[1946

## POISONS ACTS.

*At the Executive Council Chamber, Melbourne, the  
tenth day of December, 1946.*

### PRESENT:

His Excellency the Governor of Victoria.

Mr. Hayes

Mr. Fraser.

### DANGEROUS DRUGS REGULATIONS, 1946 (No. 4).

UNDER the powers in that behalf conferred by the Poisons Acts His Excellency the Governor of the State of Victoria by and with the advice of the Executive Council thereof and on the recommendation of the Pharmacy Board of Victoria, doth make the Regulations following that is to say:—

1. These Regulations may be cited as the "Dangerous Drugs Regulations 1946 (No. 4)" and shall be read and construed as one with the Dangerous Drugs Regulations 1930 and the Dangerous Drugs Regulations 1931, 1932, 1934, 1945, 1946 (No. 2) and 1946 (No. 3).

2. Regulation 34 (5) of the Dangerous Drugs Regulations 1930 as amended by the Dangerous Drugs Regulations 1945 is hereby rescinded.

3. Regulation 6 (3) of the Dangerous Drugs Regulations 1930 is hereby rescinded.

### GENERAL AUTHORIZATION.

4. Regulation 7 of the Dangerous Drugs Regulations 1930 is hereby rescinded, and the following regulation shall be substituted therefor, namely:—

#### "Authorized Persons.

7. (1) *Pharmaceutical chemist:* Every pharmaceutical chemist lawfully practising in any premises as a pharmaceutical chemist is hereby authorized, subject to the provisions of these Regulations:

- (a) To have in his possession upon such premises any dangerous drug;
- (b) To purchase, procure, dispense and/or sell any dangerous drug in accordance with the provisions of these Regulations;
- (c) To manufacture upon such premises in the ordinary course of his business any dangerous drug or preparation, admixture or extract of any dangerous drugs.

(2) *Medical practitioners, dentists, and veterinary surgeons:* Every registered medical practitioner, registered dentist, and registered veterinary surgeon is hereby authorized, subject to the provisions of these Regulations, and so far as is necessary for the practise of his profession:—

(a) to purchase, procure, administer, prescribe, and/or dispense any dangerous drug;

(b) to have in his possession, or upon any premises or place occupied by him, any dangerous drug.

(3) A registered nurse is authorized to be in possession of a dangerous drug only in so far as the use of such drug is required for administration to a patient under her care and in pursuance of the instruction of a registered medical practitioner.

(4) A nurse employed by the Victorian Bush Nursing Association is authorized to be in possession of dangerous drugs in so far as may be necessary in her employment and to administer a dangerous drug to a patient when necessary and when the services of a registered medical practitioner are not available to administer or to give instructions for the administration of the drug.

(5) A person in charge of a laboratory for purposes of research or instruction attached to any university, college, public hospital or other institution, or a person appointed by the Health Commission of Victoria as a public analyst, who holds a permit from the Board in the form of the 9th Schedule hereto is authorized to procure and to be in possession of the dangerous drugs specified in the permit.

(6) A person to whom a prescription for a dangerous drug has been issued is hereby authorized to procure and have possession of the drug to the extent specified in the prescription.

(7) The authority under these Regulations to procure and be in possession of any dangerous drug shall not entitle any person to procure or have in his possession any such drug in quantities greater than those permitted by the *Commonwealth Customs Act 1901-1936*, or any proclamation, ordinance or regulation made thereunder or by any amendment thereof."

#### POSSESSION AND USE OF DANGEROUS DRUGS IN HOSPITALS.

5. (1) No person in or at any hospital shall have in his or her possession any dangerous drug unless such drug has been lawfully obtained in accordance with the provisions of these Regulations.

(2) All orders for supplies of dangerous drugs required for any hospital shall be signed by a registered pharmaceutical chemist employed at the hospital, or if a registered pharmaceutical chemist is not employed at the hospital by a registered medical practitioner attached to the hospital.

(3) The registered pharmaceutical chemist in charge of the pharmacy department at any hospital or institution is hereby authorized, so far only as is necessary for the proper exercise of his employment, to be in possession of dangerous drugs obtained for use in the hospital or institution.

(4) Every registered pharmaceutical chemist in charge of the pharmacy department at any hospital or institution shall keep or cause to be kept at such hospital or institution a book in a form approved by the Board in which he shall record particulars of every dangerous drug purchased or obtained for use at such hospital or institution, and such particulars shall include the name of the drug, the quantity obtained, and the date of purchase, or obtaining such drug with the name and address of the person for whom such drug was purchased or obtained.

(5) (a) The registered pharmaceutical chemist in charge of the pharmacy department at any hospital or institution shall keep or cause to be kept in the record under paragraph 4 hereof particulars of all dangerous drugs used in the department for the compounding of medicines for use in the treatment of in-patients or out-patients attached to the hospital or issued from the pharmacy department or disposed of in any manner. The record to be kept by the said chemist shall show the wards or theatres or departments within the hospital to which a dangerous drug has been issued, the name of the drug, the quantity issued, and the date of issue.

(b) The medical superintendent, manager, secretary, matron, or other person in charge of a hospital or institution shall cause to be provided prescription forms for use in the prescribing of dangerous drugs. No prescription for a dangerous drug or a preparation containing a dangerous drug shall be dispensed by the registered pharmaceutical chemist except on presentation of such a prescription form, duly signed by a medical practitioner. The pharmaceutical chemist in charge of the pharmacy department of the hospital shall, upon dispensing any such prescription, sign it with his usual signature, cancel it and retain it on a file in the pharmacy department for a period of at least two years.

(c) The manager, secretary, matron, superintendent or other person in charge of a hospital or institution shall cause to be kept a "Dangerous Drug Administration Book" in a form approved by the Board in each ward or theatre or department and this book shall show the amount of each dangerous drug received in each ward or theatre or department as well as each dose of the dangerous drug administered. The entry shall show the name of the patient, the name of the drug, the quantity used, the date and the initials of the person by whom the dangerous drug was administered, and each entry shall be signed by the registered medical practitioner on whose instructions the drug was administered within 24 hours of the administration. To each and every type of dangerous drug there shall be allotted a separate page in the said book.

(6) Dangerous drugs and preparations containing dangerous drugs required to be kept in the wards or theatres or other departments of any hospital shall only be supplied by the said chemist on the written requisition of the person in charge of such ward or theatre or department, and every such requisition shall be signed with the full signature of a medical officer on the staff of such hospital. The said chemist shall obtain the signature of the person taking delivery of the dangerous drug or the preparation containing such dangerous drug. Such drug shall be kept by the person in charge of the ward or theatre or department under lock and key and shall be used or administered only by the person in charge or under his or her supervision and in accordance with these Regulations.

(7) Every requisition for a dangerous drug from the person in charge of a ward or theatre or department shall be signed by the said chemist to show that the requisition has been complied with and shall be filed in the pharmacy department of the hospital and kept by the said chemist for a period of at least two years.

(8) (a) The registered pharmaceutical chemist in any hospital or institution in which there is a pharmacy department under his control shall be responsible for the ordering, storage, custody and issuing of all dangerous drugs obtained for use at the hospital or institution. He shall have authority to inspect all dangerous drug records and books kept in the wards, theatres or other departments of the hospital in which he is employed. No dangerous drug shall be taken, used, or issued from the pharmacy department of such hospital except by or under the direct personal instructions of the said chemist.

(b) The said chemist shall report to the medical superintendent of the hospital at which he is employed any use of a dangerous drug which appears to him to be excessive.

(9) The medical superintendent, manager, secretary, matron or other person in charge of every hospital or institution at which dangerous drugs are kept shall cause to be installed in the pharmacy department of such hospital or institution a suitable cupboard or receptacle in which all dangerous drugs may be securely locked and shall make adequate arrangements to prevent the access of all unauthorized persons to such dangerous drugs.

(10) On application in writing in the form of the *Seventh Schedule* hereto by the superintendent, matron or other person in charge of a hospital at which there is no pharmacy department under the control of a registered pharmaceutical chemist, the Board may issue to such person an authority in the form of the 8th Schedule hereto, for such person to have in his possession for use at such hospital such dangerous drugs as are specified in such authority. No such authority shall be issued except on such an application in writing and the following rules shall apply thereto:—

(a) The authority may limit the possession to specified quantities of the drugs enumerated therein.

- (b) The authority may be cancelled at any time by the Board.
- (c) There shall be an annual fee of Twenty shillings for any authority issued under this Regulation.
- (d) The supply of any dangerous drugs for such hospital shall be obtained only on a written order signed by the person to whom the authority to hold dangerous drugs has been issued.
- (e) The person in charge of any hospital to whom an authority has been issued under this Regulation shall keep or cause to be kept a proper record in a suitable book of all dangerous drugs received.
- (f) Dangerous drugs may be administered to patients in the hospital only by or on the instruction of a registered medical practitioner.
- (g) The superintendent, matron, or other person in charge of such hospital shall keep or cause to be kept a record of all drugs administered, showing in a separate entry the date of administration and the name of each patient to whom any dangerous drug is administered and each entry shall be signed by the medical practitioner on whose instructions the drug is administered within 24 hours of the administration.

6. Regulation 9 of the Dangerous Drugs Regulations 1930 is hereby rescinded, and the following regulation shall be substituted therefor, namely:—

“9. (1) No person shall manufacture or carry on any process in the production or manufacture of a dangerous drug or shall isolate a dangerous drug from any crude drug—

- (a) Unless he is duly authorized or is licensed so to do and his premises are registered for the purpose under these Regulations.
- (b) Unless such manufacture is conducted under the supervision of a pharmaceutical chemist or a person who holds a certificate as an analyst within the meaning of the Health Acts or holds a diploma or degree approved by the Board.
- (c) Unless he keeps a true and full record of all crude drugs and raw materials acquired and used in the manufacture of dangerous drugs, particulars showing the dates and quantities of all dangerous drugs manufactured by him and details of their disposal or distribution.
- (d) Unless all dangerous drugs manufactured or held under the said authority are stored in a manner which renders them inaccessible to unauthorized persons.
- (e) Otherwise than in accordance with the terms and conditions of the licence or authority of these Regulations.

(2) Any person who desires to obtain a licence to manufacture a dangerous drug under the provisions of this regulation shall make an application in writing in the form of the Third Schedule hereto and forward to the Board with his application a fee of Twenty shillings.

(3) The Board, upon the receipt of an application for a licence under this section shall obtain a report from an officer of the Board delegated for the purpose on the applicant and on the premises in respect to which the application is made. After examination of such report the Board if satisfied that the applicant conducts or proposes to conduct a bona fide business as a manufacturer of dangerous drugs and that the premises specified in the application are suitable for the purpose may grant to the applicant a licence in the form of the Fourth Schedule hereto to manufacture or isolate from crude drugs the dangerous drugs specified in such licence at the premises specified in such licence and may register such premises.

(4) Every person who is licensed to manufacture any dangerous drug is hereby authorized to have in his possession upon the premises in his licence the dangerous drug or dangerous drugs specified in his licence and to dispose of any such drugs by wholesale only to persons authorized in accordance with the provisions of these Regulations to be in possession of dangerous drugs.”

7. Regulation 10 (3) of the Dangerous Drugs Regulations is hereby rescinded:

SALE OF DANGEROUS DRUGS BY WHOLESALE.

8. Any person desirous of obtaining a licence to sell dangerous drugs by wholesale shall apply in writing to the Board in the form of the Fifth Schedule hereto.

The following rules shall apply to licences under this regulation, namely:—

WHOLESALE SALE OF DANGEROUS DRUGS.

9. (1) A person who satisfies the Board that he carries on a bona fide business as a wholesale seller of dangerous drugs and that the actual sale of all such dangerous drugs will at all times be under the personal supervision and control of a registered pharmaceutical chemist or a person who holds a certificate as an analyst within the meaning of the Health Act or a person holding a diploma or degree in Chemistry approved by the Board, or a responsible and competent adult person who has had at least five years' experience in the control of dangerous drugs, and who is approved by the Board may on payment of an annual fee of Twenty shillings be granted a licence in the form of Schedule 6 hereto to sell by wholesale such dangerous drugs as are specified in his licence at the place specified in his licence and subject to the conditions of these Regulations.

(2) A wholesale dealer in dangerous drugs shall not supply any dangerous drug to any person who is not authorized under these Regulations to procure and be in possession of dangerous drugs.

(3) A wholesale dealer in dangerous drugs shall not sell any dangerous drug by retail.

(4) The restriction imposed by clause (3) of this Regulation shall not apply to any sale of a dangerous drug to any college, scientific or public institution authorized in writing by the Board to be in possession of such dangerous drug. The sale of such dangerous drug shall be made only upon the signed written order of the responsible officer at such college, scientific or public institution named in the authorization.

(5) (a) Every wholesale dealer in dangerous drugs who holds a licence under these Regulations to sell dangerous drugs by wholesale shall keep a record in a book specially kept for that purpose of all dangerous drugs obtained and disposed of by him and such record shall show the dates on which the drugs were obtained and disposed of, the names and addresses of all persons from whom such drugs were obtained and to whom they were sold or otherwise disposed of and the description and quantity of the dangerous drug obtained or disposed of in each separate transaction.

(b) The required entry must be made on the day on which the drug is received or on the day on which the transaction in respect to the supply thereof takes place, or if that is not reasonably practicable, on the day next following the said day.

(c) Provided that if a wholesale dealer in dangerous drugs keeps a record of stocks and sales under the provisions of the Customs Regulations, such record shall be deemed sufficient for the purpose of these Regulations in respect of those drugs so recorded.

LICENCES TO MANUFACTURE AND/OR TO SELL DANGEROUS DRUGS  
BY WHOLESALE.

10. (1) A licence granted by the Board under Regulations 9 or 10 hereof, unless sooner suspended, cancelled or revoked shall remain in force from the date of issue thereof until the thirty-first day of December then next following and may be renewed thereafter annually on payment of an annual fee of Twenty shillings.

(2) The Board may suspend, cancel or revoke (as the case may be) a licence held by any person under Regulations 9 or 10 hereof, who has been convicted of any offence against the Poisons Acts or these Regulations or who is deemed by the Board (after a reasonable opportunity has been afforded such person to show cause to the contrary) to be unfit to hold such licence; or whose premises are deemed by the Board (after a reasonable opportunity has been afforded him to show cause to the contrary) to be unfit for use for the purpose of which the licence was issued.

(3) If the Board shall at any time suspend any licence it may after suspension at any time reinstate such licence or may cancel or revoke such licence.

(4) A licence shall lapse on the death of the licensee or on his ceasing to carry on the business at the address in respect of which the licence was issued.

(5) Every wholesale dealer in dangerous drugs who is licensed under Regulation 10 of those Regulations is hereby authorized to have in his possession upon the premises or place specified in his licence such dangerous drugs or preparations as are specified in such licence.

#### KEEPING OF RECORDS.

11. Regulation 22 of the Dangerous Drugs Regulations 1930 is hereby rescinded, and the following regulations shall be substituted therefor, namely:—

"22. (1) (a) Every pharmaceutical chemist authorized under those Regulations to manufacture, buy, obtain, dispense or sell or to have in his possession upon any premises or place occupied by him for the purpose of his business as a pharmaceutical chemist and to supply or procure or offer to supply or procure to or for any person any dangerous drug shall keep at the place where he carries on business or if he carries on business at more than one place, at each such place, a Dangerous Drugs Register in the form set out in Schedule 1 hereto, in which he shall record all transactions or dealings in or in connexion with any dangerous drug.

(b) Every such pharmaceutical chemist shall enter in the said Dangerous Drugs Register:—

- (i) The name and quantity of each dangerous drug manufactured, purchased or obtained by him;
- (ii) The date on which such dangerous drug was manufactured, purchased or obtained by him;
- (iii) The name and address of the person from whom the drug was purchased or obtained;
- (iv) The form in which such dangerous drug was purchased or obtained;
- (v) Particulars of each quantity of a dangerous drug dispensed, sold, used or otherwise disposed of by him, including the date of such dispensing, sale, use or disposal, the name and address of the person to whom the drug was supplied or sold and particulars of quantity of any dangerous drug used in any medicine, solution, preparation, compound or mixture dispensed, made or disposed of by him.

(c) Whenever an entry is made in the Dangerous Drugs Register in respect of dangerous drugs manufactured, received or otherwise obtained or dispensed, sold, used or otherwise disposed of the pharmaceutical chemist shall, in addition to the entry required in the "in" or "out" column in the Dangerous Drugs Register, enter in the "balance" column of the register with the date showing the balance of the dangerous drug in stock, taking into account the amount of the dangerous drug manufactured, purchased, acquired or disposed of.

(d) A pharmaceutical chemist who acquires a business as a going concern shall without delay make an accurate inventory of all dangerous drugs included in the stock and shall forthwith enter in the "balance" column of the register, under the appropriate headings, the quantity of such dangerous drug in the stock taken over by him.

(e) In the event of a Dangerous Drugs Register being lost, mislaid or destroyed, the pharmaceutical chemist to whom such Dangerous Drugs Register belongs shall forthwith make a statutory declaration concerning the loss or destruction of the register and forward such declaration to the Board. He shall immediately take stock of all dangerous drugs in his possession and enter particulars of those stocks in a new Dangerous Drugs Register in accordance with the requirements of these Regulations.

(2) Every medical practitioner and veterinary surgeon who buys or obtains any dangerous drug for use in his practice or profession shall keep at the place where he practises his profession a Register of Dangerous Drugs in which he shall record true particulars of every quantity of such drug bought or obtained by him and supplied.

dispensed, used or administered or otherwise disposed of by him, and the balance of the dangerous drug remaining in his possession with dates.

(3) Every dentist who buys or obtains any dangerous drug for the purpose of his practice of dentistry shall keep at the place where he carries on his profession a suitable book in which he shall record full particulars of all dangerous drugs bought or obtained by him, the date of such buying or obtaining, the name of the person from whom the drug was obtained, the name and quantity of the drug bought or obtained, the name and quantity of each drug from time to time used, and the quantity of each drug remaining in his possession with dates.

(4) Every person in charge of a laboratory for purposes of research or instruction attached to any university, college, public hospital or other institution and every person appointed by the Public Health Commission as a public analyst who purchases a dangerous drug under the authority of a written permit issued by the Board in accordance with the provisions of these Regulations shall record in a book kept solely for that purpose, full particulars of all dangerous drugs purchased by him, including the date of each purchase, the name of the drug, the quantity purchased and the name and address of the person from whom it was obtained and also enter in such book with dates particulars of the drug used or otherwise disposed of from time to time, and the quantity of the drug remaining in his possession.

(5) Every nurse employed by the Victorian Bush Nursing Association who obtains any dangerous drug in accordance with the provisions of those Regulations shall enter in a book kept specially for the purpose full particulars of all dangerous drugs obtained, by her including the dates on which each quantity of each drug was obtained, the quantity obtained, the name and address of the person from whom it was obtained, the date each quantity of the drug was used or administered, the name and address of every person to whom the drug was administered or in whose treatment it was used, and the quantity of each drug remaining in her possession.

(6) Every person required by sub-sections 1, 2, 3, 4 and 5 of this Regulation and Regulations 9, 10 and 13 to keep a record of transactions in dangerous drugs shall comply with the following provisions in respect to the keeping of such records:—

- (a) He shall use a separate register or section of a register for each dangerous drug manufactured, purchased or acquired and dispensed, sold, used or otherwise disposed of, in such manner that the balance of each form of each dangerous drug in stock at any time is clearly indicated by the record in the Dangerous Drugs Register.
- (b) He shall make all entries in ink on the day on which each dangerous drug is received or disposed of, or when that is not practicable, on the day immediately following.
- (c) Where he carries on his profession or business at more than one place, a separate register shall be kept by him at each such place.
- (d) He shall keep the register or book in some part of the premises to which it relates and shall make it available for inspection in accordance with the provisions of the Acts and these Regulations at all reasonable times.
- (e) He shall not make any entry which is untrue in any particular nor shall he alter, obliterate, delete or cancel any entry in the register or book which he is required to keep, but may correct any mistakes in any entry by a marginal note or footnote.

(7) For the purpose of seeing that the provisions of these Regulations are being observed, he shall produce his register books and records and supply all information in regard to his possession, manufacture and purchase of dangerous drugs, of stocks thereof held and of transactions therein on application to an officer of the Police Force or to any person specially authorized in writing by the Board in that behalf.

(8) A duly qualified medical practitioner who keeps a record in a day book showing the particulars of dangerous drugs supplied by him to patients, and the names and addresses of the patients and date of supply, may (in lieu of keeping the register required by these Regulations) enter separately in a book kept for the purpose

references under the appropriate dates to the records in such day-book of any supply of a dangerous drug. This provision shall apply also to a registered veterinary surgeon supplying a dangerous drug for the purpose of treating animals under his care.

(9) Where the holder of a licence or a person authorized to have dangerous drugs in his possession is required by the *Customs Act* 1907-1919 or any proclamation, ordinance, regulations or other orders made thereunder, or any amendment thereof, to keep records of stocks and sales of drugs, such records shall, unless otherwise ordered by the Minister, be accepted in lieu of the record required to be kept under those Regulations.

(10) Any person not hereinbefore expressly referred to who is authorized to have dangerous drugs in his possession shall keep a record of the quantities of the drugs obtained by him and disposed of by him and the quantity remaining in his possession with dates.

(11) Every person who is required under these Regulations to keep a record of dangerous drugs received and disposed of by him shall, when properly requested in writing by the Board so to do, forward to the Board for inspection the register or book in which he records such transactions in dangerous drugs."

12. Regulation 37 of the Dangerous Drugs Regulations 1930 is hereby rescinded.

13. The First Schedule to the Dangerous Drugs Regulations 1930 is hereby rescinded and the following schedule shall be substituted therefor, namely:—
