BASIS OF PAYMENT OF SKILLED GLASSWORKERS.

6. Piecework shall be the basis of payment for skilled glassworkers, but in cases where employees earn less than the time rate per day through their own fault, such as producing bad work or not producing sufficient work to enable them to earn the time rate while conditions in the factory are satisfactory, they shall only receive the amount they earn on the piecework rate ; but if through any fault of the employer the employees are prevented from earning the time rate, plus 6 per cent. on the piecework rate of eight hours, they shall be paid at the time rate, plus 6 per cent.

BASIS FOR FIXING OF PIECEWORK PRICES.

7. (a) The Board determines that any employer may fix and pay piecework prices for any article to adult skilled glassworkers of average capacity employed in the flint section of the industry, provided such prices enable the said adult skilled glassworkers to earn at least the minimum daily rate prescribed for their respective classifications with the addition of 12½ per cent.
- (b) A schedule of such piecework prices shall be posted in the factory in such a position as to be accessible to and easily read by persons employed therein. If any group or groups of employees in the factory are dissatisfied with the piecework prices so exhibited, they shall have the right of appeal to the Secretary for Labour with a view to having the matter investigated.

MIXED FUNCTIONS.

8. Where employment involves functions of a mixed character, and an employee is employed for sixteen hours in any one week on work for which a higher rate of pay is prescribed by this Determination than the rate prescribed for the work which he usually does, the minimum rate to be paid to such employee shall be calculated for the week as if he performed such only of the functions as are represented by the highest rate, but, if employed for less than sixteen hours on such higher class of work, he shall be paid the rates prescribed by this Determination for the work he actually does from time to time. This clause shall not apply to skilled glassworkers.

ENGAGEMENT AND TERMINATION OF EMPLOYMENT.

9. (a) All employment shall be by the week.

(b) An employee desirous of terminating his service with an employer shall terminate such service only on a Saturday of each week, and shall give his employer notice of such intention on or before 5 p.m. on the Monday prior to the date of termination of such service. In the event of an employee failing to comply with the conditions contained in this clause, one week's pay shall be deducted from his pay by the employer.

(c) An employer desirous of terminating the services of an employee shall terminate his services only on a Saturday, and he shall give such employee notice of his intention to terminate such service not later than 5 p.m. on the Monday prior to the date of the termination of such service. In the event of the employer failing to comply with the conditions contained in this clause, one week's pay shall be paid to the employee by the employer.

Provided that in the event of a tank going out of commission for repairs at any time, the employees actually engaged on such tank, and thereby thrown out of work, shall receive one clear week's notice from the employer of his intention to dispense with their services; during the currency of which notice they may be required to do other work on the premises or, at the option of the employer they may be paid one week's wages in lieu of such notice.

Provided further that nothing in this clause shall be applicable to cases of termination of services of employees for misconduct or incompetence justifying their instant dismissal.

SICK PAY.

10. (a) Any person who does not attend for duty shall not be paid for the actual time lost; provided, nevertheless, that if he produces or forwards within 24 hours of the commencement of his non-attendance, evidence satisfactory to the employer that such non-attendance was reasonable because of his own ill-health due to any cause other than his own misconduct, he shall receive the benefit of the next succeeding sub-clause hereof.

(b) In the case of any such person who has been employed by any one employer for a period of not less than one calendar month, if his non-attendance is in manner aforesaid shown to be reasonable because of his own ill-health, such person shall receive payment in wages in respect of six, but not more than six days in all of such non-attendance in each year of his employment by such employer.

(c) For the purpose of sub-clause (b) an employee whose employment ceases because of a furnace going out of commission, and who resumes his employment within three days of the said furnace restarting, shall be deemed to have been constantly employed in the interval between such cessation and restarting.

OVERTIME.

11. (a) All time worked in excess of 44 hours per week (except in the cases of furnacemen, pot furnacemen and pieceworkers) shall be paid for at the rate of time and a half for the first four hours and double time thereafter.

(b) (1) For all time worked in excess of the prescribed daily hours furnacemen and furnacemen's assistants shall be paid at the rate of time and a half for the first two hours and double time thereafter.

(3) Overtime shall not be paid where men work in excess of eight hours per day in effecting their change of shifts.

SUNDAY AND HOLIDAY RATES.

12. (a) For all time worked on Sundays and specified holidays payment shall be made at double rates, except in the cases of furnacemen and furnacemen's assistants.

(b) Where by reason of any of the said named holidays falling on a Sunday, or by reason of any other cause any other day is observed as a public holiday in lieu of any of the said named holidays in sub-clause (a) hereof, then this clause shall read as if such other day were included herein, instead of the said named holiday, but not so as to increase beyond eleven the number of holidays such employees shall receive by reason of this sub-clause.

(c) In the case of shift work a holiday or holidays (as the case may be) shall not begin until the end of the last shift commenced on the day immediately preceding the holiday or holidays, and shall not end until the beginning of the first shift commenced on the day immediately succeeding the holiday or holidays.

(d) No employee shall receive pay for any holiday not worked if he fails otherwise than for reasonable cause to work during his usual working hours on the day or shift immediately preceding, and also on the day or shift immediately following such holiday.

(e) Where any person who has been employed by an employer for a period of three months or more immediately preceding the termination of the said person's services within the seven days immediately preceding any of the holidays named in sub-clause (a) hereof, for any cause not being his own default or misconduct sufficient to justify the termination of the said person's services such an employee shall receive payment for the aforesaid holiday as if his employment had continued so as to include such holiday.

ANNUAL HOLIDAY.

14. (a) The annual holiday for an employee on weekly hiring, or a casual employee, shall be as prescribed by the provisions of the *Factories and Shops (Annual Holidays) Act 1946* and any amendments which may be made thereto from time to time.

(b) In addition to the above, continuous shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed for each twelve monthly qualifying period one week's leave including non-working days.

(c) Where an employee with twelve months' continuous service is engaged for part of the twelve-monthly period as a continuous shift worker, he shall be entitled to have the period of two weeks' annual leave prescribed by the said Act increased by one half day for each month he is continuously engaged as aforesaid.

(d) If in any twelve-monthly qualifying period a continuous shift worker lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, the employee shall be paid, in addition to all other amounts (including any payment in lieu of annual leave as prescribed by sub-clause (a) hereof) due to him, an amount equal to one-fiftieth of his ordinary pay for the period of employment as a continuous shift worker.

15. Any employee required to work more than one hour's overtime after the completion of a shift shall, in addition to overtime payment, be paid 1s. 6d. tea money in the case of adults and 1s. in the case of juveniles; unless notified the previous day that they would be required to work such overtime.
