Provided that a person using oil or tar in the construction, maintenance, or repair of any road or street shall be deemed not to have committed a breach of this regulation by reason only of such oil or tar flowing or passing into a stream if such person proves that he used all reasonable means to prevent such oil or tar flowing or passing as aforesaid.

SEWAGE.

8. (1) Except as hereinafter in this regulation provided, no person shall—

- (a) cause, permit, or suffer to flow, fall, or pass; or
- (b) put or cause, permit, or suffer to be put in any position whence it may fall or pass by any means whatsoever—

into any stream any sewage or the effluent from any septic tank system, sewage treatment works, or sewage farm which sewage or effluent does not comply with the standard and test therefor prescribed by sub-regulation (2) of this regulation.

Provided, however, that any sewage or effluent which does not contain more than ten parts per 100,000 of suspended matter, and which does not cause or is not likely to cause any nuisance may be discharged into any stream which is a tidal estuary or a salt lake if the point of discharge be not adjacent to any bathing place or shellfish bed.

(2) The following standards and tests for sewage or effluent are prescribed for the purposes of sub-regulation (1) of this regulation:—

- (a) In the case of a stream other than a stream which is a source of water supply—
 - (i) no sample thereof shall contain more than three parts per 100,000 of suspended matter;

- (b) In the case of any stream which is a source of water supply the sewage or effluent in addition to complying with the standard and test prescribed in paragraph (a) of this sub-regulation shall, when tested in amounts of 50 cubic centimetres, be found to be free from pathogenic organisms and from bacillus coli communis.

(3) If any sewage which does not comply with the standard and test therefor prescribed by this regulation falls, flows, or passes into any stream after passing through or along a sewer drain pipe or channel which is vested in any municipality or sewerage authority no liability shall attach to such municipality or sewerage authority under or by virtue of this regulation if such municipality or authority has taken or is taking all practicable steps (including the carrying out of any necessary works) to prevent such sewage from falling, flowing, or passing into the stream.

(4) In any case where a sewer drain or channel carries both storm-water and sewage to treatment works the Commission may permit the provision at an approved point or at approved points on the course of such sewer drain or channel of one or more by-passes or leap weirs for the purpose of allowing such sewage to enter a stream without treatment, although it does not comply with the standard and test therefor prescribed by this regulation.

Provided that every such by-pass or leap weir shall be so constructed that it will not operate until the volume rate of flow of sewage in the sewer or drain exceed six times the maximum dry weather rate of flow therein.

LIQUID TRADE WASTES.

9. No person shall construct or lay or cause to be constructed or laid any channel, drain, sewer, or pipe for the purpose of conveying poisonous, offensive, or polluting liquid from any trade premises to a stream or to a drain sewer or pipe which leads to a stream.

10. No person shall—

(a) cause, permit, or suffer to flow or pass; or

(b) put or cause, permit, or suffer to be put in any position whence it may fall or pass or be carried by any means whatsoever—

into any stream any poisonous, offensive, or polluting liquid from any trade premises.

11. Liquid which falls, flows, or passes into a stream from trade premises shall not be deemed for the purposes of these Regulations to be poisonous, offensive, or polluting if at all times it is free from offensive odour; does not contain more than four parts per 100,000 of suspended solids, nor with its suspended solids included take up at 65 deg. Fahrenheit more than four parts per 100,000 of dissolved oxygen in five days; does not render the water of the stream harmful to human beings, animals, or fish; and (where the stream is a source of water supply or is used for water supply for domestic animals) does not impart to the water any objectionable taste or colour.

GENERAL.

12. These Regulations shall not apply to any case where sewage from street drains or channels or effluent from a septic tank system, sewage treatment works, or sewage farm, or liquid from trade premises is discharged into a lagoon, swamp, marsh, or depression, which is used solely as a receptacle for such sewage effluent or liquid, and which does not at any time communicate with or overflow or discharge into any stream or lake unless it is also proved that a nuisance is created in such lagoon, swamp, marsh, or depression by reason of such sewage effluent or liquid being so discharged.

13. Any person doing any act forbidden to be done or failing to do any act directed to be done by or pursuant to these Regulations shall be liable to a penalty of not more than Twenty pounds, and in the case of a continuing offence to a further daily penalty of not more than Five pounds; but so that the total of such penalties shall not exceed One hundred pounds.

And the Honorable Edwin Joseph Mackrell, His Majesty's Minister of Public Health for the State of Victoria, shall give the necessary directions herein accordingly.

IN pursuance of the powers conferred by the Local Government Acts, the Mayor, Councillors, and Burgesses of the Borough of Wangaratta (hereinafter referred to as the Council), order as follows:—

This By-law shall apply to and have operation throughout the whole of the Municipality of the Borough of Wangaratta, and shall come into operation on its confirmation by the Council of the Borough of Wangaratta, and immediately after its publication in the *Victoria Government Gazette*.

2. *Market Days*.—The Wangaratta Municipal Sale Yards shall be open for the reception, delivery, and sale of animals on a Tuesday and a Thursday to be fixed by the Council, and thereafter on every Thursday and every alternate Tuesday, and a market held on such days shall be called a regular market. If and when more than one sale is being conducted at the same time, each sale shall be conducted in a separate yard, and in each case as and where the inspector shall direct.

5. *Sales Before and After Closing of Market*.—No person shall offer for private or public sale in any part of the market any stock or thing before the hour of opening or after the hour of closing the market, nor upon any date not fixed by the Council as a day upon which the market will be open, without the sanction, in writing, of the Council, or Mayor thereof, or some person authorized by the Council in that behalf.

6. *Inspector*.—There shall be appointed by the Council, if it deems necessary, an inspector for the said markets, whose duty shall be as follows:—

- (a) To see that the regulations under this By-law, and provisions of the Local Government Acts relating to markets, are duly observed.
- (b) To preserve order and regularity in the market.

- (d) To allot the principal and drafting yards to the use of persons bringing stock to the market for sale in such manner, and in each particular case they seem to such inspector to be most convenient, and to prevent any unbroken horses or cattle being roped within the market yards before 5 o'clock p.m. on the day of sale, except with the consent of such inspector.

7. *Interference with Inspector*.—Any person wilfully resisting or obstructing or interfering with the inspector or his assistants in the discharge of his or their duties shall, independently of any penalty he or she may incur, for assault or otherwise, be deemed to have committed an offence against this By-law.

8. *Payment of Dues*.—Any person placing stock in the market for sale shall be responsible for all tolls and dues accruing thereon, and all such tolls and dues chargeable under the special order of the Council for the time being in force shall be payable within 48 hours of the closing of the market unless a surety of One hundred pounds is furnished to the Council, when the account shall be paid fortnightly.

9. *Removal of Stock*.—No stock shall be taken out of the market without the written authority of the auctioneer selling the same, and any person taking out of the market any such stock without the written authority shall be guilty of an offence against this By-law.

10. *Stock Left in Market After Certain Hour to be Impounded*.—Cattle, horses, asses, mules, sheep, or pigs left in the market after 9 o'clock a.m. on the day following a sale, and all bobby calves left in the market after 6 o'clock p.m. on the day of sale shall be impounded.

11. *Method of Selling*.—On the exhaustion of bidding on any lot, it shall be knocked down to the highest bidder: Provided that the owner of such lot, or his representative, shall, in all cases, have the right to reject the price bid, before the selling of the next lot shall have been completed, but not otherwise. In the event of the owner or his representatives rejecting the price as aforesaid, the lot shall be deemed to have been passed in as unsold; but in the event of the owner or his representative not notifying the auctioneer or selling agent of his refusal to accept the price bid, before the auctioneer shall have completed the sale of the next lot such bid shall be deemed to have been accepted by the owner.

12. *Lots to be Drawn for Priority of Sale*.—At 2.30 p.m. on the day preceding each cattle and sheep market, and at 11.55 a.m. on the day of each pig sale there shall be a drawing of lots by auctioneers desirous of selling in the market for priority of sale. In case any auctioneer shall be absent at the time of any draw, the inspector shall arrange for some person to draw for him. The inspector shall, as soon as

possible after the conclusion of each ballot for priority of sale, post a list in some conspicuous part of the market showing the names of the auctioneers in the several positions of priority. The inspector shall decide which stock are to be offered as fat stock, and his decision shall be final. He shall count all stock before allotting times to agents. Pens of sheep or lambs (excepting flock or stud rams) consisting of less than ten head shall not be considered as a pen in allotting the selling time permitted to each agent. The inspector shall have full control over the allotments of pens, and his decision shall be final.

13. *Time Limit on Sales.*—The following limit of times shall be allowed each auctioneer to offer the various classes of stock:—

Fat cattle—120 to the hour. Store cattle—240 to the hour. Dairy cattle—1½ minute per head. Fat sheep—1 minute per pen. Store sheep—2 minutes per pen. Fat pigs—250 head per hour. Store pigs—240 head per hour. Bobby calves—300 per hour.

Provided always that one hour shall be the limit of time permitted each auctioneer for selling each class of stock, and that under no circumstances shall the sale of bobby calves extend after midday. When the time allotted to any auctioneer has elapsed, the inspector shall sound a whistle at the pen where the auctioneer is selling. On finishing the lot under the hammer such auctioneer must cease selling. The inspector shall allow three minutes after one auctioneer ceases selling before another auctioneer commences.

14. *Stock Brought to Market for Purpose of Sale.*—All stock shall be yarded on the day of sale prior to the times shown below, otherwise such stock shall not be offered until all other stock of similar class have been offered:—

Fat Sheep—before 11 a.m.
Store sheep—before 2 p.m.
Cattle—before 11.30 a.m.
Calves—before 10.30 a.m.
Swine—before 11.45 a.m.

Provided always that if sufficient notice has been given to the inspector by an auctioneer of the late arrival of a stock train the inspector may, at his discretion, modify the time of receiving such stock.

15. *Auctioneers Failing to Complete in Time Allotted.*—In the event of any auctioneer failing to complete his sales in the allotted time, he shall be allowed half time for the remainder of his stock; such time will be allotted for each class of stock after all auctioneers have completed the time allowed them for each such class, and the order of priority shall be the same.

16. *Auctioneers Not Proceeding On Time.*—Any auctioneer not present and proceeding with his sale when his time arrived to commence selling shall, besides being guilty of a breach of this By-law, forfeit his priority of right to sell, and shall be placed at the foot of the list of auctioneers entitled to sell.

17. *Disputes.*—All disputes with reference to or affecting the time, order, and otherwise of conducting the sales in the market by the auctioneers shall be referred to the inspector, and his decision shall be final.

18. *Vehicles and Stock Left in Yards.*—No vehicles or stock will be permitted to remain in the main yard, except for the purpose of being offered for sale.

19. *Gates Not to be Opened, &c.*—No person shall remove any stock from one part of the market to another part of the market without the consent of the inspector, nor shall any person wilfully open any gate or lock or fastening of any gate, or open or break down or damage any of the gates, fences, buildings, or appurtenances of the said market, nor drive nails or tacks into the yard rails nor cause any riot or disturbance, or curse or swear or use any indecent language or be guilty of any indecent or gross conduct within the said market or upon the immediate approaches thereto.

20. *Offences.*—Any auctioneer or agent wilfully not proceeding with his sale as and at the time provided herein shall be guilty of an offence against this By-law. Any person offering stock for sale in the market which are not sold, who shall afterwards sell the same privately, and who fails to pay the proper dues, shall be guilty of an offence against this By-law.

21. *Penalties.*—Any person who shall by wilful act or default be guilty of any breach or non-observance of any of the provisions of this By-law shall be liable for any such offence to a penalty not exceeding Ten pounds.
