Pipelines Act 1967, No. 7541

NOTICE

APPLICATION FOR A PERMIT TO OWN AND USE A SYSTEM OF PIPELINES

1. In accordance with the provisions of section 11 (1) of the *Pipelines Act 1967*, notice is given that an application has been received by me from the Altona Petrochemical Company Ltd. for a permit to own and use a system of pipelines for the purpose of conveying natural gas from its plant at Altona to the Petroleum Refineries (Australia) Pty. Ltd. refinery at Altona.

2. Line 1 is a proposed above ground pipeline wholly within property owned by Altona Petrochemical Company Ltd. Line 2 was laid during the early 1960's for the purpose of conveying refinery fuel gas from Petroleum Refineries (Australia) Pty. Ltd.'s refinery to the Altona Petrochemical Company Ltd. at Altona plant and subsequently was exempted from the provisions of the *Pipelines Act 1967* which came into operation in 1967. This company now desires to build Line 1 and re-activate Line 2 for the purpose of connecting the former to the Gas and Fuel Corporation of Victoria's natural gas pipeline network and consequently the provisions of the *Pipelines Act 1967* must now apply to the proposal.

The proposed routes of the pipelines comprising the system are as follows:

Line 1—A steel pipeline approximately 440 metres in length with a nominal bore of 200 mm commencing at a line valve located at the outlet of the Gas and Fuel Corporation of Victoria's metering station at the south-west corner of the intersection of 9th Street with Kororoit Creek Road on property owned by Altona Petrochemical Company Ltd. and known as Lot B, Part Subdivision 117983, Parish of Truganina, thence proceeding in a generally southerly direction above ground for approximately 440 metres to connect with Line 2 at its commencement point.

Line 2—A steel pipeline approximately 3.3 km in length with a nominal bore of 250 mm commencing near the south-western corner of the intersection of B Street and 9th Street, Altona on property owned by Altona Petrochemical Company Ltd. and known as Lot B, Part Subdivision 117983, Parish of Truganina, thence proceeding in a generally easterly direction for approximately 350 metres to a point adjacent to the boundary fence with the Melbourne-Geelong rail line on the southern side of such property, thence turning to continue in a generally north-easterly direction for approximately 150 metres parallel to the boundary fence, thence at a point adjacent to an existing box culvert under the Melbourne-Geelong rail line turning in a generally south-easterly direction to leave the Altona Petrochemical Company Ltd.'s property to enter Victorian Railways property and cross under the Melbourne-Geelong rail line to enter Part Allotment C.P. 10, thence at a point immediately adjacent to the northern boundary of such allotment, turning to continue in a generally north-easterly direction parallel to the northern boundary of such allotment, to enter an existing pipe rack owned by Altona Petrochemical Company Ltd. and within such pipe rack continue in a generally easterly then southerly direction crossing Cherry Creek, Allotment B, Section 8, Kororoit Creek Road, Allotment 15, Section 20, Parish of Truganina, Kororoit Creek, Allotment 12, Section 1, Lot 1 P.S.76412, Allotment 11; Section 1, Part Allotment A, Allotment F1 and Part Allotment F2, Section 4, Parish of Cut Paw Paw and Millers Road, to terminate at an isolating valve located approximately 30 metres east of Millers Road at a point approximately 120 metres north of Kororoit Creek Road within property owned by Petroleum Refineries (Australia) Pty. Ltd at Altona, situated on Part Allotment F2, Parish of Cut Paw Paw.

3. Plans of the proposed route of the pipeline may be inspected commencing Friday, 9 May 1980, between the hours of 10.00 a.m. and 4.00 p.m. on Mondays to Fridays (excluding public holidays) at—

- Department of Minerals and Energy, 5th Floor, 151 Flinders Street, Melbourne.
- Altona Petrochemical Company Ltd., Maidstone Street, Altona.

Additional copies of plans are not available from the Department and preliminary route plans can be seen only at Altona Petrochemical Company Ltd., Maidstone Street, Altona, 3018.

4. Any objections to the proposed route of the pipeline must be addressed to me and reach the Office of the Department no later than Friday, 20 June 1980.
