TENDERS FOR THE SERVICE, 1974-75.**REQUISITES FOR EDUCATION DEPARTMENT.**

Tenders will be received until Eight-thirty a.m. on Friday, 24th May, 1974, from persons willing to supply the under-mentioned articles, in such quantities as may be ordered by the Victorian Government, commencing 1st July, 1974—

Schedule No.**1. Requisites (Junior School).**

The prices tendered must not include sales tax.

Security:—Five per cent. of total amount of tender accepted, but in no case will security of less than \$6 be received.

Schedules as above, with full particulars, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information afforded to persons tendering.

Should the tenderer be in a position to supply a suitable substitute of Commonwealth production or manufacture in place of any sample exhibited that may be of imported origin, he may tender for such substitute, but must submit with his tender a sample of the article offered.

In all cases the country of origin of the articles tendered must be stated, and the total cost of each item extended in the columns provided.

Security will be required either in Commonwealth Treasury Bonds, or approved bank guarantee, fixed deposit receipt, Savings Bank deposit book, or non-negotiable cheque in favour of the Secretary to the Tender Board, as the tenderer may elect.

The security must be completed and the contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The lowest or any tender will not necessarily be accepted.

In the event of tenderers withdrawing or attempting to withdraw their tenders before notification of acceptance of same, or failing to take up their accepted tenders within the prescribed period after notification of acceptance, they may be disqualified from tendering or holding any future contracts for Government supplies for a period of one year, such disqualification to date from the notification of acceptance of tender. It is also stipulated that, if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm and not in that of the individual and that, for a breach of this condition the tender will be declared informal.

Tenders enclosed in a separate envelope, and having the words "Tender for—" (as the case may be) written thereon, must be deposited in the Tender-box at the Tender Board Offices, 2nd Floor, South Building, New State Public Offices, Treasury Place, Melbourne, 3002, or if sent by post, postage must be prepaid, and the tenders addressed to the Chairman of the Tender Board, Tender Board Offices, 2nd Floor, South Building, New State Public Offices, Treasury Place, Melbourne, 3002, which office they must reach not later than by first post on the date of closing of tenders.

CONDITIONS OF CONTRACT.

1. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedules the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. The supplies are to be the best quality of their several kinds or manufacture. In the event of the tender having been accepted for goods manufactured within the Commonwealth or manufactured within any other part of the British Empire (as the case may be), all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for, and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

3. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide without extra charge, whatever labour may be required in the packing of stores, and the stores shall be packed in such a manner as shall secure them from injury during transit, and until delivery such stores shall be at the risk of the contractor.

4. All orders for supplies will emanate from the Education Department. The goods shall be delivered as may be directed by the officer ordering the supply.

5. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.) and, for the purposes of these contracts, Melbourne District will include a radius of 20 miles from the Elizabeth Street Post Office. For supplies outside that radius the goods must be delivered free on rails at Flinders Street or Spencer Street Railway Stations as required.

6. Arrangements as to time of delivery and inspection of goods will be made by the Secretary, Education Department, or such other officer whom he may appoint.

7. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in clause 6, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

8. Delivery will not be deemed to have been made until the goods have been approved. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as in clause 7.

9. The official order issued by the Education Department shall be forwarded by the contractor to the officer authorized to accept delivery, who shall acknowledge thereon the receipt of the goods accepted and return the order to the contractor, who will attach same to his claim for payment.

10. All orders, duly receipted, shall be returned to the Education Department at the end of each month, accompanied by an account in the prescribed form for the articles supplied during the month, and, on receipt of same, the contractor shall be entitled to payment, due time to be allowed for the examination and verification of the claim.

11. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the schedules. Delivery of the articles will not be deemed to have been made until they have been handed in good order and condition to the head teacher of the school or such other person as may be authorized to accept delivery, &c. The contractor may, however, claim a survey of any goods objected to; but in that case he must, within twenty-four hours after objection is made give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

12. The members of Boards of survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the

Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be deducted as in clause 7.

13. All goods forwarded under these contracts shall, where practicable, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded, and also the name of the contractor by whom consigned, on a legibly-written business label.

14. When the contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate and quadruplicate of the form as an authority for the Railways to act as agent for, and charge the freight to, the Stores and Transport Office or such other Department as shall be named therein. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver the original at the Tender Board Offices, the duplicate to be forwarded to consignee in accordance with clause 15, and the quintuplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition will subject the contractor to such mulct as the Tender Board may recommend under clause 17 of these conditions. Such mulct may be deducted as in clause 7.

15. Immediately after the consignment of the goods, the officer to whom they are forwarded shall be notified by the contractor, on the duplicate consignment note provided for the purpose, that the goods have been sent. On receipt of this document, the officer to whom it has been forwarded shall acknowledge thereon the receipt of the goods without delay to the Stores and Transport Office. In the event of loss through failure on the part of the contractor to comply with this condition he will be held responsible, and the amount of the loss incurred for same will be deducted as in clause 7.

16. Should the order on the contractor specially provide that goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners under special freight conditions, the contractor shall in such instance provide in writing, on the consignment note an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods the amount being deducted from the contractor's account or the security money.

17. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 14 and 15 of these conditions respecting the forwarding of consignment notes &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding one hundred dollars as the said Treasurer may direct and the amount may be deducted as in clause 7. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of one year from the date of such disqualification.

18. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government. If it is found during the currency of the contract that the contractor has not conformed to the condition of advertisement—which stipulates that if a tenderer be a member of a firm, and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the said Treasurer may, on the recommendation of the Tender Board, determine the contract, and forfeit the security money.

19. The contracts entered into under these conditions are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for supplies to Technical Schools, or by any article being made at any Government establishment and supplied for the use of the Education Department, or by the consumption of the surplus stock of any Government establishment.

20. Notwithstanding anything contained to the contrary in section 152 of the Customs Act 1901-36, it is hereby expressly provided that upon any alteration of the duty collected affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the opinion of either party by two months' notice in writing from the first day of the calendar month next ensuing, and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last known place of business or abode.

21. Under no circumstances, other than those mentioned in clause 20, will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

22. Should the Minister of Education for the time being decide to discontinue the use of any book, map, or any other article in the schedule, or to direct that any book, map, or any other article other than those enumerated therein be taken into use he shall at any time give six months' notice of such intention or decision to the contractor, and after the expiration of the period of such notice the Education Department shall not be bound to take any further supply of such book, map, or any other article, nor shall the contractor be bound to supply the same, and all books or maps not in the schedule, but which it may be decided to introduce, shall be supplied by the contractor after expiration of such notice at a price to be agreed on between the Minister of Education for the time being and the contractor.
