,
has been appointed, as representing the interests of the electrical undertakers of Victoria, to act as acting member in the place of Mr. S. G. Hall during the latter's leave of absence for service with His Majesty's Forces.

Dated the sixth day of September, 1940.

W. J. PRICE,
Secretary.

COUNTRY ROADS BOARD.

At the Executive Council Chamber, Melbourne, the
ninth day of September, 1940.

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris

ORDER APPROVING OF A NEW MAIN ROAD IN THE
SHIRE OF MALDON.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Castlemaine-Maldon road in the Shire of Maldon should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Parish of Muckleford, the boundaries of which are as follow:—Commencing at the north-western angle of allotment 24, section 9, of the said parish; thence by lines bearing respectively 96 deg. 6 min. 108 links, 114 deg. 36 min. 122.5 links, 282 deg. 33 min. 424.2 links, 90 deg. 29 min. 195.6 links, and 180 deg. 29 min. 28 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red and blue on survey plan No. 4448, lodged in the office of the Country Roads Board.

ORDER APPROVING OF A NEW MAIN ROAD IN THE
SHIRE OF METCALFE.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Elphinstone-Harcourt road in the Shire of Metcalfe should be made by the said Board: And whereas the said Board in accordance with the requirements of section 19 of the said cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Town and Parish of Elphinstone, the boundaries of which are as follow:—Commencing at the south-eastern angle of allotment 8, section A, of the said town; thence by lines bearing respectively 314 deg. 41 min. 222.4 links, 299 deg. 58 min. 595 links, 66 deg. 49 min. 204.8 links, 97 deg. 29 min. 26 links, 118 deg. 17 min. 321.5 links, and 155 deg. 0 min. 417.5 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 4441, lodged in the office of the Country Roads Board.

DECLARATION OF THE NEW DOOKIE-NALINGA
ROAD IN THE SHIRE OF SHEPPARTON.

WHEREAS by section 21 of the *Country Roads Act 1928* (No. 3662) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has taken the land necessary for constructing a road or deviation it shall as soon as it thinks such road or deviation is fit to be used as a public highway by Resolution declare the road or deviation to be a main road or part thereof and that upon publication in the *Government Gazette* of the Order of the Governor in Council confirming such Resolution such road or deviation shall thereupon be a main road or part thereof within the meaning of the said Act: And whereas the said Board has by Resolution declared the road on the

land described in the Schedule to such Resolution to be part of a main road: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

Resolution for Declaration of a New Main Road under the
Country Roads Act.

Whereas the land the site of the road the course of which is below set out was taken by the Board under the provisions of the Country Roads Act for the purpose of constructing such new road which new road has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the road aforesaid is fit to be used as part of a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 21 of the *Country Roads Act 1928* doth by this Resolution hereby declare the said new road the course of which is described in the schedule hereto with the commencing and terminating points thereof respectively specified to be part of the main road within the meaning and for the purposes of the Country Roads Act.

SCHEDULE.

Shire of Shepparton.

5. *Dookie-Nalinga road* (15205).—All that piece of land in the Parish of Dookie, the boundaries of which are as follow:—Commencing at the north-eastern angle of allotment D of the said parish; thence by lines bearing respectively 180 deg. 3 min. 240 links, 323 deg. 50 min. 160 links, 301 deg. 34 min. 211.5 links, and 90 deg. 0 min. 275 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 4177, lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed, at Melbourne, this second day of September, One thousand nine hundred and forty, in the presence of—

(SEAL) L. F. LODER, Chairman.
W. L. DALE, Member.
R. JANSEN, Secretary.

DECLARATION OF A STATE HIGHWAY UNDER THE
COUNTRY ROADS ACT IN THE SHIRE OF
WYCHEPROOF.

WHEREAS by the Resolution set out below and dated the second day of September One thousand nine hundred and forty the Country Roads Board incorporated under the *Country Roads Act 1928* (No. 3662) being of opinion that the highway in the State of Victoria set out or described in the Schedule to the same is of sufficient importance to be a State Highway and acting under the powers in that behalf conferred upon it by the said Act declared such highway to be a State Highway within the meaning and for the purposes of the Act aforesaid: And whereas the said Act amongst other things provides that the Governor in Council may by Order published in the *Government Gazette* confirm such Resolution whereupon any road mentioned in such Resolution shall be a State Highway: And whereas it is deemed desirable to confirm the Resolution so made and passed by the said Country Roads Board: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm such Resolution and declare upon the publication of this Order in the *Government Gazette* the road mentioned in the Schedule to such Resolution of the Country Roads Board a State Highway within the meaning and for the purposes of the *Country Roads Act 1928*.

Resolution for Declaration of a State Highway under the
Country Roads Act.

The Country Roads Board incorporated by the *Country Roads Act 1928* (No. 3662) at a meeting now holden being of opinion that the highway within the State of Victoria set out or described in the Schedule hereunder written is of sufficient importance to be a State Highway acting under the powers in that behalf conferred upon it by the said Act doth by this Resolution hereby declare such highway to be a State Highway within the meaning and for the purposes of the said *Country Roads Act 1928*.

SCHEDULE.

Shire of Wycheproof.

3. *Calder Highway*.—Commencing at the south-eastern boundary of the Township of Sea Lake at the western angle of allotment 24, Parish of Burupga; thence north-westerly to a point on the western boundary of allotment 14, section 3, of the said township, distant 144 deg. 50 min. 195.5 links from the north-western angle of the allotment last named; thence north-westerly through the said allotment 14 and allotment 13 of the said section, to the north-western angle of the allotment last named (survey plan 4046); thence northerly through the said township to the northern boundary thereof, and

continuing northerly to a point on the southern boundary of allotment 21 of the said parish, distant 89 deg. 59 min. 979.4 links from the south-western angle of the said allotment 21.

The common seal of the Country Roads Board was hereto affixed, at Melbourne, this second day of September. One thousand nine hundred and forty, in the presence of—

(SEAL.) L. F. LODER, Chairman.
W. L. DALE, Member.
R. JANSEN, Secretary.

DECLARATION OF A DEVIATION FROM THE CALDER HIGHWAY IN THE SHIRE OF WYCHEPROOF.

WHEREAS by section 58 of the *Country Roads Act 1928* (No. 3682) it is amongst other things enacted that when the Country Roads Board under the provisions of the Country Roads Act has by Resolution declared a deviation to be a State Highway the said Board may also declare that such deviation shall be in lieu of any existing highway or part thereof named in such Resolution and that on publication in the *Government Gazette* of the Order confirming such Resolution the existing highway or part thereof shall cease to be a State Highway or be discontinued as provided in the Resolution: And whereas the said Board has by Resolution declared the deviation on the land described in the First Schedule to such Resolution to be a State Highway and has also declared that such deviation shall be in lieu of the part of the existing highway being the land described in the Second Schedule to the said Resolution: Now therefore His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof doth hereby confirm the said Resolution.

Resolution for Declaration of a Deviation under the Country Roads Act.

Whereas the land the site of the highway the course of which is below set out was taken by the Board under the provisions of the *Country Roads Act 1928* for the purpose of constructing such highway deviation which highway deviation has now been laid out and formed on the same: And whereas the said Board (being the Country Roads Board incorporated under the said Act) thinks that the highway aforesaid is fit to be used as a public highway such Board at a meeting now holden acting under the authority conferred upon it by section 58 of the said Act doth by this present Resolution hereby declare the said highway deviation the course of which is described in the First Schedule hereto with the commencing and terminating points thereof respectively specified to be part of a State Highway within the meaning and for the purposes of the *Country Roads Act 1928*. And the said Board doth also declare that such deviation shall be in lieu of the existing highway or part thereof described in the Second Schedule hereto.

FIRST SCHEDULE.

Shire of Wycheproof.

3. *Calder Highway*.—All that piece of land in the Parish of Buruppa, and being a roadway generally 2 chains wide, the eastern boundary of which commences at a point on the southern boundary of allotment 21 of the said parish, distant 89 deg. 59 min. 979.4 links from the south-western angle of the said allotment; thence north-westerly through the said allotment to a point on the western boundary thereof, distant 180 deg. 0 min. 2,112 links from the north-western angle of the said allotment.

NOTE.—The route of the portion of roadway above described is more particularly delineated and shown coloured red on survey plan No. 3775, lodged in the office of the Country Roads Board.

SECOND SCHEDULE.

Shire of Wycheproof.

3. *Calder Highway*.—All that piece of land in the Parish of Buruppa, and being a roadway 1 chain wide, the western boundary of which commences at the south-eastern angle of allotment 20 of the said parish; thence northerly by the eastern boundary of the said allotment, to a point on that boundary distant 180 deg. 0 min. 3,070.9 links from the north-eastern angle of the said allotment.

NOTE.—The route of the portion of roadway above described is more particularly delineated and shown coloured blue on survey plan No. 3775, lodged in the office of the Country Roads Board.

The common seal of the Country Roads Board was hereto affixed, at Melbourne, this second day of September. One thousand nine hundred and forty, in the presence of—

(SEAL.) L. F. LODER, Chairman.
W. L. DALE, Member.
R. JANSEN, Secretary.

ORDER APPROVING OF A NEW ROAD IN THE SHIRE OF WOORAYL.

WHEREAS the Country Roads Board constituted under the *Country Roads Act 1928* (No. 3662) has represented to His Excellency the Governor in Council that it appears to it desirable that the new Lower Tarwin-Waratah road in the Shire of Woorayl should be made by the said Board: And whereas the said Board in accordance with the requirements of section 4 of the *Country Roads Act 1936* (No. 4458) and of section 19 of the said first cited Act has caused to be prepared a map plan and estimate showing the points between which and on and through what land the said new road is proposed to be made and the cost of acquiring the land and constructing the said new road: And whereas on an inspection of the said map and plan and a consideration of the said estimate His Excellency the Governor in Council is satisfied that there are funds legally available for acquiring the land and constructing the said new road: Now therefore be it known by this present Order that His Excellency the Governor of the State of Victoria with the advice of the Executive Council thereof doth hereby approve of the said road being made, that is to say:—

All that piece of land in the Parish of Tarwin South, the boundaries of which are as follow:—Commencing at the northern angle of allotment 28B of the said parish; thence by lines bearing respectively 128 deg. 44 min. 497 links, 170 deg. 55 min. 500 links, 331 deg. 14 min. 891 links, and 53 deg. 37 min. 50 links to the point of commencement—which said piece of land is particularly delineated and shown coloured red on survey plan No. 4446, lodged in the office of the Country Roads Board.

And the Honorable Sir George Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

DEPARTMENT OF LANDS AND SURVEY.

At the Executive Council Chamber, Melbourne, the ninth day of September, 1940.

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris

UNUSED AND UNMADE ROADS CLOSED.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby direct that, in pursuance of the provisions of section 304 of the *Land Act 1928* (No. 3709), the unused and unmade roads referred to hereunder be closed, viz.:—

Parish of Allambee East, County of Buln Buln, being the road lying between allotment 82B and the Cemetery Reserve.—(A.177⁽²⁾) (C.85954).

Parish of Edi, County of Delatite, being the road lying between allotment 8 and allotment 9 of section 23.—(E.108⁽⁴⁾) (C.83902).

Parish of Glenaroua, County of Dalhousie, being the road commencing at a point bearing N. 25 deg. 0 min. E. 3,419 links from the south-east angle of allotment C.16A of section C; bounded thence by that allotment bearing N. 89 deg. 37 min. W. 790 links; by the said allotment C.16A and allotment C.16B bearing N. 0 deg. 23 min. E. 776 links; by the said allotment C.16B bearing S. 89 deg. 37 min. E. 780 links; by a road bearing S. 47 deg. 34 min. E. 149 3/10 links; by lines bearing N. 89 deg. 37 min. W. 791 links, S. 0 deg. 23 min. W. 576 links, and S. 89 deg. 37 min. E. 736 links; and thence by a road bearing S. 25 deg. 0 min. W. 110 links to the point of commencement.—(G.157⁽³⁾) (H.013704).

Township of Homebush, Parish of Glenmona, County of Gladstone, being the road in the two separate portions hereinafter described, viz.:—The road (1) commencing at the south-east angle of allotment 17 of section 3; bounded thence by a line and allotment 30A bearing S. 15 deg. 41 min. E. 1,658 5/10 links; by allotment 30C, a line, and allotment 43 bearing S. 15 deg. 18 min. E. 826 6/10 links; by the said allotment 43 bearing S. 7 deg. 10 min. E. 678 5/10 links; by a road bearing N. 81 deg. 10 min. E. 100 links; by allotment 44 bearing N. 7 deg. 10 min. W. 683 links and N. 15 deg. 18 min. W. 822 links; by allotment 30B bearing N. 15 deg. 41 min. W. 1,670 5/10 links; and thence by a line bearing S. 74 deg. 19 min. W. 100 links to the point of commencement. (2) Commencing at the north-east angle of allotment 45; bounded thence by that allotment bearing S. 7 deg. 10 min.

E. 462 5/10 links; by the railway reserve bearing N. 58 deg. 17 min. E. 109 8/10 links; by a line bearing N. 7 deg. 10 min. W. 419 7/10 links; and thence by a road bearing S. 81 deg. 10 min. W. 100 links to the point of commencement.—(H.123(2) (C.85001).

Parish of Moyreisk, County of Kara Kara: Commencing at the south-east angle of allotment 30 of section 1; bounded thence by allotment 27A bearing south 139 5/10 links; by lines bearing S. 71 deg. 18 min. W. 2,138 links and S. 64 deg. 0 min. W. 2,197 links; by a road bearing north 147 links; and thence by lines bearing N. 64 deg. 0 min. E. 2,155 links and N. 71 deg. 18 min. E. 2,179 links to the point of commencement.—(M.232(4) (C.85804).

Parish of Shelford West, County of Grenville: Commencing at a point bearing N. 7 deg. 12 min. E. 301 links from the north-east angle of allotment 2 of section A; bounded thence by a road bearing N. 79 deg. 42 min. W. 101 5/10 links; by a line bearing north 1,310 links; by allotment 113, no section, and the Warrambine pre-emptive section bearing N. 89 deg. 9 min. E. 704 links; by a line bearing south 763 links; by a road bearing S. 46 deg. 26 min. W. 137 9/10 links; and thence by lines bearing north 758 links, S. 89 deg. 9 min. W. 504 links, and south 1,228 links to the point of commencement.—(S.281(2) (J.21512).

Parish of Wombat, County of Talbot, being the road lying to the east of and adjoining allotment 8a of section 4A.—(W.179(31) (C.86873).

LANDS TEMPORARILY RESERVED FROM SALE.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, in pursuance of the provisions of the *Land Act 1928*, reserve, temporarily, and also except from occupation for mining purposes under any miner's right the lands hereinafter described:—

PAKENHAM.—Site for a Public Hall and Library, 2 roods, Parish of Pakenham (at Officer), County of Mornington: Commencing at a point bearing N. 76 deg. 35 min. W. 2,070 links and N. 9 deg. 59 min. E. 500 links from the south-east angle of allotment 40B; bounded thence by a road bearing N. 9 deg. 59 min. E. 200 links; and thence by lines bearing S. 80 deg. 1 min. E. 250 links, S. 9 deg. 59 min. W. 200 links, and N. 80 deg. 1 min. W. 250 links to the point of commencement.—(P.5(5) (C.86982).

TERRAPPEE.—Site for Public Recreation, 21 acres 3 roods 1 perch, Parish of Terrapee, County of Gladstone: Commencing at the north-west angle of allotment 60B; bounded thence by that allotment and allotment 60A bearing S. 7 deg. 50 min. E. 2,047 links; by said allotment 60A and allotment 60E bearing S. 82 deg. 10 min. W. 526 5/10 links; by the State School reserve bearing N. 7 deg. 50 min. W. 500 links and S. 82 deg. 10 min. W. 651 links; by a road bearing N. 20 deg. 2 min. W. 576 links; by the Mechanics' Institute reserve bearing N. 82 deg. 10 min. E. 388 7/10 links, N. 7 deg. 50 min. W. 125 links, and S. 82 deg. 10 min. W. 413 links; and thence by roads bearing N. 20 deg. 3 min. W. 179 links, N. 0 deg. 40 min. E. 509 5/10 links, N. 55 deg. 32 min. E. 402 2/10 links, and N. 82 deg. 10 min. E. 926 5/10 links to the point of commencement.—(T.253(2) (Rs.4348).

TERRAPPEE.—Site for a State School, 3 acres, Parish of Terrapee, County of Gladstone: Commencing at a point bearing S. 20 deg. 2 min. E. 576 links from the south-west angle of the Mechanics' Institute reserve; bounded thence by the Recreation Reserve bearing N. 82 deg. 10 min. E. 651 links and S. 7 deg. 50 min. E. 500 links; by allotments 60E and 60A bearing S. 82 deg. 10 min. W. 584 5/10 links; and thence by a road bearing N. 12 deg. 54 min. E. 75 links and N. 20 deg. 2 min. W. 440 links to the point of commencement.—(T.253(2) (Rs.4860).

REVOCATION OF TEMPORARY RESERVATIONS OF LANDS BY ORDERS IN COUNCIL.

HIS Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby, in pursuance of the provisions of the *Land Act 1928*, revoke the temporary reservations of the lands by Orders in Council hereinafter referred to, viz.:—

KEVINGTON.—Site for a Cemetery.

TYENNA.—Site for a State School.

NYORA.—Site for a Public Park (as to part).

TERRAPPEE.—Site for Public Recreation (as to part).

(For technical descriptions, see *Government Gazette* of the 14th August, 1940.)

And the Honorable A. E. Lind, His Majesty's Commissioner of Crown Lands and Survey for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

FARMERS PROTECTION ACT 1940.

At the Executive Council Chamber, Melbourne, the ninth day of September, 1940.

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris |

REGULATIONS.

PURSUANT to the powers conferred by the *Farmers Protection Act 1940* in that behalf, His Excellency the Governor of the State of Victoria, with the advice of the Executive Council of the said State, doth hereby make the following regulations:—

1. Notification to a creditor of the issue of a Protection Order shall, pursuant to section 13 of the *Farmers Protection Act 1940*, be made by prepaid registered letter post.
2. The notice, in writing, required to be given by a creditor, pursuant to section 5 of the *Farmers Protection Act 1940*, shall be in the form of the first or second schedule herein, according to whether the debt was incurred before 9th September, 1940, or on or after 9th September, 1940.

Form No. 1.

FIRST SCHEDULE.

Farmers Protection Act 1940.

NOTICE BY CREDITOR TO FARMER IN RESPECT OF A DEBT INCURRED BEFORE 9TH SEPTEMBER, 1940.

To _____ of _____, Farmer.
Pursuant to section 5 of the *Farmers Protection Act 1940*, twenty-one days' notice, in writing, is hereby given by _____ of his intention to take against the following action, execution, process, or proceeding, whether judicial or extra judicial, viz.:—

in respect of a debt incurred before the commencement of the *Farmers Protection Act 1940*, particulars whereof are:—

Nature of Claim.	Amount of Claim		
	£	s.	d.

Dated the _____ day of _____, 1940.
Signature of Creditor.

Form No. 2.

SECOND SCHEDULE.

Farmers Protection Act 1940.

NOTICE BY CREDITOR TO FARMER IN RESPECT OF A DEBT INCURRED ON OR AFTER 9TH SEPTEMBER, 1940.

To _____ of _____, Farmer.
Pursuant to section 5 of the *Farmers Protection Act 1940*, twenty-one days' notice, in writing, is hereby given by _____ of his intention to take against the following action, execution, process, or proceeding, whether judicial or extra judicial, viz.:—

in respect of a debt incurred after the commencement of the *Farmers Protection Act 1940*, particulars whereof are:—

Nature of Claim.	Amount of Claim.		
	£	s.	d.

Dated the _____ day of _____, 1940.
Signature of Creditor.

And the Honorable Albert Arthur Dunstan, His Majesty's Treasurer for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

SEVERANCE OF AREA FROM THE SHIRE OF BENALLA AND ANNEXATION TO THE SHIRE OF WANGARATTA, AND SEVERANCE OF AREA FROM THE SHIRE OF WANGARATTA AND ANNEXATION TO THE SHIRE OF BENALLA.

At the Executive Council Chamber, Melbourne,
the ninth day of September, 1940.

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris

WHEREAS by the *Local Government Act 1928* (No. 3720) and the *Local Government Act 1934* (No. 4279) is it enacted that the Governor in Council may, from time to time, make Orders exercising certain powers therein set forth, amongst others to sever any portion of Victoria forming part of a municipal district from such municipal district and annex the same to any other municipal district with which the portion so severed forms one continuous area, and that every such Order shall be published in the *Government Gazette* and shall take effect as from the day of such publication: And whereas the powers conferred upon the Governor in Council by the said Acts are now exercised upon a joint application of the Councils of the Shire of Benalla and of the Shire of Wangaratta with regard to certain areas therein described, and after consideration of a report and recommendation by the Advisory Board constituted pursuant to section 10 of the *Local Government Act 1934* (No. 4279): Now, therefore, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth by this present Order sever from the said Shire of Benalla and the Mokoan Riding thereof a certain area therein described and doth annex the portion so severed to the Killawarra Riding of the Shire of Wangaratta, and doth sever from the said Shire of Wangaratta and the Killawarra Riding thereof a certain area described in the aforesaid application and doth annex the portion so severed to the Mokoan Riding of the Shire of Benalla and doth redefine the boundaries of the said Shires and Ridings respectively in the manner herein set forth and described:—

SHIRE OF BENALLA.
Altered and Redefined.

Commencing on the Broken River where the east boundary of the Parish of Currawa abuts thereon; thence north by the said boundary and the east boundary of the Parish of Dookie to the south boundary of the Parish of Waggarandall; thence east by the south boundaries of the parishes of Waggarandall, St. James, and Karrabumet to the south-east angle of the last-named parish; thence north by the east boundary of that parish to the road forming the north boundary of allotment 26, Parish of Boveya; thence east by that road to the west boundary of the Parish of Killawarra; thence south by the west boundary of that parish to the most northerly angle of allotment 18; thence south-easterly by a road to the north-west angle of allotment 81, Parish of Taminick; thence easterly by the north boundary of that parish to the north-east angle of allotment 88c; thence southerly by a road and a line to the north-east angle of allotment 95; thence southerly by a road along the western boundaries of allotments 95b, 101b, and 102, to the road forming the northern boundary of allotment 106; thence easterly by that road for about 350 links, and a direct line to the north-west angle of allotment 107; thence southerly by the west boundary of that allotment and easterly by the north boundary of allotment 108 to the west boundary of the Parish of Wangaratta South; thence southerly by the western boundary of that parish to its south-west angle; thence south by a road to the south-west angle of allotment 17c, section 12, Parish of Glenrowan; thence west by a road to the north-west angle of allotment 20; thence south by the west boundary of said allotment to its south-west angle; thence east by a road to the north-west angle of allotment 21; thence south by a road to the south-west angle of allotment 23A; thence east by a road to the Fifteen Mile Creek; thence southerly by that creek to the most southerly corner of the Greenvale A Pre-emptive Section; thence north-westerly by that section to the Sydney road; thence south-westerly by that road to the north-east angle of section 41, Township of Glenrowan; thence south-easterly by a road, a line, and a road along the south-western boundary of sections 26 and 27, and south-easterly by a road to the east angle of the Glenrowan Recreation Reserve; thence south-westerly by that reserve and the boundary of the

Township of Glenrowan to the most northerly angle of allotment 113c, Parish of Glenrowan; thence south-easterly, south-westerly, and south-easterly by a road, and easterly and south-westerly by the boundaries of allotments 110, 92, and 92A to the south-west angle of the last-mentioned allotment; thence southerly by a road to the south-east angle of allotment 86A; thence west by that allotment to the north-east angle of allotment 69, Parish of Lurg; thence south and south-westerly by that allotment and south by the boundaries of allotments 64, 64A, and 60 to the south-east angle of the last-mentioned allotment; thence east by a road to the south-east angle of allotment 63; thence south by the west boundary of allotment 62, and south-westerly by a road to the north-east angle of allotment 38; thence south by that allotment and allotment 37 to the north boundary of allotment 40A; thence east, south, and east by the north and east boundaries of that allotment and the north boundary of allotment 41A to the north-east angle of the latter allotment; thence southerly, easterly, and southerly by the roads forming the boundary between the parishes of Lurg and Greta to the south-west angle of allotment 15, Parish of Myrrhee; thence easterly by a road to the north-west angle of allotment 16A; thence south-westerly by a road to the east boundary of the Parish of Tatong; thence southerly and westerly by that boundary to the south-west angle of allotment 5 in the last-named parish; thence south-easterly by a road to the south boundary of the Parish of Myrrhee; thence easterly by that boundary to the north-east angle of allotment 57A, Parish of Toombullup North; thence southerly by a road and the west boundary of allotment 57D and a line to the north boundary of allotment 45; thence westerly by that allotment to the north-west angle thereof; thence south-easterly by a road to a point in line with the west boundary of allotment 48a, Parish of Toombullup; thence southerly by a line to the north-west angle and easterly by a road to the north-east angle of the said allotment; thence southerly by a road forming the east boundary of the same allotment to the road forming the south-west boundary of allotment 56; thence south-easterly and southerly by that road and the road along the western boundaries of allotments 29 and 31 to the south-west angle of the latter; thence south-easterly by a road to boundary of the Parish of Dueran East; thence westerly by a road to Holland's Creek, and north-westerly by that creek to the south boundary of the Parish of Moorngag; thence westerly by that boundary to the east boundary of the Parish of Nillahcootie; thence southerly by that boundary to the main branch of the Back Creek; thence north-westerly by that creek to the Broken River; thence southerly by that river to Sandy Creek; thence south-westerly by that creek to its source in the Strathbogie Range; thence north-westerly by that range to the east boundary of allotment 4, Parish of Toorour; thence north and west by that allotment and allotment 5 to the north-west angle of the latter allotment; thence northerly by the road forming the east boundary of the Parish of Strathbogie to the south angle of allotment 9, section D, Parish of Lima; thence north-easterly by that allotment and allotment 10, and north by the latter allotment, allotment 11, and blocks 69, 68b, 63A, 67B, 67A, and 66c, and west by the last-mentioned block to a creek; thence northerly by that creek to the south boundary of allotment 10, section B; thence easterly by that allotment to the south-east angle thereof; thence northerly by a road to the north-east angle of allotment 111, Parish of Warrenbayne; thence westerly by a road to the south-west angle of allotment 100; thence north by a road to the south angle of allotment 93; thence north-westerly by a road to the south boundary of allotment 39b; thence westerly by a road to the south-west angle of allotment 40b; thence north by a road to the north-west angle of allotment 21a; thence westerly by a road to the south-west angle of allotment 50b; thence northerly by a road being the western boundaries of the parishes of Warrenbayne and Goomalibee to the Broken River; and thence westerly by that river to the commencing point.

MOKOAN RIDING.
Altered and Redefined.

Commencing at a point on the northern boundary of the Shire, where it is intersected by the main road from Yarrowonga to Benalla, between allotments 20c and 19A, Parish of Bungeet; thence following said road southerly to its intersection with the main Sydney road at the south-east angle of allotment 12, section S, Parish of Benalla; thence following that road north-easterly to the western boundary of the Parish of Glenrowan; thence following said parish boundary southerly and easterly to the shire boundary; thence following said boundary in a northerly and westerly direction to the point of commencement.

SHIRE OF WANGARATTA.
Altered and Redefined.

Commencing at a point on the Ovens River where the north boundary of the Parish of Boorhaman abuts thereon; thence easterly by that boundary to the north-west angle of allotment 6; thence south by a road and east by the south boundaries of allotments 6, 6a, and 7b to the road forming the east boundary of the parish; thence south by that road to the south-west angle of allotment 32; thence east by a road to the

parish boundary, and due east through the Parish of Bontherambo to the south-east angle of allotment E. Parish of Chiltern West: thence south-easterly by a line and the road between allotments K and L to the parish boundary; thence easterly and southerly by the said boundary to the north-east angle of allotment 1, section 1, Parish of Barambogic; thence south by a road and a line to a point due east from the south-east angle of allotment 7, section 5; thence east to a point in line with the east boundary of allotment 8, section 7, Parish of Byawatha; thence south by a line, the east boundary of the said allotment, and another line to the south-west angle of block 47; thence north-easterly to a point in line with the west boundary of allotment 6B, section 7, Parish of Everton; thence southerly by a line to the north-west angle of that allotment; thence easterly by the north boundaries of allotments 6B and 4, section 7, and of allotment 1, section 8, to the north-east angle thereof; thence southerly by a road to the south-east angle of allotment 5; thence west by that allotment and southerly by allotments 6F, 6H, and a line across Hodgson's Creek to the north-west angle of allotment 5A, section 12; thence southerly by a road to the south-west angle of allotment 5B; thence easterly by the Wangaratta-Beechworth road to the north-east angle of allotment 10, section 13; thence south-westerly by a road, and across the railways near the junction to the Township of Everton; thence southerly by a road forming the eastern boundary of the said township and of allotments 6 and 3, section 16, to the Wangaratta-Myrtleford road; thence westerly by that road, about 35 chains, to the road bisecting the Tarrawingee Pre-emptive allotment D; thence south and south-westerly by that road and through allotment L, to the Ovens River; thence north-westerly by that river to the boundary of the municipal district of the Borough of Wangaratta; thence south and west by the east and south boundaries of the borough to the Three Mile Creek; thence southerly by that creek to the Sydney-road; thence southerly by that road to the south boundary of the Parish of Wangaratta South; thence east by a road to the Fifteen Mile Creek; thence southerly by that creek to the south-east angle of section 7, Parish of Glenrowan; thence westerly by a road to the south-west angle of allotment 23A; thence north by a road to the north-west angle of allotment 21; thence west by a road to the south-west angle of allotment 20; thence north by the west boundary of said allotment to its north-west angle; thence east by a road to the south-west angle of allotment 17C; thence north by a road to the north-west angle of allotment 17B; thence northerly by the west boundary of the Parish of Wangaratta South to the south-west angle of allotment 36; thence westerly by the north boundary of allotment 108, Parish of Taminick, to the north-west angle thereof; thence northerly by a road forming the west boundaries of allotments 107A and 107, to the north-west angle of the latter allotment; thence westerly by a line to the road forming the northern boundary of allotment 106; thence west by that road to the road forming the eastern boundary of allotment 101; thence northerly by the said road and bounding allotment 95B on the west, to the north-east angle of allotment 95; thence due north by a line and a road to the north-east angle of allotment 88c; thence westerly by the parish boundary to the south-easterly angle of allotment 1A, Parish of Killawarra; thence north-westerly by a road to the western boundary of the Parish of Killawarra; thence north by the western boundary and east by the north boundary of the said parish, to the Ovens River; thence northerly by that river to the commencing point, excluding the municipal district of the Borough of Wangaratta.

KILLAWARRA RIDING.

Altered and Redefined.

Commencing at a point on the Ovens River, at the north-east angle of the Parish of Killawarra; thence southerly by that river and the western boundary of the municipal district of the Borough of Wangaratta to the south-west angle of allotment 1, section F, Parish of Wangaratta South; thence easterly by south boundary of the Borough of Wangaratta to the Three Mile Creek; thence southerly by that creek to the Sydney-road; thence southerly by that road to the south boundary of the last-named parish; thence east by a road to the Fifteen Mile Creek; thence following the shire boundary southerly, westerly, northerly, and easterly to the point of commencement.

And the Honorable Sir George Goudie, His Majesty's Commissioner of Public Works for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

MILK BOARD ACTS.

*At the Executive Council Chamber, Melbourne, the
ninth day of September, 1940.*

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris

REGULATIONS.

IN pursuance of the powers conferred by the Milk Board Acts and all other powers enabling him in that behalf, His Excellency the Governor of Victoria, with the advice of the Executive Council thereof, doth hereby make the following Regulations (that is to say):—

1. Regulations made in pursuance of the Milk Board Acts on the 17th day of April, 1934, the 18th day of December, 1934, and on the 30th day of January, 1940, are hereby repealed.
2. Any inquiry required to be made by the Milk Board in pursuance of the provisions of the Milk Board Acts shall be held either as a public inquiry or as a private inquiry as the Board may decide.
3. Not less than five days' notice of the date time and place appointed for the opening of any public inquiry shall be given by advertisement in at least two daily newspapers circulating in the metropolis.
4. The Board may at its discretion adjourn any inquiry from time to time and from place to place.
5. The Board may allow any person or body (corporate or unincorporate) which in the opinion of the Board is substantially and directly interested in any inquiry to appear therein. Any such person may appear before the Board either in person or by a representative approved by the Board, and any such body may appear by a representative approved by the Board.
6. The Board may engage professional assistance to assist it in any inquiry.
7. Where any inquiry is held in public the Board may upon application of any witness take his evidence or any part of it in camera.
8. Where in any inquiry a matter arises for which no provision is made in the foregoing paragraphs the Board shall do what is fair and proper in all the circumstances.

And the Honorable Edmond John Hogan, His Majesty's Minister of Agriculture in the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

MURTOA SEWERAGE AUTHORITY.

*At the Executive Council Chamber, Melbourne,
the ninth day of September, 1940.*

PRESENT:

His Excellency the Governor of Victoria.
Mr. Hyland | Mr. Martin.
Sir John Harris

CONSENT TO BORROWING £10,000.

UNDER the powers conferred by the Sewerage Districts Acts and all other powers enabling him in that behalf, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, doth hereby consent to the Murtoa Sewerage Authority borrowing at interest a sum of Ten thousand pounds (£10,000) subject to the provisions of the Sewerage Districts Acts and for the carrying out of the works in accordance with the provisions of sections 91, 126, and 133 of the *Sewerage Districts Act 1928* (No. 3772), the said sum to be borrowed by issue of debentures under the said Sewerage Districts Acts. All moneys received by the said Authority in repayment of costs and expenses of the said works, and any of them, shall be set aside for the purpose of and applied in repayment of the said sum to be borrowed.

And the Honorable Francis Edward Old, His Majesty's Minister of Water Supply for the State of Victoria, shall give the necessary directions herein accordingly.

C. W. KINSMAN,
Clerk of the Executive Council.

THE CONSTITUTION ACT AMENDMENT ACT 1928.

At the Executive Council Chamber, Melbourne, the ninth day of September, 1940.

PRESENT:

His Excellency the Governor of Victoria.
 Mr. Hyland | Mr. Martin.
 Sir John Harris

IN pursuance of the provisions contained in *The Constitution Act Amendment Act 1928*, section 192, His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth make the following Orders, that is to say:—

Lands and Survey Office, Melbourne

PROPOSED REVOCATION OF TEMPORARY RESERVATIONS OF LANDS BY ORDERS IN COUNCIL.

IN pursuance of the provisions of the *Land Act 1928*, notice is hereby given that it is the intention of the Governor in Council to revoke the temporary reservations of lands by Orders in Council hereunder referred to, viz.:—

The following Notices were published 1° on the 28th August, 1940, pursuant to Orders of the 26th August, 1940.

ARABAT.—The Order in Council of the 24th August, 1874, temporarily reserving 5 acres of land in the Borough of Ararat as a site for Railway purposes.—(A.148⁽³⁾) (J.20635).

ARDONACHIE.—The Order in Council of the 18th August, 1879, temporarily reserving as a site for Affording Access to Water, and withholding from sale, leasing, and licensing, 5 acres of land in the Parish of Ardonachie.—(A.101⁽³⁾) (Z.29050).

DARLINGTON.—The Order in Council of the 3rd September, 1883, temporarily reserving as a site for Conservation of Water, and withholding from sale, leasing, and licensing, 10 acres 1 rood 5 perches of land in the Town of Darlington.—(D.5A, D.54) (Rs.5079).

The following Notices were published 1° on the 4th September, 1940, pursuant to Orders of the 2nd September, 1940.

NHILL.—The Order in Council of the 21st November, 1927, temporarily reserving 1 acre 2 roods 21 4/10 perches of land in the Township of Nhill, Parish of Balrootan, as a site for Public Purposes (Supply of Land), is about to be revoked.—(N.102⁽³⁾) (Rs.3580).

MELBOURNE.—The Order in Council of the 14th January, 1879 (see *Government Gazette*, 1879, page 162), temporarily reserving 878 acres of land more or less at Melbourne, Hotham, Footscray, and Dousta Galla, as a site for Public Purposes, revoked as to part by various Orders, is about to be further revoked so far as regards the portion thereof hereinafter described, viz.:—4 acres 2 roods 27 perches, more or less, City of Melbourne, Parish of Dousta Galla, County of Bourke: Commencing at the south-east angle of allotment 5 of section 1A; bounded thence by lines bearing N. 87 deg. 56 min. E. 272 5/10 links, and N. 4 deg. 27 min. E. to the south side of Dynon-road; by Dynon-road bearing westerly to a point in line with the eastern boundary of allotment 5 aforesaid; and thence by a line and the said boundary bearing southerly to the point of commencement.—(M.314⁽¹¹⁾) (D.85⁽⁶⁾) (C.70374).

The following Notices were published 1° on the 11th September, 1940, pursuant to Orders of the 9th September, 1940.

The Order in Council of the 26th July, 1875, temporarily reserving as a Site for a State School and withholding from sale, leasing, and licensing 5 acres of land in the Parish of Shelford West, is about to be revoked.—(S.281⁽²⁾) (J.21512).

YANDOOT.—The Order in Council of the 15th June, 1937, temporarily reserving 1 rood 30 perches of land, more or less, in the Parish of Yandoit, as a Site for Camping and Affording Access to Water, is about to be revoked.—(Y.6⁽⁴⁾) (674/12) (Rs.4698).

KURTING.—The Order in Council of the 25th August, 1903, temporarily reserving 2,130 acres of land, more or less, in the Parishes of Glenalbyn, Kurting, and Tarnagulla for the Growth of Timber for the purpose of the manufacture or production of Eucalyptus Oil, revoked as to part by various Orders, is about to be further revoked so far as regards the portion thereof hereinafter described, viz.:—2 acres 3 roods 30 perches, Parish of Kurting, County of Gladstone, being allotment 11E of section C.—(K.112⁽²⁾) (0222/129) (Rs.1614).

The Order in Council of the 12th November, 1872, temporarily reserving 10 acres of land, more or less, in the Parish of Shelford West, as a Site for Watering purposes and whence Stone may be procured under licence, is about to be revoked so far as regards the portion thereof hereinafter described, viz.:—1 acre 0 roods 31 perches, Parish of Shelford West, County of Grenville: Commencing at the south-west angle of allotment 64A; bounded thence by a road bearing N. 60 deg. 51 min. W. 107 links; by a line bearing N. 0 deg. 41 min. W. 1,173 links; and thence by allotment 64A aforesaid bearing N. 89 deg. 7 min. E. 100 links and S. 0 deg. 41 min. E. 1,211 links to the point of commencement.—(S.281⁽²⁾) (C.83813).

COMMONS ABOUT TO BE ABOLISHED.

IN pursuance of the provisions contained in section 147 of the *Land Act 1928* (No. 3709), notice is hereby given that it is the intention of the Governor in Council to abolish the commons hereinafter mentioned, viz.:—

The following Notice was published 1° on the 21st August, 1940, pursuant to Order of the 19th August, 1940.

The Tarnagulla Borough Common proclaimed as such by Order in Council of the 25th September, 1865, is about to be abolished.—(W.54324) (Rs.722).

The Tarnagulla Town Common proclaimed as such by Order in Council of the 5th January, 1863, is about to be abolished.—(W.54324) (Rs.722).

The Tarnagulla Common proclaimed as such by Order in Council of the 18th July, 1878, is about to be abolished.—(W.54324) (C.20058).

COMMONS ABOUT TO BE DIMINISHED.

IN pursuance of the provisions contained in Division 10 of Part I. of the *Land Act 1928* (No. 3709), notice is hereby given that it is the intention of the Governor in Council to diminish the commons hereinafter mentioned, viz.:—

The following Notices were published 1° on the 4th September, 1940, pursuant to Orders of the 2nd September, 1940.

The United Borough and Gold Field Common of Amherst, proclaimed as such by Orders in Council of the 17th October, 1862, 13th November, 1862, and 10th November, 1863, is about to be further diminished by the excision therefrom of the area hereinafter described, viz.:—1 acre, Town of Amherst, Parish of Amherst, County of Talbot, being allotments 15, 17, 18, and 19 of section 11.—(W.54532) (Rs.35).

The Ararat Common, proclaimed as such by Order in Council of the 22nd August, 1892, is about to be further diminished by the excision therefrom of the portions thereof within the boundaries hereinafter described, viz.:—Town of Ararat, Parish of Ararat, County of Ripon; bounded on the north by Moore-street, on the east by the Ararat to Hamilton railway, on the south by the Town boundary, and on the west by Queen-street.—(Rs.768).

A. E. LIND,
Commissioner of Crown Lands and Survey.

PUBLIC HEARINGS BY PERSONS APPOINTED UNDER THE 34TH SECTION OF THE LAND ACT 1928.

NOTICE is hereby given that at the times and places mentioned in the schedule hereunder, applications for leases and licences under the Land Acts, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations or unions of commons, and reasons against forfeiture of any leases or licences under the Land Acts deemed liable to forfeiture, will be publicly heard by the persons whose names are set opposite such places respectively in such schedule, being persons appointed by me, the responsible Minister of the Crown administering the Land Acts, to hear the same and report thereon in writing to me.

A. E. LIND,
Commissioner of Crown Lands and Survey, and
President of the Board of Land and Works.

Department of Lands and Survey,
Melbourne, 10th September, 1940.

SCHEDULE.

LANG LANG, Tuesday, 24th September, 1940, at half-past Ten a.m., S. L. V. Smith, Land Officer.

CHILTERN, Friday, 4th October, 1940, at half-past Two p.m., C. A. Gourlay, Land Officer.

COMMITTEES OF MANAGEMENT OF RESERVES.

APPOINTMENTS.

WHEREAS by section 184 of the *Land Act 1928* it is provided that it shall be lawful for the Governor in Council or the Board of Land and Works to appoint and remove any number of persons, not less than three, or any municipal council, or the governing body of any corporation, to be a Committee of Management of any specified Crown land reserved either temporarily or permanently for any of the purposes set out in section 14 of the *Land Act 1928*, and not conveyed to or vested in trustees: Now therefore the Board of Land and Works doth hereby appoint the under-mentioned persons to be Members of the Committee of Management of the Reserves named:—

"WOOMELANG PUBLIC PARK."

Joseph Ernest Barbary, Frederick James Hepworth, Gordon Wood, Robert Henry Ernest Ackland, and Gordon Daniel Barbary as a Committee of Management for a period of three (3) years of the land temporarily reserved by Order in Council dated the 17th August, 1914, as a site for a Public Park and Gardens in the Township of Woomelang, and known as the "Woomelang Public Park."—(Corres. Rs.616.)

"OAKVALE RECREATION RESERVE."

John B. Hosking, James F. Coughlan, Kevin H. Ryan, William T. Coughlan, Peter G. Hosking, Luke D. Fleming, and John M. Coughlan as a Committee of Management for a period of three (3) years of the land temporarily reserved by Order in Council dated the 5th August, 1919, as a site for Public Recreation in the Parish of Quambatook, and known as the "Oakvale Recreation Reserve."—(Corres. Rs.24.)

"HUNTLY RECREATION RESERVE."

Alfred Edward Strauch, Thomas Andrew Burt, John Gordon Watts, Leslie Alfred Strauch, and Alfred George Hamilton as a Committee of Management for a period of three (3) years of the land temporarily reserved by Order in Council dated the 27th October, 1890, as a site for Public Recreation in the Township of Huntly, and known as the "Huntly Recreation Reserve."—(Corres. Rs.1792.)

"SWAN REACH RECREATION RESERVE."

Harold Charles Howlett, William Edward Fitzsimmonds, and Walter William Howlett as a Committee of Management for a period of three (3) years of the land temporarily reserved by Order in Council dated the 2nd December, 1895, as a site for Public Recreation in the Parish of Bumberrah, and known as the "Swan Reach Recreation Reserve."—(Corres. C.53579.)

"MIRBOO NORTH RACECOURSE AND RECREATION RESERVE."

Andrew Inglis, William Pickering, and Alfred K. Price as a Committee of Management for a period of three (3) years of the land temporarily reserved by Order in Council dated the 19th October, 1910, as a site for Racecourse, Show Ground, and General Recreation purposes in the Township of Mirboo North, and known as the "Mirboo North Racecourse and Recreation Reserve."—(Corres. Rs.3607.)

"GOULD PUBLIC HALL RESERVE."

Jefferson Gordon Taylor, Thomas Henry Brown, Walter Francis Jones, John George Brown, William Charles Bright, Albert Edward Connley, and Henry Charles Elton as a Committee of Management for a period of three (3) years of the remaining portion of the land temporarily reserved by Order in Council dated the 12th May, 1924, as a site for a Public Hall in the Parish of Tanjil East, and known as the "Gould Public Hall Reserve."—(Corres. REGULATIONS FOR THE CARE, PROTECTION, AND MANAGEMENT OF THE POWDER MAGAZINE JETTY AT ALTONA.

WHEREAS by the 181st section of the *Land Act 1928*, power is given to the Board of Land and Works to make Rules and Regulations for the care, protection, and management of all Public Parks and Reserves not conveyed to and vested in trustees and for the preservation of good order and decency therein and also for the collection and receipt of tolls, entrance fees, and other charges for entering therein or thereupon: Now therefore the Board of Land and Works, in pursuance of the powers conferred as aforesaid, doth hereby make the following Regulations in respect of such portion of the Foreshore Reserve which is occupied by the Powder Magazine Jetty at Altona and the areas 5 chains wide on either side of such jetty which portion of Foreshore Reserve is hereinafter referred to as the Reserve.

POWDER MAGAZINES.—FORESHORE RESERVE.

1. No person shall enter in or on the Reserve while explosives are being conveyed thereon.
2. No assembly of people shall be permitted on the Reserve.
3. No person shall damage in any way the trees, grass, or any other vegetation on the Reserve.
4. No person shall smoke or light any fires on the Reserve.
5. No person shall discharge any firearm or air gun on the Reserve.
6. No person shall deposit or cause to be deposited waste paper, bottles, or any other litter on any part of the Reserve.
7. No person shall remove any sea-weed or any other material from the Reserve without the permission in writing of the Committee of Management.

8. No person shall moor or use any boat on the Reserve.
9. No person shall erect any tent, building, or other structure on the Reserve.
10. No person shall bathe from the Reserve.
11. No person shall climb, jump over, damage, or destroy any structure, fence, or any other improvement on the Reserve.
12. No person shall drive or ride any motor car, motor cycle, bicycle, or other vehicle on the Reserve.
13. No person shall put in or on the Reserve any cattle, goats, horses, or other animals or any vehicles.
14. No person shall offend against decency as regards dress, language, or conduct on the Reserve.
15. No person shall commit any nuisance on the Reserve.

The Reserve has been placed under the control of a Committee of Management with power and authority to enforce the foregoing Regulations. Every person offending against these Regulations shall, in accordance with the provisions of section 181 of the *Land Act 1928*, for each offence be liable to a penalty of not more than Five pounds (£5), and every person who knowingly and wilfully offends against any such Regulations, and, who, after he has been warned by any bailiff of Crown lands or by any member of the Police Force, does not desist from so offending may be forthwith apprehended by such bailiff or member of the Police Force and taken before some justice to be dealt with according to law and shall be liable to a penalty of not more than Ten pounds (£10).

The common seal of the Board of Land and Works was hereunto affixed this 5th day of September, 1940, in the presence of—

LIST OF CROWN LANDS AVAILABLE (INCLUDING MALLEE LAND).

THE under-mentioned areas are available for application as provided by section 129 of the Land Act 1928, and all applications received on or before Wednesday, 9th October, 1940, will be deemed to have been simultaneously made, but any application lodged after such date may be considered if received in time for inclusion in the advertisement of the cases to be heard at the Local Land Board.

Applications on proper form, accompanied by 5s. duty stamp uncancelled (registration fee), may be delivered or forwarded by post to the Local Land Officer or to any Crown Lands Office in Victoria. Applicants may obtain from Local Land Officers, or the Enquiry Office, Lands Department, Melbourne, a certificate authorizing the issue of a return ticket at concession fares to enable them to inspect available areas or to attend Local Land Boards. When an applicant is granted an allotment he may, if travelling by rail, obtain reduced fares for his family and also freight concessions in regard to some of his effects.

Subject to the approval of the Minister, when the survey fee exceeds £10, a deposit of £5 may be paid, and the balance over six years in half-yearly instalments.

Marked plans of any particular area, application forms, and any further information may be obtained from the Enquiry Office, Lands Department, Melbourne, and Land Officers, Bairnsdale, Ballarat, and Horsham.

A. E. LIND,
Commissioner of Crown Lands and Survey.

PRIVATE ADVERTISEMENTS.

ORDER TO EXEMPT A REGISTERED CLUB FROM CERTAIN OF THE PROVISIONS OF THE LICENSING ACT 1928.

IN THE LICENSING COURT FOR THE LICENSING DISTRICT OF BARWON.

AN application having been made to this the said Licensing Court on behalf of the registered club known as Queenscliff Bowling Club, whose premises are situate at Hesse-street, Queenscliff, in the State of Victoria, by its secretary, George Stokesbury, for an order exempting such club from the operation of certain of the provisions of the Licensing Act 1928, namely, sections 41, 182, 187, 188, 202, and 204, and it having been proved to this Court that the said club was formed before the first day of July, One thousand nine hundred and six, this Court doth now Order that the said club be exempt from the operation of the provisions of sections 41, 182, 187, 188, 202, and 204, and that this Order be and remain in force until revoked or altered by the Court.

Given under the seal of the said Court this second day of September. One thousand nine hundred and forty.

By the Court,

(L.S.) A. W. DIXON, Registrar of the said Court.

Scheele and Scheele, 440 Chancery-lane, Melbourne, solicitors for the applicant. 5970

CITY OF CAMBERWELL.

STREET NAMING.

NOTICE is hereby given that, in pursuance of the powers conferred by the *Local Government Act 1928*, the Council of the City of Camberwell, at a Meeting held on the 2nd day of September, 1940, did order that the name of the street heretofore known as "Lexton-street," commencing at Belmore-road, approximately 1,321 feet east of Burke-road, and extending northerly off Belmore-road for a distance of 415 ft. 2 in., be changed to "Aylmer-street," and that such order take effect from the date of its publication in the *Victoria Government Gazette*.

By order,

R. M. C. AITCHISON, Town Clerk.
Town Hall, Camberwell, 6th September, 1940. 5913

CITY OF HEIDELBERG.

NOTICE is hereby given that a By-law has been made, copy of which is printed hereunder, and that a copy of the said By-law is open for inspection, free of charge, during office hours, at the Town Hall, Ivanhoe.

F. PHILLIPS, Town Clerk.

CITY OF HEIDELBERG.

BY-LAW No. 130.

Amending the Building By-law.

A By-law of the City of Heidelberg, made under the provisions of the *Local Government Acts*, and particularly under and with reference to sections 198 and 228 of the *Local Government Act 1928*, and numbered 130, for altering and amending the *Building By-laws Nos. 81 and 118*.

IN pursuance of the powers conferred by the *Local Government Acts*, the Mayor, Councillors, and Citizens of the City of Heidelberg, with the approval of the Governor in Council, order as follows:—

1. That in clause 29 of the By-law 118 (prescribing the Tile Roof area at Rosanna) the words "Darvall Street" in the fourth line be repealed and the words "Davies Street" substituted.
2. That the allotments and/or areas prescribed in the following clauses, numbered 4, 5 (a) and 5 (b), be excised from the area prescribed in clause 25 (j) of By-law No. 118.
3. That clause 216 (d) of By-law 118 be repealed.
4. That no builder shall erect or construct or cause to be erected or constructed any dwelling-house (except a dwelling attached to a shop or other public or commercial building) on any allotment with a frontage to Lower Plenty-road, between Waiora-road and Brassey-avenue on the northern side, and St. James-road and Rosanna-road on the southern side, unless the walls are of brick, stone, or concrete, and the ground floor area of such dwelling-house is at least 1,200 sq. ft.
5. That no builder shall erect or construct or cause to be erected or constructed any dwelling-house on any allotment or area of land within the following boundaries:—

(a) Commencing at the intersection of Davies-street and Waiora-road; thence easterly via Davies-street to the railway line; thence southerly via the railway line to the north-westerly boundary of the allotments on the north-westerly side of Lower Plenty-road; thence south-westerly by the said allotment boundary lines to Waiora-road; thence via Waiora-road to the commencing point.

(b) Commencing at the intersection of St. James-road and the south-easterly boundary of the allotments on the south-easterly side of Lower Plenty-road; thence north-easterly via the said allotment boundary lines to Rosanna-road; thence southerly via Rosanna-road to St. James-road; thence westerly via St. James-road to the commencing point—

unless the ground floor area of such dwelling-house is at least 1,000 sq. ft.

The resolution for passing this By-law was agreed to by the Council on the 14th day of November, 1939, and confirmed on the 12th day of December, 1939.

CITY OF HEIDELBERG.

BY-LAW No. 131.

Amending By-law Controlling Water Supply at Greensborough and Diamond Creek.

A By-law of the City of Heidelberg, made under the provisions of the *Local Government Acts*, and particularly under and with reference to sections 197 (I.)-(IV.) and 228, and numbered 131, for altering and amending By-laws Nos. 56 and 57 regulating respectively the Water Supply of Greensborough and Diamond Creek.

IN pursuance of the powers conferred by the *Local Government Acts*, the Mayor, Councillors, and Citizens of the City of Heidelberg order as follows:—

1. That clause 2 in both By-laws, numbers 56 and 57, be read as 2A, and a new sub-clause be inserted in both as follows:—
2b. "The Council may by notice in writing specify the size and type of meter or meters to be fixed to measure the quantity of water supplied to any premises."
2. That the following words shall be added to clause 8 in both By-laws:—

"And any connexion, service pipe, meter taps, or other fittings that in the opinion of the Engineer have become corroded or otherwise defective shall be renewed forthwith on receipt of a notice in writing from him."

3. That clause 9 in both By-laws, numbers 56 and 57, be read as 9A, and a new sub-clause be inserted in both, as follows:—
9b. "The Council may by notice in writing order any type and size of meter to be fixed in lieu of any other type or size of meter already fixed."

4. Any alteration, removal, or work to be done under clauses 2 and 3 of this By-law shall be at the cost of the owner or occupier of the tenement supplied with water, each of whom shall be liable.

The resolution for passing this By-law was agreed to by the Council on the 17th day of October, 1939, and confirmed on the 14th day of November, 1939.

BY-LAW No. 132.

Controlling Quarrying and Blasting.

A By-law of the City of Heidelberg, made under the provisions of the *Local Government Acts*, and particularly under and with reference to section 197 (XVIII.), and numbered 132, for Prohibiting, Regulating, and Controlling Quarrying and Blasting Operations.

IN pursuance of the powers conferred by the *Local Government Acts*, the Mayor, Councillors, and Citizens of the City of Heidelberg, with the approval of the Governor in Council, order as follows:—

1. The provisions of this By-law shall not apply to any operations in connexion with works commenced before the fourth day of January, One thousand nine hundred and eleven.
2. The opening of any new quarry or the reopening of any disused quarry in the Fairfield and Ivanhoe Wards of the City of Heidelberg is hereby prohibited.

3. No person shall fire or discharge, or cause, permit or suffer to be fired or discharged, any shot or blast in connexion with any quarrying operations within the limits of the Heidelberg and Greensborough Wards except upon such days, and at or between such hours, as shall be appointed or approved from time to time by the Council of the City of Heidelberg.

4. No person shall carry on, or cause, permit or suffer to be carried on, any quarrying operations for the removal of any rock, stone, gravel, clay, soil, or other material except at such place or places and to such extent as shall be appointed or approved by the Council of the City of Heidelberg.

5. All surface and underground workings connected with quarrying operations or in which blasting operations are carried on shall be subject so far as may be reasonably practicable to the general rules for the regulation and inspection of Mines and Mining Machinery contained in the *Mines Act 1928* or in any amendment thereof, and shall be under the supervision and control of the Council of the City of Heidelberg.

6. Every quarry shall be fenced along the boundary of every contiguous road, street, or lane, and along the boundary of any adjoining land not in the same ownership. Such fence shall be erected and maintained as a substantial guard fence sufficient to prevent traffic, pedestrians, or stock falling into quarry, to the approval of the proper officer of the Council.

7. No quarry excavation shall be nearer than 10 feet to the boundaries of the land on which the quarry is situated.

8. Every such excavation shall be made downward if in gravel, schist, clay, soil, or loose rock, or if in mixed material commonly described as overburden at a slope not steeper than $1\frac{1}{2}$ horizontal to 1 vertical and if in solid basalt rock at a slope not steeper than 1 horizontal to 5 vertical.

9. Any person who shall be guilty of any breach of any of the provisions of this By-law shall be liable for every such offence to a penalty of not less than Five shillings and not exceeding Twenty pounds, and if such offence is a continuing one to a further penalty of not less than One pound per day for each and every day such offence is continued.

The resolution for passing this By-law was agreed to by the Council on the 2nd day of April, 1940, and confirmed on the 30th day of April, 1940.

J. L. RYAN, Mayor.
W. A. SANTON, Councillor.
F. PHILLIPS, Town Clerk.

Approved by the Governor in Council on the 26th day of August, 1940.—C. W. KINSMAN, Clerk of the Executive Council. 5900

Local Government Act 1928.—Part XVIII.

BOROUGH OF WANGARATTA.

NOTICE OF INTENTION TO TAKE LAND COMPULSORILY.

NOTICE is hereby given that it is the intention of the Council of the Borough of Wangaratta, in exercise of the powers conferred on it by the *Local Government Act 1928*, to take compulsorily:—All that piece of land, being that part of Crown allotment 4, section 31, Parish of Wangaratta South, County of Moira, commencing at a point on the eastern boundary of said Crown allotment 4 at a point 1,566 links south from the north-east corner of the said allotment 4; thence bearing south along the said boundary 117 links; thence by a line bearing north 58 deg. 50 min. west 2,993 links to the bank of the Three Mile Creek; thence following northerly and westerly along the irregular bank of the said creek for 270 links, or thereabouts; thence by a line bearing south 58 deg. 10 min. east 3,140 links to the commencing point, and containing 2 acres 3 roods and 38 perches, or thereabouts, and being that part of said allotment 4 coloured red and blue on the plan of survey deposited at the office of the Borough of Wangaratta, and signed by the Town Clerk for identification purposes, and reserving to the owner and occupier of the balance of the said allotment a right of carriage way over the said land coloured blue, and being part of the land owned and occupied by Mr. Harrie Sisely, of Wangaratta.

The said land is required and is being taken for the purpose of executing the following work or undertaking by the said Council:—

For the purpose of deepening, widening, constructing, and maintaining a drain, removing timber, constructing a bridge, and fencing by the said Council within its municipal district.

The Council has caused to be prepared a plan, specifications, sections, and elevations more particularly describing such land, and showing the exact site and measurements thereof, and the nature and extent of such works or undertaking, and further stating that the owner and occupier of the said land is Mr. Harrie Sisely, of Wangaratta.

The said plan, specifications, sections, and elevations have been approved by the Council, and are now deposited for inspection by all persons interested at the offices of the Borough of Wangaratta, at the Town Hall, Wangaratta, and may be inspected there during office hours.

All persons affected by the said proposed works and undertakings are hereby required to set forth, in writing, addressed to the said Council or to the Town Clerk, within 40 clear days from the publication of this notice in the *Government Gazette*, all objections which they may have to such works or undertakings.

Dated this 2nd day of September, 1940.

By order of the Council.

RIGBY & FIELDING, 60 Market-street, Melbourne, solicitors for the said The Union Trustees Company of Australia, Limited. 5976

RE EMILY AUGUSTA HALLAM, DECEASED.

PURSUANT to the provisions of the *Trustee Act 1928*, notice is hereby given that The Equity Trustees, Executors, and Agency Company Limited, whose registered office is situate at 472 Bourke-street, Melbourne, in the State of Victoria, the sole executor to which probate of the last will of Emily Augusta Hallam, late of 24 Mayfield-street, Coburg, in the said State, married woman, deceased (who died on the 20th day of June, 1940, was granted by the Supreme Court of the said State on the 2nd day of September, 1940), intends to convey or distribute the assets of the said deceased to or amongst the persons entitled thereto, and requires any person interested to send to it, at its said registered office, at 472 Bourke-street, Melbourne aforesaid, on or before the 16th day of November, 1940, notice, in writing, of his or her claim against the estate of the said deceased. And notice is hereby further given that at the expiration of the time aforesaid the said company will convey or distribute the estate of the said deceased to or amongst the persons entitled thereto, having regard only to the claims, whether formal or not, of which it shall then have had notice; and further that it will not be liable to any person of whose claim it shall not then have had notice. 5949

PURSUANT to the *Trustee Act* 1928, all persons having claims against the estate of Arthur Merrie Boyd, formerly of 5 Edward-street, Sandringham, in the State of Victoria, but late of Wairoonga-road, Murrumbena, in the said State, artist, deceased (who died on the thirtieth day of July, 1940, and probate of whose will was granted by the Supreme Court of Victoria on the sixth day of September, 1940, to John Turnbull, of 120 William-street, Melbourne, in the said State, solicitor, one of the executors named in the said will), are hereby required to send particulars of such claims to the said executor, addressed to the care of the undersigned solicitors, on or before the twelfth day of November, 1940, after the expiration of which time the said executor will proceed to distribute the assets of the said deceased amongst the persons entitled thereto, having regard only to claims of which he shall have had notice.

Dated this ninth day of September, 1940.

BLAKE & RIGGALL, 120 William-street, Melbourne, solicitors for the executors. 5946

PURSUANT to the *Trustee Act* 1928, notice is hereby given that all persons having any claims against the property or estate of Stanley Newman Clay, late of 13 Nyora-street, East Malvern, in the State of Victoria, manager, deceased (who died on the sixteenth day of July, One thousand nine hundred and forty, and probate of whose will was granted by the Supreme Court of the said State, in its probate jurisdiction, on the third day of September, One thousand nine hundred and forty, to The Union Trustee Company of Australia Limited, of 333 Collins-street, Melbourne, in the said State), are hereby required to send particulars, in writing, of such claims to the said company, at its above-mentioned address, on or before the eighteenth day of November, One thousand nine hundred and forty, after which date the said company will proceed to distribute the assets of the said deceased which shall have come to its hands amongst the persons entitled thereto, having regard only to the claims of which it shall then have had notice. And notice is hereby further given that the said company will not be liable for the assets so distributed, or any part thereof, to any persons of whose claim it shall not have had notice as aforesaid.

Dated the ninth day of September, One thousand nine hundred and forty.

KRCROUSE, OLDHAM, & DARVALL, of 401 Collins-street, Melbourne, proctors for the said company. 5950

RE JOHN HENRY CLAYTON, DECEASED.

PURSUANT to the *Trustee Act* 1928, notice is hereby given that all creditors, claimants, and other persons having claims upon or against the estate of John Henry Clayton, late of 114 Mitchell-street, Brunswick, in the State of Victoria, gentleman, deceased (who died on the third day of July, 1940, and probate of whose will was granted by the Supreme Court of Victoria on the fifteenth day of August, 1940, to Agnes Esther Stewart, of 8 Wright-street, Middle Park, in the said State, married woman, the sole executrix appointed by the said will), are hereby required to send particulars, in writing, of such claims to the said executrix, at 8 Wright-street, Middle Park aforesaid, on or before the twenty-first day of November, 1940, after which date the executrix will proceed to convey or distribute the assets of the estate, or any part thereof, of the said John Henry Clayton, deceased, to and among the persons entitled thereto, having regard only to the claims, whether formal or not, of which the executrix shall then have had notice. And notice is further given that the executrix will not be liable to any creditor, claimant, or other person of whose claim the executrix shall not have had such notice as aforesaid.

Dated the 4th day of September, 1940.

ALLAN E. WILLOX, Temple Court, 422 Collins-street, Melbourne, solicitor, for the said executrix. 5954

NOTICE TO CLAIMANTS AND OTHERS.—RE MARY ANN CARMICHAEL, DECEASED.

PURSUANT to the *Trustee Act* 1928, notice is hereby given that William Alexander Carmichael, of Kyabram, in the State of Victoria, farmer, the executor of the will of the said Mary Ann Carmichael, late of Kyabram, and formerly of Tongala aforesaid, married woman, deceased (who died on the 28th day of October, 1939), intends to convey or distribute the estate of the said deceased to or among the persons entitled thereto, and requires all persons and creditors interested to send to the said William Alexander Carmichael, at the office of the undersigned, on or before the 19th day of November, 1940, particulars, in writing, of their claim against the said estate, after which date the said William Alexander Carmichael may convey or distribute the said estate to or among the persons entitled thereto, having regard only to the claims, whether formal or not, of which he shall then have had notice.

Dated the 6th day of September, 1940.

JAMES F. BRADY, 171 Hare-street, Echuca, solicitor for the above-named executor. 5923

NOTICE is hereby given that all persons having claims in respect of the property or estate of James McLaughlan, formerly of Geelong, in the State of Victoria, but late of Mental Hospital, Mont Park, in the said State, retired railway employee, deceased (who died on the ninth day of July, 1940, and letters of administration, with the will annexed, of whose estate were granted by the Supreme Court of Victoria, in its probate jurisdiction, on the third day of September, 1940, to Isabel Hume, of Manning-street, Newtown, Geelong aforesaid, spinster), are hereby required to send particulars of such claims to the said Isabel Hume, care of Wighton and McDonald, at the address below set out, on or before the twelfth day of November, 1940, after which date the said Isabel Hume will convey or distribute such property or estate to or among the persons entitled thereto, of whose claims she has had notice.

Dated this seventh day of September, 1940.

WIGHTON & McDONALD, 53 Yarra-street, Geelong, solicitors for the administratrix. 5921

NOTICE is hereby given that all persons having claims in respect of the property or estate of Edward Alexander Charty, late of York-street, Geelong West, in the State of Victoria, labourer, deceased (who died on the thirtieth day of May, 1940, and probate of whose will was granted by the Supreme Court of Victoria, in its probate jurisdiction, on the fourth day of September, 1940, to Allan Elliott McDonald, of 53 Yarra-street, Geelong aforesaid, solicitor), are hereby required to send particulars of such claims to the said Allan Elliott McDonald, care of Wighton and McDonald, solicitors, at the address below set out, on or before the twelfth day of November, 1940, after which date the said Allan Elliott McDonald will convey or distribute such property or estate to or among the persons entitled thereto of whose claims he has had notice.

Dated this seventh day of September, 1940.

WIGHTON & McDONALD, 53 Yarra-street, Geelong, solicitors for the executor. 5922

NOTICE is hereby given that all persons having claims upon the estate of Nellie Freckleton, late of Port Fairy, in the State of Victoria, married woman, deceased (who died on the 18th day of July, 1940, and probate of whose will and a first codicil thereto, was granted by the Supreme Court of Victoria, in its probate jurisdiction, on the 4th day of September, 1940, to Claude Wilson Freckleton, of Moyneview, in the said State, dairy farmer, the executor named in and appointed by the said will and confirmed in the said first codicil thereto, and Jack Whitehead Powling, of Port Fairy aforesaid, solicitor, the executor named in and appointed by the said first codicil to act in conjunction with the said Claude Wilson Freckleton), are hereby required to send particulars, in writing, of such claims to the said executors, care of the undersigned, on or before the 15th day of November, 1940, after which date the said executors will proceed to distribute the said estate, or any part thereof, to or amongst the persons entitled thereto, having regard only to the claims, whether formal or not, of which they shall then have had notice. And notice is further given that the said executors will not be liable to any person of whose claim they shall not have had such notice as aforesaid.

Dated this 6th day of September, 1940.

ERNEST W. POWLING, Princes-street, Port Fairy, proctor for the said executors. 5919

RE ELIZABETH ANN THOMPSON, DECEASED.

PURSUANT to the provisions of the *Trustee Act* 1928, notice is hereby given that The Equity Trustees, Executors, and Agency Company Limited, whose registered office is situate at 472 Bourke-street, Melbourne, in the State of Victoria, the sole executor to which probate of the last will of Elizabeth Ann Thompson, late of 385 Coventry-street, South Melbourne, in the State of Victoria, widow, deceased (who died on the seventh day of July, 1940) was granted by the Supreme Court of the said State, on the twenty-eighth day of August, 1940, intends to convey or distribute the assets of the said deceased to or amongst the persons entitled thereto, and requires any person interested to send to it, at its said registered office, at 472 Bourke-street, Melbourne aforesaid, on or before the twenty-sixth day of November, 1940, notice, in writing, of his or her claim against the estate of the said deceased. And notice is hereby further given that at the expiration of the time aforesaid, the said company will convey or distribute the estate of the said deceased to or amongst the persons entitled thereto, having regard only to the claims, whether formal or not, of which it shall then have had notice, and further, that it will not be liable to any person of whose claim it shall not then have had notice.

Dated this fifth day of September, 1940.

LEACH & THOMSON, Equity Chambers, 472 Bourke-street, Melbourne, solicitors for the said company. 5978

TRUSTEE ACT.

ALL persons having claims against the estate of Frances Henderson Campbell, late of Mt. Korong-road, Long Gully, Bendigo, widow, deceased (who died on the 9th day of June, 1940, and probate of whose will and codicil thereto was granted to the Executor, Farmers, and Citizens Trustees Company Bendigo Limited, of Charing Cross, Bendigo, by the Supreme Court of the State of Victoria, in its probate jurisdiction, on the 2nd day of September, 1940), are hereby required to send particulars thereof, in writing, to the said company, at its above address, on or before the 14th day of November, 1940, after which date the said company will proceed to distribute the assets of the said Frances Henderson Campbell, deceased, which shall have come to its hands, amongst the persons entitled thereto, having regard only to the claims of which it shall then have had notice.

Dated this 6th day of September, 1940.

I THE undersigned, manager, hereby give notice that an increase in the capital of the above-named company was, on the 30th day of August, 1940, resolved on.

The mode adopted for the increase is by raising the amount of each of the 38,000 existing shares in the company from Ten shillings to Eleven shillings and four pence.

Dated at Melbourne this 4th day of September, 1940.

5953

BRUCE PLAIN, Manager.

Companies Act 1938.—Fifteenth Schedule.—Part A.

RAMROD GOLD MINES NO LIABILITY.

I THE undersigned, hereby make application to register Ramrod Gold Mines No Liability as a no liability company, under the provisions of Part II. of the Companies Act 1938.

1. The name of the company is to be Ramrod Gold Mines No Liability.

2. The place of intended operations is at Spring Gully, near Bendigo, in the State of Victoria.

3. The registered office of the company will be situated at 46 Queen-street, Melbourne.

4. The value of the company's property, including claim and machinery, is £7,500.

5. The number of shares in the company is 60,000 of Ten shillings each.

6. The number of shares subscribed for is 15,000, being not less than Twenty-five per centum of the entire number of shares in the company.

7. The amount of the subscribed capital which is paid up is £750, being not less than Five per centum of the subscribed capital.

8. The name of the manager is Frederick Harold Tadgell.

9. The names and addresses and occupations of at least two shareholders who have subscribed for shares in the company and the number of shares subscribed for by each of them at this date are as follows:—

Name.	Address.	Occupation.	No. of Shares.
George Ernest Dickenson,	46 Queen-street, Mel-		
bourne, chartered accountant			Five
John Weddell Eskdale,	Stock Exchange Club,		
Melbourne, company director			Five

F. H. TADGELL, Manager.

Dated this 7th day of September, 1940.

Witness to signature—T. H. BLACK.

I, FREDERICK HAROLD TADGELL, of 46 Queen-street, Melbourne, do solemnly and sincerely declare that—

1. I am the manager of the said intended company.

2. The above statement is, to the best of my belief and knowledge, true in every particular; and I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act of the Parliament of Victoria rendering persons making a false declaration punishable for wilful and corrupt perjury.

F. H. TADGELL,

Taken before me at Melbourne, in the State of Victoria, this seventh day of September, 1940.—WM. H. WADDELL, J.P.

MCCAY & THWAITES, 360 Collins-street, Melbourne, solicitors for the company. 5952

THE "VICTORIA GOVERNMENT GAZETTE."

SUBSCRIPTIONS.—The subscription, including Postage, is £1 10s. 4d. per annum, or 7s. 7d. per quarter, payable in advance.

Subscriptions are required to commence and terminate with a month.

A lesser period than three months cannot be subscribed for.

Subscribers do not receive the Acts of Parliament with the *Gazette*.

ADVERTISEMENTS are charged at the rate of EIGHT PENCE per line single column, and ONE SHILLING and FOUR PENCE per line double column.

The title (£5 Reward, Dissolution of Partnership, &c.) forms one or more lines as a heading.

On an average, eleven words make a line.

Every signature must likewise be counted as a line.

The final words of a paragraph, though only portion of a line, must be counted as one line.

SIGNATURES (in particular) and proper names must be written very plainly in the text; ONE SIDE ONLY of each slip of paper should be WRITTEN UPON.

ALL COMMUNICATIONS should be addressed to "The Government Printer, Melbourne."

ALL DOCUMENTS illegibly written will be returned unpublished, and, where brands occur unprovided for by the ordinary letters of the alphabet, a worded explanatory description must be furnished.

THE VICTORIA GOVERNMENT GAZETTE is published on WEDNESDAY EVENING in each week, and Notices for insertion will be received by the Government Printer at or before TWO p.m. at ordinary rates, and late advertisements between TWO p.m. and FIVE p.m. at double rates, on the day preceding the day of publication.

Single copies of the VICTORIA GOVERNMENT GAZETTE are Six pence, posted Seven pence, each.

No GAZETTES prior to January, 1926, in stock.

***ALL PAYMENTS ARE REQUIRED IN ADVANCE.—Remittances should be made by postal note, money order, or draft in favour of the Government Printer. Advertisements unaccompanied by a remittance sufficient to cover the cost of insertion will be returned unpublished.

Factories and Shops Acts.

DETERMINATION OF A WAGES BOARD ADJUSTED PURSUANT TO SECTION 21 OF THE FACTORIES AND SHOPS ACT 1934 (No. 4275).

I, FRANCIS ANTHONY MARZORINI, Secretary for Labour, in pursuance of the powers conferred by the Factories and Shops Acts, and in consequence of the provisions of a Determination of the Wages Board referred to hereunder, hereby issue an adjusted Determination showing adjusted rates to operate from the beginning of the first pay period to commence in August, 1940, as set out hereto:—

Dated at Melbourne, this
31st day of July, 1940.

F. A. MARZORINI,
Secretary for Labour.

SHOPS BOARD No. 3 (BUTCHERS)*

Clauses 2 (a) and 2 (b) of the Determination published in Government Gazette No. 150 of the 4th May, 1940, shall be replaced by the following clauses:—

(2A)

APPRENTICES AND IMPROVERS.

Apprentices and Improvers (other than Carters and Drivers) employed in Butchers or Meat Markets within the Metropolitan District and such portion of the city of Sandringham as is not within the said Metropolitan District.

Apprentices and Improvers not elsewhere included.

Weekly Wage.				Apprentices.		Weekly Wage.	
				Five Year Terms.		£ s. d.	
1st year's experience	First year	..	0	15 6
2nd	Second year	..	1	0 6
3rd	Third year	..	1	17 6
4th	Fourth year	..	2	13 6
5th year	Fifth year	..	3	9 6
			Minimum wage				
				Four Year Terms.		£ s. d.	
				First year	..	0	17 6
				Second year	..	1	12 0
				Third year	..	2	13 6
				Fourth year	..	3	9 6

PROPORTION (BY ANY EMPLOYER).

Apprentices.

One apprentice to every three or fraction of three workers receiving not less than the minimum wage prescribed by this Determination.

Improvers.

Such number of improvers as shall not, together with apprentices, exceed, in the aggregate, one to every three or fraction of three adult weekly workers receiving not less than the minimum wage.

EMPLOYMENT OF MALE JUNIORS.

(a) In such portions of the State of Victoria as come within the purview of the Apprenticeship Commission after a probationary period of four months male juniors shall only be employed as apprentices. The periods and conditions of such employment (except wage rates) and the duties and responsibilities of such apprentices and their employers shall be as prescribed by such Commission.

(b) In all other areas covered by this Determination un-apprenticed juniors may be employed on the following terms:—
After a probationary period of six months each junior for a period of at least four years shall be trained to be a general butcher and shall not be dismissed from his employment during such period except for inefficiency or misconduct or in the event of the employer ceasing to carry on business or who for financial reasons becomes unable to employ labour.

* (Published in lieu of adjusted Determination appearing in Gazette No. 282 of 7th August, 1940, at pages 2994 and 2995.)

SHOPS BOARD No. 3 (BUTCHERS)—continued.

APPRENTICES AND IMPROVERS—continued.

Employed as Carters and Drivers in or in connexion with Abattoirs or Meat Markets in all Areas to which this Determination applies.			Apprentices and Improvers not elsewhere included.		
			The wage rates of unapprenticed junior labour shall be as follows:—		
IMPROVERS.	Weekly Wage.		Weekly Wage.		
	£	s. d.	£	s.	d.
Under 18 years	2	11 6	First six months' experience	0	15 6
18 years and under 19 years	3	0 9	Second six months' experience	1	0 6
19 years and under 20 years	3	7 0	Second year's experience	1	9 6
20 years	Minimum wage		Third year's experience	2	0 6
			Fourth year's experience	2	18 9
			Fifth year's experience and until reaching the age of 21 years	3	12 0

No carter or driver under 19 years of age shall be allowed to drive or be in charge of more than one horse in the Metropolitan District. No carter or driver under 18 years of age shall be allowed to have sole charge of a motor vehicle.

PROPORTION (BY ANY EMPLOYER).
One improver to every five drivers receiving not less than the minimum wage.

PROPORTION OF JUVENILES AND APPRENTICES.
The number of apprentices or unapprenticed juniors employed in any one shop, whether consisting of a factory only or a shop and factory combined, shall not exceed one to every three or fraction of three adult weekly employees. An employer actually working in the shop or factory shall be treated as an adult for the purpose of this Clause.

Factories and Shops Acts.

DETERMINATION OF THE HORSEHAIR BOARD.

NOTE.—This Determination applies to the whole of the State of Victoria.

IN accordance with the provisions of the Factories and Shops Acts, the Wages Board which since the 16th June, 1913, has had the power to "determine the lowest prices or rates which may be paid to any persons employed in the process, trade, business, or occupation of preparing horsehair, cowhair, or pighair for trade or sale," has made the following Determination, namely:—

(1) That on the 23th September, 1940, the last previous Determination of the Board shall be revoked and replaced by this Determination.

(3) DEFINITIONS.—A juvenile worker is a person (other than an apprentice or an improver), under 21 years of age employed assisting and working under the direction of a hand spinner irrespective as to whether such hand spinner is employed as a time wages employee or at piecework.

A hand spinner means an adult worker engaged in hand spinning and/or curling hair with the use of power.

(4) ORDINARY WEEK'S WORK.—The number of hours which shall constitute a week's work shall be 44 per week.

(5) OVERTIME.—Any employee who works for any time in excess of the number of hours fixed for an ordinary week's work shall be paid for such extra time at the rate of time and a half.

(6) **TERMS OF ENGAGEMENT.**—(a) Employees are to be engaged as weekly or casual employees. A weekly employee is one engaged by the week and paid by the week, and whose engagement shall be terminable by one week's notice on either side, such notice not to be continued from week to week.

(b) After one full week's work, such notice may be given to a weekly employee at any time, but an employer may pay one week's wages in lieu of notice.

(c) Sub-clauses (a) and (b) of this clause shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty, or misconduct, or to deduct payment for any time the employee cannot be usefully employed because of any strike, or through any breakdown of machinery, or any stoppage of work by any cause for which the employer cannot reasonably be held responsible.

(d) Casual employees shall be guaranteed not less than two hours' engagement every start.

(e) A weekly employee to be entitled to the weekly wage shall be available, ready, and willing to perform his or her usual work during the days and hours usually worked by such class of employee, and may be summarily dismissed for dishonesty, misconduct, neglect of duty, or for absence from work without reasonable cause, and in the event of such dismissal the employee shall be paid only for the time actually worked.

(7) **CASUAL WORK.**—Casual work, i.e., work for less than a full week, shall be paid for at the ordinary wages rates calculated *pro rata* with the addition of five per centum.

(8) **MEAL ALLOWANCE.**—Any employee required to work overtime beyond two hours without previous day's notice shall be allowed 2s. meal money.

(9) **MACHINERY TO BE STOPPED DURING MEAL HOURS.**—In any place where body hair is prepared for trade or sale, all machinery shall be stopped during meal hours.

(10) **SHIFT WORK.**—Employees working afternoon or night shifts shall be paid 5 per cent. more than ordinary rates.

(11) **SPECIAL RATES.**—All work done on Sundays, New Year's Day, Australia Day, Labour Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Melbourne Cup Day, Christmas Day, and Boxing Day, shall be paid for at the rate of double time; but if any other day be by Act of Parliament or Proclamation substituted for any of the above holidays, the special rates shall be payable only for the day so substituted.

(12) **PIECE-WORK.**—That the lowest piece-work prices to be paid to persons for doing work of the kind specified in the following schedule shall be:—

Mixing, spinning, and curling hair with use of power	11s. 8½d. per 100 lb.
Hand spinning and/or curling of hair with use of power	10s. 0½d. per 112 lb.
Wet hackling and drafting horsehair 18 inches and over in length .. .	9¾d. per lb.
" " " " under 18 inches in length .. .	1s. 8d. per lb.
Drafting horsehair (already wet hackled) and containing not less than 33 per cent. of hair 18 inches and over in length—clippings not to exceed 3 per cent. .. .	10½d. per lb.
Drafting all other horsehair (already wet hackled)—clippings not to exceed 3 per cent. .. .	1s. 6¾d. per lb.
Wet hackling and drafting cowhair	1s. 3½d. per lb.
Drafting cowhair (tails) (already wet hackled)	12½d. per lb.
Pulling—taking long count	4½d. per dozen
Wet hackling horsehair (excluding mane hair and mane hair knots) .. .	18s. 10d. per 100 lb.
" " (including mane hair and mane hair knots) .. .	20s. 11d. " "
" " mane hair	31s. 0d. " "
" " cowhair (tails)	22s. 0d. " "
Sorting horsehair	12½d. " extra.

Employer to supply all tools and material.

In addition to the piecework rates herein prescribed for a hand spinner the employer shall pay in full the wages of every juvenile worker who assists such hand spinner.

D. GRANT, Chairman.

J. V. WILLOX, Secretary.

Melbourne, 26th August, 1940.
