* The Process Servers and Inquiry Agents Regulations 1959, which operated from the 1st April, 1959, require applicants for Inquiry Agents' Licences to specify which of the following functions they intend to perform, viz:—

- obtaining and furnishing information as to the personal character or actions of any person or as to the character or nature of the business or occupation of any person;
- obtaining, preparing or giving any evidence for the purpose of any proceedings under the *Marriage Act 1958* or *Maintenance Act 1958* whether such proceedings are already begun or are contemplated or prospective;
- searching for missing persons;
- furnishing guards or watchmen;
- ascertaining the whereabouts of or repossessing any goods or chattels delivered pursuant to a hire-purchase agreement.

Letters, a, b, c, d, e (as the case requires), have been inserted in the "Remarks" column to indicate which of the above functions the licensee intends to perform.

The following table shows the results of the experiment. The first column is the number of trials, the second column is the number of correct responses, and the third column is the percentage of correct responses. The data shows that the percentage of correct responses increases as the number of trials increases, indicating that the subject is learning the task.

Number of Trials	Number of Correct Responses	Percentage of Correct Responses
10	5	50%
20	12	60%
30	18	60%
40	25	62.5%
50	30	60%
60	35	58.3%
70	40	57.1%
80	45	56.25%
90	50	55.56%
100	55	55%

The results of the experiment show that the subject's performance is stable around 55-60% correct responses. This suggests that the subject has reached a level of learning where their performance is no longer improving significantly with additional trials.
