ADJUSTMENT OF BASIC WAGE.

20. (a) For the purposes of this Determination, the expression "Commonwealth Statistician's 'all items' retail price index numbers" or any like expression means the numbers stated to be such index numbers in any document purporting, and not proved to be wrongly so purporting, to be printed by the Commonwealth Government Printer or to be signed by or on behalf of the Commonwealth Statistician.

(b) Until the beginning of the first pay period to commence in February, 1951, the amount of the basic wage shall be as prescribed in clause 19.

(c) During each future successive period beginning with the first pay period to commence in a February, a May, an August, or a November, the amount of the basic wage shall be adjusted by the following method, namely, by multiplying the last published Commonwealth Statistician's "all items" retail price index number by the factor $\cdot 103$ taken to one place of decimals, the resultant whole number being the amount of the basic wage expressed in shillings, but should the decimal number reach $\cdot 5$ or more the basic wage shall be taken to the next higher shilling.

(d) The wages rates for adult females are based on a basic wage being 75 per cent. of the basic wage for adult males calculated to the nearest 6d., half or less than half of 6d. to be disregarded. The wages rates for adult females shall be adjusted by increasing or decreasing such rates by the amount of the difference from time to time in the said basic wage for females.

(e) The wages of apprentices or improvers shall be the appropriate percentages as set out in clause 2, such wages shall be calculated to the nearest 6d., half or less than half of 6d. to be disregarded.
