Clause 4 (3) of the contract between the Board and dairy farmers provides that the Board shall be entitled to deduct from the price of the milk purchased under such contract, such amount per gallon as it may from time to time determine in respect of the cost incurred in transporting the said milk from the farm of the vendor to the point of sale by the Board.

The prices prescribed in sub-paragraphs (a) and (b) above, make provision for the cost of transport of the said milk from the premises of the Authorised Agent of the Board to the premises of the dairyman to whom such milk is normally sold by the Board, but from each of such prices the Board shall be entitled to deduct such sum per gallon as it may from time to time determine in respect of the cost of transport of the milk from the farm of the vendor to the premises of the Authorised Agent.

In respect of any milk, additional to its normal requirements which the Board may purchase from a dairy farmer to meet a demand in an area other than that in which the said dairy farmer's milk is normally marketed, the Board shall also be entitled to deduct from the appropriate price herein prescribed, such further sum per gallon as it may determine in respect of any cost (in excess of that for which allowance has already been made in this determination) of transporting such milk from the premises of its Authorised Agent to the premises of the dairyman purchasing such milk.

In respect of payments made by the Milk Board to dairy farmers, the Board shall deduct from the prices prescribed above, an amount of .033 cents per gallon or such other amount, not exceeding .04 cents per gallon, as may from time to time be imposed as a levy on wholemilk pursuant to the provisions of the Dairying Research Levy Act 1972 of the Commonwealth of Australia.
