WEDNESDAY, OCTOBER 31.

[1951

STOCK DISEASES ACT 1928 (No. 3779).

*At the Executive Council Chamber, Melbourne, the
twenty-third day of October, 1951.*

PRESENT:

His Excellency the Governor of Victoria.

Mr. Hyland

Mr. Harvey.

REGULATIONS.

WHEREAS by Part I. of the *Stock Diseases Act 1928*, among other things, the Governor in Council is empowered from time to time to make regulations for the purpose therein mentioned and to rescind same: And whereas from time to time the Governor in Council has made divers Regulations under the powers conferred by the said Act: And whereas it is desired to rescind such Regulations and make other Regulations in lieu thereof: Now, therefore, His Excellency the Governor, by and with the advice of the Executive Council, in exercise of the powers conferred by the above-named Act and of every other power enabling him in that behalf, doth hereby make the following Regulations (that is to say):—

1. *Rescission of Previous Regulations.*—On and after the first day of November, 1951, the Regulations made by the Governor in Council under the powers conferred by the *Stock Diseases Act 1928*, and of other powers enabling him in that behalf shall be and the same are hereby rescinded, but such rescission shall not affect any act, matter, or thing done, suffered, or required to be done or commenced under such Regulations.

2. *Interpretation of Terms.*—In construing these Regulations the following words, if not inconsistent with the context, shall have the meanings hereby respectively assigned to them (that is to say):—

"Australasian States" shall mean all States of the Commonwealth of Australia and all Dependencies of the said States.

"Cattle" shall include any bull, cow, ox, or calf.

"Chief Inspector of Stock" shall include officer acting for the Chief Inspector of Stock in his absence.

"Factory" shall mean any premises where any dairy produce is received from any person other than the owner of such premises for the purpose of manufacture thereat; and includes any premises owned or controlled by a body corporate or unincorporate where dairy produce is received from any person whomsoever, including any member of any such body, for such purpose.

"Horse" shall include any stallion, mare, gelding, or foal.

"Owner" includes occupier or person in charge, owner's agent or manager, and in the case of a body corporate or unincorporate the manager secretary or other controlling officer thereof.

"Poultry" shall include any kind of living land and water bird bred or reared in a domestic state.

"Swine" shall include any boar, sow, barrow, or sucker.

"Sheep" shall include any ram, ewe, wether, or lamb.

"Vaccine" shall include any material which contains any micro-organism or the products thereof which are the cause or are suspected of being the cause of any of the diseases included in the First Schedule to these Regulations.

3. *Stock to which Part I. of the Stock Diseases Act 1928 is extended.*—All the sections of Part I. of the *Stock Diseases Act 1928* shall extend to all stock of the kinds mentioned in the Second Schedule hereto.

4. *Prohibition of the Introduction of Stock found to be Diseased.*—The introduction of any stock mentioned in the Second Schedule hereto into the State of Victoria, either by land or sea, found to be diseased stock within the meaning of the *Stock Diseases Act 1928* and these Regulations is prohibited.

5. *These Regulations not to authorize the Introduction of certain Stock except from Australasian States.*—Nothing in these Regulations shall be taken to authorize the introduction into Victoria of stock save and except from the Australasian States and the Dependencies thereof or any part of the Commonwealth of Australia, and the introduction of stock from the Australasian States or any part of the Commonwealth will only be permitted when all the provisions of every law and these Regulations and every regulation or order of the Governor in Council has been complied with.

6. *Transgression of the Regulations Forbidden.*—No person shall do or attempt to do, cause or permit to be done or to be attempted to be done, or assist in doing or attempting to do any act forbidden by these Regulations, or obtain or endeavour to obtain, or assist any one in obtaining or endeavouring to obtain by fraud any certificate or authority under these Regulations, or forge any such certificate or authority, or make use of any such forged or fraudulently-obtained certificate or authority, or fraudulently grant or issue any such certificate or authority, or obstruct or refuse to carry out the directions of any inspector or other person acting under the authority of these Regulations.

7. Every person who in any declaration prescribed by these Regulations makes any statement which is untrue in any particular shall be guilty of an offence against these Regulations.

PART I.—INTRODUCTION OF STOCK INTO VICTORIA.

8. *Inspector's Authority required for the Introduction of Stock.*—No person shall introduce into Victoria, either by land or sea, any stock mentioned in the Second Schedule hereto, or any hides, skin, hair, horns, bones, blood, or animal products coming from any of the Australasian States or any part of the Commonwealth of Australia without the authority in writing of an Inspector of Stock, and except in accordance with the conditions of such authority and these Regulations; and no inspector shall grant any such authority until he is satisfied that all the provisions of every law and of every regulation or order of the Governor in Council for the time being in force with respect to the introduction of such stock have been complied with. Any Inspector of Stock may detain and prevent the travelling of stock newly introduced into Victoria, by land or sea, until these Regulations have been complied with. Provided always that any inspector may, on the authority of the Chief Inspector of Stock, refuse to issue such authority for any specified time. (This clause shall, in respect of any introduction of stock from New South Wales, by land, apply only to cattle and swine, and in respect of any introduction of stock from South Australia, by land, shall apply only to poultry, cattle, and swine.)

9. Any Inspector of Stock may order that any stock or fittings shall be disinfected, smeared, or treated in a suitable manner before their introduction into Victoria, and may order such crush or other examination as he may deem fit; and the owner thereof shall carry out such instructions and pay all expenses incidental thereto.

10. *Places at which Stock may be Introduced.*—The places mentioned in the Third Schedule hereto constitute the only places at which any person may introduce stock into Victoria, and not less than twenty-four hours or more than ninety-six hours' notice, in writing, shall be given to the inspector in charge of any such place, of the intention to introduce such stock on a particular day. When, under special circumstances, of which the Chief Inspector of Stock shall be the sole judge, the introduction of stock into Victoria is authorized at a place other than those mentioned in the Third Schedule, the owner of such stock shall pay such fee and expenses as are determined by the Chief Inspector of Stock.

When stock is being introduced into Victoria by sea at the Port of Melbourne, the owner of the vessel or his or its agent carrying such stock shall give twenty-four hours' notice of their intention to so introduce to the Chief Inspector of Stock, Melbourne.

11. *Duties of Inspectors before Authorizing the Introduction of Stock.*—No inspector shall authorize any stock to be introduced into Victoria or travel in Victoria until he has inspected such stock, and is satisfied that the same are free from any of the diseases mentioned in the First Schedule hereto, and has counted the same, or been otherwise satisfied as to the number of stock to be introduced into Victoria or travel therein, and has received a declaration made by the owner or owner of the property on which the stock have been depastured or resident manager of the owner in the form of the necessary Schedule as hereinafter provided. The authority to introduce shall be in the form set out in the Fourth Schedule hereto.

12. *Introduction of Stock by Air.*—The introduction of stock into Victoria by air is prohibited except on the authority of the Chief Inspector of Stock under such conditions as may be imposed by him.

13. No Inspector of Stock shall authorize the introduction into Victoria of any stock by sea unless such stock are carried on a vessel known as a "clean vessel" as hereinafter provided.

The Chief Inspector of Stock may from time to time declare any vessel to be a clean vessel under these Regulations, or may revoke such declaration; but no such declaration shall be made unless the master or the owners furnish satisfactory evidence to the Chief Inspector of Stock that such vessel has not during the preceding three months been in any port outside the Australasian States or the Dominion of New Zealand or received on board stock from any place outside such States or Dominion, or from any vessel which during the preceding three months has been outside such States or Dominion, and every vessel not proclaimed a clean vessel shall be deemed to be an unclean vessel for the purposes of these Regulations.

14. *Destruction of Stock found to be Diseased.*—If any stock of any of the kinds mentioned in the Second Schedule hereto, whether on board any vessel or aeroplane on which they may be introduced, or after they may be landed, or have travelled, or been conveyed by rail, or by motor car or by trailer, be found to be diseased stock, they may be forthwith seized and destroyed by an Inspector of Stock in compliance with section 10 of the *Stock Diseases Act 1928*, or such inspector may, in lieu of seizing and destroying such stock, by writing under his hand, order that such stock be submitted to such biological tests as he directs or be inoculated, dressed, or vaccinated to his satisfaction in or with such medicaments or vaccines as he may prescribe on board such vessel, or at a specified place, within a defined time to be stated in such order; or be within a further time also specified in such order removed from Victoria or Victorian waters unless conditions of such order relative to treatment are complied with within the time named in that behalf, or such further time as an Inspector of Stock may from time to time by writing under his hand allow, any Inspector of Stock may seize and destroy all such stock in contravention of this Regulation arriving in Victoria in such manner as he may think fit.

15. *Expenses to be Borne by Owners.*—All expenses connected with the detention, treatment, or slaughter of such stock from time of the arrival of such stock until the same may be destroyed or released, including the expenses of the destruction of any such stock

as may be destroyed, and of the removal and disposition of the carcasses of any such stock as may be destroyed or die, shall be borne and paid by the owners thereof; and no Inspector of Stock shall authorize the introduction into Victoria of any such stock until every claim for expense incurred has been satisfied by the owners of such stock. The proceeds of the sale of anything seized under these Regulations and sold shall be paid into the Consolidated Revenue.

16. *Fodder or Fittings*.—No fodder or fittings shall be removed from any ship or vessel without the written authority of an Inspector of Stock, and any such fodder or fittings shall be subjected to such treatment as the inspector may in his discretion direct.

17. *Animals for Circus or Menagerie Purposes*.—The introduction into Victoria from any State of animals forming part or used for circus or menageries shall be permitted after inspection from any State provided they conform with all regulations to which each of such animals are subject for the time being.

18. *Poultry from South Australia*.—

- (i) The introduction into Victoria by sea or land of poultry or pigeons from South Australia is permitted provided all the requirements of these Regulations have been complied with and they are accompanied by a declaration in the form of Schedule S.A.P., certified to by an inspector of stock.

Stock Diseases Act (Victoria) 1928.

DEPARTMENT OF AGRICULTURE, VICTORIA.—SCHEDULE S.A.P.

Declaration Concerning the Introduction of Poultry or Pigeons into Victoria from South Australia by Land or Sea.

I, _____ of _____ being the owner or resident manager of the owner, declare that the under-mentioned poultry or pigeons are free from ticks, stickfast fleas and other infectious or contagious diseases, that the premises from which they come has not been infected during the preceding twelve months, and that during such period such poultry or pigeons have not been in direct or indirect contact with stickfast flea or tick-infested poultry or pigeons or fittings, that the crate wherein they are confined is new or has been thoroughly disinfected.

PART. II.

THE PREVENTION OF THE SPREAD OF DISEASE IN VICTORIA.

37. *An Inspector may declare Premises on which he has discovered Disease a Quarantine District.*—When an inspector finds any of the diseases mentioned in the First Schedule hereto, except the disease known as Scab in sheep, to exist in stock, he shall forthwith deliver a notice under his hand of the existence of such disease to the occupier of the premises where the diseased stock is found, and thereupon such premises and all lands and buildings contiguous thereto in the same or other occupation, and all other lands and buildings which the inspector may from time to time think fit to include, and on the occupiers of which, if any, he shall serve notice shall for the purposes of these Regulations become a quarantine district.

38. *Steps to be taken by an Inspector after Discovery of Disease.*—When pursuant to these Regulations an inspector delivers a notice of the existence of disease he shall forthwith forward a copy thereof to the Chief Inspector of Stock, and such district, or part thereof, as is therein described shall be and remain a quarantine district for the purposes of these Regulations for such time as may be determined by the Chief Inspector of Stock.

39. *Owners of Diseased Stock may be required to keep Notices Affixed.*—The inspector may from time to time direct persons in the occupation of any premises included in a quarantine district to affix and keep affixed notices to such effect, on such portion of such premises and in such manner as the inspector may order, and such persons shall affix and keep affixed the same accordingly.

40. *Inspector may Slaughter or Seize Diseased Stock.*—When an inspector finds diseased stock he may either slaughter or seize the same, and take such other steps to eradicate disease as he may deem expedient, as also to ensure the isolation and safe custody of any such stock, and he shall at once report the circumstances to the Chief Inspector of Stock.

41. *Inspector may order Premises, Fittings, Carcasses, &c., to be Treated or Disinfected.*—The inspector may direct any quarantine, or any portion thereof, or carcass, fodder, litter, or anything thereon with which diseased stock has been in contact, or any clothes of any one who has been in contact with diseased stock, to be dealt with, treated, or disinfected in such manner as he may think fit; and all persons shall permit the same to be carried out and in such manner as directed by the inspector.

42. *Owners to Treat or Disinfect Stock for Diseases.*—The Chief Inspector may direct the owners of any stock of the kinds mentioned in the Second Schedule to submit them to any biological test, inoculation, vaccination, or any other treatment to prevent the spread, or for the cure of any of the diseases mentioned in the First Schedule, or for the purpose of disinfecting them, and the owner of such stock shall with all diligence carry out such directions.

43. No person shall supply to any other person or shall use on any stock any vaccine without the written consent of the Chief Inspector of Stock. Such written consent may provide such conditions to be observed in the use of such vaccine as may be deemed necessary by the Chief Inspector of Stock.

44. *Diseased Stock not to be Exposed for Sale at Market or Travelled, &c.*—Any person who exposes in a market or other public place where stock are exposed for sale, or exposes in any sale yard, whether public or private, or places in any lair or place adjacent to or connected with any market or where stock are commonly placed before exposure for sale, or sends or causes to be carried on a railway or on a canal or river, or by any other inland navigation, or on a coasting vessel, or carries, leads, or drives, or causes to be carried, led, or driven on a highway or thoroughfare, or keeps on any common or on the side of a highway, or unless such stock be constantly followed and kept in sight on any unenclosed land, or in any field or other place insufficiently fenced, any stock of any of the said kinds infected with any of the diseases mentioned in the First Schedule, shall be deemed guilty of a breach of these Regulations.

45. *Stock not to be Moved from or into a Quarantine District.*—No person without the written authority of an Inspector of Stock shall drive, convey, or otherwise move any stock into any quarantine district from any place without the boundaries thereof or from any place within such district to any other place therein or from within any such district across the boundaries thereof.

46. *Owners of Diseased Stock to give Notice forthwith.*—The owner or person having the charge of any stock affected with any of the diseases mentioned in the First Schedule shall forthwith upon discovering that such stock is affected isolate them and give notice of such fact to the Chief Inspector or to the inspector of the district. He shall also take such steps as will preclude the possibility of living animals coming in contact with the carcass of any animal which has died.

47. (1) No person shall use for feeding to stock any food refuse which has been removed from any place whatsoever unless such food refuse has been treated by boiling.

(2) The owner of any stock to which any food refuse is to be fed shall retain the refuse in containers in a place to which stock have not access until such food refuse has been treated by boiling, shall thoroughly cleanse all containers and vehicles used for collecting or retaining the refuse, and shall dispose by burning or burial of all residue remaining after such cleansing treatment.

48. No person shall remove from a factory any skim milk unless same has been heated to a temperature of not less than 180 degrees Fahrenheit, or any whey unless same has been heated to a temperature of not less than 160 degrees Fahrenheit, and unless such skim milk or whey has been held at the temperature mentioned for a period of not less than 30 minutes, and the owner of a factory shall not allow to be removed from such factory any skim milk or whey unless same has been so heated.

This Regulation shall not apply in respect of any skim milk or whey which is removed for the purpose of manufacture.
