It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

CONDITIONS OF CONTRACT.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

2. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

3. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule. In the case of different makers' goods, the contractor will be required to supply the kind ordered. *The supplies are to be the best quality of their several kinds or manufacture.* In the event of the tender having been accepted for goods manufactured within the Commonwealth or within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

4. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.

5. All orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.

6. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.) and, for the purpose of this contract, the Melbourne District will include a radius of 6 miles from the Elizabeth-street Post Office. For supplies outside that radius the goods must be delivered free on rails at Flinders-street or Spencer-street Railway Stations as required.

7. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.

8. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 7, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

9. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 8.

10. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for

each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case, he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 8.

13. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 15 and 16 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds as the Treasurer may direct, and the amount may be deducted as provided in clause 8. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

14. All goods forwarded under this contract shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.

15. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to the consignee in accordance with clause 16, and the quintuplicate to be retained by himself. (In the case of Commonwealth Departments, however, the Commonwealth consignment note only, which accompanies the order, must be used.) Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note must not be used. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 13.

16. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred thereby will be deducted as provided in clause 8.

17. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

18. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

19. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works through the Board of Land and Works, or by the State Rivers and Water Supply, Forests, and Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical, High, or Higher Elementary Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything to the contrary contained in section 152 of the *Customs Act* 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government; adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

21. *Under no circumstances, other than those mentioned in clause 20, will the contractor be permitted to abandon his contract.* In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

Such number of improvers as shall not, together with apprentices, exceed in the aggregate one to every three or fraction of three workers receiving not less than 126s. per week of 40 hours.

HOURS OF DUTY.

3. The ordinary hours of work shall be 40 per week, to be worked on five days between the hours of 7.30 a.m. and 5.15 p.m., from Monday to Friday inclusive.

OVERTIME.

4. (a) All work done outside the hours fixed as the times of beginning and ending work, or within such hours in excess of 40 in any week, shall be paid for at the rate of time and a half.

(b) An employer may require any employee to work reasonable overtime at overtime rates and such employee shall work overtime in accordance with such requirement.

SPECIAL RATES FOR SUNDAYS AND PUBLIC HOLIDAYS.

5. All work done on Sunday, Good Friday, Christmas Day, or Labour Day, shall be paid for at the rate of double time, and on New Year's Day, Australia Day, Easter Saturday, Easter Monday, King's Birthday, or Boxing Day, at the rate of time and a half; but if any other day be by Act of Parliament or Proclamation substituted for any of the above-named holidays, the special rate shall only be payable for work done on the day so substituted.

In this clause the expressions "double time" and "time and a half" shall mean respectively, when the employee has worked on any of the days named, double the money or half as much again of the money he would have earned had the day in question been an ordinary working day.

ANNUAL LEAVE.*Period of Leave.*

6. (a) A period of twenty-one consecutive days' leave shall be allowed annually to an employee after twelve months' continuous service (less the period of annual leave) as an employee on weekly hiring in any one or more of the occupations to which this Determination applies.

Annual Leave Exclusive of Public Holidays.

(b) Subject to this sub-clause the annual leave prescribed by this clause shall be exclusive of any of the holidays prescribed by clause 5 of this Determination and if any such holiday falls within an employee's period of annual leave and is observed on a day which in the case of that employee would have been an ordinary working day there shall be added to the period of annual leave time equivalent to the ordinary time which the employee would have worked if such day had not been a holiday.

Where a holiday falls as aforesaid and the employee fails without reasonable cause proof whereof shall be upon him to attend for work at his ordinary starting time on the working day immediately following the last day of the period of his annual leave he shall not be entitled to be paid for any such holiday.

Broken Leave.

(c) The annual leave shall be given and taken in a continuous period or, if the employee and the employer so agree in two separate periods and not otherwise.

Calculation of Continuous Service.

(d) For the purposes of this clause service shall be deemed to be continuous notwithstanding—

- (i) any interruption or termination of the employment by the employer if such interruption or termination has been made merely with the intention of avoiding obligations hereunder in respect of leave of absence;
- (ii) any absence from work on account of personal sickness or accident or on account of leave lawfully granted by the employer; or
- (iii) any absence with reasonable cause proof whereof shall be upon the employee.

In cases of personal sickness or accident or absence with reasonable cause the employee to become entitled to the benefit of this sub-clause shall inform the employer in writing if practicable within 24 hours of the commencement of such absence of his inability to attend for duty and as far as practicable the nature of the illness, injury or cause and the estimated duration of his absence. A notification given by an employee pursuant to clause 10 shall be accepted as a notification under this sub-clause.

Any absence from work by reason of any cause not being a cause specified in this sub-clause shall not be deemed to break the continuity of service for the purposes of this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the employee in writing that such absence will be regarded as having broken the continuity of service.

In cases of individual absenteeism [such] notice shall be given in writing to the employee concerned, but in cases of concerted or collective absenteeism notice may be given to employees by the posting up of a notification in the plant, in the manner in which general notifications to employees are usually made in that plant and by posting to the union whose members have participated in such concerted or collective absenteeism a copy of same not later than the day it is posted up in the plant.

A notice to an individual employee may be given by delivering same to him personally or by posting it to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

In calculating the period of twelve months' continuous service any such absence as aforesaid shall not, except to the extent of not more than fourteen days in a twelve-monthly period in the case of sickness or accident, be taken into account in calculating the period of twelve months' continuous service.

Calculation of Service.

(e) Service before the date of operation of this Determination shall be taken into consideration for the purpose of calculating annual leave but an employee shall not be entitled to leave or payment in lieu thereof for any period in respect of which leave or a payment in lieu thereof has been allowed or made under the clause hereby revoked.

Where the employer is a successor or assignee or transferee of a business if an employee was in the employment of the employer's predecessor at the time when he became such successor or assignee or transferee the employee in respect of the period during which he was in the service of the predecessor shall for the purpose of this clause be deemed to be in the service of the employer.

Calculation of Month.

(f) For the purpose of this clause a month shall be reckoned as commencing with the beginning of the first day of the employment or period of employment in question and as ending at the beginning of the day which in the latest month in question has the same date number as that which the commencing day had in its month and if there be no such day in such subsequent month shall be reckoned as ending at the end of such subsequent month.

Leave to be Taken.

(g) The annual leave provided for by this clause shall be allowed and shall be taken and except as provided by sub-clauses (k) and (l) hereof payment shall not be made or accepted in lieu of annual leave.

Leave Allowed Before Due Date.

(i) An employer may allow annual leave to an employee before the right thereto has accrued due but where leave is taken in such a case a further period of annual leave shall not commence to accrue until after the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

Where leave has been granted to an employee pursuant to this sub-clause before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months' continuous service in respect of which the leave was granted the employer may for each one complete month of the qualifying period of twelve months not served by the employee deduct from whatever remuneration is payable upon the termination of the employment one-twelfth of the amount of wage paid on account of the annual leave, which amount shall not include any sums paid for any of the holidays prescribed by clause 5 of this Determination.

Payment for Period of Leave.

(j) Each employee before going on leave shall be paid three weeks' wages, except a shift worker or an employee taking his leave pursuant to sub-clause (c) of this clause either of whom shall be paid the amount of wage he would have received in respect of the ordinary time which he would have worked had he not been on leave during the relevant periods. For the purposes of this sub-clause and sub-clause (k) hereof wages shall be at the rate prescribed by clause 2 of this Determination for the occupation in which the employee was ordinarily employed immediately prior to the commencement of his leave or the termination of his employment, as the case may be. Payment in the case of employees employed on piece or bonus work or any other system of payment by results shall be at time rates.

Proportionate Leave on Dismissal.

(k) If after one month's continuous service in any qualifying twelve-monthly period an employee lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, the employee shall be paid at his ordinary rate of wage for 10 hours in respect of each completed month of continuous service in respect of which leave has not been granted hereunder.

Annual Close Down.

(l) Where an employer closes down his plant, or a section or sections thereof, for the purposes of allowing annual leave to all or the bulk of the employees in the plant, or section or sections concerned, the following provisions shall apply:—

(i) He may by giving not less than one month's notice of his intention so to do stand off for the duration of the close down all employees in the plant or section or sections concerned, and allow to those who are not then qualified for twenty-one consecutive days' leave, paid leave on a proportionate basis of one-quarter of a week's leave for each completed month of continuous service.

(ii) An employee who has then qualified for twenty-one consecutive days' leave, and has also completed a further month or more of continuous service shall be allowed his leave, and shall subject to sub-clause (e) hereof also be paid one-quarter of a week's wages in respect of each completed month of continuous service performed since the close of his last twelve-monthly qualifying period.

(iii) The next twelve-monthly qualifying period for each employee affected by such close down shall commence from the day on which the plant, or section or sections concerned is re-opened for work.

Provided that all time during which an employee is stood off without pay for the purposes of this sub-clause shall be deemed to be time of service in the next twelve-monthly qualifying period.

(iv) If in the first year of his service with an employer an employee is allowed proportionate annual leave under paragraph (i) hereof, and subsequently within such year lawfully leaves his employment or his employment is terminated by the employer through no fault of the employee, he shall be entitled to the benefit of sub-clause (k) of this clause subject to adjustment for any proportionate leave which he may have been allowed as aforesaid.

PIECEWORKERS.

(m) A pieceworker shall be entitled to the same annual leave and public holidays as a time-worker, and for such annual leave and public holidays he shall be paid at the same rate as a time-worker doing the same class of work.

7. (a) In shortening hands or making promotions the employer shall put efficiency foremost, and in the event of equal efficiency, shall prefer a senior man to a junior.

(b) "Efficiency" means special qualifications and aptitude including suitability in age for the discharge of the duties of the office to be filled, together with merit and good and diligent conduct.

SENIORITY LISTS.

8. Seniority lists shall be compiled by each employer showing the last date on which each employee entered the service of his employer. Each employer shall, if and when reasonably required, furnish a copy of the seniority list to the Secretary of the Union concerned.

9. (a) Except as otherwise hereinafter provided, all employees shall be engaged by the week the employment to be terminable only by a week's notice on either side, which notice may be given at any time during any week.

(b) Provided that for misconduct or neglect of duty by an employee, his employment may be determined forthwith without notice, in which case he shall be entitled only to an amount for wages proportionate to the amount of work done before such termination, such amount for wages to be paid forthwith.

(c) From the commencement of an employee's service during a time not exceeding two weeks, the employer may engage him by the day, subject to payment of the rate of wage prescribed for other than weekly employees.

(d) Subject to any express limitation in the terms of his engagement and to his right to determine his employment by a week's notice, an employee to become entitled to the benefits of this Determination must do such kinds of work at such times as the employer may require him to do for the time being, but the employer shall in respect of such work observe any applicable provisions of this Determination as to special or extra rates.

(e) If an employee absents himself from duty or does not attend for duty, the employer, subject to the provisions for sick leave and accident leave hereinafter contained, may deduct from the employee's wages an amount proportionate to the length of the employee's absence or non-attendance.

SICK LEAVE.

10. (a) An employee on weekly hiring who has served his present employer for a period of three weeks or more and who is absent from his work on account of illness or on account of injury or accident shall be entitled to 80 hours' sick leave (two weeks) with pay which shall be cumulative in accordance with sub-clause (b) hereof.

(b) The sick leave prescribed in sub-clause (a) hereof shall accumulate from year to year so that any balance of the period therein specified which has in any year not been allowed to an employee by an employer as paid sick leave may be claimed by the employee, and subject to the conditions prescribed shall be allowed by the employer in a subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this sub-clause shall be available to the employee for a period of three years, but for no longer from the end of the year in which it accrues.
