NOTICE TO OWNERS AND MASTERS OF VICTORIAN VESSELS

Inflatable Liferaft Recall Programme

This notice supersedes Notice to Owners and Masters of Victorian Vessels 2/1982 which is hereby cancelled.

A number of inflatable liferafts manufactured by Beaufort Air-Sea Equipment Pty. Limited, P.O. Box 169, Cabramatta N.S.W. 2166, have been found defective during annual servicing. The liferafts concerned are constructed of nylon-butyl-nylon fabric, and loss of adhesive bond strength has been evident in inflation tests.

Preliminary investigations indicate that the seam failure is of a random nature, which may occur in liferafts between one and three years after manufacture. No similar defect has been reported in Beaufort liferafts manufactured outside Australia.

In the interests of marine safety, the Company are recalling all their liferafts fabricated between February 1979 and December 1981, which have not been serviced during the period 14 January 1982 and 14 July 1982. Liferafts serviced since 14 July 1982 have already been, or will be, tested and inspected.

Under the recall programme, the manufacturers will contact known purchasers of affected liferafts for their return to a Beaufort servicing depot for testing and examination. The serial numbers of the liferafts to be recalled are listed hereunder.

Owners of Beaufort liferafts are advised to immediately check the serial number of each liferaft. If the serial number is included in the list the manufacturers should be notified so that recall action may be taken.

Furthermore, as from 1 November 1982, all liferafts bearing serial numbers that are included in the list below will be subject to an interim six monthly inspection between the annual surveys.

It is emphasised that the aim of the interim inspection is to ensure that a liferaft remains in a satisfactory condition between successive annual surveys and it is important that the Shipowner and Master ensure that inspection be performed as closely as possible to the six monthly interval.

The recall programme, testing and inspection is being very closely monitored by the Commonwealth Department of Transport and Construction and the State Marine Authorities. Industry will be kept advised of further developments or any additional action which may be necessary. A further Notice will be issued when investigations are completed.

AUDITOR-GENERAL OF VICTORIA

The Auditor-General is seeking expressions of interest from suitably qualified and experienced auditors to undertake the audit of certain water authorities in designated country areas of Victoria.

A register of interested persons who possess the necessary attributes will be established with the object of contracting suitable individuals to conduct audits as agents of the Auditor-General.

It is envisaged that contractual arrangements will be entered into during February 1983 to enable the audit of approximately 100 water authorities, the majority of which are located in Central, North Eastern and Western Victoria, to be finalized during the period March to May 1983.

Individuals who are contracted as auditors will be required to conduct an examination of the financial transactions of water authorities in accordance with practices prescribed by the Auditor-General and will be required to recommend to the Auditor-General or his designated deputy the audit opinion to be expressed on the financial statements of such authorities.

Annual financial statements are prepared by water authorities in accordance with generally accepted accounting principles and must also comply with the relevant provisions of the water industry legislation.

Further information may be obtained from Mr J. Norman (03) 651 1442 or Mr B. Dinelli (03) 651 1379.

Expressions of interest (by the individuals wishing to be placed on the register), must be lodged with the Auditor-General, 1 Macarthur Street, Melbourne, 3002, not later than 4.30 p.m. on 20 January 1983.
