45. No person, except with the approval, in writing, of an inspector, shall remove eggs from any cold storage premises unless the shells are marked with the word "Chilled," and neither the proprietor, owner, occupier, lessee, or person in charge of any such premises nor his servants and agents shall cause, allow, permit, or suffer any eggs to be removed therefrom unless the shells are so marked.

#### EGG PULP.

46. (a) This Regulation shall be confined in its operation to egg pulp produced for sale but in any matter or proceedings arising in relation to or in connection with this Regulation egg pulp produced as an article of commerce shall be presumed to be produced for sale unless upon the facts and evidence disclosed it is established to the satisfaction of the Court that the egg pulp was produced for some purpose other than sale.

(b) All egg pulp shall be produced clean, pure, and free from foreign or deleterious matter, that is to say, any matter including egg shells, other than the whites and yolks of eggs which are not in any respect unsound or abnormal, and in particular shall be produced uncontaminated by any portions of unsound eggs or by decayed matter arising from unsound eggs.

(c) Whenever in the process of producing egg pulp the contents of an unsound or abnormal egg is received into any vessel, container or apparatus the vessel, container or apparatus aforesaid shall not thereafter be used until the same shall have been completely cleansed and sterilised.

(d) All eggs intended to be pulped shall be tested by candling prior to the same being pulped and any egg found by the test to be unsound or abnormal shall not thereafter be pulped.

(e) Eggs may be pulped by the hand process, that is to say, by being broken singly by hand into a small vessel capable of being easily cleaned and effectively sterilised by heat.

(f) Eggs may be pulped by the mechanical processes known as "Vacuum Extractor" and "Vinall Egg Washing and Pasteurising Unit".

(g) Eggs shall not be pulped by any method other than as set out in paragraphs (e) and (f) above unless the method shall be described and approved by permit in writing granted by the Board to the producer of the pulp, which permit shall be granted by a resolution of the Board and shall be signed by the Secretary on behalf of the Board.

(h) After the expiration of thirty days from the date on which this Regulation appears in the *Government Gazette* a person shall not produce egg pulp for sale unless he is licensed so to do by the Board, and the licence granted to him is in full force and effect and is not suspended and has not been cancelled.

(j) An application for a licence to pulp eggs shall be in writing addressed to the Secretary of the Board and shall state the full name and address of the applicant, the premises at or on which eggs are intended to be pulped and shall describe the method or apparatus proposed to be used in pulping eggs.

(k) The Board shall grant every application duly made to it for a licence to pulp eggs unless as the result of a report made to it in writing by an officer of the Board or by any other person authorized in writing by the Board it is of the opinion that a licence should not be granted upon one or more of the following grounds, namely—

- (i) That the premises at or on which it is proposed to pulp eggs are unsuitable or unfit for the production of clean, pure and uncontaminated egg pulp.
- (ii) That the method proposed to be used by the applicant in the production of egg pulp is not an authorized method or a method permitted by the Board.
- (iii) That the apparatus proposed to be used by the applicant in the production of egg pulp is unclean, or otherwise unsuitable or ineffective for the purpose for which it is proposed to use the same.
- (iv) That for any other reason there is reasonable ground for considering that the egg pulp produced by the applicant will not be clean, pure and free from foreign or deleterious matter.
- (v) If the Board refuses to grant an application for a licence to pulp eggs it shall upon request deliver to the applicant a copy of any report made to it in respect of the application aforesaid and the Board may if it thinks fit forward to the applicant any report as aforesaid before finally considering his application.

(l) An application for a licence may be withdrawn by the applicant and may be amended and if refused may be renewed in the same or an amended form.

(m) Every licence granted by the Board shall be for a period of one year from the date of the licence determined by the Board and may be renewed by application made in the same manner as an original application and an application for renewal shall be dealt with by the Board in the same manner as an original application provided that if an application for renewal be lodged with the Board not less than sixty days before the termination of any current licence then the current licence shall continue and be deemed in full force and effect until the Board shall determine the application for renewal.

(n) Every licence granted by the Board shall contain the name and address of the licensee, the premises on or at which he is licensed to pulp eggs and description or sufficient identification of any method or apparatus by which he is licensed to pulp eggs, and any licensee pulping eggs other than at the premises aforesaid or by any method or apparatus other than as aforesaid shall be deemed to be producing egg pulp without a licence contrary to the provisions of paragraph (e) above.

(o) If any person being the holder of a licence to produce egg pulp is found guilty of an offence relating to the pulping of eggs under the Marketing of Primary Products Act or any amendment of the same or any Regulation made thereunder by any Court of competent

jurisdiction, the Court may in addition to any other penalty order the licence aforesaid to be suspended for any period specified by the Court or may order the licence to be cancelled.

(p) Any person whose licence to pulp eggs has been cancelled by a Court of competent jurisdiction under the provisions of paragraph (o) of the Regulation may apply to the Board for a licence as if applying for a new licence or a renewal of a licence in accordance with these Regulations and the Board may grant such application if it is satisfied that in all the circumstances shown to it there is reasonable ground to believe that the applicant will observe all relevant Regulations and will not fail to produce egg pulp which is clean, pure and free from foreign and deleterious matter, but in considering such application the Board shall not be bound to act in the manner prescribed in paragraph (k) of this Regulation and shall not be bound to grant a licence.

(q) The producer of egg pulp shall forthwith after production of the same strain and if necessary blend the egg pulp and thereupon pack the same in new containers and forthwith place the said containers in a suitable and efficient refrigerator and keep the same in the said refrigerator until the egg pulp is sold and delivered to the purchaser thereof.

## SHIRE OF NUMURKAH.

## By-LAW No. 56.

A By-law of the Shire of Numurkah, made under section 750 of the *Local Government Act 1946*, and numbered 56, for the purpose of—

(a) For regulating the market-place and the buildings, stalls, pens, and standings therein, and for preventing nuisances or obstructions therein or in the immediate approaches thereto.

(b) For fixing the days and the hours during each day on which the market shall be held.

- (c) For licensing yards and premises for the sale of cattle within the municipal district, and for fixing (subject to the limitation hereinbefore mentioned) the dues to be paid for such licences.
- (d) For regulating the carriers resorting to the market, and fixing the rates for carrying articles carried therefrom within the limits of the municipal district.

IN pursuance of the powers conferred by the *Local Government Act 1946*, the President, Councillors, and Ratepayers of the Shire of Numurkah order as follows:—

1. That the market known as the Numurkah Corporation Saleyards, being all that piece of land shown as State School Reserve on plan of Township of Numurkah, Parish of Katunga, County of Moira, bounded on the west by Station-street and on the north by Orchard-street, and being the land more particularly described and delineated and coloured red on the plan drawn in the margin hereof shall be open daily on every lawful day from sunrise until Seven o'clock post meridian for the reception, delivery, and sale of cattle and other live stock.
  2. Every auctioneer desirous of exercising his vocation within the said market and its immediate approaches shall, on obtaining the consent in writing of the Council of the Shire of Numurkah, be authorized to sell in the said market and approaches thereto, subject to the provisions of any By-law now or hereafter to be in force in the said Shire for the regulation and government of the said market.
  3. No auctioneer shall exercise his vocation within the said market or its immediate approaches without such consent nor otherwise than in accordance with the terms hereof.
  4. Every auctioneer or firm of auctioneers exercising his or their vocation within the said market and its immediate approaches shall be responsible for the payment to the Council of the Shire of Numurkah of the sum of Fifteen pounds per annum for the right to use and occupy on sale days one of the office premises provided by the Council, save and except that any auctioneer or firm of auctioneers selling pigs and calves only shall pay the sum of Four pounds, and provided that as regards any period commencing after the 6th day of March in any year the sum payable shall only be the proportionate part of the sum applicable to the period yet to run of such year for the particular class or classes of cattle to be sold, and every term shall expire on the 31st day of December in each year. Should any auctioneer or firm at any time require any extra accommodation the Council may provide same at such additional rental as it may seem reasonable.
  5. That any auctioneer or firm of auctioneers not entitled to the use of any of the office premises as set out in clause 4 hereof shall pay to the said Council the sum of One pound for every day on which he shall use such premises, and this amount shall be payable whether an auctioneer be selling in conjunction with any other auctioneer already entitled to the use and occupation of such premises or not provided however that no auctioneer shall be required to pay more than the sum of Fifteen pounds in any one year for such right.
  6. That whenever two or more auctioneers or firm of auctioneers are selling in the said market a draw shall take place prior to the sale determining the order of sale by the respective auctioneers or firms of auctioneers provided always that any auctioneer or firm of auctioneers, who is not carrying on an established business in Numurkah, shall not take part in such draw, but shall offer any stock to be auctioned by him or them after the conclusion of the sales by the other auctioneers or firms of auctioneers so carrying on an established business in Numurkah, and in the event of there being more than one of such auctioneers or firms of auctioneers not carrying on an established business in Numurkah selling they shall in like manner as between themselves arrange a draw for the order in which they shall sell. In the event of there being any doubt or dispute as to whether any auctioneer or firm of auctioneers is to be deemed to be carrying on an established business in Numurkah the said Council of the Shire of Numurkah shall be the final arbiter on such doubt or dispute.
  7. For cattle and sheep exposed or offered for sale in the said market or in any additions to be made thereto and taken out of the market unsold no fees or dues shall be payable.
  8. The word cattle herein shall include horses, asses, mules, goats, or pigs.
  9. That the words market collector or inspector shall mean the collector or person appointed to collect the stallages, rents, or tolls authorized by the *Local Government Act 1946*, and shall include the assistants of the market collector.
  10. That there shall be appointed for such cattle market a market collector or inspector thereof whose duties shall be as follows:—
    - (i) To see that this By-law and the provisions of the *Local Government Act 1946* relating to markets are duly observed.
    - (ii) To demand and receive all stallages, rents, market tolls, and dues.
    - (iii) To allot the principal and drafting yards to the use of parties bringing stock to the market for sale in such manner as in each particular case may seem to such inspector to be the most convenient, and to prevent any unbroken horses or cattle from being roped within the market yards before Five o'clock p.m. on the days of sale.
    - (iv) To preserve order and cleanliness within such market, and to remove, cause to be removed therefrom any person creating a riot or disturbance, or cursing or swearing or using any gross or indecent conduct therein and, if directed, to take legal proceedings against such person.
  11. Notwithstanding anything herein contained as to hours during which the market shall be open, the market inspector shall at all times give such facilities for the reception and delivery of stock as may in any case be actually necessary.
  12. That no person shall release any stock from the market, or shall remove the same from one part of the market to another without the authority of the inspector.
  13. That every person placing stock in the market for sale shall be responsible for all tolls, dues, and charges accruing thereon, and in no case shall any stock be taken out of the market until all tolls, dues, and charges payable in respect thereof shall have been first paid and satisfied.
  14. That if any stock brought to the market for sale are not removed within 24 hours after the close of the market such stock shall be provided with sufficient food by the person placing or entering them in the market for sale, or by the inspector at the expense of the person placing or entering them in the said market for sale (in case the name and address of the purchaser of such stock if sold cannot be ascertained).
  15. That certain pens in the market shall be set apart for the reception of cattle for sale other than by auction. Such pens shall be known as the private pens, and no cattle placed in the private pens shall be offered by auction until after the conclusion of the sales by auction of all similar stock on the day in which such cattle are entered for sale.
  16. That certain lines of pens beginning at A and B, and numbered from 1 to 20, shall be for the reception of fat cattle only, and the whole of the balance of the cattle pens shall be set apart for the reception of horned cattle of all denominations for sale by auction.
  17. That the inspector or his assistants shall inquire of every person in charge of cattle brought to the market for sale whether such cattle are for sale by auction or not, and in case of a negative answer shall place such cattle in the private pens.
  18. That all cattle brought to the market for sale shall be placed in the pens, and that no person shall be permitted to remove cattle from one pen to another except with the consent of the inspector; that in case of any dispute arising as to overcrowding of pens, or as to priority of occupancy, the inspector shall alone be competent to decide and the disputants shall be bound by his decision.
  19. That the inspector shall have power to remove, or order to be removed, cattle from one pen to another, and that any orders he gives in that respect shall be promptly carried out on pain of removal of the owner and cattle from the market.
  20. That the whole of the pens of cattle shall be offered by auctioneers in numerical order, beginning at the lowest number, and no auctioneer shall occupy more than the allotted time in offering any one pen of cattle for sale.
- The allotted time for selling each of the following classes of cattle shall be:—
- Cattle.—Four minutes to a pen of six head.
  - Fat sheep and lambs.—Two minutes to each pen.
  - Store sheep.—Two minutes to each pen.
  - Pigs.—Two and one-half minutes to each pen. A pen to comprise either three baconers, six porkers, two backfatters, or ten stores.
  - Calves.—One-half minute per calf. The said times shall be deemed to be a maximum in each case, but in the event of a heavy yarding of any class of cattle the auctioneers entitled to draw for

sales may prior to making such draw agree to reduce the time to not less than one minute in the case of fat sheep and lambs or store sheep, and one and a half minutes in the case of pigs.

In case any auctioneer has not disposed of the whole of the cattle on his hands in the pen at the expiration of the allotted time, the cattle in his hands not disposed of shall not again be offered by auction until all other similar stock that day in the market for disposal by auction have been offered for sale. Should any dispute arise regarding allotment of time the decision of the inspector shall be final and binding on all concerned.

21. That all auctioneers who have horses to dispose of by auction shall offer the stock placed in their hands in turn, and no auctioneer shall be permitted to occupy more than five minutes in offering any horse or horses by auction while any other auctioneers who have horses to dispose of by auction are present, except with the consent of the whole of such other auctioneers, and in no case shall more than one auctioneer be permitted to offer horses for sale by auction at the same time. In case of any dispute arising as to priority of right to offer by auction the inspector's decision shall be final. In case of any auctioneer wilfully infringing or attempting to infringe this rule, he shall be debarred from offering any other horses by auction until after all the other auctioneers have finished offering the horse stock in their hands for sale by auction.

22. That all horses for sale by auction shall be paraded in the ring in front of the rostrum.

23. That no cattle, sheep, or horses which have been placed in any auctioneer's hands for sale shall be permitted to leave the market without the production of a pass from the auctioneer in whose hands they were placed for sale.
