I, James Charles Murray Balfour, Minister for Fuel and Power for the State of Victoria, hereby give notice in accordance with the provisions of section 12 of the Pipelines Act 1967, No. 7541, that the route of the pipeline for which Permit to Own and Use No. 075 was granted by me to the Gas and Fuel Corporation of Victoria on 28th September, 1971, has been varied by the addition of a short length of pipeline which now forms part of the principal pipeline described in the Permit.

The description of the route has been varied by adding the following description after the expression in Permit No. 075—"the Maffra-Traralgon Road and the Latrobe River en route;"—

"and a short spur line comprising a pipeline approximately 275 metres in length with a nominal bore of 80 mm commencing at a branch valve on the Longford to Dandenong pipeline located on Part Allotment A11, Parish of Traralgon at a point approximately 10 metres west of the point where the pipeline crosses under the Maffra to Traralgon Road and proceeding in a south easterly direction across such allotment and a closed Government road to enter and continue across Part Allotment A9, thence at a point approximately 250 metres south east of the branch valve on the Longford to Dandenong pipeline turning in a south westerly direction to continue for approximately 25 metres and terminate at a metering and regulating station on such allotment owned by the Gas and Fuel Corporation of Victoria and known as the Traralgon City Gate."

The terms and conditions pertaining to the additional length of pipeline are different from those applicable to the principal pipeline and are as follows—

1. Unless approved otherwise in writing by the Minister for Fuel and Power, construction of the pipeline must be commenced within 12 months from the date of issue of this permit and be completed within 3 years from the date of such issue.

2. The permittee shall, after the date of issue of this permit, supply to the Minister for Fuel and Power from time to time, such information as the Minister, by notice in writing, requires in relation to—

- (a) the date laying of the pipeline commenced;
- (b) distance laid in respect to the pipeline and percentage complete;
- (c) names of suppliers of pipe and coating;
- (d) names of the contractors laying the pipe;
- (e) date of completion of laying of the pipeline;
- (f) date of commissioning of the pipeline.

3. The permittee shall, as soon as practicable after completion of the laying of the pipeline, lodge with the Secretary for Lands, Department of Crown Lands and Survey, Melbourne, a map showing the route of the pipeline and details of the land through which the line has been laid.

The route of the additional pipeline described in this notice is more particularly shown on Gas and Fuel Corporation of Victoria's Plan No. A4-19399 which is held in the Office of the Ministry of Fuel and Power.

3rd February, 1977.
