Printed forms of tender and the conditions of contract may, in all cases, be obtained from the Secretary to the Tender Board, Gisborne-street, Melbourne, by whom also any information or explanation will be afforded to persons tendering.

Tenders must be accompanied by the preliminary deposit, as shown above, *preferably by non-negotiable cheque payable to the order of the Secretary to the Tender Board.* The amount and designation of the preliminary deposit enclosed must be clearly stated in the tender. *Savings Bank deposit books, fixed deposit receipts, Commonwealth Treasury bonds, or reference to securities on existing contracts will in no case be received or entertained as preliminary deposits.* Preliminary deposits will be returned within 30 days to unsuccessful tenderers on their application.

Security will be required either in Commonwealth Treasury bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within ten days of acceptance of the tender, failing which the service may be again advertised, or another tender accepted.

*Preference will be given by the Tender Board to tenders for articles manufactured within the Commonwealth, provided the quality of such articles is satisfactory and the prices tendered are considered reasonable.*

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, the preliminary deposit will be forfeited and, in addition, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of twelve months, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition, the preliminary deposit will be forfeited and the tender declared informal.

Tenders, enclosed in a separate envelope, and *having the words "Tender for .. .. at .. .." (as the case may be) written thereon*, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

## CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best conditions, and in conformity with the Health Acts, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. As the exact quantity of any article which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

The Government reserves the right to purchase otherwise than from the contractor any of the articles specified in the schedule in the event of emergency due to the war.

3. Supplies for country districts for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

4. The Melbourne District will include places within a radius of 6 miles from the Elizabeth-street Post Office, with the exception of places for which separate contracts are provided; the Mont Park District will include the Mental Hospitals, Janefield Colony, and the Sanatorium, Gresswell; the Ararat, Ballarat, Beechworth, and Sunbury Districts will include the Mental Hospitals, Gaols, and Police Gaols at those places; and the Castlemaine District will include the Reformatory Prison. Delivery must be made at the places, institutions, &c., named in the schedules, or as directed by the officer ordering the supply.

5. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the rate tendered, except butter boxes and soap boxes (not including fancy soaps), jam jars, flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for; the empties to be removed from the place of delivery at the contractor's expense.

6. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board to such mulct, not exceeding Fifty pounds, as the treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

7. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of the Department concerned or any officer authorized by him, and shall be delivered as may be directed by the Officer ordering the supply.

8. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, who shall render his account as soon as possible after the delivery of the supplies, accompanied by the receipted delivery order. The rates or quantities quoted in the orders cannot be exceeded.

9. Where practicable, the contractor shall use the Railways for the transport of the goods. When a contractor is required to make delivery of goods at a railway station for transmission by rail, except for Commonwealth Departments, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in the triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be forwarded to the consignee and

the quintuplicate retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which services the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 18 of these conditions.

10. Orders must receive prompt execution; in the event of the goods not being delivered at the time mentioned in the order or within such other time as the officer ordering the supply may specify for delivery, it will be competent for such officer, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions.

12. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if, after taking delivery of any stores or material, he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

13. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the Treasurer of the State for the time being; and the decision of the Board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

14. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations or stores are due or by the contractor in waiting for a Board of Survey, the head of the Department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it, or any like supply suitable for the Service, will be obtained by the officer requiring it as in clause 10. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

15. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which it, or any like supply suitable for the Service, will be procured by the officer requiring it, and the expense charged as in clause 10.

16. In the case of supplies for Mental Hospitals, it will be competent for a Board of Survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the State for the time being, such appeal to be made in writing within 24 hours of the rejection; but, pending such appeal, he must at once supply others of approved quality; failing which, the supplies required, or any like supplies suitable for the Service, may be obtained by the officer concerned, and the expense charged as in clause 10.

17. In the case of supplies for Mental Hospitals, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a Board of Survey will not be deemed to be necessary.

18. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in clause 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any part of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. *If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates 'that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.*

20. It will be competent for the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate with a prisoner.

21. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat; or by the consumption of the produce or surplus stock of any Government establishment, or by any article being made at and supplied for the use of any Government establishment.

22. Notwithstanding anything contained to the contrary in section 152 of the *Customs Act 1901-36*, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last known place of business or abode.

23. Under no circumstances other than those mentioned in clause 22 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

#### BOROUGH OF PORTLAND.

SCHEME FOR SUBMISSION TO MINISTER, PURSUANT TO "LOCAL GOVERNMENT ACT 1946," SECTION 594.

*New-street to be Known as "Sutton-avenue," and Surplus Land Contiguous Thereto.*

1. On the 17th day of December, 1948, the Council of the Borough of Portland resolved as follows:—

"That it is desirable to open a new street 50 feet wide running northerly from Glenelg-street, midway between and parallel to Percy and Hurd streets, for a distance of approximately 7 chains, such street connecting with a right-of-way situated on the north side of Crown allotment 5, section 15, Town and Parish of Portland, the said street being shown in brown on the plan marked "A" lodged for inspection of all concerned at the Town Clerk's Office, Town Hall, Portland, and that in addition, to purchasing or compulsorily taking the land required for the purpose of such opening, it is desirable that other land situate in the neighbourhood, though not actually required for this purpose, and being the land coloured red on the aforementioned plan and described as "surplus land," should be purchased or compulsorily taken."

2. The plan referred to in the foregoing Resolution is annexed hereto.

3. The works and undertakings proposed to be carried out are as follows:—

- (i) The setting out and construction of a street 50 feet wide running northerly from Glenelg-street midway between and parallel to Percy and Hurd streets for a distance of approximately 7 chains as indicated upon the plan, the construction being of the type required by the Council for approved street construction in residential areas, viz.: carriageway 24 feet wide, sealed with tar or bitumen surface, footways 6 feet wide similarly treated, concrete kerbs and channels complete with side entry drains and nature strip, concrete crossings to give access to block fronting upon the new street.
- (ii) The erection of boundary fences or the re-erection of existing fences necessary to fence off the various blocks fronting on the new street from the street itself and from privately owned land. Temporary fences only will be erected along the frontages upon the new street, except along that portion of it which runs from Glenelg-street north for a distance of 132 feet.
- (iii) The construction of rights-of-way running southerly from Gawler-street and westerly from Percy-street respectively, shown upon the plan and at present giving access to Crown allotments 5, 6, 7, 8, 9, and 13, section 15, Town and Parish of Portland.

4. The surplus land proposed to be purchased or compulsorily taken and the new street abutting thereon, which it is proposed to set out, are as described in 1 and 3 hereof.

5. It is proposed to subdivide the surplus land for the purpose of sale in the manner and upon the terms and conditions following:—

- (i) The surplus land to be re-surveyed and divided into twelve building blocks as shown on the plan marked "B" attached hereto, the measurements appearing thereon being approximate only.
- (ii) The Council will reserve the right to retain all or any of the blocks for its own use.
- (iii) Subject to the foregoing reservation, the Council will sell blocks to persons desiring to build dwellings thereon. Each contract of sale will provide for the payment of a deposit and the balance of the purchase money over a period of two years with interest on outstanding amounts at current rates. Each purchaser will be required to covenant to build a house on the land or to make substantial progress towards doing so within the said period of two years, and each contract will provide that the Council may cancel the sale and resell the land if this covenant is not carried out to the satisfaction of the Council.

(iv) The selling price of each block shall be one-twelfth of the actual cost of the carrying out of the scheme, or in the event of the sale of any block taking place prior to the actual completion of the scheme at a figure considered by the Council to be fair and reasonable, and not less than one-twelfth of the then estimated cost of the scheme.

(v) Subject to the reservation contained in clause 5 (ii), in addition to any right conferred by the Act upon the owner of any of the surplus land which has been purchased or acquired, the following persons, or their, or either of their successors in title, from whom it is proposed to purchase or acquire surplus land, will be given the first opportunity of acquiring blocks herein-after set out:—

Lots 1 and/or 2—S. G. Beames.  
Lot 4—F. V. G. McCombe.  
Lot 5—Mr. and Mrs. R. Malcolm.  
Lot 6—H. V. Richter.  
Lot 7—O. G. Pettit.  
Lot 8—Mrs. E. E. Dimond.  
Lot 12—Mrs. F. L. Stock.  
Lots 9 and 10, lots 10 and 11, or any one of lots 9, 10, 11—Miss B. H. Tulloh.

(vi) If the persons mentioned in the last preceding paragraph or any one of them are not prepared to purchase the blocks therein set out or any of them at the foregoing price and on the foregoing conditions, those unsold will be offered for sale at the foregoing price and on the foregoing conditions to ex-servicemen, the fact that they are for sale being advertised and applications being invited from those desiring to purchase. The Council shall decide which blocks shall be sold to the applicants or any of them.

6. (i) In the event of any of the blocks remaining unsold under the last preceding sections, the blocks will be offered for sale to the public by public auction on the foregoing contract conditions, and at an upset price approved by the Council.

(ii) In the event of the Council being unable to dispose of the blocks or any of them on the foregoing conditions, it shall be at liberty to dispose of them by public auction or private treaty at such price, on such terms and subject to such exceptions, reservations, covenants, and conditions as the Council thinks fit.

7. An estimate of the cost of the scheme is set out in the Schedule annexed hereto. As soon after the commencement of the erection of houses on the blocks, as labour and materials are available, electric light, gas, water, and sewerage mains will be made available to the whole of the area by the appropriate Council authority, but the cost of providing these mains will not be made a charge against the scheme.

8. It is proposed to defray the cost of the scheme by the sale of the surplus land in whole or in part. It is also proposed to charge one-third of the cost of constructing the rights-of-way referred to and shown upon the aforesaid plans to the adjoining land owners. This, it is estimated, will provide £30 approximately. Any additional funds required will be provided by the Council.
