The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case, or on application to the Commission.

GENERAL CONDITIONS.

1. No stripping shall be commenced until the applicant has lodged the deposit specified, and holds a duly signed authority to commence operations.
2. Notification that stripping operations have been commenced must be forwarded, in writing, to the officer in charge within 48 hours from the date thereof.
3. Offers must be AT A PRICE PER TON, IRRESPECTIVE OF THE SPECIES OF WATTLE, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge, and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and if so directed by him the bark must be weighed in the presence of the officer in charge.
4. Satisfactory arrangements must be made with the Commission for payment of royalty prior to removal of the bark.
5. No trees shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree specially marked by him to remain standing shall be felled or stripped, wherever situated.
6. In the event of stripping being permitted on any area regarded as a tourist resort, all tops must be lopped, stacked, and burned under the direction of the officer in charge. The burning under this provision must be carried out in accordance with the written conditions specified by the District Forester.
7. No tree shall be felled so as to fall into any water-course or to obstruct any road or track.
8. No tree of less than 5 inches in diameter at a height of 2 feet from the ground shall be stripped when of the black or feather-leaved variety, or less than 2½ inches in diameter at a height of 2 feet from the ground when of the broad-leaved species, unless otherwise stated herein, and wherever a size limit is mentioned it shall be at a height of 2 feet from the ground. Notwithstanding this, trees of any diameter may be stripped with the express permission of the officer in charge, if diseased, or for other, in his opinion valid reason.

10. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt. in clear places only, and the licensee must take every reasonable precaution against fire. A space of at least 40 feet round each stack must be cleared of grass and rubbish.
11. No bark shall be removed without the express permission, in writing, of the officer in charge, and it must be properly bundled, securely tied, carted from the forest, and weighed at the weighbridge named, not later than one month from the date of stripping the bark.

12. Camps must be pitched and fires lighted only in such places as shall be pointed out by the officer in charge, and the licensee shall, on demand of the officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire, whether by smoking, cooking, or other operations, or who shall otherwise act in contravention of these conditions.

13. No live tree, other than wattle, shall be cut or broken, or firewood used, without the express permission of the officer in charge.

14. All stripping must cease by 31st March following the date of signing this contract, and all bark, stripped or otherwise, remaining on the area after that date shall become the property of the Crown.

15. The violation of any of the above or following conditions will render the licence null and void, and the Forests Commission shall have power to absolutely forfeit the whole or part of the deposit to the Crown, and to confiscate to the Crown all bark stripped to date of voidance. The officer in charge, in his discretion, shall have power to instantly suspend operations pending the decision of the Forests Commission being made known.
