- (iii) (1) The provisions of this paragraph (iii) shall have full force and effect notwithstanding anything contained in this Determination or in any Schedule thereto.

(2) In this paragraph the words "the corresponding time-worker" mean:—

- (a) As to an adult male, as defined by clause 37 (d) hereof—an adult male weekly time-worker employed in the same calling as the weekly piece-worker who is concerned;
- (b) As to an adult female, as defined by clause 37 (d) hereof—an adult female weekly time-worker employed in the same calling as the weekly piece-worker who is concerned; and
- (c) As to a male junior—a male junior weekly time-worker of the same age employed in the same calling as the weekly piece-worker who is concerned; and
- (d) As to a female junior or any female of less than five years' experience—a female junior weekly time-worker of corresponding experience employed in the same calling as the weekly piece-worker concerned.

(3) For any week in which he has worked the full hours of duty, the weekly piece-worker shall be paid at least the corresponding time-worker's wage.

(4) For any week in which, though he has complied with the provisions of paragraph (i) of this sub-clause he is not required to work the full hours of duty, he shall be paid for that week the corresponding time-worker's wage.

(5) If in any week there occurs a public holiday, as provided in clause 8 hereof upon which the weekly piece-worker is not required to work, he shall be paid, in addition to his aggregate piece-work earnings for that week, a sum equivalent to that paid to the corresponding time-worker for such public holiday.

(iv) Notwithstanding anything in this Determination contained, lateness shall not, except as in this condition provided, affect the right of a piece-worker to the benefits of this sub-clause (c). A piece-worker's earnings shall not be subjected to deduction for lateness or lost time unless such lateness or lost time would cause an employer to make a payment which he otherwise would not be required to make. Subject to this condition, where a piece-worker is late or loses time on any day he shall be subject only to such a deduction from any moneys due to him as is proportionate to the time actually lost by him.

(d) (i) The employment of a weekly time-worker or piece-worker may be terminated by a week's notice on either side or by the employer at his option by payment of a week's wages in lieu of notice and such notice may be given on any day of the week to take effect one week after the day on which it is given. This shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty or misconduct, and in such case wages shall be paid up to the time of dismissal only, or to deduct payment for any day the employee cannot usefully be employed, because of any strike or through any breakdown of machinery or any stoppage of work for any cause for which the employer cannot be held responsible.

Provided always that the notice referred to in paragraph (i) of this sub-clause shall not be given so as to take effect concurrently with any constant service leave to which the employee may be entitled and such notice or payment in lieu of notice shall be additional to any bonus payable to the employee under clause 9 of this Determination.

(ii) In the event of work being temporarily stopped by a breakdown of machinery, or by any cause for which the employer cannot be held responsible, and the employee has lost at least two days' pay, the employee, whether a weekly time-worker or weekly piece-worker, may inform the employer of his intention to terminate his employment, whereupon the employment shall be terminated without the employee being required to give the week's notice mentioned in paragraph (i) hereof, and he shall be paid such moneys as are due to him under this Determination.

(e) Where a weekly piece-worker gives or receives a week's notice of the termination of his employment, he shall during the week that such notice runs be given the same amount of piece-work as it has been customary for him to perform during the period of his engagement.

(f) If an employee's services be terminated during the course of the week, he shall be paid all money due to him at the termination of his service, or all money due to such employee shall be forwarded to him by post within twenty-four hours thereafter. Without prejudice to his liability to legal proceedings in respect of such non-observance, an employer not observing this provision shall pay such employee an extra full day's pay for each day after the employer's usual pay day upon which he applies at the employer's place of business for payment of the amount due to him, and does not receive it.

SICK LEAVE.

19. The following provisions shall apply to sick leave and sick pay:

(a) A weekly time-worker not attending for duty shall lose his pay for the actual time lost unless he produces or forwards within twenty-eight hours of the commencement of such absence evidence or a message satisfactory to the employer that his non-attendance was due to personal ill-health necessitating such absence.

(b) An employer who deems the evidence or message referred to in paragraph (a) hereof to be unsatisfactory may (within 48 hours from the receipt thereof) forward to the employee by registered post or by telegram or deliver to him a request for further evidence of the personal ill-health necessitating his absence. The employee shall reply within 48 hours from the receipt of the request. He may deliver his reply to the employer or send it by registered post or by telegram.

(c) If an employer within 48 hours after the receipt by him of the reply referred to in paragraph (b) hereof fails to dispatch, in the manner provided in paragraph (b) hereof, a written notice to the employee that he does not accept the reply as satisfactory evidence of the facts alleged by it, it shall be deemed to be *prima facie* evidence that the absence of the employee was due to personal ill-health.

(d) If an employer within 48 hours after receipt by him of the written reply referred to in paragraph (b) hereof does not accept such as satisfactory evidence of personal ill-health, he may require further evidence and the employee must within a reasonable time furnish such further evidence. If the employer requires the employee to obtain a medical certificate or other proof of personal ill-health, he shall pay or refund any fee and incidental expenses necessarily paid or incurred by the employee. The employee shall submit to medical examination at the employer's expense if so required, and shall not obstruct or interfere with inquiries deemed to be necessary by the employer.

(e) In any case where the period of 48 hours referred to in paragraph (c) and (d) hereof expires after the finish of the last working day in the calendar week, or on a public holiday, the period shall be deemed to extend to noon of the next ordinary working day, and in any case where illness commences after the finish of such last working day the said period of 48 hours shall be deemed to commence at the starting hour of the next ordinary working day.

(f) A weekly piece-worker shall be excused from presenting himself for employment at the proper time and place each day because of personal ill-health and shall be paid at the corresponding time-worker's wage for the period of ill-health in all respects as if during such period he had been a weekly time-worker employed on such days and during such hours as are usually worked by time-workers upon any day shift, and he shall comply with and be subject to the conditions for time-workers prescribed in paragraph (a) hereof.

(g) A weekly employee shall not be entitled to the sick pay benefits of this clause until he has worked in the employment of his employer for a period of three working weeks.

(h) Notwithstanding that he may be employed by different employers he shall not be entitled to payment for non-attendance on the ground of personal ill-health for more than 40 hours in each year. Such year shall begin on the first day of January of each year.

(i) Wherever in this clause the words corresponding time-worker's rate of wages occur, they shall have the meaning assigned to them by sub-clause (c) (iii) of clause 18; any requirement in "writing" shall be deemed to be complied with where a telegram is received or dispatched. The words "pay for the actual time lost" shall not include the night shift allowance as provided in clauses 2 and 4, nor any allowance in respect of bronzing or dusting off.

CUMULATIVE SICK LEAVE.

20. (a) Sick leave shall accumulate from year to year so that the period of 40 hours in each year (or any balance of the period) specified in clause 19 hereof which has in any year not been allowed to an employee by an employer as paid sick leave, may be claimed by the employee and subject to the conditions prescribed in clause 19, shall be allowed by that employer in a subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant hereto shall be available to the employee for a period of two years but for no longer from the end of the year in which it accrues.

(b) An employee's rights under this clause shall begin to accrue from the first day of January, 1949.

CASUAL EMPLOYEES.

21. (a) An employer when engaging a person for casual employment shall inform him then and there that he is to be employed as a casual. Except where this is done the employee shall be a weekly time-worker or weekly piece-worker. A casual employee, after two weeks of continuous employment as a casual employee, shall become a weekly time-worker or weekly piece-worker.

(b) A casual employee has been continuously employed when he or she has worked the same days and hours as a weekly time-worker.

(c) If a casual employee commences duty on any day, or is directed to attend for duty and actually attends on any day, such employee, if a time-worker, shall in respect of such day be paid at the rate herein provided and for six hours (either day or night) at the least, and if a piece-worker, shall, in respect of such day, be given four hours' work at the least, or paid for four hours (or any part of such four hours as would be non-working time) at the appropriate rate for a time-worker.

(d) A casual employee, whether working at piece-work or time-work and whether working on day or night shift, shall be paid for such work the piece-work rate or the hourly rate prescribed for such work, with the addition of 15 per cent.

(e) A casual employee, when working on a holiday or on overtime or at a time for which a weekly employee is paid above his ordinary rate of pay shall have his rate of pay as a casual employee increased by the same proportion (e.g., one half or double, as the case may be) as the weekly worker's rate applicable to the class of work done by the casual employee is directed to be increased under this Determination for work done on such holiday, overtime, or other time, with the addition of 15 per cent.

OVERALLS, UNIFORMS, ETC.

22. (a) An employer who requires any employee to wear at his or her work a uniform or overall shall provide same and keep it clean and in repair without expense to the employee.

(b) Where a change of dress of employees is rendered necessary by the work to be done, the employer shall provide suitable dressing rooms, and allow each employee dressing time each day.

MIXED FUNCTIONS.

23. Where during any day a time-worker or piece-worker is employed on work requiring the performance of functions involving different rates of wages prescribed by this Determination, the minimum rate of wage to be paid to the employee for that day shall be calculated as if the employee performed such only of the said functions as involved the highest rate of wage.

PIECE-WORK.

24. (a) The minimum piece-work rates payable to an employee by an employer shall be the rates prescribed in the Schedule to this Determination.

The Schedule hereinbefore mentioned is hereby incorporated in this Determination.

(b) The piece-work rates payable to adults and juniors shall be uniform and not differential, and in this Determination are so calculated as to enable an average adult worker to earn (when employed at such piece-work rates), at each class of work at least—

(i) If employed during the hours fixed for time-workers a sum equal to such time-worker's wage with the addition of 12½ per cent.; and

(ii) If employed during any hour or hours or any part of any hour so that he shall earn such proportion of the weekly time-worker's wage as accords with the time the piece-worker is actually employed upon each class of work, with, in addition, the further sum of 12½ per cent. of such proportion.

(c) When an employee is employed upon piece-work to perform any of the functions or duties for which a time wage is fixed by this Determination and for which a piece-work rate is not fixed, then the minimum piece-work rates for such work shall be so calculated by the employer that an average adult worker may earn at the least at such piece-work rate, if employed during the hours fixed for work for time-workers, a sum equal to such time-worker's wage, with the addition of 12½ per cent., and such piece-work rates shall be notified to the employee before the work is commenced by him. All such piece-work rates so fixed shall be posted and kept posted in a conspicuous and easily accessible place in the workroom. Any such rate which provides a wage not less than that stipulated herein for an average adult worker, and which has been in operation for one month, shall remain unchanged unless a change is agreed to by the Printing Industry Employees Union of Australia.

(d) No undue advantage shall be given to one piece-worker over another. This provision applies to the quantity and to the classes or quality of work to be supplied to the employee.

Glue, paste, and all other essentials shall be provided by the employer in proper condition to permit of the work being facilitated, and such materials shall be of good average quality.

(g) (i) The piece-worker shall be provided with a book in which the piece-worker is to enter the work performed by such piece-worker in such a manner as to clearly set out each and every operation performed by such piece-worker.

(ii) To the entries made as set out in the foregoing paragraph the employer shall affix the correct price of the work in ink, and shall return the book to the employee at the end of each day's work or within four hours of commencing work on the following day.

(iii) The piece-worker shall be entitled to take away such book at the end of each day's work, but shall bring such book back to the factory when arriving at the factory to commence work each day. Such book shall be and remain the property of the piece-worker.

(iv) All waiting time shall be entered in such book by the piece-worker.

(v) Nothing in this sub-clause (g) shall operate to prevent an employer from having his own book or other form of record for his own purposes kept in any manner he may desire, and in such book or other form of record he may require the piece-worker to make such entries as he deems to be necessary.

(h) When piece-workers are kept waiting for work or any materials, all waiting time shall be totalled up when the day's work is finished, and paid for at not less than the corresponding time-worker's rate. A piece-worker shall be deemed to be waiting for work unless directed not to remain on the employer's premises for work.

(j) A weekly piece-worker of more than five years' experience in the branch of the industry in which he is employed shall not for any other reason than inefficiency be changed to time-work (1) unless paid the corresponding time-worker's hourly rate with 12½ per cent. in addition; or (2) unless given one week's notice by the employer of his intention to require him to work as a time-worker.

(k) No system of payment by results other than that authorized by this Determination shall be permitted unless agreed to by the Printing Industry Employees Union of Australia.

(l) Any system of payment by results in operation at the commencement date of this Determination may continue to operate, provided that its terms shall be posted in a conspicuous place in each work-room in which the work is being done, and kept posted. The terms of any such system may be changed from time to time with the consent in writing of the said Union. Any such system when discontinued shall not be revived, except as provided in sub-clause (k) herein.

(b) Until the beginning of the first pay period to commence in February, 1954, the amounts of the basic wage shall be as prescribed in clause 38.

(c) During each future successive period beginning with the first pay period to commence in a February, a May, an August, or a November, the amount of the basic wage shall be adjusted by the following method, namely, by multiplying the last published Commonwealth Statistician's "all items" retail price index number for the period next preceding the quarter for which the adjustment is made by the factor 103 taken to one place of decimals, the resultant whole number being the amount of the basic wage expressed in shillings, but should the decimal number reach .5 or more the basic wage shall be taken to the next higher shilling.

(d) The wages for male juniors and for female juniors shall be the under-mentioned percentages of the total wage of an employee working at the following classes of work:—

When a piece-worker is required to use different coloured papers as covering, in prescribed quantities, she shall, unless such coloured papers and quantities are counted for her and so arranged as not to impede her work, be paid one-tenth above the rate fixed for the appropriate operations performed by her.

7. The rates of this Schedule shall be increased by one-half for each operation performed on a box or lid, or on any part of a box or lid, or on anything to be used in connexion with a box or lid, which is star-shaped, heart-shaped, half-moon or horseshoe-shaped, or similarly shaped; and by one-quarter when of any other shape, but not including any rectangular or triangular shape, and not including any round or oval shape having a circumference 22 inches or over and of a depth $3\frac{1}{2}$ inches or over.

The foregoing extra charges shall not apply to (a) full top papers or bottom papers for rectangular or triangular boxes or lids, with the corners cut out, for which see the section headed "Tops or Bottoms," 1 (b), in Part 2 of this Schedule; or to (b) snipping, nesting, tying, parcelling, or taping; or to (c) affixing labels or seals.

8. Where for any reason any piece-worker has to perform any operation on work which has been given to her in any quantity less than three dozen she shall be paid for each and every operation performed on such work at the corresponding time-worker's rate, with $12\frac{1}{2}$ per cent. in addition, or at a piece-work rate complying with the terms of clause 24 (b) of this Determination agreed upon between the employer and the Union; provided that this clause shall not apply where an employee is occupied upon any such quantity for a period longer than one hour. In addition to any other work to which this clause applies it shall apply to nesting, tying, parcelling and taping.

9. When a rate is fixed for an operation and associated with it there is a minimum payment per gross (as distinct from the lowest prescribed piece-work rate) such minimum payment shall be made in all cases where the piece-worker is unable to earn such minimum payment if paid such lowest prescribed rate only.

Extra charges contained in this Schedule shall not be included to make up the minimum.

Where the quantity of work done by any piece-worker is less than one gross, the payment for such quantity shall be in proportion to the minimum payment per gross.

10. Where strawboard or leatherboard is referred to herein, the term shall be taken to include similar materials in each class.

11. The equivalent thickness of each one ounce in the weight of any board shall be $\frac{3}{1000}$ ths of an inch, that is to say, a 10-oz. board, or a board of a caliper of .030, equals $\frac{30}{1000}$ ths of an inch.

12. Each extra charge under the Schedule shall be computed independently of any other extra charge which any class of work may carry; that is to say, the charge for any work (before adding any extra charges), shall be ascertained, and where such charge has to be increased by one-fourth and one-half, it shall, if of 1s., become 1s. 3d. and then 1s. 9d.

13. In this Schedule, wherever appearing, the contraction "l" shall mean length, "w" width, and "d" depth.

14. In this Schedule any reference to the Union shall mean the Victorian Branch of the Printing Industry Employees' Union of Australia.

15. Waiting Time: See Determination clause 24 (A): also Part 3, Machine Work, of this Schedule.
