8. *Lump sum in lieu of pensions.*—(a) Any pilot on becoming entitled to a pension under these Regulations may, if he thinks fit, elect to receive payment thereof in the form of a lump sum instead of as a pension, whereupon he shall be paid a sum calculated at the rate of £96 16s. 11d. for the first completed year of service, £98 6s. 8d.

for the second completed year of service, and so on, such rate increasing by £1 9s. 9d. for each additional completed year of service thereafter, up to and including thirty-five years' service.

(b) Where any pilot who has elected under paragraph (a) hereof retires in any year prior to the anniversary of the date upon which his service as a pilot first commenced, he shall be entitled, in addition to the sum referred to in the said paragraph to an additional amount for each completed month's service in the incomplete year equal to one-twelfth of the lump sum to which he would have been entitled for that year had he not retired before the completion thereof.

(c) No pension, capitation or other allowance shall be payable under these Regulations to the widow or in respect to the child of any pilot who dies after having accepted, pursuant to paragraph (a) of this Regulation, a lump sum in lieu of any pension to which he was entitled under these Regulations.

9. *Dependant's benefits.*—(a) *Widow's benefits*—on the decease of a pilot who, at the time of his death, was operating as such under a pilot licence issued by the Marine Board of Victoria, or subsequent to his being placed on the superannuation list and leaving a widow him surviving, the said widow shall be entitled to a pension from the Sick and Superannuation Fund in accordance with the scale prescribed in Schedule II. hereto.

Where the widow of a pilot is entitled to a pension under Schedule II. hereto, and such pilot had served, in addition to the completed years of service, a further period of less than one year, her pension at the rate prescribed in the aforesaid Schedule, according to the number of such completed years of service, shall be increased by an amount for each completed month of such additional service equal to one-twelfth of the sum representing the difference between the amount of the said pension and that which would have been payable according to the aforesaid Schedule if such additional service amounted to a full year.

Subject to the proviso that the pension payable to the widow of a pilot shall in no case exceed £89 7s. 11d. per annum unless she shall have been married to him for ten years or upwards at the time of his death or superannuation, whichever may first have happened, nor more than £119 3s. 11d. per annum unless she shall have been married to him fifteen years or upwards at the time of his death or superannuation, whichever may first have happened.

If, after these Regulations come into force, a pilot marries, subsequent to being placed on the superannuation list, neither his widow nor the children of such marriage shall be eligible for a pension, capitation or any other allowance from the fund.

(b) *Children's benefits*—on the decease of a pilot who, at the time of his death, was operating as such under a pilot licence issued by the Marine Board of Victoria or subsequent to his being placed on the superannuation list, leaving a widow or child or children him surviving, a capitation allowance of £74 9s. 11d. per annum for each child shall be made until the child attains the age of sixteen (16) years. On the death of a pilot's widow leaving any child or children of the pilot under the age of eighteen (18) years, the capitation allowance, if there is but one child, shall be increased to £89 7s. 11d. per annum, and shall continue to be paid until such child attains the age of eighteen (18) years. If, however, the said widow leaves more than one (1) child under the age of eighteen years her surviving, the pension payable to the widow shall be divided into as many equal parts as there are children under the age of eighteen years, and each part shall be added to the capitation allowance of each child payable as aforesaid, and shall likewise continue to be payable until each such child attains the age of eighteen (18) years, but without the benefit of survivorship between the children, and provided that no child shall in any case receive a larger allowance (including the said capitation allowance) than £89 7s. 11d. per annum.

(c) On the decease of a pilot who, at the time of his death, was operating as such under a pilot licence issued by the Marine Board of Victoria, or subsequent to his being placed on the superannuation list leaving a child or children under the age of eighteen (18) years him surviving, but no widow him surviving, the allowance payable in respect of each child shall be calculated as if the pilot had died leaving a widow him surviving for a period of twenty-four hours.

(d) The Board may, in its discretion, pay the allowance to which any child is entitled under this Regulation, to the widow or guardian, or to such other person as to it seems proper, and the receipt of such widow, guardian or other person shall be good and sufficient discharge to the Board.

NOTE:—*Adopted child.*—Under the foregoing Regulations (b), (c), and (d), a child adopted by a pilot, under the *Adoption of Children Act 1928*, shall be deemed to be the child of the pilot if, in the opinion of the Board, such child was totally or mainly dependent upon such pilot.

The foregoing Regulations were made and passed at a meeting of the Pilot Superannuation Board held this 4th day of June, in the year of our Lord One thousand nine hundred and forty-eight.
