16. Such vehicle shall be provided with a cover and kept covered, except when refuse is being put into or discharged from such vehicle.

17. Such vehicle shall, as far as practicable, be rendered watertight by means of an impervious lining, or by painting the inside thereof with tar or by other suitable and effective means.

20. If any refuse is authorized to be deposited or disposed of in or on any land, hole, quarry, or indenture, such refuse shall be deposited in a regular and orderly manner, and at the conclusion of each day's depositing the contractor or the person or persons authorized or employed by the Council shall blind the surface with clean earth, lime, or other approved material so as not to create any nuisance.

21. Land upon which refuse has been deposited shall be seasonably planted or sown with seed of grass or any forage or cereal crops or other such vegetable life, as the Council shall direct or approve.
