Deposits will be returned to unsuccessful tenderers within thirty days of acceptance of tenders, on their application.

The contract must be signed within seven days of acceptance of the tender, failing which the service may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

Tenders may be accepted for each place separately.

The lowest or any tender will not necessarily be accepted.

2. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

3. A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages. Accounts in all cases to be made out by weight only, to be rendered monthly, supported by the vouchers properly received, and to be subject to any deductions for goods, parcels, furniture, &c., lost or damaged whilst in the custody of the contractor.

5. The contractor shall in all cases, against each separate charge in his accounts, quote the number of the consignment note, which should be found on each consignment or package forwarded by the contractors or departments, and the weight. Should the number not be on the package then the name of the consignor should be quoted and a description of the parcel given in lieu thereof. Any infringement of this condition will render the contractor, on report by the Tender Board, to such fine as the Treasurer may direct, and the amount may be deducted from any account due to the contractor or from the security money.

6. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

7. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Orders must receive prompt execution; in the event of the goods not being delivered at the time mentioned in the order or within such other time as the officer ordering the supply may specify for delivery, it will be competent for such officer, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board to survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 10.

17. In the case of supplies for Mental Hospitals, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

20. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. Notwithstanding anything contained to the contrary in section 152 of the *Customs Act 1901-36*, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

Melbourne, 1st May, 1945. Treasurer.

A preliminary deposit of £5, preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board, must accompany each tender, such deposit to be forfeited in the event of the tenderer withdrawing or attempting to withdraw his tender before notification of acceptance of tender or in the event of the successful tenderer failing to sign and complete his contract within the period specified. Deposits will be returned to unsuccessful tenderers within thirty days of acceptance of tenders, on their application.

Security of £10 for each Schedule will be required either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted. Tenders may be accepted for each schedule separately.

Tenderers failing to take up their accepted tenders may be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

Full particulars, forms of tender, conditions of contract, &c., may be obtained at the office of the Secretary to the Tender Board, Gisborne-street, Melbourne, C.2.

The lowest or any tender will not necessarily be accepted.

Tenders, enclosed in an envelope, and having the words "Tender for Cartage" written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne; or, if sent by post, postage must be prepaid, and tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The rates tendered cover all charges, including labour, bags, hire of cranes or other appliances, and weighbridge charges required in the performance of the service. Bags

must be removed by the contractor when empty, and if not removed within a reasonable time or within the time named by the officer requiring the service, no claim will be entertained for cost of same.

2. No subletting shall be allowed; all work must be carried out by the contractor, and every person engaged in the cartage tendered for in this schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court award or any State Wages Board determination, and a copy of such labour conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

3. Accounts in all cases shall be rendered *monthly* to the Department requiring the service, and must be supported by weighbridge tickets or railway consignment notes, and in the case of coal, the mine consignment notes. In the event of a weighbridge ticket or consignment notes not being available or obtainable, the weight vouched for by the Department requiring the delivery shall be accepted by the contractor as the weight of the particular consignment. Accounts shall be subject to any deductions for goods lost or damaged whilst in the custody of the contractor.

4. In the event of material forwarded by rail or steamer not being unloaded within reasonable time, and in accordance with the Railway Department or Harbor Trust Regulations relating to same, the contractor shall be held liable for such charges, including cost of demurrage, as may accrue, the amount thereof to be deducted as provided in clause 2.

5. The contractor shall take and make delivery within ordinary working hours. No claims for detention shall be entertained, but should the contractor be subjected to unreasonable delay, the cause of delay, if reported, shall be investigated.

6. The contractor must have an office connected by telephone and within a radius of 6 miles of the Melbourne (Elizabeth-street) Post Office.

7. Four hours will be deemed sufficient notice, and in the event of the contractor failing to perform the service when ordered, and to the satisfaction of the officer requiring same, such service will be performed at his risk and expense, and any extra expense incurred shall be deducted as provided in clause 2. No services performed under this contract shall be deemed to be of a special nature, provided that the contractor be given four hours' notice that his services shall be required, and no increase in the contract rates shall be allowed.

8. The vehicles in which the material is carried must be in thorough working order, and, if required, provided with good waterproof covers. Horses to be perfectly sound, and subject to the approval of the officer requiring the service.

9. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

12. A refusal to execute orders, irregularity or delay in delivering the material when required, or failure to produce weighbridge tickets or consignment notes on delivery in accordance with clause 3, or any breach of Railway or Harbor Trust Regulations, will subject the contractor, upon report from the Tender Board, to such mulct as the Treasurer may direct, and the amount may be deducted as provided in clause 2. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

13. In the event of any dispute arising as to matters or things contained in the contract or schedule the same shall be settled by the Tender Board, and the Board's decision shall be binding, final, and conclusive.
