Tenders may be accepted for each place separately.

The lowest or any tender will not necessarily be accepted.

Tenders, enclosed in an envelope, and *having the words "Tender for Cartage" written thereon*, must be deposited in the Tender-box at the Tender Board Offices, Gisborne-street, Melbourne, or, if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, Gisborne-street, Melbourne, C.2, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. The contract rates shall cover cartage and delivery of all descriptions of parcels and goods, including furniture, officers' furniture and effects, &c. (except for officers of Police Department), to and from the places named in the tender form.

2. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

3. A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages. Accounts in all cases to be made out by weight only, to be rendered monthly, supported by the vouchers properly receipted, and to be subject to any deductions for goods, parcels, furniture, &c., lost or damaged whilst in the custody of the contractor.

4. For removals of officers' furniture and effects, a separate charge must be made per van per hour, including loading and reloading as required, and a certificate from the officer concerned must accompany the voucher setting forth the number of hours employed, before payment can be made: Provided that, with the prior consent of the Tender Board, officers' furniture and effects may be removed in the manner and by the persons approved of by the Board. Transport sling vans are not to be requisitioned without the authority of the Secretary to the Tender Board.

5. The contractor shall in all cases, against each separate charge in his accounts, quote the number of the consignment note, which should be found on each consignment or

package forwarded by the contractors or departments, and the weight. Should the number not be on the package then the name of the consignor should be quoted and a description of the parcel given in lieu thereof. Any infringement of this condition will render the contractor liable, on report by the Tender Board, to such fine as the Treasurer may direct, and the amount may be deducted from any account due to the contractor or from the security money.

6. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

7. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any contract or contracts for a period of twelve months from the date of such disqualification.

8. In the event of any dispute arising as to matters or things contained in the contract or schedule the same shall be settled by the Tender Board, and the Board's decision shall be binding, final, and conclusive.

5. The contractor shall be duly notified of each consignment, and shall bear any cost that may be incurred for demurrage, or for any delay in taking delivery of the rags consigned.

6. In the event of the contractor failing to remove the rags at the times directed, the officer of the Department ordering the removal is hereby empowered to send them to any store in Melbourne, there to be stored at the contractor's risk and expense, and, on report to the Tender Board, the amount will be deducted from the security money or added to any account that may be payable by the contractor.

7. Payment is to be made on the net weight of the rags. No allowance will be made for any foreign material that may be mixed with them. All practical care will, however, be exercised to keep them free from such impurity.

8. The contractor must make payment within one month of delivery to the officer of the Department ordering the removal of the rags. In the event of payment not being made within the prescribed period, the amount outstanding will be deducted from the security money.

9. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contract or contracts for a period of two years from the date of such disqualification.

In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

10. A refusal to execute orders, irregularity, or delay in delivering the baggage as required, or failure to comply with the requirements of clause 2 or any breach of Railway or Harbor Trust Regulations, will subject the contractor, upon report from the Tender Board, to such mulct as the Treasurer may direct, and the amount may be deducted as provided in clause 1. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money, and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of twelve months from the date of such disqualification.

IN pursuance of the powers conferred by the *Health Act 1928*, the President, Councillors, and Ratepayers of the Shire of Winchelsea order as follows:—

1. The By-laws or provisions thereof (if any) referred to in the Schedule hereto are hereby repealed.

PART 1.

2. This By-law shall come into full force and operation on its approval by the Governor in Council and immediately after its publication in the *Government Gazette*.

3. This By-law shall apply to and have operation in the Township of Lorne, over the whole areas which are or may be from time to time declared Township area, and unless exempted by the Council shall apply to every house, building, and premises therein.

4. In this By-law, unless inconsistent with the context or subject-matter:—

"Refuse" includes all waste (except sewerage or manure) produced or accumulated in or about any house, building, or premises.

5. The proprietor of every house, building, or premises shall provide, keep, and maintain at all times upon his premises a properly-constructed receptacle in which he shall from time to time cause to be deposited all refuse produced or accumulated in or about such house, building, or premises.

6. Such a receptacle shall be constructed of galvanized iron of not less than 24 gauge or other approved material in such a manner as to prevent any absorption by any part of such receptacle of any offensive matter which may be deposited therein or any escape by leakage or otherwise of any other part of the contents of such receptacle.

7. Each such receptacle shall have a capacity of not more than three (3) cubic feet, and shall be so constructed as to be capable of being easily and conveniently carried by one man.

8. It shall be strongly constructed and provided with properly attached side-lifting handles.

9. Such receptacle shall be provided with a suitable close-fitting lid with a flange overlapping the top of such receptacle, and shall be kept constantly covered (except when such refuse is being deposited therein or discharged therefrom), and a sufficient quantity of some efficient deodorant shall be from time to time introduced therein when necessary to keep such refuse in an inoffensive condition.

10. No person shall place or cause or permit to be placed any slops or liquid waste in such receptacle, nor shall deposit any moist refuse in such receptacle unless such moist refuse has been previously strained and effectively wrapped in waste paper.

11. The proprietor shall cause such receptacle to be kept at all times in good repair and clean condition, and shall coat the inside of such receptacle with tar or other suitable substance when deemed necessary by the Council.

12. The proprietor shall cause at such hours and on such days as may be appointed by the Council for the removal of refuse such receptacle to be deposited close to and inside of the entrance of such house, building, or

13. No person shall place or cause to be placed any such receptacle in or upon any street, lane, or right-of-way except in the case of business premises built on the street alignment where such premises do not abut on a suitable right-of-way or land on which such receptacle could be placed for collection and emptying.

PART 2.

14. The contractor or person authorized or employed by the Council for the removal of such refuse shall be responsible for the complete emptying (without spilling any of the contents) of such receptacle directly into a vehicle provided for its reception at such hours and on such days as may be appointed by the Council. Such contractor or person shall also be responsible for the replacement of such receptacle properly covered with its lid, and shall also close the gate or gates of the premises from which such receptacle is taken.

15. The contractor or person authorized or employed by the Council for the removal of such refuse shall at least once each week collect and remove such refuse in a suitably covered vehicle in such a manner as not to cause nuisance, danger to health, or offensiveness.

16. Such vehicle shall be provided with a cover and kept covered except when refuse is being put into or discharged from such vehicle.

17. Such vehicle shall, as far as practicable, be rendered watertight by means of an impervious lining or by painting the inside thereof with tar or by other suitable and effective means.

18. Such vehicle when full shall be taken by the quickest possible route to the tip, where, as soon as practicable, the refuse shall be rendered innocuous by means of fire (except during the proclaimed period), earth burial, or such other method as may be directed by the Health Inspector, and in such manner as not to create a nuisance.

19. The contractor or person authorized or employed by the Council for the removal of such refuse shall cause all vehicles used for the reception and removal of such refuse to be properly constructed, kept clean, and thoroughly disinfected with approved disinfectant and maintained in a proper state of repair.

20. If any refuse is authorized to be deposited or disposed of in or on any land, hole, quarry, or indentation, such refuse shall be deposited in a regular and orderly manner, and within 24 hours of each day's depositing, the contractor or the person or persons authorized or employed by the Council shall cover the surface with a layer of earth or other non-putrescible material so that no refuse is exposed, and to the satisfaction of the Health Inspector and the Shire Engineer.

21. Land upon which refuse has been deposited shall be seasonably planted or sown with seed of grass of any corage or cereal crops or other such vegetable life as the Council shall direct or approve.

22. The whole of the work under this By-law must be carried out in accordance with the provisions of the *Health Act 1928*.

23. The depot, which is situated in portion of the present sanitary depot off the Deans Marsh-road, will be open at such times as determined from time to time by the Council, and refuse must be deposited in such places and in such a manner during these hours as directed by the person authorized by the Council.

24. If any person or persons commits a breach of the By-law he or they shall for every such breach be liable to a penalty of not more than Twenty pounds, and in the case of a continuing offence a further daily penalty of not more than Five pounds.

25. If the contractor fails or neglects to carry out any of the works herein comprised within six (6) hours after notice duly given him by the Health Inspector or Shire Engineer, the Council shall be at liberty to carry out the work at the cost of the contractor, and such cost may be deducted from any money due or becoming due to him. This will be strictly enforced during the term of the contract.
