*Marine Act 1958.*THE PORT PHILLIP PILOT SICK AND SUPERANNUATION  
FUND REGULATIONS.

IN pursuance of the powers conferred upon it by the *Marine Act 1958*, the Pilot Superannuation Board, with the approval of His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby make the following Regulations (that is to say):—

*Short Title.*

1. These Regulations may be cited as "The Port Phillip Pilot Sick and Superannuation Fund Regulations, 1961".

*Repeal and Commencement.*

2. These Regulations shall be deemed to have come into operation on the 1st day of January, 1961, on, from, and after which date all Regulations heretofore in force governing the maintenance of the Port Phillip Pilot Sick and Superannuation Fund (hereinafter called "The Fund") and the granting of allowances, gratuities, and pensions by the Pilot Superannuation Board (hereinafter called "The Board") to pilots and to the widows and children of such pilots, shall stand repealed. Notwithstanding such repeal, all such allowances, gratuities, and pensions shall, on, from, and after the said 1st day of January, 1961, be, and continue to be, paid to the recipients thereof under, subject to, and at the rate prescribed by these Regulations and any amendments thereof, with the proviso that where the pension payable on 31st December, 1960, is greater than that provided for in schedules hereto, such pension shall continue to be paid at the higher rate.

*Applications for Allowances, Gratuities or Pensions.*

3. Applications for allowances, gratuities or pensions shall be made in such form as the Board may require, and shall be accompanied by evidence satisfactory to the Board of the truth and substance of the grounds upon which such applications are based.

*Pilots with less than Ten Years' Service.*

4. A pilot who has not completed ten years' service as a duly licensed pilot shall not be entitled to a pension from the fund: Provided, however, that where any such pilot, before completing ten years' service, is so disabled by sickness or accident as to necessitate his retirement from the Pilot Service, there shall be paid to him from the fund a gratuity of such amount as shall be determined in accordance with the next succeeding Regulation.

*Determination of Amount of Gratuities to Pilots.*

5. The Secretary to the Board shall, at the end of every month, record in a book to be kept for the purpose the amount which for that month has been contributed to the fund from the earnings of pilots, and shall divide such amount by the number of pilots for the time being constituting the full complement of licensed pilots and the sum so ascertained shall be recorded as aforesaid, and shall represent the proportion which for that month is deemed to have been contributed by each pilot. The total amount of gratuity payable to any pilot shall be the sum of the amounts recorded as being contributed for every completed calendar month of his service as a pilot.

*Superannuation.*

6. Any pilot who has served ten years and upwards as a duly licensed pilot, and who has attained the age of 65 years, or who, in consequence of infirmity, sickness or accident, has become incapable of performing his duties, shall be entitled from the date of his retirement to an annual pension from the fund in accordance with the scale set forth in Schedule I. hereto.

A pilot who retires voluntarily after attaining the age of 60 years and prior to attaining the age of 65 years, shall be entitled from the date of his retirement to an annual pension from the fund calculated in accordance with Schedule II. hereto.

*Computation of Pension in Certain Cases.*

7. Where a pilot entitled to a pension under these Regulations has, in addition to the completed years of service, served for a further period of less than one year, his pension at the rate prescribed in Schedule I. hereto, according to the number of such completed years of service, shall be increased by an amount for each completed month of such additional service equal to one-twelfth of the sum representing the difference between the amount of the said pension and that which would have been payable according to the aforesaid Schedule if such additional service amounted to a full year.

*Lump Sum in Lieu of Pensions.*

8. (a) Any pilot on becoming entitled to a pension under these Regulations may, if he thinks fit, elect to receive payment thereof in the form of a lump sum instead of as a pension, whereupon he shall be paid a sum calculated at the rate of £223 14s. 2d. for the first completed year of service, £227 2s. 11d. for the second completed year of service, and so on, such rate increasing by £3 8s. 9d. for each additional completed year of service thereafter, up to and including 25 years' service.

(b) Where any pilot who has elected under paragraph (a) hereof retires in any year prior to the anniversary of the date upon which his service as a pilot first commenced, he shall be entitled, in addition to the sum referred to in the said paragraph, to an additional amount for each completed month's service in the incomplete year equal to one-twelfth of the lump sum to which he would have been entitled for that year had he not retired before the completion thereof.

(c) No pension, capitation, or other allowance shall be payable under these Regulations to the widow or in respect to the child of any pilot who dies after having accepted, pursuant to paragraph (a) of this Regulation, a lump sum in lieu of any pension to which he was entitled under these Regulations.

*Dependants' Benefits—Widows' Benefits.*

9. On the decease of a pilot who at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria, and leaving a widow him surviving, the said widow shall be entitled to a pension from the Sick and Superannuation Fund in accordance with the scale prescribed in Schedule III. In the case of the widow of a pilot pensioner, such widow shall be entitled to an annual pension equivalent to 50 per cent. of that payable to her late husband. If a pilot marries, subsequent to being placed on the superannuation list, neither his widow nor the children of such marriage shall be eligible for a pension, capitation or any other allowance from the Fund.

Where the widow of a pilot is entitled to a pension under Schedule III. hereto and such pilot had served, in addition to the completed years of service, a further period of less than one year, her pension at the rate prescribed in the aforesaid Schedule, shall be increased by an amount for each completed month of such additional service equal to one-twelfth of the sum representing the difference between the amount of the said pension and that which would have been payable according to the aforesaid Schedule if such additional service amounted to a full year.

*Dependant Children's Benefits.*

On the decease of a pilot who, at the time of his death, was operating as such under a Pilot Licence issued by the Marine Board of Victoria or subsequent to his being placed on the superannuation list, leaving a widow or child or children him surviving, a capitation allowance of £172 1s. 5d. per annum for each child shall be made until the child attains the age of sixteen (16) years. On the death of a pilot's widow leaving any child or children of the pilot under the age of eighteen (18) years, the capitation allowance, if there is but one child, shall be increased to £260 per annum, and shall continue to be paid until such child attains the age of eighteen (18) years. If, however, the said widow leaves more than one (1) child under the age of eighteen years her surviving, the pension payable to the widow shall be divided into as many equal parts as there are children under the age of eighteen (18) years, and each part shall be added to the capitation allowance of each child payable as aforesaid, and shall likewise continue to be payable until each child attains the age of eighteen (18) years, but without the benefit of survivorship between the children, and provided that no child shall in any case receive a larger allowance (including the said capitation allowance) than £260 per annum.

*Suspension of Widow's Pension on Her Re-marriage.*

10. In the event of a widow of a pilot re-marrying, the pension payable to her under these Regulations shall be suspended from the date of such re-marriage, but if she again becomes a widow such pension may be restored to her on proof being adduced to the satisfaction of the Board that she is in circumstances needing such assistance and is otherwise deserving of bounty. If such pension is at any time restored as aforesaid, it shall likewise be suspended during all future re-marriages.

*Benefits Inalienable.*

11. The benefits to pilots, their widows, and children conferred by these Regulations are personal to the recipients, and shall not be alienated by assignment, charge, mortgage, executions under judgments, bankruptcy, or other voluntary or involuntary dispositions or encumbrance and notwithstanding any assignment, encumbrance, or alienation which may purport to have been made thereof, the Board shall, irrespective thereof, pay the persons entitled to the said benefits, or, if necessary for the protection of such persons, may in its discretion apply the same for their benefit or for that of other members of their families.

*Increase or Reduction of Pensions.*

12. If at any time after the granting of any pension the scale in accordance with which the same was computed or is being paid (hereinafter referred to as the "old scale") is altered or superseded so as to increase or reduce the amount of pension payable in respect of corresponding periods of service, then all pensions granted in accordance with the old scale (except those covered by the proviso in clause 2 of these Regulations) shall from the date of such alteration or supersession, and without any further or other authority than this Regulation, be accordingly increased or decreased, as the case may be, and all persons whose rights to pensions accrue after the said date shall be entitled to such pensions only at the rate prescribed in the said altered or new scale.
