Trenches shall be excavated and used and filled in in regular consecutive order.

19. Seed of grass or any forage or cereal crops or other such form of vegetable life as the Council shall direct or approve shall be seasonably planted or sown on any land into which night-soil has been deposited, provided that vegetables or seeds of vegetables shall not be planted therein or thereon until three months have elapsed since the last deposit of night-soil in such land.

20. Every pan used for the reception or conveyance of night-soil shall immediately on being emptied be thoroughly washed or otherwise cleansed. The resultant washings or other filth shall be disposed of in a similar manner as the night-soil.

23. The contractor or person authorized or employed by the Council for the removal of night-soil shall cause all vehicles used for the transport of pans to the depot to be properly constructed, kept clean, and disinfected daily at the depot and maintained in a proper state of repair.

24. The proprietor or any other person shall not remove any night-soil from any premises, except in accordance with this By-law.

25. The proprietor or any other person within the area defined by this By-law shall not bury nor cause to be buried any night-soil in any yard, garden, or other place not being a place set apart for such purpose by the Council.
