12. Weekly employees shall be granted the following holidays without deduction of pay:—The days observed as New Year's Day, Australia Day, Union Picnic Day, Labour Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Melbourne Cup Day, Christmas Day, and Boxing Day.

## ANNUAL LEAVE.

## Period of Leave.

13. (a) Except as hereinafter provided a period of fourteen consecutive days leave shall be allowed annually to an employee after twelve months continuous service (less the period of annual leave) as an employee in any one or more of the occupations to which this Determination applies.

*Annual Leave Exclusive of Public Holidays.*

(b) Subject to this sub-clause the annual leave prescribed by this clause shall be exclusive of any of the holidays prescribed by clause 12 of this Determination, and if any such holiday falls within an employee's period of annual leave and is observed on a day which in the case of that employee would have been an ordinary working day, there shall be added to that period one working day for each such holiday falling as aforesaid.

Where a holiday falls as aforesaid and the employee fails without reasonable cause proof whereof shall be upon him to attend for work on the working day immediately preceding the first day or at his ordinary starting time on the working day immediately following the last day of the period of his annual leave, he shall not be entitled to be paid for any such holiday.

*Broken Leave.*

(c) The annual leave shall be given and taken in a continuous period or, if the employee and the employer so agree, in two separate periods and not otherwise.

*Calculation of Continuous Service.*

(d) For the purposes of this clause service shall be deemed to be continuous notwithstanding—

(i) any interruption or determination of the employment by the employer if such interruption or determination has been made merely with the intention of avoiding obligations hereunder in respect of leave of absence;

(ii) any absence from work on account of personal sickness or accident or on account of leave lawfully granted by the employer; or

(iii) any absence with reasonable cause proof whereof shall be upon the employee.

In calculating the period of twelve months continuous service any such absence as aforesaid shall not, except to the extent of not more than fourteen days in a twelve-monthly period in the case of sickness or accident, be taken into account in calculating the period of twelve months' continuous service.

In cases of personal sickness or accident or absence with reasonable cause the employee to become entitled to the benefit of this sub-clause shall inform the employer in writing if practicable within 24 hours of the commencement of such absence of his inability to attend for duty and as far as practicable the nature of the illness injury or cause and the estimated duration of his absence.

Any absence from work by reason of any cause not being a cause specified in this sub-clause shall not be deemed to break the continuity of service for the purposes of this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the employee in writing that such absence will be regarded as having broken the continuity of service.

In cases of individual absenteeism such notice shall be given in writing to the employee concerned, but in cases of concerted or collective absenteeism notice may be given to employees by the posting up of a notification in the plant, in the manner in which general notifications to employees are usually made in that plant and by posting to the union whose members have participated in such concerted or collective absenteeism a copy of same not later than the day it is posted up in the plant.

A notice to an individual employee may be given by delivering same to him personally or by posting it to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

*Calculation of Service.*

(e) Service before the 1st January, 1946, shall be taken into consideration for the purpose of calculating annual leave, but an employee shall not be entitled to leave or payment in lieu thereof for any period in respect of which leave or a payment in lieu thereof has been allowed or made under the clause hereby revoked. Provided however, that in respect of service before the 1st January, 1946, the annual leave shall be allowed at the rate of 3½ hours for each completed one month of continuous service and in respect of service after that date at the rate of 7½ hours for each completed one month of continuous service. Any broken part of a month served before the 1st January, 1946, shall for the purposes of this clause be deemed to be service after the 1st January, 1946. The period of annual leave to be allowed under this sub-clause shall be calculated to the nearest day any broken part of a day in the result not exceeding half a day to be disregarded.

Where the employer is a successor or assignee or transmittee of a business if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transmittee the employee in respect of the period during which he was in the service of the predecessor shall for the purpose of this clause be deemed to be in the service of the employer.

*Calculation of Month.*

(f) For the purpose of this clause a month shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question and as ending at the beginning of the day which in the latest month in question has the same date number as that which the commencing day had in its month and if there be no such day in such subsequent month shall be reckoned as ending at the end of such subsequent month.

*Leave to be Taken.*

(g) The annual leave provided for by this clause shall be allowed and shall be taken and except as provided by sub-clause (k) and (l) hereof payment shall not be made or accepted in lieu of annual leave.

*Time of Taking Leave.*

(h) Annual leave shall be given at a time fixed by the employer within a period not exceeding three months from the date when the right to annual leave accrued and after not less than two weeks' notice to the employee.

*Leave Allowed Before Due Date.*

(i) An employer may allow annual leave to an employee before the right thereto has accrued due, but where leave is taken in such a case a further period of annual leave shall not commence to accrue until after the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

Where leave has been granted to an employee pursuant to this sub-clause before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months' continuous service in respect of which the leave was granted the employer may for each one complete month of the qualifying period of twelve months not served by the employee deduct from whatever remuneration is payable upon the termination of the employment one-twelfth of the amount of wage paid on account of the annual leave, which amount shall not include any sums paid for any of the holidays prescribed by clause 12 of this Determination.

*Payment for Period of Leave.*

(j) Each employee before going on leave shall be paid two weeks' wages except an employee taking his leave pursuant to sub-clause (c) of this clause, who shall be paid the amount of wages he would have received in respect of the ordinary time which he would have worked had he not been on leave during the relevant periods. For the purposes of this sub-clause and sub-clause (k) hereof, wages shall be at the rate prescribed by clause 2 of this Determination for the occupation in which the employee was ordinarily employed immediately prior to the commencement of his leave or the termination of his employment, as the case may be. Payment in the case of employees employed on piece or bonus work or any other system of payment by results shall be at time rates.

*Proportionate Leave on Dismissal.*

(k) If after one month's continuous service in any qualifying twelve-monthly period an employee lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, the employee shall be paid at his ordinary rate of wage for 3½ hours in respect of each completed one month of continuous service before the 1st January, 1946, and for 7½ hours at the same rate in respect of each completed month of continuous service after that date, the service in each case being service in respect of which leave has not been granted hereunder.

*Annual Close Down.*

(l) Where an employer closes down his plant, or a section or sections thereof, for the purposes of allowing annual leave to all or the bulk of the employees in the plant, or section or sections concerned, the following provisions shall apply—

- (i) He may by giving not less than one month's notice of his intention so to do stand off for the duration of the close down all employees in the plant or section or sections concerned, and allow to those who are not then qualified for two full weeks' leave, paid leave on a proportionate basis of one-sixth of a week's leave for each completed month of continuous service.
- (ii) An employee who has then qualified for two full weeks' leave, and has also completed a further month or more of continuous service shall be allowed his leave, and shall also be paid one-sixth of a week's wages in respect of each completed month of continuous service performed since the close of his last twelve-monthly qualifying period.
- (iii) The next twelve-monthly qualifying period for each employee affected by such close down shall commence from the day on which the plant, or section or sections concerned is re-opened for work. Provided that all time during which an employee is stood off without pay for the purposes of this sub-clause shall be deemed to be service in the next twelve monthly qualifying period.
- (iv) If in the first year of his service with an employer an employee is allowed proportionate annual leave under paragraph (i) hereof, and subsequently within such year lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, he shall be entitled to the benefit of sub-clause (k) of this clause subject to adjustment for any proportionate leave which he may have been allowed as aforesaid.

PRESENT:

His Excellency the Governor of Victoria.

Mr. Slater

Mr. Fraser.

CONSOLIDATION OF THE METROPOLITAN MOTOR  
OMNIBUS REGULATIONS.

WHEREAS by section 13 of Part I.—Metropolitan Motor Omnibuses, of the *Motor Omnibus Act 1928* (No. 3742), it is enacted that the Governor in Council may make regulations for or with respect to the matters specifically referred to in the said section of the said Act, and generally all such matters and things as are authorized or permitted to be prescribed or are necessary or convenient to be prescribed for carrying the said Part I of the said Act into effect. Now therefore His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth for the purpose of giving effect to the purposes of the said Part I of the said Act, consolidate the existing Regulations as follows, that is to say:—

## Interpretation.

In these Regulations, unless inconsistent with the context or subject-matter—

“Licence” means a licence granted and issued in accordance with Part I of the *Motor Omnibus Act 1928*, for a motor omnibus as a hackney carriage and in force and includes a “regular service” licence or a “special service” licence hereinafter provided for, and “licensed” has a corresponding interpretation.

“Licensing Authority” means the Council of the City of Melbourne, being the authority empowered under Part I of the *Carriages Act 1928* to license hackney carriages plying for hire within the said City and the vicinity within the distance of 8 miles from the corporate limits of the said City, and includes the officer appointed by the said Council to represent it in connexion with the administration of these Regulations.

“Metropolitan Area” means the City of Melbourne and the vicinity within the distance of 8 miles from the corporate limits of the said City.

“Motor Omnibus” means any motor car within the meaning of the *Motor Car Act 1928* which is required under Part I of the *Carriages Act 1928* to be licensed as a hackney carriage, and has seating capacity for not less than eight passengers, and plies within the metropolitan area for hire at separate and distinct fares of not more than one shilling and six pence for each passenger.

“Owner,” of a motor omnibus includes every person who is the owner, joint owner, or part owner of the motor omnibus, and any person who has the use of a motor omnibus under a hiring or hire purchase agreement.

“Passenger” does not include driver or conductor.

“Pneumatic Tire” means a tire composed of flexible material, and when in use kept inflated at an air pressure greater than atmospheric pressure.

(a) *The Maximum Height, Length, and Breadth of Motor Omnibuses.*

*Height of Motor Omnibuses.*—The height inside measured in the centre line of each omnibus from the top of the floor battens to the lower edge of the hoop sticks or other such projections must not be less than 6 feet. From the ground to the spring of the roof or edge of drip boards the height must not be greater than 10 feet, nor must the height of the outside centre of roof be more than 10 feet. No motor omnibus the roof of which is supported otherwise than from the sides, and ends thereof shall be licensed as a motor omnibus.

*Length of Motor Omnibuses.*—The length must in no case exceed 28 feet.

*Breadth of Motor Omnibuses.*—The breadth at the widest part must in no case exceed 8 feet.

(b) *The Maximum Weight and the Maximum Load for Motor Omnibuses.*

The maximum weight of any motor omnibus unladen shall not exceed 5 tons, and the maximum weight of any motor omnibus fully laden (including the fuel tank when full), and in every respect ready for service, shall in no case exceed 8 tons, nor shall the weight on any one axle exceed two-thirds of the weight of the motor omnibus when fully laden.

In calculating the total laden weight, 140 lb. shall be allowed for each passenger and for the driver and the conductor.

(c) *Prohibiting the use of Tires other than Rubber Tires on Motor Omnibuses, and Regulating the Thickness and the Condition of Tires used on Motor Omnibuses.*

The use of any tires other than rubber tires on motor omnibuses is prohibited.

When pneumatic tires are used, they must always be maintained in a safe and satisfactory condition.

When tires other than pneumatic tires are used, they must be elastic, and maintained so as to reduce vibration, and shall at all times be kept in good condition and have rubber at least 1 inch thick on the whole of the circumference of the wheel.

(d) *Design and Construction of Motor Omnibuses so as to Secure the Safety, Comfort, and Convenience of Passengers and the Public, and to Minimize the Damage to Roads.*

*Chassis.*—In no case shall more than one-third of the total length of a motor omnibus be allowed to overhang the centre of the rear wheels.

The rear end of the body of the motor omnibus shall not extend beyond 18 inches of the chassis.

*Springs.*—Springs must be properly hung, and be of sufficient strength and flexibility to the satisfaction of the Licensing Authority.

The body of every motor omnibus shall be constructed in a sound and workmanlike manner, and in such manner as to afford proper protection to passengers under all conditions of weather to the satisfaction of the Licensing Authority.

*Doors.*—Where a motor omnibus is fitted with only one door, and where the door is situated in the forepart of the vehicle, suitable means other than such door shall be provided in that portion of the body of the omnibus which is situated at the rear of the centre line to allow passengers ready means of exit in case of emergency; such emergency provision shall be approved by the Licensing Authority.

Any doorway or entrance giving access to or exit from a motor omnibus shall have a width in the clear between the hand rails of not less than 22 inches.

*Seats.*—On every seat at least 16 inches measured in a straight line, with a depth of not less than 14 inches, must be allowed for each passenger, which seat must be fit and proper and convenient for use. When cross or garden seats are fitted, they shall be at least 26 inches clear from the inside back of one seat to the back of the seat in front, so that there shall be room for the knees of the passengers. The passage-way between cross seats shall be at least 15 inches.

The width between seat backs when seats are placed lengthwise must not be less than 56 inches.

All seats shall be provided with closed backs. No person except a learner, mechanic, or other official when specially authorized by the owner of any motor omnibus (such person to carry a special pass or badge), or a person authorized by the Licensing Authority, shall be allowed to ride beside the driver at any time.

A bulkhead, which shall extend to the off side of the body of the motor omnibus, must be constructed immediately behind the driver's seat. Such bulkhead shall be not less than five feet in height and shall be fitted with a glass window. A railing affixed to and extending from the left-hand side of the door or entrance to the motor omnibus shall be fitted to the bulkhead. Provided that if, in the opinion of the Licensing Authority, it be impracticable to fit a bulkhead to the satisfaction of the Authority, there may instead, subject to the prior approval of the Authority, be fitted a railing extending from the left-hand side of the entrance to the off side of the motor omnibus. In every instance, the railing shall be fitted in such a manner as will prevent passengers from crowding the driver, and from intruding into his driving view. The whole to be constructed to the satisfaction of the Licensing Authority.

Side screens to the driver's cabin are not permitted.

Steps must be safe and convenient; suitable and efficient means shall be provided to assist passengers entering or leaving, and the lowest step must not be more than 16 inches, and not less than 10 inches, above the ground. Steps must not project beyond the side of the omnibus.

Each motor omnibus shall be fitted with glass side windows, and one-half of total number of such windows shall be capable of being raised or lowered.

Sufficient ventilation must be provided by means other than the ordinary windows. Separate small ventilating windows are permitted, provided suitable provision is made for regulating the extent of the opening, so as to prevent unnecessary draughts.

Each motor omnibus must be suitably lighted by electricity and a step light provided, so located as to throw light on the steps at each entrance, to the motor omnibus.

The machinery and all parts of the motor omnibus must be so constructed that no undue noise or vibration arises from its use.

Exhaust silencer “cut-outs” are not permitted.

At least two suitable and approved appliances for extinguishing fire must be carried in such a position as to be readily available for use, and always effectively maintained to the satisfaction of the Licensing Authority.

Tanks for petrol or other liquid fuel must be made of suitable material, properly constructed and of sufficient strength. They must be so placed that any overflow shall not fall upon woodwork or accumulate where it can be readily ignited. The filling nozzle or inlet for the petrol or other liquid fuel must be brought to the outside of body, and be properly guarded by gauze or other means to limit the effect of accidental ignition.

No petrol or other liquid fuel shall be placed in the tank while any passengers are in the omnibus.

No petrol or other volatile spirit shall be carried on any motor omnibus except in the operating tanks provided for the purpose.

The petrol supply must be provided with a cock with tap readily accessible from the outside to shut off the petrol supply.

The exhaust pipe must not be led inside the tray or under-shield, or be fixed in such a position that oil, or any vaporizable or inflammable material is likely to be dropped upon it.

All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be the cause of danger.

Effective means must be adopted for preventing the heat of the motor, generator, or of the exhaust pipe connexions from injuriously affecting any parts of the vehicle or the comfort of the passengers.

Each motor omnibus must be fitted with an approved means for enabling passengers to signal to the driver or the conductor when required.

A horn or other means of giving due warning of its approach shall be affixed in a convenient position on every motor omnibus to the satisfaction of the Licensing Authority.

(e) *Maintenance and Repair of Motor Omnibuses.*

Every motor omnibus must be maintained in a condition satisfactory to the Licensing Authority, and after a motor omnibus has been licensed under the provisions of the Act no alterations shall be made thereto or to the mechanical equipment thereof without the written approval of the Licensing Authority.

All parts connected by bolts, or studs, and nuts, which may be subject to severe vibration, must be fastened by lock nuts, castellated nuts, or by nuts and approved spring or lock nut washers, to prevent their working loose and causing noise.

(f) *Provision and Regulation of Efficient Brakes and Steering Gear on Motor Omnibuses.*

Each motor omnibus must be fitted with at least two independent brakes, one of which must be operated by a pedal. Each must be capable of stopping the vehicle and holding same under all conditions from forward or rearward motion. They must also be fitted, when considered necessary by the Licensing Authority, with an approved form of compensating device, so that the braking effect is the same on each road wheel. All brakes must be capable of easy adjustment. Brakes will not be deemed independent which operate by the same connexion, upon the same brake blocks, or upon the same brake drums. One at least must act directly upon the road wheels, and remain effective even if the driver quits his seat.

In the case of petrol-driven motor omnibuses the operation of either brake must in no case declutch the engine from the transmission gear, provided that this provision shall not apply to motor omnibuses licensed to carry not more than twelve (12) persons, and plying for hire on a route no part of which is within 3 miles of the Town Hall in the City of Melbourne.

No motor omnibus having the steering apparatus fitted upon its left side shall be licensed.

The steering arm and other connexions thereof must be of ample strength, and as far as possible protected from damage by collision.

All brake and steering connexions secured with bolts or pins must have such bolts threaded and fitted with nuts, which latter must be locked and pinned. The whole of the brake and steering parts must be maintained in proper order, and be subject to inspection and test at any time by the Licensing Authority.

(g) *Prohibition of Advertisements on the Outside of Motor Omnibuses.*

Advertising matter of any description on the outside of motor omnibuses, except that indicating the route and destination of the motor omnibus, is prohibited.

*Routes and Fares.*—Routes, sections, and fares must be exhibited inside each motor omnibus in a conspicuous place approved by the Licensing Authority.

(h) *Furnishing to the Minister of Public Works by Owners of Motor Omnibuses of Statistics.*

The following statistics shall be furnished to the Minister by the owner of every motor omnibus licensed by the Licensing Authority for the year ending 31st December in each year, such statistics to be furnished not later than the 31st January following the said 31st December:—

(i) *Limit of Speed shall not be Exceeded by Motor Omnibuses.*

No motor omnibus shall travel upon any street or road within the metropolitan area at a rate of speed—

- (a) greater than is reasonable and proper having regard to the traffic and use of the road, or
- (b) so as to endanger any person or the safety of any property, or
- (c) greater in any event than—
  - (i) 20 miles per hour if it be a motor omnibus fitted with no tires other than pneumatic tires;

At the request of the Council of any Municipality the Minister may, for the preservation of any particular section of a street or road, or during street or road repairing operations, or for any other special reason, temporarily reduce the rate of speed aforesaid, and such reduced rate of speed must be observed by the driver of every motor omnibus.

(j) The body of each motor omnibus shall be painted or varnished both internally and externally so as to have a presentable appearance. No omnibus shall be licensed for public use unless in this respect it meets with the satisfaction of the Licensing Authority.

(k) The owner of any motor omnibus for which a regular service license has been granted by the Licensing Authority, pursuant to the *Motor Omnibus Act 1928* (No. 3742), shall not use or permit, suffer, or allow any other person to use such motor omnibus for any purpose other than for maintaining a regular service upon the route specified in the licence (including any authorized temporary deviation from such route), except in the case where the Licensing Authority consents in writing to such motor omnibus plying for hire for the purpose only of maintaining a regular service on such other prescribed route and for such period as is specified in the consent.

*Penalties.*—Any person plying for hire with any motor omnibus, and the owner of such motor omnibus permitted or concerned in plying for hire therewith, who contravenes or fails to comply with any of the provisions of these Regulations, shall for every such breach be liable to a penalty of not more than Twenty pounds and not less than One pound.

YEA WATERWORKS TRUST.

REGULATIONS FOR THE ELECTION OF COMMISSIONERS.

WHEREAS, in pursuance of the provisions of the Water Acts, the Governor in Council is empowered to make Regulations for the election of Commissioners of Waterworks Trusts: Now therefore, His Excellency the Governor of the State of Victoria, acting by and with the advice of the Executive Council thereof, and in pursuance of the provisions of the now in part recited Acts, doth for the purposes aforesaid make the following Regulations for the election of Commissioners of the Yea Waterworks Trust:—

1. Interpretation of Terms.—In these Regulations "the Trust" or "the said Trust" shall mean the Yea Waterworks Trust. "Minister" shall mean the Minister of Water Supply.

2. Period for which the Commissioners shall hold office.—The period for which the Commissioners shall hold office shall be until the fourth Thursday in the month of October in the third year after the year of their election.

3. Extraordinary Vacancies, How Filled.—Should any vacancy in the office of Commissioner be occasioned by death, disqualification, or any other cause whatever, the same shall be filled up by election under these Regulations, within two months after the vacancy has occurred, and the person elected to fill such vacancy shall hold the office of Commissioner during the unexpired portion of the term of office of the Commissioner whose seat shall have become vacant.

4. Date of First and Subsequent Election of Commissioners.—The first election of Commissioners under these Regulations shall be held on the eighteenth day of July, 1946, and the ordinary election of Commissioners shall be held on the fourth Thursday in October in each succeeding triennial year.

5. Voters' List to be Prepared.—For the purposes of the first election of Commissioners a voters' list shall be prepared in like manner to that provided by section 117 of the *Water Act 1928* as amended by section 2 of the *Water Act 1936*, in so far as circumstances will admit, on or before the twentieth day of June, 1946, by the Secretary of the Trust, certified by him as correct, and such list shall be the list of voters for the said election of Commissioners, and shall remain in force, and shall be used at any subsequent election of Commissioners that may be held prior to a fresh voters' list being made out as hereinafter provided.

6. Voters' List to be Prepared Annually.—Before the twelfth day of September in each year a voters' list shall be made out in the manner prescribed by section 117 of the *Water Act 1928* as amended by section 2 of the *Water Act 1936*,

which shall, after the first revision; upon approval of the Commissioners under the common seal of the Trust, be the list of voters for the election of Commissioners for the twelve months next ensuing.

7. Form of Voters' List (First Schedule).—Such voters' list shall be in the form in the First Schedule hereto, and shall contain, in regular numerical sequence and alphabetical order of surname, the christian name or names, surname, and address (so far as these may be known) of every ratepayer within that portion of the municipal district of the Shire of Yea included within the district of the Waterworks Trust.

In making out such list of voters, if the property in respect of which any ratepayer is entitled to vote is only in part within the Waterworks District, then the number of votes of such ratepayer in respect of such property shall be reduced in the proportion which such part bears to the whole property of such ratepayer rated in the municipal district.

8. Returning Officer.—The Returning Officer shall be appointed by the Trust or in default of such appointment shall be the Secretary of the Trust. The returning officer may appoint a deputy to assist him or to act in his room at any election, and such deputy may do all things which the returning officer is hereby authorized or required to do.

9. Notice of Election—Nomination of Candidates—Deposit—Second Schedule.—Fourteen clear days before the election of Commissioners under these regulations the returning officer shall give public notice of such election by advertisement inserted in some newspaper generally circulating in the Yea township, and by such notice shall require all candidates at such election to be nominated at some place within the said township to be named in such notice in manner hereinafter mentioned between the hours of Ten o'clock in the forenoon and Four o'clock in the afternoon on some day before a day (hereinafter called the day of nomination) not less than four nor more than seven days after the time of giving such notice and named therein, and every candidate at any such election shall before Four o'clock in the afternoon of the day next preceding the nomination day lodge with the returning officer at the place aforesaid a nomination paper in the form of the Second Schedule or to the like effect stating therein both his christian and surname together with the other particulars required in and by the said Schedule, and such nomination paper shall be signed by the candidate and by at least five persons entitled to vote at the election, and such candidate shall, together with such nomination paper, deposit with the returning officer the sum of Five pounds, which shall be returned to the candidate if he obtains at the election a number of votes equal to at least one-fifth of the votes given to the person declared elected who received the least number of votes, otherwise the said sum shall be paid into and form part of the revenues of the Trust.

And no person who shall not have been so nominated shall within the provisions of these Regulations be deemed to be a candidate at any election of Commissioners.

10. Qualifications of the Commissioners.—No person shall be eligible for election as a Commissioner unless he is liable to be rated under the Water Acts in respect of property within the district of the Trust.

11. Where Number of Candidates does not exceed Number of Commissioners to be elected.—If, at the expiration of the time limited as hereinbefore provided for the nomination of candidates, the number of persons who have become candidates as aforesaid does not exceed the number of Commissioners to be elected, the returning officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

12. Where Number of Candidates exceeds the Number of Commissioners to be elected.—Third Schedule—Notice of Poll—Hours of Polling.—If, at the expiration of the time limited for the nomination of candidates, the number of candidates exceeds the number of Commissioners to be elected, then the returning officer shall forthwith cause the ballot-papers to be printed, with the christian names and surnames of all the candidates in full in the form of the Third Schedule hereto, and shall also give public notice by advertisement in some newspaper circulating in the Yea township, stating the names of the persons so nominated, and that a poll will be taken for the election of such Commissioners upon a day named in such notice, at such place within the said township as the returning officer shall in and by such notice appoint; and such poll shall take place accordingly, and shall commence at Eight o'clock in the forenoon, and close at Seven o'clock in the afternoon.

13. Retirement of Candidates before Polling Day.—If at any election, after a poll shall have been appointed as aforesaid any candidate for such election, and two of the persons having signed the paper nominating him as aforesaid, are desirous that he should retire from such candidature, such candidate and the persons aforesaid may sign and deliver to the returning officer; not later than four clear days before the day of polling, a notice in the form of the Fourth Schedule hereto, stating that such candidate so retires; and the said candidate or his agent shall thereupon publish in some newspaper generally circulating in the Yea township a copy of such notice, and

the returning officer, on sufficient proof of such publication aforesaid, if the number of candidates is by such retirement reduced to the number of persons to be elected at such election shall, on the day appointed for the election, declare the remaining candidates duly elected; and, if the said number is not so reduced, shall omit the name of the person so retiring from the ballot-papers to be used at the said election, and if such papers are already printed, shall erase such name therefrom; and such person shall not be capable of being elected at such election.

14. Polling Booth May be Hired.—At such election the returning officer shall provide a suitable place for taking a poll, and may, if necessary, cause to be hired and used as a polling booth any room which he may deem to be suitable at the place appointed for taking the poll, and may divide such room into compartments as to him may seem most convenient.

15. Returning Officer to Preside at Polling Booth.—The returning officer or his deputy shall preside at the polling booth for taking the poll.

16. Scrutineers May be Appointed.—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling booth, and the said returning officer or his deputy, and the said scrutineers and any voters not exceeding four in number, actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling booth.

17. Pencils to be Provided.—The returning officer or his deputy shall provide pencils in the polling booth for the use of the voters, and also a locked box, to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers, and such box shall be opened and exhibited to the scrutineers before the polling begins; and the box shall then be locked, and shall stand on a table opposite the returning officer or deputy returning officer, who shall keep the key of such box.

18. Mode of Voting.—The returning officer shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one, then so many ballot-papers as may be equal to the number of votes which such voter so appears to be entitled to give, such ballot-papers being in the form of the Third Schedule hereto, and initialled by the returning officer; and every such voter shall, without leaving the booth, strike out from all or any of such papers the name of every candidate for whom he does not intend to vote. And in case any voter is unable to read or write, the returning officer or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate; and after such name or names have been so struck out, the ballot-paper or ballot-papers (as the case may be) shall forthwith be deposited in the said box. Provided that all the ballot-papers to which any person may be entitled at the polling booth shall be demanded and received by him at one and the same time; and no person having once demanded and received any such ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers, or exercise any further right of voting.

19. Ballot-papers to be numbered.—Before delivering any ballot-paper to the voter, the returning officer or his deputy shall write upon the back of each such ballot-paper, as near as practicable to the lower edge thereof, the number set opposite to the voter's name in the roll, and shall thereupon, upon a copy of such roll, check off such voter's name as having voted, and mark against such name the number of ballot-papers delivered to such voter.

20. Plumping Prohibited — Informal Ballot-papers. — At every such election every voter shall strike out from the ballot-paper the names of the candidates for whom he does not desire to vote, and if he suffers to remain on the ballot-paper a greater or less number of names not struck out than the number of Commissioners to be elected the vote given on and by the ballot-paper shall be void and of no effect.

21. What Question may be asked.—At any election of Commissioners the returning officer may, if he sees fit, or if required to do so by any candidate or scrutineer, put to any person tendering his vote the question following:—

"Are you the person whose name appears as (A.B.) in the roll now in force for this Trust, being enrolled therein in respect of property described to be situated in (here specify the street or other place described in the roll?)".

And no other question shall be put to any person tendering his vote; and no person who shall refuse to answer such question, or who shall not answer the same absolutely in the affirmative, shall receive a ballot-paper or be permitted to vote.

22. False Answer, Polling Twice, and Personation.—Every person who shall wilfully make a false answer to the question aforesaid or who shall poll more than once, or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling booth after having received a ballot-paper, without having deposited the same in the ballot-box, as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of a breach of these regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as it appears by the roll he is entitled so to do.

23. Result of Polling, how ascertained.—Immediately on the close of the poll, the returning officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and such returning officer shall abstain from inspecting the number written as aforesaid on any ballot-paper, and take care that the same is not seen by any person before being sealed up as herein provided; and the returning officer shall seal up the ballot-papers deposited in the booth, and as soon as conveniently may be on or after the day of the poll, publicly declare the candidates, not exceeding the number of vacancies to be filled up, who have received the greatest number of votes to have been duly elected Commissioners of the Trust, and if two or more candidates have received an equal number of votes, the returning officer shall determine by lot the candidate to hold office.

24. Ballot-papers, how disposed of.—The returning officer shall forthwith after the declaration of the poll endorse with a description of the contents thereof, and sign the sealed parcel of ballot-papers, and forward the same to the Secretary of the Trust, to be by him safely and secretly kept for six months then next ensuing, and then by him caused to be destroyed in the presence of three Commissioners of the Trust.

25. Minister to determine question arising upon first election.—If any question arise as to the due election of any Commissioner at the first election, the returning officer shall, at the request of any voter or candidate, submit such question, in writing, to the Minister, who shall decide the same; and such decision shall be final and binding.

26. Question arising upon subsequent election to be determined by the Trust.—If any question arise as to the due election of any Commissioner at any subsequent election (whether ordinary or extraordinary), such question shall be determined by the Commissioners of the Trust at the first ordinary meeting held after the election; but no Commissioner in respect of whose election such question shall have arisen shall act as a Commissioner at such meeting, or be entitled to take any part in the proceedings thereof, or in any manner or at any time to act as a Commissioner until such question shall have been so determined, and the majority of Commissioners whose election is not in dispute shall form a quorum.

27. Appeal to Minister from Determination of Trust.—In event of any voter or candidate feeling aggrieved by the determination of the Trust with reference to any such question as last aforesaid, he may appeal therefrom to the Minister within fourteen days from the date upon which the Commissioners shall have determined the question, and the Minister may make such inquiry as to the merits of the question as may appear to him to be necessary, and determine such question in such manner as to him may appear just, and such determination of the Minister shall be final and binding.

28. Failure to Elect deemed to create Extraordinary Vacancies.—If at any election of Commissioners any vacancies less than the whole number which should have been filled up at such election are not filled up, then the vacancies which are not so filled shall severally be deemed extraordinary vacancies and to have occurred on the day appointed for such election. Provided always that the Commissioners eventually elected or appointed to fill such vacancies shall go out of office as if elected at such election.

29. Expenses of Election to be paid by Trust.—The expenses incurred by the returning officer, or under his direction, in connexion with any election shall be defrayed by the Trust.

30. Penalty for Breach of Regulations.—Any person guilty of a breach of any of the provisions of these regulations shall be liable to a penalty not exceeding Ten pounds, to be recovered in a summary manner, before justices of the peace.

31. Interpretation.—In these regulations words importing the masculine gender shall be deemed and taken to include females, unless there is something in the context repugnant to or inconsistent with this interpretation.
