The prices prescribed in sub-paragraphs (a) and (b) above, make provisions for the cost of transport of the said milk from the premises of the Authorised Agent of the Authority to the premises of the dairymen to whom such milk is normally sold by the Authority, but from each of such prices the Authority shall be entitled to deduct such sum per litre as it may from time to time determine in respect of the cost of transport of the milk from the farm of the vendor to the premises of the Authorised Agent.

In respect of any milk, additional to its normal requirements which the Authority may purchase from a dairy farmer to meet a demand in an area other than that in which the said dairy farmer's milk is normally marketed, the Authority shall also be entitled to deduct from the appropriate price herein prescribed, such further sum per litre as it may determine in respect of any cost (in excess of that for which allowance has already been made in this determination) of transporting such milk from the premises of its Authorised Agent to the premises of the dairyman purchasing such milk.
