REGULATIONS RELATING TO FOODS, DRUGS,  
SUBSTANCES, AND METHODS OF ANALYSIS.

UNDER the powers conferred by the Health Acts and all other powers enabling him in that behalf, His Excellency the Governor of the State of Victoria, with the advice of the Executive Council of the said State, and on the recommendation of the Food Standards Committee, doth hereby make the Regulations following (that is to say):—

1. These Regulations may be cited as the Amending Food and Drug Standards Regulations 1946, shall be read and construed as one with the Food and Drug Standards Regulations 1939 and any Regulations amending the same and, except where otherwise stated, shall come into operation on publication in the *Government Gazette*.

2. In Regulations 3 and 4 of these Regulations, unless inconsistent with the context or subject-matter, the expression DDT means dichloro-diphenyl-trichloroethane.

3. Regulation 5 of the Amending Food and Drug Standards Regulations 1940 is hereby amended by the addition of the following paragraph thereto:—

Provided that fruit and vegetables, without contravention of this Regulation, may contain not more than ten parts per million of DDT, as estimated by the method prescribed in the following Regulation.

4. The amount of DDT present in fruit and vegetables shall be determined by the following method:—

The DDT residue is determined by the total dechlorination of the organic substances soluble in petroleum ether by a modified Stepanow reaction and calculation of the determined chlorine in terms of DDT (dichloro-diphenyl-trichloroethane).

## Reagents.

Petroleum ether—boiling range 60-80°C.

Absolute ethyl alcohol.

Metallic sodium.

Silver nitrate solution—0.02 normal.

Ammonium thiocyanate—0.02 normal.

Nitrobenzene.

Ferric alum indicator:—

Dissolve 40 grams of ferric ammonium sulphate in water, acidify with nitric acid, boil for a few minutes, cool, and make to a volume of 100ml.

## Sample.

A representative sample of approximately 1,500 grams is necessary for the analysis; this would contain 15 mgrms. of DDT if the maximum allowable residue is present. Excessive handling of the sample should be avoided.

## Extraction.

Immerse portion of the sample in a 1 litre beaker containing 500 ml. of petroleum ether for 10 minutes, and then by means of forceps transfer to a second beaker of solvent and allow to remain immersed for a further 10 minutes. After allowing the excess solvent to drain back into the beaker, discard the treated sample. This procedure is repeated with the remainder of the sample.

Maintain the volume of solvent in the first beaker by additions as necessary from the second, and the volume of solvent in the second beaker by additions of fresh solvent.

Fruit which has been treated with dusts containing DDT may be gently brushed to assist in the removal of adhering particles. With certain types of leafy vegetables, it may be preferable to shake the sample in appropriate portions, twice with solvent in stoppered Erlenmeyer flasks.

Decant all the solvent used through a No. 4 Whatman filter paper into a 1,000 ml. distillation flask.

## Estimation.

Concentrate the solvent extract to about 30 ml. by distilling the surplus solvent from the flask, heating in an electrically heated water bath. Transfer the concentrated extract to a 1-inch diameter Pyrex test tube, rinse the flask with solvent and add to the tube. Evaporate the solvent completely by gentle heating in a water bath at about 70°C., and by drawing a stream of air over the solvent surface in the test tube.

Add 10 ml. absolute alcohol to the test tube, heat to dissolve the residue and add, one at a time, small pieces of clean metallic sodium until all the alcohol is consumed. Add a further 5 ml. of alcohol and more sodium; heat if the reaction becomes sluggish. If, finally, any unreacted sodium remains, add small amounts of alcohol until it has all reacted.

Transfer the solution to a 250 ml. Erlenmeyer flask with distilled water, make acid with dilute nitric acid, and boil for a few minutes.

Cool and add 20 ml. 0.02 normal silver nitrate solution, followed by 2 ml. nitrobenzene. Stopper the flask and thoroughly shake.

Add 2 ml. ferric alum indicator and titrate with 0.02 normal ammonium thiocyanate to the first colour change.

1 ml. 0.02 normal solution = 0.001417 gm. DDT.

The prices tendered must not include sales tax.

Security.—Five per cent. of total amount of tender accepted, but in no case will security of less than £3 be received.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne, by whom also the samples will be shown and any information afforded to persons tendering.

In all cases the total cost of each item must be extended in the columns provided.

Tenders must be accompanied by the preliminary deposit, as shown above, preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board. The amount and designation of the preliminary deposit enclosed must be clearly stated in the tender. Savings Bank deposit books, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits. Preliminary deposits will be returned within 30 days to unsuccessful tenderers on their application.

Security will be required either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

Tenders enclosed in a separate envelope, and having the words "Tender for \_\_\_\_\_" (as the case may be) written thereon, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or, if sent by post, postage must be prepaid and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

#### CONDITIONS OF CONTRACT.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of this contract, the Melbourne District will include a radius of 6 miles from the Elizabeth-street Post Office. For supplies outside that radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.

8. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

No. 50.—2672/46.—3

9. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 8.

10. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be deducted as provided in clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under this contract shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to the consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of Commonwealth Departments, however, the Commonwealth consignment note only, which accompanies the order, must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note must not be used. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 13.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred thereby will be deducted as provided in clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

18. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

19. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works, or by the State Rivers and Water Supply, Forests, and Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical, High, or Higher Elementary Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything to the contrary contained in section 152 of the *Customs Act* 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government; adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. Under no circumstances, other than those mentioned in clause 20, will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

Treasurer.

 "Shaver" is an adult person shaving partly dressed skins with a sharp-edged knife.  
 "Puller" is an adult person employed pulling wet raw skins over an upright knife.

## ORDINARY WEEK'S WORK.

4. The number of hours which shall constitute an ordinary week's work shall be 44.

## TERMS OF EMPLOYMENT.

5. (a) That notice equivalent to 44 working hours shall be given on either side to terminate employment. Such notice may be given at any time. This shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty, or misconduct (in which case wages shall be paid up to the time of dismissal only), or to deduct payment for any day the employee cannot be usefully employed because of any strike, or through any breakdown of machinery, or any stoppage of work, or any cause for which the employer cannot be reasonably held responsible.

(b) In lieu of such 44 working hours' notice, except in circumstances referred to above, the employer may pay 44 hours' wages; and vice versa the employee leaving his employment without notice shall forfeit 44 hours' wages, which may be deducted from any wages due.

(c) Provided that any notice determining the employment solely for the purpose of evading payment for prescribed holidays, and not to determine finally the engagement, shall not deprive the employee of payment for any prescribed holidays occurring or observed between such notice to terminate and the re-engagement, if any.

(d) No employee shall, without just cause, be absent from his or her place of employment during the prescribed hours whilst there is work to be done by such employee, and where weekly wages are fixed the employee to be entitled to the sums so fixed must be available and ready and willing to do such work on the days and during the hours fixed by this Determination.

## SHIFTS.

6. (a) Day Shift.—The times of beginning and ending work shall be:—

| Time of Beginning (not earlier than)— | Time of Ending (not later than)—              |
|---------------------------------------|---|
| 8 a.m. .. .. .                        | 1 p.m. on Saturday.                           |
| 8 a.m. .. .. .                        | 6 p.m. on the other working days of the week. |

Provided that if the majority of the employees in any department desire to begin work at 7.30 a.m., the work may begin in that department at 7.30 a.m.

- (b) Afternoon, Night, or Other Shift—

- (i) Hours.—The hours of duty on any shift other than day shift shall be arranged mutually between the employer and the majority of the employees, providing that 9 hours shall be the maximum duration of such shift.  
 (ii) Wages.—An additional 5 per centum shall be added to the rates fixed for a day shift.

## OVERTIME.

7. All time worked—

- (a) Outside the times of beginning and ending work prescribed in clause 6 (a) and agreed upon in 6 (b) or  
 (b) Within such times, but in excess of 44 hours in any one week shall be paid at the rate of time and a half for the first four hours' work and double time thereafter. Provided that, in computing overtime, each day's work shall stand alone.

## HOLIDAYS.

8. All employees shall be granted the following holidays without deduction of pay, viz.—Australia Day, Labour Day, Good Friday, Easter Saturday, Easter Monday, Melbourne Cup Day, Christmas Day, Boxing Day, and New Year's Day. If any of the above holidays occur on a Saturday or a Sunday and are not observed on any other day, then employees shall not be paid for such Sunday but shall be paid for such Saturday as for a half day.

## SPECIAL RATES.

9. Double time shall be the rate paid for all work done on Sunday, New Year's Day, Australia Day, Labour Day, Good Friday, Easter Saturday, Easter Monday, Melbourne Cup Day, Christmas Day, and Boxing Day; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

## SICK LEAVE.

10. (a) Any employee who has been in the employment of the same employer continuously for a period of not less than three months and who does not attend for duty shall lose his pay for the actual time lost unless such employee produces or forwards within 24 hours of the commencement of such absence evidence satisfactory to the employer that his non-attendance was due to personal ill health or accident necessitating such absence, but such employee shall not be entitled to payment for non-attendance on the ground of personal ill health or accident for more than forty-four hours of working time in each year of service or a proportionately less time during any shorter period of employment. For the purposes of this clause service prior to 1st October, 1943, shall be disregarded.

(b) Notwithstanding the provisions of sub-clause (a) hereof if the full period of sick leave as prescribed is not taken in any year, such portion as is not taken shall be cumulative from year to year up to a period not exceeding eighty-eight hours of working time, which shall be the maximum amount of leave to which an employee shall be entitled in any year without deduction of pay.

## ANNUAL LEAVE.

## Period of Leave.

11. (a) Except as hereinafter provided a period of fourteen consecutive days' leave with payment of ordinary wages as prescribed shall be allowed annually to an employee by his employer after a period of twelve months' continuous service with such employer.

## Public Holidays Excluded.

(b) (i) Such period of annual leave shall not include holidays as prescribed in clause 8 observed on working days, but shall include all other non-working days.

(ii) If any holiday as prescribed in clause 8 falls within an employee's period of annual leave and is observed on the day which in the case of that employee would have been an ordinary working day, there shall be added to that period one day, being an ordinary working day for each holiday observed as aforesaid.

(iii) Where an employee without reasonable excuse proof whereof shall lie upon him is absent from his employment on the working day or part of the working day prior to the commencement of his annual leave or fails to resume work at his ordinary starting time on the working day immediately following the last day of the period of his annual leave, the employee shall not be entitled to payment for the public holidays which fall within his period of annual leave.

## Notice of Leave to be Given.

(c) At least seven days' notice shall be given to an employee as to when he is to commence his leave, and if such notice be withdrawn by an employer, the employee if he postpones his leave, shall be compensated by the employer for any reasonable out of pocket loss occasioned thereby; in the case of dispute to be settled by the Wages Board.

*Time When Leave to be Granted.*

(d) Annual leave shall be given at a time fixed by the employer within a period not exceeding three months from the date when the right to annual leave accrued and after not less than one week's notice to the employee.

*Leave to be Given and Taken.*

(e) The annual leave provided for by this clause shall be allowed and shall be taken and except as provided in sub-clause (h) hereof payment shall not be made or accepted in lieu of annual leave.

*Payment of Wages.*

(f) Each employee before going on leave shall be paid two weeks' wages at ordinary rates for the occupation in which the employee was ordinarily employed immediately prior to the commencement of his leave. Payment in case of employees employed on piece work or bonus work or any other system of payment by results shall be at time rates.

*Leave in Advance.*

(g) (i) An employer may grant annual leave to an employee before the right thereto has accrued due, but where leave is taken in such a case, a further period of annual leave shall not commence to accrue until the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

(ii) Where leave has been granted to an employee pursuant to sub-clause (g) (i) hereof before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months' continuous service in respect of which the leave was granted, the employer may for each one complete month of the qualifying period of twelve months not served by the employee, deduct from whatever remuneration is payable upon the termination of the employment one-twelfth of the amount of wage paid on account of the annual leave, which amount shall not include any sums paid for any of the holidays prescribed in clause 8 of this Determination. Provided that in cases where such leave is granted at the request of the employee, the employer may when making payment under sub-clause (f) hereof, withhold from the employee a sum equal to one-twelfth for each complete month of the qualifying period not served by the employee at the time of going on such leave and retain such sum until the expiration of such qualifying period.

*Proportionate Payment.*

(h) Proportionate payment shall be made in respect of each completed month of continuous service in any qualifying twelve-monthly period when an employee lawfully leaves his employment or his employment is terminated by his employer through no fault of the employee.

*Calculation of Continuous Service.*

(i) (a) Continuity of service shall be deemed to be continuous notwithstanding—

- (i) any interruption or determination of the employment by the employer if such interruption or determination has been made with the intention of avoiding obligations hereunder in respect of annual leave;
- (ii) any absence from work of not more than fourteen days in the twelve months on account of sickness or accident (proof whereof shall be on the employee);
- (iii) any absence on account of leave granted imposed or agreed to by the employer;
- (iv) any absence due to reasonable cause (including absences on account of sickness or accident of more than fourteen days) (proof whereof shall be on the employee).

Provided that in cases of personal sickness or accident or absence with reasonable cause the employee to become entitled to the benefit of this sub-clause shall if practicable inform the employer in writing within 24 hours after the commencement of such absence of his inability to attend for duty and as far as practicable the nature of the illness injury or cause, and the estimated duration of his absence.

(b) In calculating a period of twelve months' continuous service—

- (i) (1) any annual leave taken therein;
- (2) any absences of the kind mentioned in (i) and (ii) of paragraph (a) above shall be counted as part of such period;
- (ii) in respect of absences of the kind mentioned in (iii) and (iv) of paragraph (a) above, the employee shall serve such additional period as part of his qualification for annual leave as will equal the period of such absences;
- (iii) (1) where an employee is absent from work for any cause whatsoever the employer shall, if so requested by the employee, notify the employee within fourteen days of the receipt of such request whether the employer regards such absence as breaking either conditionally or unconditionally the continuity of service of such employee. If the employee does not make such request within seven days of his return to work after any such absence, such absence shall be deemed to have broken such continuity. If the employer does not give such notice within the said fourteen days, such absence shall not be deemed to be such a break.

The employee shall make such request in writing and shall deliver same to the employer's office at the factory where he is employed, or if there be no such office, to the manager of such factory or in his absence to the employer's foreman.

The employer shall give the notification to the employee by having the same delivered to such employee personally in writing;

- (2) where an employee has been absent from his employment, and the employer has notified him that such absence is regarded as a break in the continuity of service, the employee may within fourteen days of such notification from the employer, appeal to the Wages Board against such notification of the employer.

*Calculation of Month.*

(j) For the purpose of this clause a month shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question and as ending at the beginning of the day which in the latest month in question has the same date number as that which the commencing day had in its month and if there be no such day in such subsequent month shall be reckoned as ending at the end of such subsequent month.

*Successor or Assignee or Transmitlee.*

(k) Where the employer is a successor or assignee or transmitlee of a business if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transmitlee the employee in respect of the period during which he was in the service of the predecessor shall for the purpose of this clause be deemed to be in the service of the employer.

*Annual Close Down.*

(l) Where an employer closes down his plant, or a section or sections thereof, for the purpose of allowing annual leave to all or the bulk of the employees in the plant, or section or sections the following provisions shall apply:—

- (i) He may by giving to the employees concerned not less than one month's notice of his intention so to do, stand off for the duration of the close down all employees in the plant or section or sections concerned, and allow to those who are not then qualified for two full weeks' leave paid leave on a proportionate basis of one-sixth of a week's leave for each completed month of continuous service.
- (ii) An employee who has then qualified for two full weeks' leave, and has also completed a further month or more of continuous service shall be allowed his leave, and shall also be paid one-sixth of a week's wages in respect of each completed month of continuous service performed since the close of his last twelve-monthly qualifying period.
- (iii) The next twelve-monthly qualifying period for each employee affected by such close down shall commence from the day on which the plant, or section or sections concerned, is reopened for work.
- (iv) If in the first year of his service with an employer an employee is allowed proportionate annual leave under paragraph (i) hereof, and subsequently within such year lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, he shall be entitled to the benefit of sub-clause (h) of this clause, subject to adjustment for any proportionate leave which he may have been allowed as aforesaid.

*Disputes.*

(m) Any dispute as to the rights of an employee to or with respect to annual leave shall be dealt with by the Wages Board.

- (a) That he produces his authority to the employer or his representative.
- (b) That he interviews employees only at the place where they are taking their meal.
- (c) That not more than one representative in all be in any establishment at any one time.
- (d) That no one representative visit an establishment more than once a fortnight.
- (e) That if an employer alleges that a representative is unduly interfering with his establishment or is creating disaffection amongst his employees or is offensive in his methods or is committing a breach of any of the previous conditions, such employer may refuse the right of entry, but the representative shall have the right to bring such refusal before this Wages Board.

**PERIODICAL ADJUSTMENT OF WAGES.**

15. The wages rates for adult males set out in clause 2 are based upon the following basic wage and, pursuant to and in accordance with the provisions of section 21 of the *Factories and Shops Act 1934*, the Board hereby determines that such rates shall be automatically increased or decreased by the same amount and at the same time as such basic wage.

Provided that the wages of any female for whom an amount in excess of the basic wage has been fixed shall receive the same adjustment as a male adult. The rates of all females (other than those fixed at a rate in excess of the basic wage) and male apprentices and improvers shall be adjusted proportionately to adjustments of the basic wage, such adjustments to be to the nearest 3d., half or less than half of 3d. to be disregarded.
